Claudia Berggren and Kali and K Jessie, Kristin Lyons, Bud and Merle Steffen, and Ethel Olson visited Judy this week.

Dinner guests at David Thompson's on Friday were Jon, Thina, Kevin and Kimberly, Thina's mother, Peter and Pearl Thompson and Karen Thompson and Brent Thompson.

Many folks from around here had a good time visiting the threshers at Strathcona on Sunday. It is always a lot of fun going on out there.

When the TV weather report predicted it was going to freeze last Saturday night in northwest Minnesota, most gardeners picked their plots clean of anything that would be spoiled by frost or else brought out most of their quilts and bedding to cover these precious red gems they had been waiting a couple of months to get ripened on the vine. It is true that there is nothing that can beat a fresh, ripe tomato from your own garden. We are happy to say that Roy's four thermometers registered 34° and no frost around here. He brought the quilts in again. It would be wonderful to have a few more weeks of nice fall weather, seeing this is the first day of Fall. That makes the day and night share equal time for a couple of days.

The Strandquist Seniors met on Thursday the 18th, eight members and three visitors, Clara Nelson, Anna Setten and Wally Rud. Ivan and Elsie Kimbrough served a delicious lunch. Elsie won the door prize. Seven members went to Newfolden for lunch at the Senior Center on the 16th. They played bingo and had birthday cake and ice cream. They all sang "Happy Birthday" to everyone having birthdays in September. They had a nice visit there.

Judy Kleinvachter visited Elmer Holmstrom and Evelyn Albaugh on Friday.

Phaela and Karen Thompson visited at the Peter and Pearl Thompson home on Wednesday evening before Karen left for Everett, Washington on Thursday morning.

Ollie and Doris Seng and Elsie Lefrooth enjoyed a few hours on Wednesday finding out how Adrienne Lefrooth was coping with her retirement days. Her flower beds were beautiful. Her windows, spotless, except where her little grandchildren had left their little finger reminders. She also shared generously from Vance's garden.

A week ago Monday, Kumpe guests at the Isaac Thompson home were Lloyd, Marie, and Dean Johnson, Kurt, Denise, Adam and Alexis Aakre, and Cathy Thompson. Robert joined them later for an enjoyable time of visiting.

Bud and Marie Steffen, Claudia Berggren and Kali and Kelly Lefrooth visited Judy Kleinvachter this week.

Peter and Pearl Thompson visited at the David Thompson home on Friday to say good bye to Jon, Thina and family before they left for San Diego.

Judy Kleinvachter, Alvin and Roger Holmstrom along with another group of friends brought goodies and birthday wishes to Ruth Holmstrom in Warren on Tuesday.

Isaac and Betsy Thompson enjoyed the Harvest Festival at the Heglund Church on Sunday, after which Richard and Carol Thompson of Red Lake Falls visited at Isaac's home.

Visitors at Elsie Lefrooth's home this past week were Vance Lefrooth, Marcelyn Lindstrom, Shirley Lefrooth, Dean and Joanne Holmstrom, Myrna Meeder, Morlys Lefrooth, Isaac, Betsy and Pearl Thompson, Gloria Renstrom, Elphie Adlis, and Karen and Jimmy Zimmerman.

Several v shaped groups of geese have been flying south lately. I had thought that it was these yellow jacket wasps that scared the humming birds away, but now I've drawn the conclusion these little long-billed helicopters are hitch hiking down to a warmer climate. I had Roy bring in their feeders, cleaned them up and hung them in the basement until next spring. Then we will be so glad to see them again they will have sweet juice all next summer.

Young Writers Share Stories Of Grandparents

Each year the Northland Retired Educators organization sponsors an essay contest for sixth graders in Thief River Falls and area schools on behalf of the Minnesota Council on Aging. The essays are written by the students about their grandparents and are judged locally with three winners sent on to further competition.

Local prizes are provided by the Northland Retired Educators. This year first place winner Brittany Haviland, daughter of Jim and Altera Haviland, received a $20 cash prize. Maggie Stock, daughter of Bill and Connie Stock, received the second place prize of $15 and Phillip Hoks, son of Jim and Heidi Hoks, earned the third place award of $10. All of the winners are from Thief River Falls.

In addition to her local first place selection, Brittany Haviland had her essay selected as one of the final 50 in the state by the Minnesota State Board on Aging. An estimated 50,000 essays were entered in Minnesota competition.

In special recognition of these young writers, *The Times* is publishing the two winning entries as guest editorials today.

GRANDMA ETHEL

by Brittany Haviland
First Place Winner
Mrs. Leslie Nordheim, Teacher

Grandma Ethel can be heard before she's seen. The clang of her cane and her deep, loud voice make everyone know she is coming.

As she sits at the table, the familiar clink of her spoon in her coffee cup, combined with her fragrance of Emerude perfume, remind me that grandma is visiting. She doesn't like people to know her real age, so she goes to a beautician every week to touch up her gray hair. Her short, wavy, black hair is always curled. She usually lectures me to put my socks on while she is giving me a very tight hug. Sometimes we share a piece of cake as she struggles to complete a crossword puzzle.

On the other hand, my grandma is very active. She wakes up at 6:00 a.m. every day to attend water aerobics. Exercise is very important to her. It is easy to understand why she is so active at her age. For 35 years she taught dance class, physical education and swimming.

When you hold grandma's hand, you can feel the broken little finger from her baseball days. People cheered her on because she could run the bases so fast. Grandma was the star of the baseball team, and is one of the stars of my life.

MY GREAT GRANDMA

by Maggie Stock
Second Place Winner
Mrs. Diane Marshall, Teacher

My great-grandma lived with us until I was six years old because my great-grandpa died, and she couldn't live alone. Her daughter, my grandma, also lived with us (and still does) because she has had arthritis for many years. I had two grandmas in one house. I had double the fun.

When great-grandma lived with us she would always play games with me. When I was little, my mom made play dough for me, and I would go to my great grandma and try to make a tea cup and pretend we were drinking tea. She would play hide and seek and she would always win. We would also play memory, but I would always win because she had Alzheimers and she couldn't remember things very well. It was still fun.

When I was six years old, she went to CNC because she got sick with bronchitis. We would go visit her, sing songs together, play Bingo and play air hockey. At Christmas time we would decorate her room. That was fun.

She died in 1993, around Christmas time, which was sad. It was her time to go. She wasn't eating a lot, and she didn't feel good, so it was the best thing for her. Now, all I have are memories. I remember the sound of her feet padding over the floor before she got to a room, the feel of her crooked fingers when she touched my hand and the smell of her sweater when I hugged her.

I could tell she cared about me because when I went barefoot she would always say, "Get some socks on! You're going to catch a cold!" She never did say, "I love you," but I could tell by the little things she said and did. She would always try to help, no matter what was happening. She was very special to me. I loved her a lot, and I know she loved me.

League Of Cities Fears Property Rights Act

A recent issue of the League of Minnesota Cities *Cities Bulletin* contained a front page article by Frank Shafroth of the National League of Cities regarding pending legislation in the U.S. Congress. One of the areas covered was identified simply as "Takings." In regard to this topic, Shafroth wrote:

"The House Judiciary Committee will hold hearings on the Private Property Rights Implementation Act of 1997 (H.R. 1534) on September 25. This new version of 'takings' legislation would greatly expand the ability of developers and other claimants to successfully sue cities and other local governments in federal court for alleged takings, expose local governments to increased financial liability, and interfere with the ability of local governments to make reasonable, carefully considered land use decisions. Currently there is no companion bill in the Senate.

"Under the bill, developers could proceed to federal court immediately without first exhausting state judicial procedures. The proposed legislation would have a number of other negative consequences for cities. It would result in far greater federal court involvement in local land use disputes. In addition, it would be more difficult for cities to obtain dismissal of takings suits, would increase litigation costs and probably increase local government liability for takings and payment of attorneys fees."

What the Act would do, in other words, is level the playing field for private parties and local governments to the extent that the latter would have to give greater attention to how it deals with the private sector. Contrary to what Shafroth writes, however, we doubt there would be much interference with "the ability of local governments to make reasonable, carefully considered land use decisions." Rather, it would restrain local governments from making unreasonable, unilateral decisions which would adversely and unfairly impact on individuals.

Such a situation may well be an inconvenience for local governments, but it should make them more aware and responsible in their actions when situations arise that involve restrictions on private property use.

To The Editor:

I attended the Community Forum for Education in District 564 on Thursday, September 25, at Challenger elementary school. I was disappointed in the attendance. I would say there were about 10-12 parents there who did not work in the school system or serve on the school board.

I did not know what the forum was going to be about, but since it had something to do with my children's education I thought I'd check it out. Little did I know that I would be giving my input on what I thought would be best for my children's education.

The group was divided in half and two goals set up by School District 564 (one for each group) were given for discussion. The first one was "To Create a Thief River Falls Partnership for Learning" and the second was "To Expand the Technology Network to Include Community Access and Utilization, Instructional Use, Information Resources, Communication Link and Management Tools."

The groups were asked to "brainstorm" the worst possible outcomes if these goals were not met and also the best outcomes if they were met. They then focused on the best outcomes and how these goals could be achieved. I was amazed at the ideas such a small group could present in a small amount of time. The "air" was positive and exciting.

But then my enthusiasm was dampened by one of the comments made on how to achieve these goals—"parent involvement." Period. Where is everybody? If one-fourth of all the parents who have children attending school in District 564 could have been to this forum to get excited about their child's education, there would be fewer meetings to attend to find out what's going on. I know that in this busy world it seems no one has time, but this is for our children and the future of our community.

The levy referendum was mentioned a couple of times. Attending this meeting made me greatly appreciate the purpose for this. This is not only for your children or grandchildren but also for the future children of Thief River Falls School District 564.

Not only have I seen someone spend over $100 for a birthday party for their child, but I've done it. That's just for one child! So if your taxes go up a little, then just say, "Oh, well, whatever!" Try to give a little of your time to your child's education—a little time being to vote "Yes" on the referendum—because it is their future. Think of it as a nice "birthday gift" for your child—or grandchild or future children.

I am not a native of Thief River Falls but I am proud to belong to the community. I have chosen to stay here because I feel it is safe for my children, there are lots of activities for them and so far the learning environment has been excellent. If the school district's educational goals are met, the community WILL flourish. I'm not telling everyone to give up their lives to go to a meeting, but just to maybe give a little time, once in awhile, for their children. They are the future. After all, they deserve it, don't they?

In closing I would just like to say "thank you" to Dr. Jerry Robicheau, the education staff, the school board members and all who attended the forum for inviting me to get involved and allowing me to give my input on my children's education. As a parent I really appreciated it!

Sincerely,
Kristie L. Huseth

To The Editor:

The Northern Tallgrass Prairie Impact Study has been completed and we have until November 6 for comments. There is to be an "open house/open meeting" at Northland Community and Technical College on October 6. My information says 3 to 7 p.m. U.S. Fish and Wildlife information says "open house," but we are working on at least having a presentation and question and answer period. *I personally feel that we should make it an open meeting in compliance with public law.*

The northern counties within the preservation area are Roseau, Marshall, Kittson, Pennington, Red Lake, Polk and Norman. The Habitat Preservation Area (HPA) actually includes 48 counties of western Minnesota and 37 counties in Iowa. There are an estimated 320,000 acres of prairie remaining and this proposal calls for a permanent protection of 77,000 acres.

The Nature Conservancy, the Minnesota Department of Natural Resources, The Trust for Public Land and the Minnesota Land Trust have come out with a booklet entitled *Land Protection Options*. Through conservation easements, land retirement programs, property tax relief programs, restoration cost-share programs, deed restrictions, leases and management agreements they are encouraging land owners to voluntarily commit many more acres into Tallgrass. Other options that result in transfer of land are land donations, selling land to conservation buyers and land exchanges. These are all going on at the present time without the government putting out any more money for additional PRESERVES.

There are three alternatives to be considered: *(1) take no action, (2) permanently protect and enhance partnership incentives, education and cooperative easements, or acquisition of full title would be done by the Service and partners, (3) same as number two except done by the partners.*

You all have heard me speak out against the Biodiversity Treaty that the President signed, but hasn't yet been ratified. The UN Global Biodiversity Assessment (GBA) and the Wildlands Project are part of it and the Tallgrass Prairie is part of the Wildlands Project.

Since the treaty hasn't been ratified the Clinton Administration has advanced the same agenda through ecosystem management and sustainable development. The Wildlands Project **proposes a network of wilderness reserves, buffer zones, and wildlife corridors which will eventually encompass the entire hemisphere.** This would mean that whole ecosystems and landscapes would have to be recovered so that the wildlife and wilderness could regain their positions. To achieve this end, human civilization must be radically restructured, vast stretches of land must be brought back to primitive states, roads must be ripped from the landscape and human populations must be forcibly relocated.

To further promote the Wildlands Project, areas will be classified as **reserves and corridors, or 'core wilderness" (no human use) and buffer zones.** Once reserves and corridors are identified the Greens will call for the creation of "buffer zones" around the core areas and the creation of "wildlife corridors" to link them together. In both the core areas and buffer zones, the collective needs of **non-human** species must take precedence over the needs and desires of **humans.**

Humans who happen to own land near the core areas or across wildlife corridors will be evicted from their property and these lands picked up by public agencies or by private groups like the Nature Conservancy. The GBZ principles and objectives have been integrated into the mandates for the Environmental Protection Agency and the Department of the Interior.

Don't forget to attend the meeting at Northland College on October 6 and be sure to send in or give written comments to the U.S. Fish and Wildlife Service regarding any concerns you may have about the project.

Sincerely,
Bev Hewitt
Commissioner, 4th District
Kittson county

To The Editor:

I would like to thank all of the wonderful people in this area for all their love and support during the past week. I was out of town on business and came home to the news of the devastating fire in the Dohner-Meehan building on September 25th that destroyed my business as well as all the adjacent businesses, not to mention the loss to the families living in the building.

I would like to commend the fire department and the police department on their successful evacuation of the tenants.

I extend a very special thank you to my dedicated employees for the difficult job of taking inventory in the rubble.

...to Andy and Jean Juppru, Wayne and Sue Kuland and Bob Nelson who worked endlessly loading their pickups with debris and attempting to salvage everything they could,

...to Michelle Beito, Scott Stenvik, Hinrichs Electric, Skalsky Electric and Videum for their efforts to salvage motors, machines, etc., to help us get up and running again as soon as possible;

—to my children, my mother and my sister Terri for their love and support, to my dear friends who came with meals and hugs, to the patient customers who supported us by accepting the delay in their orders.

I want to thank Hinmark for making temporary arrangements for the mobile home window treatments until we are relocated.

Words can not express enough thanks to my daughter Missy for standing by my side and showing so much dedication and responsibility. I am so proud of her.

I believe strongly in the power of prayer and thank everyone who has expressed their love and concern through prayer.

I will be re-opening the drapery business "By Michelle" later this week. I am so very grateful.

Sincerely,
Michelle Lampe

ECHOES FROM THE PAST

HISTORICAL REVIEW OF THE TIMES AND ST. HILAIRE SPECTATOR

TURNING BACK THE TIMES

10 Years at a Time

by Donna Myhrer

1897 — One Hundred Years Ago

—Peder Engelstad of Rocksbury township has been exhibiting samples of syrup he made from locally grown sugar cane.

—Tuesday afternoon there were 200 passengers on the Red Lake Express and the Alice Meehan steamboat headed for the Red Lake agency.

—Police Chief James Farr arrested a man wanted in North Dakota for stealing a horse.

1907 — Ninety Years Ago

—A proposed ordinance, prohibiting dogs from entering public buildings in Thief River Falls, was defeated by the unanimous vote of the city council.

—Crookston Lumber company is planning to discontinue the operation of their sawmill owing to increased cost and not enough raw material available.

—Insurance companies made a profit of approximately $100,000 over the last 14 years in Thief River Falls, according to a report from the state insurance commissioner.

—Red Lake county commissioners will again meet on October 19 to consider the county seat removal petition.

1917 — Eighty Years Ago

—Dr. A. W. Swedenburg has filed an application to join the U.S. Army medical corps.

—Rev. G. O. Parish, local pastor, is attending a church conference in Minneapolis.

—A new popcorn and peanut machine has been installed in the lobby of the Lyceum theatre.

1927 — Seventy Years Ago

—Mrs. Andrew Bottelson was elected secretary of the Woman's club.

—Nearly 500 teachers were in Thief River Falls today to attend the biennial convention of the Northern Minnesota Education association.

—Rev. H. C. Schulberg of Perham was appointed pastor of the Methodist church here.

1937 — Sixty Years Ago

—L. B. Hartz, head of Hartz Stores, Inc., announced that work was starting on construction of a huge warehouse 200 feet long and 80 to 98 feet wide.

—Representative William Lemke of North Dakota was the principal speaker at elaborate dedication rites of the corn palace constructed of ear corn in front of the arena.

—C. M. Evenson, overseer of the city poor, was seriously injured in a highway mishap on highway 1.

1947 — Fifty Years Ago

—Mrs. N. A. Nelson was named temporary chairman of the new Lincoln high school PTA unit.

—Thief River Falls Company F of the National Guard led all Minnesota units in the first week of the current recruiting campaign.

—The Corps of Army Engineers expects to call for bids in December on the first stage of the Red Lake-Clearwater river channel improvement project.

1957 — Forty Years Ago

—The Pennington county board adopted a budget calling for an outlay of $359,558 for 1958, an increase of $33,214.

—Ninth annual ram sale in the city arena saw 54 top quality rams auctioned for a total price of $3,992, an average price of $74.

—Rev. Otto Dale was appointed chairman of the Pennington county Community Chest fund drive.

1967 — Thirty Years Ago

—Harold Halvorson was elected president of the Pennington county 4-H leaders council.

—Acquisition by Northwestern hospital of the Land O'Lakes creameries property just south of the existing hospital has been announced by J. J. Wintack, president of the board of trustees of the hospital. The hospital acquired the site to make possible the improvement of the 90-bed extended care facility that is scheduled for construction in the spring of 1968.

—Carol Ellison was chosen Lincoln high school homecoming queen for 1967.

1977 — Twenty Years Ago

—Minnesota Secretary of State Joan Growe was in Thief River Falls to address local officials about election laws.

—Two women, Carolyn Baird and Margo Glen, are students in the Thief River Falls area vocational-technical institute carpentry class.

TOPICS OF THE TIMES

50 YEARS AGO • OCTOBER 2, 1947

Editorial comments from the files of Norm A. Holen

—Sign of the times: Christmas cards are now on sale locally.

—Speaking of growing old gracefully, Sweden's King Gustav at the age of 89 recently went on an elk hunt, and he bagged several of them.

—It's better for a motorist's longevity to be eighty than to do eighty.

—Perennial puzzler: To know where to put the "y" when writing "erysipelas."

—Next week is Fire Prevention Week making it a good time to check on the condition of your premises.

—We should bear in mind union -- the union of 48 states.

—The slogan of the modern miss, they tell us, is "If at first you don't succeed, try a little ardor."

—If the nations of the world spent as much money and effort preparing for peace as they do preparing for war, maybe we might get someplace.

—One reason some fellows need aspirin is that they are too aspiring.

—Remember way back when the head of the house wouldn't think of going into the winter without a barrel or two of apples in the cellar.

—Asked if the farm house was modern, the owner replied. "Yes, five rooms and a path."

—Noble Chance lives in Wisconsin, reports Billy Noonan, who adds that in Governor Youngdahl's state he would be arrested for having that name.

Sold Well
City Bonds Sold at $58.00 Above Par
Six Per Centers
A St. Paul Firm Going to Buy Them

"James Kasson of the St. Paul firm of Jefferson & Kasson, was in the city [illegible]. He was well pleased with the future prospects of the city and bargained for the bonds, paying $8,058 for $8,000 worth of 6 percent refunding bonds. This bond issue does not increase the city's debt any, in fact it reduces it, for it is issued to pay off former bonds that are drawing 7 per cent interest. The St. Paul firm also furnishes the bond blanks and the city is not put to any expense whatever."

Good Haul
That James Farr Has Made -- He Captured
A Horse Thief
The Man in Durance Waiting for an N. D. Sheriff

"Chief of Police James Farr captured a horse thief in this city about 2 o'clock Tuesday morning. The man, whose name is Knute Peterson, on the 14th of September stole a horse and wagon from Michael McDermott of Crystal, N. D. and drove overland to this point. McDermott followed the man on foot, and succeeded in locating him here and had him arrested.

"Chief Farr has telegraphed the authorities at Crystal and they state that the horse was stolen from that place. The sheriff of Pembina county has been notified and it is expected that he will arrive here in a few days and take the prisoner back with him.

"Peterson tells many conflicting stories regarding the theft, one being to the effect that he owned a half interest in the horse, and again that he owned it all. It is also alleged that he stole clothes belonging to McDermott.

"Just how much Mr. Farr will receive for his work is a matter of conjecture, but the State of Minnesota offers a reward of $100 for the arrest and conviction of a horse thief, and it is understood that North Dakota offers a similar amount."

News Items

"Plow your firebreaks.

"86 days left of this year.

"Yesterday was another payday at the mill.

"The price of flax dropped six cents Monday.

"Just enough rain to lay the dust Sunday night.

"The hotel registers show up good the last two weeks.

"The farmers are getting along nicely with their fall work.

"The leaves are falling fast these days. In fact the trees are almost leafless.

"This is the month of county fairs. Fosston, Ada, Hallock and St. Vincent were in the push.

"A chimney sweep struck town the first of the week and managed to strike a few high spots where he could roar to his heart's content.

"An ice famine has been on in St. Hilaire for over a week. Hotel and saloon men are compelled to go to Red Lake Falls after their supply.

"Mr. Arthur Mattes, L. J. Stranahan and Misses Hughs and Quandy made a trip to Red Lake Falls Sunday afternoon via the bicycle route.

"St. Hilaire was well represented at Red Lake Falls Sunday. Every available rig in town went down to see the city and their new saw mill.

"M. Willmas is sinking an artesian well at the Hotel Markham. In drilling it was found necessary to use dynamite to get through a boulder.

"The last log drive of the St. Hilaire Lumber Co. was run down last Friday and the men discharged with plenty of the long green in their pockets.

"Invitations are out regarding the grand opening of the Hotel St. Hilaire. Saturday evening is the date and a good time is promised by all those who attend.

"The Cardui Drug Co. will be here a week from today and hold down the boards at Brink's hall for one week. They will give entertainments and sell medicine between acts.

"Don't put off plowing them firebreaks any longer. Delays are dangerous, especially in regard to this matter. After this warning it's your own fault should you be burned out of house and home.

"Our Wylie correspondent writes a 'card of thanks' to Jim Hill. Twenty to one Jim will have it in his scrap book inside of four days along with a lot of our clippings but instead of S it will be indexed W.

"And now the Red Lake Falls people are kicking on their train service and they have two different lines. What would they do if they lived here or at the upper [Thief River] Falls where there is but one line and a bum one at that?

Wylie Gleanings

"Last week's SPECTATOR made mention of the fact that the citizens of Wylie were kicking about the fare on the 'Special.' It is perhaps superfluous to mention it again. But we can not suppress our emotions and thus we give vent to our feelings and publish this card of thanks to the Great Northern Railway company. When we saw the streaming banners advertising half fare to the Crookston 'Street Fair' we said 'How nice' and we made up our mind to go, and we went. But when the collector came around to us, he demanded full fare. We said 'What!!' Then he explained to us that because Jim Hill could not afford to keep a ticket agent at Wylie we must pay full fare. We thought this logic was a little lopsided but there was nothing else for us to do than to go down in our pockets for the extra change. But we are not kicking. We are thankful that we were afforded the privilege of riding on the 'Special' and to return on the cow catcher. No, why should we kick? The many years we have lived here at this station Jim Hill has taught us to be patient and long-suffering, and because we are not accorded the same privileges as other white citizens of the United States and Red Lake county, this is no reason that we should fly off the handle, but on the other hand we are glad that we can remain near the right of way. The business men of Wylie have contributed many a shining dollar to the coffers of this Great and only Great Northern Railway company, the greatest Railway system on earth (I don't think), but they do so cheerfully knowing they (the dollars) are well taken care of."

FROM THE PAGES OF THE TIMES

50 YEARS AGO • OCTOBER 2, 1947

by Jerome and Donna Myhrer

Local Guard Unit Leads Minnesota In Member Drive

"Thief River Falls Company F, 136th Infantry was named as the outstanding recruiting unit of the first week of the National Guard recruiting campaign. The announcement was made by Major General Ellard A. Walsh, adjutant general for Minnesota. Company F earned this recognition by enlisting 29 new men during the period from September 16 to September 20. The nearest competitor was Company D of the 135th Infantry in Hastings, which recruited 23 men. Since that time 21 men have been added, bringing the local unit's strength to 103 men."

Indian Agency Not To Increase Flow From Lake Outlet

"A delegation of Thief River Falls men journeyed Saturday to the Red Lake Indian agency, where they secured a promise from Supt. Fern Farber that the dam at the Red Lake river outlet would not be opened any wider than at present until after the fall freeze-up.

The local men made the request in behalf of farmers in the [illegible] area in eastern Pennington county after learning last Friday that it was planned to remove the remaining stoplogs from the dam in an effort to keep the water in the lake, now at full stage, from going over the road near the shore of the lake."

New York Concert Ensemble To Sing Monday Evening

"A full evening of operatic and concert vocal selections will be presented by the New York Concert Ensemble in the Lincoln high school auditorium next Monday evening, October 6, at 8 p.m. under the auspices of the Thief River Falls Music Center. This is the first in a series of four concerts in the artists' series to be presented in the coming months.

"The first part of the program will be made up of solo groups by each of the four artists and will also include a soprano and baritone duet from the opera, 'La Serva Padrona' and a celebrated contralto and tenor selection from Verdi's 'Il Trovatore.'"

Civil Air Patrol Has 160 Members

"The Thief River Falls squadron of the Civil Air Patrol, which recently was granted by the city council a two year lease of the municipal airport, now has 160 members, it was announced this week by Ernest J. Harzen, president.

"Mr. Harzen stated that the army air force, sponsor of the patrol, has supplied two Cub planes for orientation and instruction flights and that four more planes are expected to arrive shortly."

From The Editorial Page

"This being the time of year when we are reminded in many ways that another winter is ahead of us, maybe it isn't too early to start talking about the winter sidewalk problem. Possibly if we start talking early enough, something can be done about it. That is what Fred Prutz and the four other city mail carriers are hoping for, and if we had to wade through as many miles of snow each winter as they do, we probably would be doing a lot of hoping too. In the interests of safety we should provide passable walks so that pedestrians will not have to compete with cars for the use of the streets. Fred is of the opinion that snow packing is a more desirable solution for the walks than snow removal. Snow packing doesn't involve much of an equipment problem."

Another From The Editorial Page

"The first of four concerts that will bring distinguished musical talent to the city during the fall and winter months will be presented at the high school auditorium Monday night. The promoters of this second annual concert series deserve a round of cheers for making this type of entertainment available. It is a venture that has excellent possibilities and it deserves wholehearted local support."

PENNINGTON COUNTY WATER RESOURCES ADVISORY COMMITTEE

September 30, 1997

Notice of Public Hearing

On September 30, 1997 the Pennington county Board of Commissioners together with the Water Resources Advisory Committee hereby give notice of a public hearing regarding the draft Comprehensive Local Water Management Plan for Pennington County as authorized under Minnesota Statutes, Chapter 103B.301.

This plan deals with both surface and groundwater protection. The plan includes a general discussion of water resources in the county, an assessment of those resources, goals, objectives, and actions identified for their protection and a 5-year implementation plan. This meeting will give the public and all local governmental units an opportunity to comment on the draft plan before it is submitted to the Minnesota Board of Water and Soil Resources for final review.

The meeting will be held from 10:00 to 12:00 noon at the Best Western Inn of Thief River Falls, Room B, on October 10, 1997.

1997 STREET AND SIDEWALK IMPROVEMENTS
NOTICE OF HEARING ON PROPOSED ASSESSMENT

To Whom It May Concern

Notice is hereby given that the City Council of Thief River Falls, Minnesota will meet at 7:30 p.m. on October 21, 1997, at the Heritage Community Center, 301 Fourth Street East, to consider and possibly adopt the proposed assessments for 1997 Street and Sidewalk Improvements Project No. 26397.00. The properties proposed to be assessed are outlined on Exhibit "A".

Such assessment is proposed to be payable in equal annual installments extending over a period of 12 years, the first of the installments to be payable on or before the first Monday in January 1998, and will bear interest at the rate of 7 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from the date of the assessment resolution until December 31, 1998. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

You may at any time prior to certification of the assessment to county auditor pay the entire assessment on such property, with interest accrued to the date of payment, to the City Administrator. No interest shall be charged if the entire assessment is paid within 30 days from the adoption of this assessment. You may at any time thereafter pay to the City Administrator the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year. [illegible] to prepay the entire assessment before the date given above [illegible] of interest that will apply is [illegible] percent per year.

The proposed assessment roll is on file for public inspection at the City Administrator's Office. The total amount of the proposed assessment is $47[illegible],000. Written or oral objections will be considered at the meeting. No appeal may be taken as to the amount of an assessment unless a signed, written objection is filed with the City Administrator prior to the hearing or presented to the presiding officer at the hearing. The Council may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owners as it deems advisable.

If an assessment is contested or there is an adjourned hearing, the following procedure will be followed:

1. The City will present its case first by calling witnesses, who may testify by narrative or by examination, and by the introduction of exhibits. After each witness has testified, the contesting party will be allowed to ask questions. This procedure will be repeated with each witness until neither side has further questions.
2. After the City has presented all its evidence, the objector may call witnesses or present such testimony as the objector desires. The same procedure for questioning of the City's witnesses will be followed with the objector's witnesses.
3. The objector may be represented by counsel.
4. Minnesota rules of evidence will not be strictly applied; however, they may be considered and argued to the Council as to the weight of items of evidence or testimony presented to the Council.
5. The entire proceedings will be tape recorded.
6. At the close of the presentation of evidence, the objector may make a final presentation to the Council based on the evidence and the law. No new evidence may be presented at this point.
7. The Council may adopt the proposed assessment at the hearing.

An owner may appeal an assessment to District Court pursuant to Minnesota Statutes Section 429.081 by serving notice of appeal upon the Mayor or Administrator of the City within 30 days after the adoption of the assessment and filing such notice with the District Court within ten days after service upon the Mayor or Administrator.

REGULAR BOARD MEETING
September 8, 1997
7:00 p.m.
S.D.S.C. Conference Room A

A Regular Board Meeting of Independent School District #564 was held on Monday, September 8, 1997, at 7:00 p.m. in Conference Room A of the School District Service Center.

The following Board members were present: Carl Clark, Hank Hallstrom, Jean Larson, Cheryl Lee, Darla Twomey and Steve Young. Also present was Dr. Jerry Robicheau, Superintendent of Schools.

Chairperson Carl Clark called the meeting to order and Clerk Jean Larson established that a quorum was present.

A motion was made by D. Twomey and seconded by H. Hallstrom to approve the agenda as amended. Motion carried unanimously.

The opening day enrollment report was distributed and briefly discussed. Also distributed was information regarding the MREA Legislation Action Meeting scheduled for Wednesday, September 24, at 5:00 p.m. in Fertile and the MSBA Fall Area Meeting scheduled to begin at 7:15 p.m. that same evening.

The TRF Sports Boosters was recognized for their donation of $94 to the Lincoln High School Tennis Program for medals and trophies. The Board also recognized those teachers at Challenger who developed the environmental learning lab the Board toured prior to the meeting, noting the lab is very impressive and a wonderful educational opportunity for students.

Member Darla Twomey reported on behalf of the Multi Events Cultural Center noting a meeting was held in the cities with State Department representatives. Darla indicated they are supportive of going ahead with the project to include the football field and track and without the wellness center. Bids will be solicited from contractors for work on the football field and track. It was noted at that meeting that bids across the state are coming in about 10% higher than usual because of all the flood related work going on in the state.

Jean Larson reported on behalf of the Districtwide Staff Development Committee noting the presentation by Harry Wong of the August 27th Inservice was very well received and set the tone for the school year. Jean indicated eleven neighboring districts attended the session as well and were very pleased to be invited, noting the possibility of this being done for future staff development activities.

Superintendent Jerry Robicheau noted the Cohort Class through Mankato State University will start September 19 and 20 and twenty people have indicated an interest. The program will lead to a Masters or Specialist Degree in Educational Leadership. Board consensus was given to Superintendent Robicheau to teach the first class of the program which will run through November. Jerry also indicated to the Board that the next Community Forum has been scheduled for Thursday, September 25, from 7:00-9:00 p.m. in the Challenger Elementary School Cafeteria.

A motion was made by S. Young and seconded by C. Lee to approve the Minutes of the August 25, 1997, Regular Board Meeting. Motion carried unanimously.

A motion was made by S. Young and seconded by C. Lee to approve the bills as submitted and on file in the School District Business Office. Motion carried unanimously.

You may at any time [illegible] to the county auditor, pay the entire assessment [illegible] with interest accrued to the date of payment, to the City Administrator [illegible] if the entire assessment is paid within 30 days from the adoption of [illegible]. You may at any time thereafter pay to the City Administrator the entire [illegible] the assessment remaining unpaid, with interest accrued to December 31 of the year [illegible] such payment is made. Such payment must be made before November 15 [illegible] charged through December 31 of the succeeding year. If you [illegible] before the date given above the rate of interest that will [illegible] year.

The proposed [illegible] public inspection at the City Administrator's Office. The total amount of the proposed [illegible] is $114,000. Written or oral objections will be considered at the meeting. No appeal may be taken as to the amount of an assessment unless a signed, written objection is filed with the City Administrator prior to the hearing or presented to the presiding officer at the hearing. The Council may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owners as it deems advisable.

If an assessment is contested or there is an adjourned hearing, the following procedure will be followed:

1. The City will present its case first by calling witnesses who may testify by narrative or by examination, and by the introduction of exhibits. After each witness has testified, the contesting party will be allowed to ask questions. This procedure will be repeated with each witness until neither side has further questions.

2. After the City has presented all its evidence, the objector may call witnesses or present such testimony as the objector desires. The same procedure for questioning of the City's witnesses will be followed with the objector's witnesses.

3. The objector may be represented by counsel.

4. Minnesota rules of evidence will not be strictly applied; however, they may be considered and argued to the Council as to the weight of items of evidence or testimony presented to the Council.

5. The entire proceedings will be tape recorded.

6. At the close of presentation of evidence, the objector may make a final presentation to the Council based on the evidence and the law. No new evidence may be presented at this point.

7. The Council may adopt the proposed assessment at the hearing.

An owner may appeal an assessment to District Court pursuant to Minnesota Statutes Section 429.081 by serving notice of the appeal upon the Mayor or Administrator of the City within 30 days after the adoption of the assessment and filing such notice with the District Court within ten days after service upon the Mayor or Administrator.

Cinderella Opera in TRF on Friday

Minnesota Opera's educational tour of *Cinderella* will be presented to the public in Thief River Falls October 10 at 7:30 p.m. in the Lincoln High School auditorium. Tickets are $5 for adults.

Adapted by Stage Director Peter J. Rothstein, *Cinderella* is a combination of three popular works: Rossini's Italian opera *La Cenerentola*, Massenet's French opera *Cendrillon* and the Rogers and Hammerstein musical *Cinderella*.

Heading the cast are Heather Johnson as Cinderella, Robert Schmidt as the Prince and Esther Heideman in the dual roles of the Stepmother and the Fairy Godmother. The role of Cinderella's father will be sung by Sean Nugent. And singing the roles of Cinderella's stepsisters are baritones Brian Podolny and Andrew Wilkowske. *Cinderella* is sung in English and will be accompanied on piano by Music Director Mary Jo Gothmann.

In creating this pastiche or combination of several musical forms and plot elements, Rothstein says his goal was to create one cohesive story that speaks to a mid-American audience approaching the new millennium. "While there are great variations in the story of *Cinderella*," he says, "what remains constant is the romantic ideal that love transcends class, the beauty of human connection and the power of a wish."

In tandem with *Cinderella*, The Minnesota Opera is offering elements of its nationally acclaimed educational program, which includes lectures, demonstrations and master classes. Elementary, middle, and high school students will be given opportunities to learn more about opera, performance techniques and issues of classical music. Seminars and lectures are also to community groups. This program complements The Minnesota Opera's main stage production of Rossini's *Cinderella*, the second presentation of its 1998 season, which runs at St. Paul's Ordway Music Theatre from March 7 through May 15, 1998.

Founded in 1963, The Minnesota Opera has built an international reputation for its innovative and thought-provoking approach to traditional and contemporary repertoire, producing more American and world premieres than any other company in the United States.

Major funding for the Minnesota Opera's Youth Education Program is provided by Northern States Power Company. Additional funding for the residency tour has been provided by 3M and the Blandin Foundation and the Twin Cities Opera Guild.

Eligible families asked to complete school meal form

School District 564 is sending a letter to all residents of the district with a request for them to indicate their eligibility for the free or reduced price school meals program, according to Supt. Jerry Robicheau.

The district recognizes that not all families eligible for the program participate in it. Beginning this year, however, the district will receive some of its state funds based on eligibility rather than use. To maximize the amount received, the district is seeking to verify families eligible for the program, even if they do not use it.

Households may qualify on income alone, through receipt of AFDC/Food Stamp/MFIP benefits, or through care for a foster child. Forms are enclosed for the family to complete and return to the district.

Heartsaver CPR classes open

Second session of Heartsaver CPR classes is being offered to the public with two evening sessions at 6 p.m. October 21 or 23 at Northwest Medical Center in Thief River Falls.

Sponsoring the classes are Veterans of Foreign Wars Post 2793, Northwest Medical Center and Dakota Clinic Ltd., Thief River Falls. Classes will last approximately two hours, there is a $5 registration fee and participants must be 18 years of age or older.

Participants will learn adult one-person cardiopulmonary resuscitation (CPR), the Heimlich Maneuver to assist someone who is choking, heart risk factors and nutrition and heart healthy living. Each person completing the class will receive a Heartsaver CPR pin and certificate.

Pre-registration is required by October 15 and class size is limited. To register call Gail Holland at Northwest Medical Center (681-4240, extension 2101).

Perhaps someone you love is suffering from heart disease, or the nature of your job requires that you be prepared to handle medical emergencies," Holland states. "Or you may believe, as many people do, that knowing the skills of CPR simply makes you a more useful member of your community.

"Whatever your reasons, it is important to remember that CPR can help save lives. Many deaths can be prevented if the victims get prompt help of someone trained in CPR provides proper life-saving measures until trained professionals take over."

Bud Wishard of Trail (right) discusses native prairie grasses and the Northern Tall Grass Prairie Project with Howard Lipke, a retired employee of the U.S. Fish and Wildlife Service working as a volunteer on the project. Lipke was one of several USFWS proponents of the project answering questions at an open house Monday from 3 to 7 p.m. at Northland Community and Technical College in Thief River Falls.

"Puppets and Books Make Learning to Read Lots of Fun" was the topic for the presentation given by Holly Koop of Grand Forks, ND, at the North Star Reading Council's Fall Workshop on Thursday, October 2, at Challenger elementary school in Thief River Falls. She is being assisted in this photo by Cheryl Stott of the Ogema public schools. More than 220 members from Fertile, Hallock, Mahnomen, Grygla, Goodridge, East Grand Forks, Badger, Crookston, Greenbush-Middle River, Norman County West, Newfolden, Oklee, Norman County East, Warroad, Roseau, Thief River Falls, Win-E-Mac, Stephen-Argyle, Waubun and Warren-Alvarado-Oslo attended the annual event.

Brooks resident charged with arson from Kmart fire

Darlene Ruth Thomas, 28, Brooks, was charged with second degree arson in a Ninth District courtroom Tuesday in Pennington county. The charge against Thomas stems from an incident on September 21 during which two fires were set within the Kmart store in Thief River Falls. Damage from those two fires was estimated at $2,600.

Drugs. On October 2 at 3:26 p.m. police received a call from a local business reporting some suspicious individuals in the store. When officers arrived the individuals were outside. Upon visiting with the individuals it was learned that one of the individuals was wanted on a warrant for theft from Crow Wing County, and open bottle from the City of Sauk Centre. During the investigation it was discovered that the individuals were in possession of methamphetamine and marijuana. Matthew William Brinkman, 19, Grey Eagle, wanted on the warrants from Crow Wing County and Sauk Center, faces a charge in Pennington county for possession of a controlled substance in the fifth degree (methamphetamine). Jared Wesley Winges, 19, Sauk Center, faces a charge of possession of a small amount of marijuana. Gerald Milton Kortan, 23, Albany, faces a charge of possession of a controlled substance in the second degree.

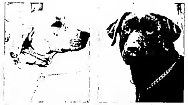
On October 6 at 5:27 p.m. police received a complaint from a local apartment complex of the smell of drugs in the building. Upon investigation, Rudolfo Gallegos III, was charged with possession of drug paraphernalia. He was also wanted on a warrant for driving while intoxicated from Clay County.

Accidents. On October 1 at 9:50 a.m. police received a report of an accident at Eighth and Main. Jennifer Anne Gustafson, Warroad, was driving a car east, and Michelle Lynn Geray, Mahnomen, was driving a car west and turning south when the vehicles crashed. Police estimated damages at $2,000 to the Gustafson vehicle, and $1,000 to the Geray vehicle.

Theft. On October 6 at 12:23 p.m. police received a call that an amp and 50 CDs were taken from a pickup parked in the 700 block of South St. Paul. The total theft loss was estimated at $1,000.

During the weekend, police received reports that four pop machines in Thief River Falls had been entered and pop and cash taken. The total theft loss has been estimated at $700.

These reports include names of individuals charged, arrested or cited with various crimes and offenses by police, the sheriff's department or other law enforcement officials. Depending upon the circumstances of a case, charges can be, and sometimes are, changed or dropped by law enforcement officials or attorneys even before the case reaches court. Readers should also realize that under the American system of jurisprudence, individuals charged with crimes are innocent until proven guilty of those crimes in a court of law.



These two dogs, a young male yellow Labrador retriever and a young male chocolate Labrador retriever are available for adoption or to be claimed at the Thief River Falls dog pound. Both appear to be well-bred animals with good dispositions, according to animal control officer Tim Miller. Persons interested in adoption may contact the Pennington county law enforcement center at 681-6161.

Five injured in accident Tuesday in Middle River

Five people were treated and released from Northwest Medical Center following an accident on Highway 32 in Middle River on September 30.

Minnesota State patrol received a report of the accident at 11:32 p.m. on September 30. According to the accident report, a car driven by David John Haglund, Roosevelt, was traveling north when it crossed the center line and collided with a southbound semi driven by Norman Christian Stevenson of Winnipeg.

There were five people in the Haglund vehicle, including the driver, who were taken to Northwest Medical Center in Thief River Falls and treated and released. The five people included David Haglund of Roosevelt, Misty Ann Woiciechowski, Badger, Coryn Beth Hagen, Roseau, John Michael Watts, Roseau, and Valerie Thode, Badger.

Damage to the semi truck was estimated by State Patrol at $10,000. The State Patrol officer considered the Haglund vehicle a total loss.

The crash remains under investigation.

Mankato bowhunter dies

Twenty-five year-old Scott Kenneth Ristau of Mankato died after falling from a tree stand.

Marshall County Sheriff's department received a report on October 6 from the Gatzke area that a bowhunter had not returned from hunting. After friends went looking for him, they located him at about 8 p.m. below a tree stand. He had apparently died as a result of a fall from the tree stand. Ristau was pronounced dead at North Valley Health Center in Warren.

Pickup collides with moose on Hwy. 59

Law enforcement officials are reminding motorists that deer and moose are more active this time of year and can cause significant damage and injury in a collision.

An Argyle man escaped injury in a collision with a moose early Tuesday morning on Highway 59. According to the State Patrol accident report, David Gerald Larson, Argyle was driving a pickup south on Highway 59 when his vehicle collided with a moose at about 7 a.m. There was substantial damage to the pickup.

EGF Flood Victim at home in TRF campground

by Kathi Carlson
The Times Reporter

If window washer Woody Mootz could wisk away the uncertainties in lives with the swipe of a squeegee as fast as he can wash a pane of glass, his life would be much simpler. Hopefully, he will soon have answers for the questions he's asked himself for nearly six months.

A window washer by trade, Woody's former address was 12 Dike Street, East Grand Forks. Since May, his address has been Campground, Thief River Falls.

His East Grand Forks home was located in the Griggs park area, a peaceful neighborhood made beautiful by mature trees and homes with the character that comes with age. Woody's house was a two-story barn-shaped dwelling built in 1925.

Aptly named, Dike Street is across the roadway from "the dike" - the one that gave way on the fateful April 18th and changed the face of the East Grand Forks community forever.

Living across the street from the dike, Woody was able to keep a close eye on the situation and moved his belongings from the first floor of his home to the second assuming that it would stay safe and dry upstairs.

Two days before the flood, the National Guard ordered the neighborhood evacuated. Woody hitched his 16-foot travel trailer to his truck, took two boxes of possessions and his *Australian shepherd* Pepper and headed out of town.

He parked the trailer and spent the next four days at the I-29 Truck Stop located along Interstate 29 west of Grand Forks. With the rest of the world, Woody listened and watched as the media described the high water that ravaged his town and home.

No shower facilities at the truck stop made remaining there longer impossible. With bridges closed between Minnesota and North Dakota, Woody's trip back to Minnesota was long. He made his way west to Carrington, south to Jamestown, east to Fargo and finally across the bridge into Minnesota. From Moorhead he traveled east on U.S. Hwy. 10 to Hwy. 9 which took him north to Crookston. Woody and Pepper had journeyed 190 miles to reach the destination that was only about 30 miles from their starting point.

In Crookston he found the evacuation center that provided a place to shower and three hot meals a day. Scores of East Grand Forks people occupied the shelter in Crookston – people from all walks of life who felt that staying together in a shelter would somehow hold their community together. Woody described his shelter experience and standing in line for a meal as "humbling."

Two weeks later, Woody and Pepper made their way to Thief River Falls. There was no house to go back to in East Grand Forks. His home had been destroyed by the flood, and moving his household goods to the second floor hadn't helped as flood waters had climbed to within four feet of the rafters.

The 16-foot travel trailer that Woody had purchased in September of 1996 to "do a little camping" became his home. He almost didn't buy the trailer. "Can you imagine?" he said. "I don't know where I'd be if I hadn't bought that trailer."

In Thief River Falls, Woody's trailer is parked at the city campground. Talking about the campground, Woody started using words like "grateful" and "thankful" over and over. The City has allowed him to stay rent free at the campground and its generosity is appreciated from the very bottom of this man's heart. *Repeatedly*, Woody thanked the City and the "wonderful" caretakers at the campground who are so friendly and caring and take meticulous care of the restrooms and facilities.

The "thankful" and "grateful" words continued as Woody spoke of the meals he ate at the Evangelical Free Church, Thief River Falls designated shelter for flood victims.

He was amazed by the generosity of the "Angel Fund" and used the money he received to buy clothing and necessities.

Woody spoke of feeling sorry for a lot of people – his 80 year-old neighbor lady who had lived in her home for over 50 years, shoveled her own snow because she wanted to and treated him to home-baked goodies now and then – the neighborhood children whose homes and feelings of security were washed away by the dirty flood waters.

The one person he doesn't seem to spend a whole lot of time feeling sorry for is himself. According to Woody, no one bears any blame with regard to the flood and preceding predictions. It was simply the result of "too much snow."

Turning 50 four days after the flood, Woody quips he endured "two devastating events in the same week." With his easy-going personality, I would wager that the 50-year milestone was amplified by the uncertainty of his situation during those first long days after the flood.

In Thief River Falls, Woody spends his time washing windows "here and there." He gets one channel on the small television in his trailer, but doesn't "watch much TV" anyway. He'd rather spend his spare time walking Pepper or reading.

A regular at Johnnie's Cafe, Woody again sings the praises of "very nice people" who treat him well and "spoil the dog."

One morning Woody sat beside a telephone company employee at the cafe. Hearing of Woody's plight, the telephone man installed a telephone in Woody's trailer that same day – another act of kindness for which Woody finds himself very grateful.

He does admit that he's been depressed at times. Twice Woody's life has been turned upside down by a river. When he was a child living in Larimore, ND, his 10 year-old brother drowned in the river.

While Woody would have liked to have saved a couple of items his mother gave him, it was only material things that the raging Red River took from him. More than loss of possessions, it's been the uncertainty –"not knowing where you're going to live" – that's gotten him down at times.

This past week Woody received his buyout payment from the City of East Grand Forks. He was happy with what he called a "fair" buyout. Within the week his former home will be torn down.

With the money he got for his house he feels much more secure and able to plan for the future. Woody will make a decision about where he will live this month.

Having developed a fondness for Thief River Falls, he would like to find an affordable house and make his home here. If not, he spoke of going to Phoenix, AZ where he has a brother.

Those of us who have met him hope that he can find a house that fits his budget in Thief River Falls. With a squeegee, Woody can brighten a window with lightning speed. With his cheerful smile and optimistic personality, he brightens our community.

East Grand Forks flood victim Woody Mootz is a window washer by trade and has been washing windows in Thief River Falls since May when he took up residency in his 16-foot travel trailer at the city campground. Located at 12 Dike Street, Woody's house, furnishings and personal property were completely lost in the flood.

Daughters of Destiny ladies retreat Oct. 10 - 11

Daughters of Destiny, a women's group from Community Church of Thief River Falls, is sponsoring a ladies retreat entitled "Hidden Strength" with Marlene Burdick as the guest speaker.

Registration will take place on Friday, October 10 at 6 p.m. followed by a meeting at 7 p.m. Brunch will be served on Saturday, October 11 at 10 a.m. followed by the speaker. A meeting will be held at 7 p.m.

Marlene Burdick has ministered at women's conferences throughout the United States and other parts of the world. Marlene has been a single mother, divorced, remarried with ten children and then widowed. In 1980, she entered into the ministry full-time with her husband in central Wisconsin. In 1986, they became assistant pastors at Victory Christian Center in Tulsa, OK. Marlene was also a teacher at Victory Bible Institute. After her husband died, she became the director and dean of students.

The cost of the retreat is $75 and covers all three meals and the meetings. It is open to all women of the area.

The vision of Daughters of Destiny is "Christian Women Building Legacy." For more information or to register for the retreat, call 218-681-2285.

Highlanding 4-H sponsors alcohol awareness forum

Highlanding 4-H Club will sponsor a alcohol awareness meeting at 9 a.m. on Saturday, October 11 at the Goodridge Senior Citizens Center.

The panel will include family members on both sides of the drunk driving issue, law enforcement personel including the county sheriff and DARE officers, an attorney and judge.

The public is encouraged to attend. Coffee, juice and muffins will be served.

Health and wellness series held at NCTC

Custom Training department of Northland Community and Technical College in Thief River Falls is offering another series of "Health and Wellness" programs this fall.

Beginning October 7 is "Financial Health and Well-Being", a two-hour program designed to provide information on investments, retirement plans and insurances, what kinds of investments are available to a conservative, moderate or aggressive investor, what retirement plans are available, and how does one choose an adequate amount of life insurance, disability insurance or long-term care. The cost of the program is $15.

A 15 hour "Fit for Life" aerobics series begins October 20 and continues through November 21. This five-week session meets three times a week during the noon hour. It features a cardiovascular workout that combines music with calisthenics and aerobics. This is a self-paced program allowing students to set their own pace and intensity level. The cost of this program is $25.

For additional information call Northland Custom Training department at 218-681-0793.

Shannon Bugge and Josh Turman wed July 26

Shannon Bugge and Josh Turman exchanged vows at a double ring ceremony at 4 p.m. on July 26 at Redeemer Lutheran Church in Thief River Falls. Reverend Galen Sylvester officiated.

Parents of the couple are John and Sharon Bugge of St. Hilaire and Dan and Mona Turman of Dilworth.

Special music was provided by Bud, Brenda and Seth Eckstein, cousins of the bride, who sang "Household of Faith," "Long As I Live," and "Me and You." Organist Joyce Halbasch played "Canon in D" and "The Wedding March" for the processional and "The Wedding March" for the recessional.

Michelle Bugge of St. Hilaire was her sister's maid of honor. Bridesmaids were Kris Leonhardt of Sioux Falls, SD, Kim Pearson of South Range, WI and Amanda Bugge of St. Hilaire, all sisters of the bride. The couple's daughter Breanna Turman of Moorhead was the miniature bride. Kassia Leonhardt of Sioux Falls, SD, niece of the brided, was the flower girl.

The bride's personal attendants were her friends, Mishelle Prior and LeaAnn Tingerson.

The groom's cousin Chris Eck of Bemidji was the bestman. Groomsmen were Ian Voge of Oshkosh, WI, Jeremy Anderson of Thief River Falls and Travis Reinhardt of Hazen, ND, all friends of the couple. The ring bearer was the couple's friend, Reid Anderson of Thief River Falls.

The guests were ushered by Tod Leonhardt of Sioux Falls, SD and Jeff Pearson of South Range, WI, both brothers-in-law of the bride, Jordan Turman of Dilworth, brother of the groom and Stacy Jenson of Dilworth, friend of the couple.

Honored guests attending the wedding were June Bugge of Thief River Falls, grandmother of the bride, Edward and Elsie Skime of Gonvick, grandparents of the groom and Debbie Halvorson of Shell, aunt of the groom.

Hosting the reception were Neil and Sharon Bugge, Godparents and uncle and aunt of the bride. Naomi Turman, sister of the groom, and Vicki Skime, aunt of the groom. The bride's cousins Julie and Jessica Bugge attended the guest book.

The bride's sister Kim Pearson of South Range, WI designed the wedding cake which was cut by Clarice Rooker and Leona Bugge, aunts of the bride. The bride's aunt Chery Smsky and friend Joyce Olson served coffee. The punch was served by Joyce and Angel Yonke, friends of the bride.

The bride's cousin Janeen LaFrniere was the flower hostess.

Chad and Lucas Eckstein, cousins of the brided, carried gifts.

Waitresses were Hailey, Daisy and Star Ann Eck and Crystal Skime, all cousins of the groom.

Little helpers who distributed bells were the bride's nephews, Anthony and Benjamin Leonhardt and Jeffrey Pearson Jr., her niece, Abbey Leonhardt and her cousin, Brandi Bugge.

The couple's friends Jenny Wilde and Verna Nelson were in charge of decorations.

Videographers were Jack Smsky and Keith Bugge, uncles of the bride and Janeen LaFrniere, cousin of the bride.

The bride is a 1991 graduate of Lincoln High School and a 1996 graduate of Northland Community and Technical College. She is currently a student at Moorhead State University.

The groom is a 1991 graduate of Clearbrook-Gonvick High School and is employed by Moorhead Electric.

Josh Turman and Shannon Bugge-Turman are at home in Moorhead.

Anne Koball and Eric Pederson to wed October 19

Robert and Marlene Koball and Gaylord and Sonya Pederson announce the engagement of their children, Anne Marie Koball and Eric Corey Pederson.

Anne is a 1988 graduate of Grand Meadow High School and a 1990 graduate of Waldorf College of Forest City, IA with an Associate Degree in Business. Anne is employed by Carlson Wagonlit Travel in Plymouth.

Eric is a 1990 graduate of Gonvick High School and a 1994 graduate of Moorhead State University with a Bachelor of Science in Construction Management. Eric is employed by The Tegra Group, Inc. in Minneapolis.

A wedding will be held on October 19 at the Grand Meadow Lutheran Church in Grand Meadow with a reception to follow at the Plummer House in Rochester.

TIMES FOR TODDLERS

ACTIVITIES

Triangle Witches

Provide two large construction paper triangles (one black and one green) along with glue, construction paper, yarn (any color) and crayons or markers. First, glue the triangles together into the shape of a diamond. Then decorate the witch's green face and black hat as desired. Draw features or use collage materials such as yarn for hair, buttons for eyes or a piece of pinecone for a nose.

Ten Little Witches Fingerplay

Ten little witches standing in a row
(hold both hands up with fingers extended)
When they hear a ghost, they hide just so
(hold both hands behind back)
When the ghost is gone, the witches tiptoe out,
(move hands slowly from behind back)
Hop on their broomsticks and fly all about
(move hands in swooping motions)

(Contributed by Discovery Place child care center)

SCAVENGER HUNT

For next week's Activities feature, you will need orange and green construction paper, black paint and scissors.

BOOK OF THE WEEK

The Thief River Falls public library invites you to browse through its new selection of children's books including the following:

Paulsen, Gary. **Work Song.** It is people here and people there, making things for all to share, that reminds us of the dignity that exists in everyday lives.

Brown, Ruth. **Toad.** Toad suddenly stumbles into an unexpected situation as he picks his way through the muck, munching bugs and crunching flies. He discovers that it's also mealtime for a monster, but a big surprise is just around the corner.

VIDEO VARIETY

Mystery of the Senses. Explore the universe of sensory perception experienced through smell, taste, hearing, touch and vision, and their influence on our culture.

MAGAZINE MENTION

In cold European bogs, scientists have discovered ancient trees, a wooden warship and about 2,000 bodies preserved in peat. Suddenly you're in a different world as you examine lifestyles of the weird and wet in the October issue of National Geographic World.

Remember that the Thief River Falls public library has preschool storytime every Wednesday at 9:30 a.m. Also remember to check out the parenting corner by the children's room for new information and helpful hints for busy parents on books, reading and much more.

PARENTING TIPS

Children and Routines

Routines, doing something the same way each time we do it, can help parents to manage the behavior of their young children. One of the reasons why is that children then know what to expect. If, as a parent, we are inconsistent, we may be creating some of the "behavior problems" we have with our children. If your schedule varies drastically from day to day, children never know what to expect and may resist more. For instance, if you always eat all food (snacks and meals) at the table, sitting in a chair, then when it is time to eat, your child will just naturally sit in a chair at the table. But if sometimes you eat in the living room or if your child is allowed to walk around the house with crackers or other food, he/she may throw a tantrum when you try to make him/her sit in a chair at Grandma's house.

Another example is with car seats and seat belts. If everyone in the car always uses a seat belt **every time** the car is started, your young child will accept it and automatically get into his/her car seat and expect to be buckled in. Yes, your young child may occasionally resist the idea of a car seat, but it will happen far less often if it is an established routine.

The examples go on and on. But the important thing is consistency. Remember that your young child cannot tell time, so he or she does not have to eat at exactly 11:30, have a story at 12:00 and nap at 12:15 each day. True, it may help if you do things at approximately the same time, but you can vary the time a little. The important thing to remember is not to vary the order. If your routine is to have lunch, read a story in the rocking chair, and then put your child down for a nap, then do it in that order each day and don't forget to tell your sitters to follow the same order.

Establish routines with young children and life should be much smoother!

SOMETHING TO TALK ABOUT

Since your child can not tell time, it is helpful to let him/her know what will happen first, second, third, etc. For example: "After you eat lunch, we will read a story and then it is nap time."

PRAIRIE RAMBLING

Gretchen Beito

The Prairie Rambler has written four articles about Josie Bunnerud's growing up years in Thief River Falls at the turn of this century. Josie went on to train and to work as a nurse in Thief River Falls but gave up nursing in 1920 when she married Nelson Bunnerud, a widower with four children. Nelson and Josie had two children including Esther who later was Postmaster of the city. Throughout her married life and after she was widowed in 1946, Josie's main activity outside her home was the Ladies Aid at Trinity Lutheran Church.

Josie Part 5

The aid was small. The first year Josie was President of the Trinity Ladies Aid, the circles were organized. This took much planning and the committee decided to divide the circles according to where members lived, by streets and avenues. After three years the women voted to draw names so they could get to know each other better, residents of the east side and west side. After the change, the women had to do more walking because few of the women drove cars.

After the new church was built, the Aid had to help raise money for expenses. Josie was chairman with Clara Lindberg as her assistant and they had many willing workers. Then pastor, Reverend Fjelstad, was their main helper as he chose to spend most of the four days of the fair there. All the workers enjoyed watching the happy children as well as the older people having fun at the fair.

The Aid's biggest project was a stand at the county fair. The women had a building constructed at the fair grounds where they served meals three times a day. The dining room was large - they could serve 75 or more people at a time. The kitchen had oil stoves where the women cooked egg coffee and fried hamburgers. The ice cream and lemonade stand was located at the kitchen.

At the stand, the women had a great deal of help from the men of the congregation and also from people who lent them stoves and things they needed. The tables and chairs belonged to the Aid. Members of the eight circles would take charge on different days. Some women would work in the church basement preparing foods such as roasts, vegetables, and desserts for both dinner and supper.

Josie and Clara would go out at six o'clock in the morning and make breakfast for many carnival people and other workers there. Then around eight or nine o'clock waitresses, coffee cookers, hamburger fryers and others would begin work. It was not easy as there was no water at the fairgrounds. Water had to be hauled out to the fairgrounds in barrels and a lot of water was used for washing dishes and for making coffee. By nine o'clock people would come for coffee, sandwiches (hamburgers mostly), pie, cookies, and other goodies. The pies and cookies were donated by members of Aid except once in a while they would run short and workers would make pies at church.

Josie did most of the "bossing" and helped out when needed.

She and Clara would have short times off and then they would go out and play a game or two of bingo and look around the fairgrounds. Josie's day as well as the day of the treasurer, Mrs. H. S. Dahlen, would end at midnight or one A.M. in the morning. When the four days of the fair were over Josie was tired, but happy. She used to call it her "vacation". Everybody was willing to help and do their share. It was like a large picnic even though it was lots of work.

Trinity had the building at the fairgrounds for many years and finally sold it.

Visitation will be held at Green Funeral Home on Thursday from 1 to 7 p.m. with a 7 p.m. prayer service and at the church on Friday one hour prior to services.

A complete obituary will appear in the October 15 issue of *The Times*.

George Olson, 71

Thief River Falls - George A. Olson, 71, died Saturday, October 4, 1997 at the CNC Unit of Northwest Medical Center.

Funeral services were held Tuesday, October 7 at St. Bernard's Catholic Church with Father Bob LaPlante presiding. Burial was held at St. Bernard's Cemetery. The Green Funeral Home of Thief River Falls was in charge of the arrangements.

George Andrew Olson was born in Hamlet township in Polk County on February 22, 1926, the son of Andrew and Annie (Diggins) Olson. As a young boy he lived with the family west of Thief River Falls. He was baptized and confirmed at St. Bernard's Catholic Church. He attended country schools west of town and later St. Bernard's parochial school.

As a young man he farmed west of Thief River Falls. He also worked for the Viking Tavern and Norm's Cafe. He served in the US National Guard.

On June 30, 1951 he was united in marriage to Joyce Johnerud at St. Bernard's Catholic Church in Thief River Falls. They resided in Thief River Falls where George worked for Melvin Joppru. In 1952, they moved to Park River, ND where he went to work for his sister and brother-in-law, Gerty and Charles Ramsey, on their farm. After a short time, they moved back to Thief River Falls. He had many different jobs in the early years of their marriage. He had the Community Dairy Store and Creamery in Thief River Falls and also the Valley Dairy grocery stores in Bemidji, Fargo and Moorhead. He sold cars for Al Holzknecht at the Chevrolet Garage. He worked for the Red Owl store in the meat department. He drove taxi for City Cab and also drove a milk truck on a route around town. From 1952 to 1975, George was a part-time Deputy Sheriff for the Pennington County Sheriff's Department. In 1965, they moved to Fordville, ND where he managed the Village Inn Restaurant. In 1967, they moved to Park River, ND where he managed the American Legion Steak House. In 1968, they moved back to Thief River Falls where he went to work for Hartz Warehouse where he continued to work until he retired in 1987.

George was talented and handy with his hands, cooking, drawing, sewing, doing upholstery work and carving. He enjoyed making small and large projects from wood. Known for his sense of humor, he liked to fish and take rides in the country. He enjoyed his granddaughters.

He was a member of St. Bernard's Catholic Church and the Fraternal Order of Eagles.

George is survived by his wife, Joyce; three children Andrea (Dan) Dowers, Mark (Patty) Olson, and Adeline Olson and her special friend, David Holmgren, all of Thief River Falls; five granddaughters; one brother, Reuben Olson of Cudahy, WI; one sister, Mabel Edwards of Arroyo Grande, CA; three sisters-in-law, and numerous nieces and nephews.

He was preceded in death by his parents; seven sisters, Edna Sychowski, Gertrude Ramsey Walty, Mary Norheck, Martha Searu, Agnes Hinden, Margaret Elliot and Doris Bradley; and four brothers, Bennie, John, Melvin and Norman.

Harry Wojeiechowski, 84

Greenbush - Harry Wojeiechowski, 84, died Wednesday, October 1, 1997 at Altru Hospital in Grand Forks, ND.

Funeral services were held Saturday, October 4 at 10 a.m. at Blessed Sacrament Catholic Church in Greenbush. Burial was at Blessed Sacrament Catholic Cemetery. Arrangements were with the Collins Funeral Home of Greenbush.

Harry Wojeiechowski, the son of the late John and Agnes (Kriska) Wojeiechowski, was born July 7, 1913 in Roseau County near Bemis Hill. He attended school and grew to manhood in the Leo community near Greenbush and was baptized and confirmed at St. Aloysius Catholic Church of Leo.

On April 23, 1930 Harry was united in marriage to Hildegarde Gralewski at Grand Forks, ND. The couple made their home near Ardoch, ND for two years before moving to Roseau County near Greenbush. Harry was employed by the former Maynard Peterson Implement Company of Greenbush for many years and later by Greenbush Implement for over 30 years.

He was a member of Blessed Sacrament Catholic Church of Greenbush and currently of St. Mary's Catholic Church of Badger. Hildegarde passed away in February of 1970. For the past several years, Harry has resided at Badger Creek Apartments in Badger.

Harry is survived by five sons, Harley (Delores) of Greenbush, Richard (Della) of Wannaska, Dean (Sheila) of Greenbush, Bill (Barb) and Dale (Linda), both of Badger; 25 grandchildren; 44 great-grandchildren; two brothers, Walter of Greenbush and Gus Akel of Vancouver, B.C., Canada; and many nieces, nephews and other relatives.

Harry was preceded in death by his wife; parents; two sons, Edward and Lawrence; one brother, Aloyz; one grandson; one granddaughter; and one great-granddaughter.

Pain may be eliminated for millions

(SPECIAL)— A drug that is exciting researchers in the treatment of pain has been formulated into a new product known as "Arthur Itis®" and is being called a "Medical Miracle" by some, in the treatment of debilitating conditions such as arthritis, bursitis, rheumatism, painful muscle aches, joint aches, simple backache, bruises, and more. Although the mechanism of action is unclear, experiments indicate that Arthur Itis® relieves pain by first selectively attracting and then destroying the messenger chemical which carries pain sensations to the brain, thus eliminating pain in the affected area. Arthur Itis® is available immediately without a prescription in an odorless, greaseless, non-staining cream or new roll-on liquid form. Arthur Itis® is guaranteed to work or your money back.

ON THE OTHER HAND

Jessica Krankkala
Lincoln High School

The excitement of the Lincoln High School Homecoming week is now officially over. Many details went into making Homecoming a successful week.

The first step was to pick the candidates to represent each class for the coronation Monday night. Four candidates were picked from each grade, two male and two female. The seniors, however, chose three girls and three boys to be candidates for Homecoming King and Queen.

The day after we voted, the announcements were made over the loud speakers. Mrs. Lindemoen read the names off grade by grade. "The candidates for Homecoming Queen are Tina Halsa, Jessica Krankkala and Erica McGeary." My heart fluttered, and I could not believe what I had heard. "She must have made a mistake" was all I could think.

Jenny looked back at me in Homeroom class and said, "Congratulations, Jessica!" I was like, "Thanks," not really believing what I heard. A second after that, Dan turned to me and said, "Way to go Jessica!" The rest of Behavioral Science was like a dream to me, and I don't think I remembered a word Mr. Furney said the rest of the hour. I never thought I would be up for Homecoming Queen.

After class ended, I phoned my mom to tell her the exciting news, and she was ecstatic. She explained how it was an honor to be chosen, and no matter if I won or not, she was proud of me. For the rest of the wonderful day, I felt like I was dancing on clouds.

Another Homecoming event that was fun was to come up with a theme for each day of the week. Every day was a new, extremely exciting, fun-filled dress-up adventure. Personally, my favorite day of the week was Tuesday, Pajama Day. I loved the feel of rolling from my warm, cozy blankets, brushing my teeth, and then running out the door. I didn't even have to think twice about over sleeping, not to mention the excitement of "No showering today," or "No primping my unmanageable, straggled hair." It was a fantastic natural feeling to start off the day.

Wednesday was very interesting yet confusing. Everyone was to look like a twin of someone else – as if they were Mary-Kate and Ashley Olsen, the twins on "Full House." The most notable look alikes among teachers were Mr. Loe and Mr. Dyer, and among students were Kelly Almquist and Beth Goddard. Mr. Loe had glasses on that resembled Mr. Dyer's glasses, while Mr. Dyer had a fake beard glued to his face to clone Mr. Loe. Kelly and Beth had the same plush pink polo shirts on, and accented them by their identical blonde "do" and then matching Gap jeans.

Throughout the rest of the week, interesting personalities appeared. Thursday was Winter/Summer Clothes Day. Half the wardrobe was summer and the other half winter. One student who comes to mind is Becky Mooney. She had a winter hat and scarf on, while wearing sunglasses and shorts. She finished her outfit by adding some winter boots and some oversize gloves.

Everyday held a new surprise, and as we came closer to the end, we waited in anticipation for the hope of our Prowlers' win over the Grand Rapids Thunder Hawks. Friday was Spirit Day, pepfest, and the big football game at 6 p.m. Finally, the grand finale, the dance, concluded the 1997 Homecoming festivities.

Election period nears end to switch VA programs

Certain current and former service members may be eligible for Montgomery G.I. Bill education benefits that they previously could not obtain, if they elect to switch education programs before October 9, 1997.

Legislation signed into law October 9, 1996, enables certain service members and veterans eligible for the Veterans Educational Assistance Program (VEAP) to instead elect to use education benefits provided by the Montgomery G.I. Bill. To switch to the newer education program, active duty service members and veterans discharged after October 8, 1996, must have had money in their VEAP account on October 9, 1996.

"While we believe those affected by this legislation are aware of their option to elect Montgomery G.I. Bill education benefits, we are making every effort to ensure eligible service members have the opportunity to act before the October deadline," said St. Paul VA Regional Office and Insurance Center Director Ronald Henke.

The Montgomery G.I. Bill entitles service members and veterans greater benefits than VEAP. Generally, monthly benefits under the Montgomery G.I. Bill (Active Duty) program amount to $427.87 for up to 36 months of full-time training. VA or the Department of Defense will collect from those individuals who elect to switch a $1,200 payment required of all participants in the Montgomery G.I. Bill (Active Duty) program.

Service members should contact their education officer for election procedures. Veterans can call VA toll-free at 1-800-827-1000 for assistance in filing an election. Information on VA education benefits also is available on VA's Internet Home Page at www.va.gov/benefits/education.

The law requires that an election be completed by October 8, 1997. The service member's or veteran's $1,200 pay deduction or payment does not have to be made by that date, but benefits cannot be granted until the full payment is made.

Absentee ballots available for general election

Absentee ballots for the November 4 General election, which includes an election for School District board and Thief River Falls City Council are now available. Residents of the City of Thief River Falls can pick up absentee ballots at the City Clerk's office in the city auditorium. Residents of rural areas in School District 564 can obtain absentee ballots at the School District Service Center.

Mathew Bitzegaio

Paul Dehnert

Matthew Bitzegaio and Paul Dehnert are student Rotarians

Mathew Bitzegaio and Paul Dehnert have been serving as student Rotarians with the Thief River Falls Rotary Club for the month of September. Both are 17 year old seniors at Lincoln high school.

Student Rotarians attend the Monday noon dinner meetings of the Rotary Club at the Best Western Inn and report on activities for the week at Lincoln.

Mathew is the son of Jim and Robin Bitzegaio and a student in music and drama in the Northern Expressions School for the Arts at Lincoln. He is involved in the National Honor Society, fall play, concert choir and Swingsations jazz choir. He will be going to New York City with the choir next spring.

Mathew sings in the choir at the Evangelical Free Church and is very interested in computers, music and drama. He would like to attend Concordia College and pursue a degree in computer science with a view toward becoming an independent systems analyst.

Matt has two sisters, Vicki, 19 and Mandy, 15.

Paul Dehnert is the son of Doug and Paulette Dehnert, St. Hilaire, and is involved in concert choir, Swingsations jazz choir, National Honor Society, drama, speech and mock trial. He has earned an academic letter.

Interested in music performance and composition, he is organist at Calvary Lutheran Church and has been an accompanist for vocalists in competition at Lincoln for several years. Also interested in the outdoors, including hunting and snowmobiling, he serves as membership chairman for the Fourtown/Grygla Sportsman's Club.

Paul has one sister, Jami, 21. He plans to attend college and earn a master's degree in business management and international business.

SPEAKING OF

Sherry LaCoursiere

...I Haven't Heard Enough About the Heroes

Some of us around are feeling a lot safer since the recent fire downtown. Who knew we had heroes in our midst? Are we going to hear more about those heroes?

I saw just two letters to the editor in The Times thanking law enforcement and fire department personnel for their quick and brave actions the night of the fire. I'm sure there must be many more people who are grateful for the actions of the heroes, and I, for one, would like to know more about that night.

Oddly enough, I slept through the entire fire, even though I live just blocks from the building that burned. I didn't hear the fire trucks or police cars, smell any smoke, or see any red lights in the sky. I learned about the fire the following day and found I had gone to bed and fallen asleep just minutes before the fire was discovered and the heroes jumped into action, so I know only what I have heard and read about it.

Mr. Storhaug's letter to the editor was very interesting. He wrote from his heart and described some of the frightful feelings he, his family and others in the building must have had. I cannot imagine anything more frightening than to be trapped in a burning building with small children in the middle of the night and have no way to get out.

How miraculous it must have seemed when he saw Officer Miller crawling through the smoke toward them! No wonder Mr. Storhaug could write a letter with such feeling that makes those of us who read it feel as if we were there!

Now, where are the other letters? I'm sure the other people in the building were just as grateful as Mr. Storhaug and I would imagine they have thanked the law enforcement and fire department people in writing or vocally, but it would be a good thing for those of us who were not there to be able to read about the rescues.

Most of us always knew we had some good people taking care of us, but this fire has proven that fact to be true. The quick response and the brave actions of those who were "only doing their jobs" have shown us that we have some pretty good people working for us in this town and we should definitely appreciate them.

The law enforcement officers and firemen who risked their own lives to save others deserve a big pat on the back and maybe something more. Even if they don't want to have a fuss made over what they did, maybe we should do it anyway. It isn't often that disasters happen in our little town, but when they do, we know we have some pretty competent and skilled people looking after us. Thanks to you all, for what you did and for being there for all of us.

PREVENTION

When losses occur, our Milbank/State Auto policyholders can count on protection and service in time of need.

But we all agree that the best insurance against loss is prevention.

Prevention saves life, limb and property - and helps control insurance costs and premiums.

Defensive driving, use of seat belts, preventive measures to keep that accident from happening, that fire from starting, that home burglary from being committed. These are your best insurance protection.

Manufacturing week set for October 13 through 17

Manufacturing Week in Minnesota has been declared for October 13-17. The week, which has been recognized in a proclamation by Thief River Falls Mayor Robert Reese, is set aside to honor the contributions of manufacturers to the economy of Minnesota.

Manufacturing has the second largest total payroll of any business sector in Minnesota providing $15.1 billion in wages in 1995. One of every five non-farm jobs in the state is in manufacturing and it accounts for 20 percent of Minnesota's total economic output. Between 1985 and 1994, while the manufacturing sector employment fell 4.9 percent nationally, it actually increased 10.5 percent in Minnesota, and reached a 1995 total of nearly 426,000 jobs. In 1995, five out of the top 10 fastest-growing industries in the state in terms of employment growth were in manufacturing. Because of its diversified employment structure, Minnesota's manufacturing industry is more immune to national recessions than many other states.

Manufactured exports brought $8.9 billion into the Minnesota economy in 1996. Manufacturing contributed nearly $210 million in corporate income taxes in Minnesota, more than any other sector and almost 30 percent of total corporate income taxes in 1996.

Production flexibility payments were issued

Production flexibility payments totaling $158,800,000 were issued this week to Minnesota producers as the final 1997 fiscal year payment under the Agricultural Marketing Transition Act (AMTA).

Wally Sparby, state executive director of the Farm Service Agency, said that the payments include $119 million for corn, $33.3 million for wheat, $6 million for barley and $0.5 million for oats. Payments to 63,000 producers participating on 88,900 farms were complete by September 30, Sparby said.

Final payment rates are 35 cents a bushel for corn, 63 cents for wheat, 27 cents for barley and three cents for oats. Fifty percent of the 1997 fiscal year payment was issued as an advance payment in December or January at the producer's option.

AMTA, referred to as the "freedom to farm bill," gives producers more flexibility to plant for the market, Sparby said. The new act removed the link between income support payments and farm prices by providing for seven annual fixed but declining "production flexibility contract payments."

To receive payments and loans on program commodities, producers must have enrolled in a "production flexibility contract" for the period 1996-2002. Contracts require participating producers to comply with existing conservation plans for the farm, wetland provisions and planting flexibility provisions, as well as keep the land in agricultural uses.

Under AMTA, participating producers are permitted to plant 100 percent of the total contract acreage plus additional acreage to any crop, except fruits and vegetables, with no loss in payment. Planting of fruits and vegetables on contract acreage is prohibited unless the farm or producer have a history of planting fruits and vegetables. Contract payments are limited to $40,000 per person.

Missed scoring opportunities cost TRF in loss to Grand Rapids...

Thunderhawks beat Prowlers 29-20

It didn't take long to realize Thief River Falls was going to have a tough time stopping Grand Rapids' multiple option offense Friday in a high school football showdown between state-ranked teams. If the 4-1 Prowlers, ranked No. 8 in the Class 4A polls, were going to knock off the 5-0 Thunderhawks, ranked No. 7 in Class 5A, they would have to do it by outscoring the visitors.

They had the chance. But failure to convert scoring opportunities into points cost the Prowlers, who saw their four-game winning streak come to an end in a 29-20 loss in front of a large Thief River Falls homecoming game crowd.

Trailing 22-14, Thief River Falls came up empty-handed after reaching the shadow of the goal line at the close of the first half and again at the start of the second half. It was still an eight point game when the Prowlers had an apparent touchdown on a punt return erased by a penalty, and down 29-14, they had a chance to get back in it with a first down at the Grand Rapids 13 – only to again come up short.

It was a frustrating loss, said Thief River Falls head coach Jeff Mumm, in that the Prowlers did not play one of their better games, yet still came close to beating a top-caliber team – much like they did in a 21-20 season-opening defeat at the hands of Sartell.

"As poor as we played, we had at least four opportunities to win the football game," offered Thief River Falls head coach Jeff Mumm. "If we play up to our capability, we win. I guess it just wasn't meant to be."

Grand Rapids was impressive early, covering 62 yards in seven plays on the game's first possession to jump ahead 7-0. A 22-yard gain on a scramble by quarterback Eric Engesser and a 26-yard tackle-breaking run by fullback Michael Miskovich set up a 1-yard touchdown by halfback Rob Hurst, who stepped through the right side three minutes into the game. Brady Warner added the conversion kick.

Thief River Falls came right back, however, to match Grand Rapids' first-possession score. Wade Chiodo, who broke off a 30-yard sweep to get the drive going, got around the right end for a 14-yard touchdown run with 6:40 elapsed.

The Prowlers went ahead with a little twist on the conversion as Paul Frank, the holder on an apparent attempt for the tie on the kick, took the snap and quickly put the ball into the hands of runningback Trevor Lee on a shovel pass into the middle that went for a two pointer.

Grand Rapids went up 15-8 when Hurst took an option pitch 46 yards down the left sideline and David Rajala hit Lance Kuschel with a conversion pass just five plays into the second quarter.

Next possession produced a 22-8 spread with another long-range Grand Rapids score as Rajala who played the second quarter for Engesser, the starting quarterback, hit Miskovich with a short swing pass to the left that turned into a 40-yard touchdown. Warner added the kick with 5:25 to play in the first half.

Chiodo, who broke the 200 yard rushing barrier for the second straight week, got Thief River Falls right back in it with a 35-yard run on the first snap after the Thunderhawks' touchdown that was followed four plays later by a 24-yard touchdown as he turned the corner on the right side.

That made it 22-14 with 3:30 to play, and moments later an interception by linebacker Kyle Anderson at the Grand Rapids 34 that he carried to the 17 gave the Prowlers a shot at a third first-half touchdown. An 11-yard run by Chiodo gave them a first down at the Grand Rapids 3-yard line. Anderson put them another yard closer on a fullback dive, but a 15-yard unsportsmanlike conduct penalty and a quarterback sack pushed ball back to the 21, and a fourth down interception ended the threat.

That one hurt, acknowledged Mumm. "You just can't lose your composure in those situations," he said.

Still, Thief River Falls had a chance to make up for blowing that scoring chance right away in the third quarter when Lee went 54 yards to the Grand Rapids 15 on the first play of the second half. Lee came right back with a 9-yard gain on the next snap for a second-and-1 at the six. However, a five yard illegal procedure penalty and a yard loss on a fumble-but recovery put the Prowlers back at the 11, where an incomplete fourth down pass ended the possession.

It was another critical mistake on the Prowlers' part, noted Mumm, who said, "How many times can you shoot yourself in the foot and still come back? We just weren't sharp mentally. Those illegal procedure penalties killed us, and there were a number of times where we had 10 men on the field."

Mistakes continued to plague the Prowlers when Chiodo retreated to field a Grand Rapids punt at the Thief River Falls 13, turned and went the distance for a touchdown with 5:19 left in the third quarter. The play, however, was called back on a clipping penalty.

A 47-yard run on an option keeper by Engesser, who was back under center in the second half, highlighted a 10-play, 70-yard Grand Rapids touchdown drive that made it 29-14. Engesser scored on a sneak from two yards out with 10:35 to play.

Thief River Falls tried to keep pace with a hurry-up drive directed by back-up quarterback Trevor Peterson that produced a first down at the Grand Rapids 13. But they gave up the ball on downs at the 11 with 5:36 to play.

Next Thief River Falls possession did result in a score, beginning with starting quarterback Chris Mumm netting 12 yards on a first down scramble to midfield, and ending with Chiodo picking up his third touchdown on a 5-yard pitch to the left with 1:56 to play. But a pass attempt on the try for the two-point conversion was met by a hard rush, forcing an incomplete throw.

Chiodo finished with 200 yards on 26 carries. The Thunderhawks countered with Hurst, who netted 134 yards on 22 attempts, and Engesser, who gained 108 yards on 12 tries.

In addition to the loss on the scoreboard, the Prowlers also took a physical beating. Andrew Solem, a two-way starter at tackle, and Todd Christensen, a tight end/defensive end, were both on crutches at game's end.

"Grand Rapids has a very, very nice football team," pointed out Mumm. "They're very physical team. And when you play the big schools who are physical, you take a pounding."

Thief River Falls heads to Fergus Falls Friday and will close out the regular season schedule at home against East Grand Forks Wednesday, Oct. 15.

Hurst was held to a one-yard gain on the play, but he rushed for 134 yards in the Thunderhawks' 29-20 win.

Blue Devils lose to Wildcats

■ Slow start beats Goodridge/Grygla-Gatzke

Goodridge/Grygla-Gatzke gave up 27 first-quarter points Friday, then came up short on a game-long comeback effort in a 34-26 Nine-Man high school football loss to Tri-County. The game was played in Goodridge.

"Defensively we fell apart in the first half," explained Goodridge/Grygla-Gatzke coach Darwin Hagen. "It was a case of everything they (Wildcats) tried, worked in the first half. We did a much better job in the second half."

Tri-County came out of a high-scoring first half with a 34-20 lead when quarterback Tryg Spilde scrambled, then hooked up with Ron Carlson on a fourth down 9-yard touchdown pass in the final moments.

Goodridge/Grygla-Gatzke scored the only touchdown of the second half, but it was too little, too late for the 3-4 Blue Devils, who lost for the second straight week and for the third time over their past four starts.

"We had our chances to win it," noted Hagen. "We just fell too far behind at the start."

Sophomore Alex Holte, in his first start at quarterback in place of injured Jared Eidelbes, helped direct a balanced pass/run offense for the Blue Devils, who normally pass only rarely. Holte was 8-for-17 passing for 143 yards and a touchdown. He also scored twice himself on short runs as part of a 21-carry night that netted 48 yards. "He (Holte) was definitely a bright spot for us," mentioned Hagen.

The Blue Devils' 159-yard ground game was led by Alex Anderson, who rushed for 103 yards on 23 carries.

Goodridge/Grygla-Gatzke will be idle this week with a Top of the State Conference bye. The Blue Devils will finish the regular season schedule Tuesday, Oct. 14, against conference leader Stephen-Argyle in a 3:30 p.m. game at Grygla.

RLCC, Win-E-Mac volleyball meeting is slated Thursday

Red Lake County Central will meet Win-E-Mac in a match-up of area Class A high school volleyball powers Thursday in the Patriots' gym.

The Mustangs pushed their record to 15-2 Thursday (Oct. 2) with a 15-1, 15-4, 15-10 win over Waubun in Oklee.

It was a match that afforded Red Lake County Central coach Nancy Bray an opportunity to play her bench in Game 3.

The Mustangs went through just three service rotations in Game 1, with Katie O'Neill serving the last eight points.

Angie Chervestad had three kills in Game 1 and four more, along with three kill blocks, in Game 2. Francis Hilgeman had six service points in the second game.

Charity Wicks served nine straight points in Game 3 and Jenni Brekkestran had four kills.

TRF freshmen end season with 22-13 win and 9-0 record

A 22-13 Monday win over Grand Forks Central capped a 9-0 season for the 1997 Thief River Falls freshman high school football team.

Defense keyed the season-ending victory. A pass interception by John Sylvester that he returned to the Central 3-yard line set up a short first quarter touchdown run by Ben Myers and an interception by Brian Loe was returned 45 yards for a second quarter touchdown.

Loe also scored on a 5-yard run as Thief River Falls built a 22-6 halftime lead.

Dean Mehrkens and Loe had two-point conversion runs for the winners, who won the Grand Forks Freshman League that includes Grand Forks Red River, Grand Forks Central, Crookston, East Grand Forks, Grafton, and Thief River Falls. They also picked up wins over Detroit Lakes and Bemidji.

Julia Martell of Thief River Falls picked up a Win-E-Mac serve and bumped the ball into play during Monday's high school volleyball match. The Patriots defeated the Prowlers 3-1.

Win-E-Mac hits TRF with volleyball loss

Win-E-Mac let a first-game lead slip away, but the Patriots finished what they started the rest of the night in a 14-16, 15-8, 15-2, 15-5 high school volleyball win over host Thief River Falls.

Ranked No. 1 in the Class A state polls earlier this fall and sitting at No. 4 in the latest ranking, the Patriots put on a volleyball clinic down the stretch when they overwhelmed the Prowlers, who stunned them by overcoming a 13-7 first-game deficit.

"I thought we played them tough, but they're too quick for us at the net," said Thief River Falls co-head coach Amy Roche. "I'll bet 90 percent of their hits are on quick sets, and we just couldn't get to those spots in time."

Those plays at the net were produced by Kathleen Hegg, a senior setter who had 40 assists on the night. Senior hitter Nicki Hole fed off Hegg's pin-point set-ups to register 16 kills. Juniors Tessa Johnson and Sandy Brekke followed Hole in the Patriots' hit parade.

"It's a different kind of volleyball," noted Roche, referring to the high-level of play by the Patriots, who finished second in last year's Class A state tournament. "They're a good team – but we'd like to play them again."

First four Win-E-Mac points of the night came on ace serves, jump-starting the Patriots to their 13-7 match-opening Game 1 lead. But the Prowlers battled back, tying it at 13-13 when an eye-opening save by Laura Follett led to a kill by Lindsay Drury.

Leah Salvhus put Win-E-Mac back on top 14-13 with a kill, but an ace by Thief River Falls' Desirae Alberg tied it again and a kill block by Drury gave the Prowlers a 15-14 edge. Final point came on a line violation called on the Patriots.

The Prowlers tried to put together another rally in Game 2 when they chopped a 10-4 deficit to 10-7 following an ace by Taya Hunt. Another ace, this one by Beth Olson, kept it close at 13-8. But the Patriots finished it, and then dominated Games 3 and 4.

"They wore us down," said Roche.

Lisa Dicken led the Prowlers with 10 kills. Hunt had 13 assists.

Thief River Falls had trouble with serve reception throughout the match. Salvhus and Heather Hoffmann both had four aces for the winners. Hunt, Alberg and Olson had two aces each for the Prowlers.

Thief River Falls is 14-5-2 overall.

Win-E-Mac won the junior varsity match 15-5, 15-9 and took the C squad match 15-6, 15-8.

Pioneers split two weekend matches

A 3-1 Friday night win at Hibbing was followed by a 3-2 Saturday afternoon marathon match loss to Rainy River at International Falls as the Northland Community and Technical College volleyball team split a pair of weekend Minnesota Community College Conference decisions.

The Pioneers beat the Cardinals 15-5, 15-8, 7-15, 15-7. The Voyageurs won the three-hour marathon the next day 14-16, 17-15, 13-15, 15-12, 15-12 – with a fifth-game rally-point victory.

"It was a great match," reported Northland Shari Olson, who said her team played aggressively at the start, but became a little too conservative down the stretch. "We had an opportunity to win it, but I have no complaints. They played very well. They were extremely tired at the end."

The long match added up to some big numbers for the Pioneers, including 22 kills for Naomi Wilebski, 44 digs by Paula Hovda and 27 assists from Melissa Bernstein.

The Pioneers had 217 kill attempts for the day, and put 65 of them away.

Northland is 6-7 overall and 4-5 in the MCCC, where the top four regular season finishers in the eight-team Northern Division earn state tournament spots. Fergus Falls and Vermilion appear to have a lock on the top two places, while Northland, Mesabi, Hibbing, Itasca, Central Lakes, and Rainy River are fighting for the next two positions.

The Pioneers host Vermilion Friday at 6:30 p.m. and Mesabi Saturday at 12-noon.

NCTC Leaders vs. Hibbing

Kills - Lara Hendrickson 10, Naomi Wilebski 8, Paula Hovda 8; assists - Melissa Bernstein 18; aces - Angie Vigle 4, Hendrickson 3; digs - Hovda 13, Hendrickson 12; blocks - Tammy Nerby 2, Wilebski 2

NCTC Leaders vs. Rainy River

Kills - Naomi Wilebski 22, Paula Hovda 11, Tammy Nerby 10, Lara Hendrickson 9; assists - Melissa Bernstein 27, Rayna Benson 15; aces - Hovda 3; digs - Hovda 44, Angie Vagle 28, Hendrickson 25, Wilebski 24; blocks - Wilebski 4, Hendrickson 4, Nerby 4

Robicheau will be Boosters speaker

Superintendent Jerry Robicheau of School District 564 will be the guest speaker Thursday at the weekly 12-noon Thief River Falls Sports Boosters luncheon meeting at the Elks.

The public is invited.

It was a hot time for participants in Sunday marathon

When runners think of the Twin Cities Marathon they generally don't think of heat. Normal temperatures at the race range between the low 40s to upper fifties. On Sunday, temperatures ranged between 66-degrees Fahrenheit at the start and approached 80 at the finish. It was wonderful for the over 200,000 spectators, but rough on the estimated 7,100 runners who started the event.

It was a year of records — record temperatures, record numbers of entrants — but not record setting times. Heat slowed everyone down, even elite runners. The finishing time was one of the slowest in the history of the event. According to race officials, about 220 people wound up in the emergency tent after race, a record by about 40. Most were treated for dehydration and high temperatures.

The Twin Cities Marathon is known as the most beautiful urban marathon, and its supportive crowds. The heat, however, may have also been a contributing factor to a record number of complaints about motorists trying to go around barriers set up to protect runners and spectators. In one incident an impatient motorist drove onto a closed freeway ramp and nearly ran over runners, a road marshal and a police officer. The event was recorded by an spectator with a video camera and officials did get a description of the driver, the car and the license plate number. Another runner running with local runners reported nearly being struck by a sports utility vehicle when it went around a barricade.

Results by local runners were affected by the heat as well. First time runners, Darlene Wiseth, Lucy Staneyk and Darla Miller were sore and tired by the ordeal, but ecstatic about the finish and overwhelmed by the supportive crowd. For most of the other local runners, times were generally slower because of the heat. There were no reports of local runners being hospitalized. Deanna Larson withdrew from the race at around mile 9, not because of heat, but because of an injury to her foot.

Results of local runners:

Arlan Anderson, 48, Argyle, 4:17:27; Todd Bergland, 34, Maple Grove (former TRF resident), 3:56:20; Patrick Brickson, 28, Thief River Falls, 4:23:28; Randy Cedergren, 48, Lancaster, 3:53:10; Terry DeMars, 44, Grand Forks, ND, 4:13:50; Monte Fjosne, 46, Karlstad, 3:36:50; Cheryl Gaddie, 40, Thief River Falls, 4:57:09; Jim Grindley, 62, Thief River Falls, 5:41:24; Sylvia Grindley, 5:41:23; Richard Heinrichs, 53, Thief River Falls, 5:23:46; Anita Hendrickson, 47, Thief River Falls, 4:59:58; David Hill, 37, Thief River Falls, 3:27:31; Jim Langland, 45, Thief River Falls, 4:52:52; Darrell Magner, 51, Thief River Falls, 4:02:25; Darla Miller, 23, St. Hilaire, 3:41:41; Jan Putthrese, 41, Thief River Falls, 3:54:03; Thomas Scholin, 35, Thief River Falls, 4:52:01; Lucy Staneyk, 39, Thief River Falls, 4:59:59; Aaron Tofte, 26, Alexandria (formerly of TRF), 3:56:19; Darlene Wiseth, 40, Thief River Falls, 4:12:19.

Overall winners. The men's winner was Andrew Musuva, who completed the course in 2:14:59. He earned $20,000, as did women's champion Lyubov Morgunova. She completed the course in 2:30:43. The only time record set this year was in the men's wheelchair race. Saul Mendoza of Mexico, broke his one-year-old course mark with a time of 1:35:03.

A total of 7,163 runners were registered for the marathon and 5,365 were finishers.

Wolverines are 3-0 volleyball winners over MCC Monday

Goodridge/Grygla-Gatzke handled Marshall County Central 15-4, 15-13, 15-4 Monday in a high school volleyball match played at Goodridge.

The win improved the Wolverines' record to 11-7. The Nordics fell to 4-13.

"They played pretty well," said Goodridge/Grygla-Gatzke coach Jean Schulz in describing the Wolverines' performance.

A balanced attack for the winners included Kristin Halvorson with seven kills, Jenniçea Gallagher six and Dana Wiseth five. Wiseth added four ace serves and seven assists, while Jenny Nelson came up with three aces and a team-high 10 assists.

Marshall County Central figures included Miki Waterworth with five kills, Mandi Blawat two aces and Holly Augustine four assists.

"We just can't pass the ball," pointed out Marshall County Central coach Mark Jorgenson. "We're giving teams too many free ball opportunities."

It was the third straight 3-0 loss for the Nordics, who were beaten by Lake of the Woods 15-2, 15-4, 15-4 Thursday.

A pair of Thief River Falls defenders, Lisa Dicken (left) and Laura Follett, combined efforts in an attempt to stop Kathleen Hegg of Win-E-Mac at the net during Monday's volleyball match in the Lincoln High School gym. The Patriots won 3-1.

Pioneers overcome penalties to beat Hibbing 28-18...

Northland picks up first win

It wasn't pretty, but Northland broke into the win column for the first time this fall by beating Hibbing 28-18 Saturday in a Minnesota Community College Conference football game at Prowler Field.

The two winless teams combined for 31 penalties that totaled 245 yards. The Pioneers won despite being flagged 20 times for 155 yards in penalties.

"It was as sloppy a game as you'll ever see," admitted Northland coach Gene Klinke. "But the bottom line is, we won."

It was the first Northern Division contest of the year for the Pioneers, who went 0-4 against the MCCC Southern Division. A couple of more wins in three remaining Northern Division games against Vermilion, Itasca and Mesabi, will land Northland a post-season playoff spot.

Hibbing, meanwhile, is still looking for its first win since 1992.

Northland scored on its first two possessions of the afternoon on a pair of Tauheed Johnson runs covering 7 and 4 yards. It was the first time the Pioneers owned a lead this season.

But Hibbing chipped the difference to 13-12 by halftime, and went ahead 18-13 by scoring off a high Northland punt snap in the third quarter.

But touchdown passes of 47 and 38 yards from Nic Thompson to Melvin Whitney and Terry Davis netted the Northland win.

"Our defense stepped it up in the second half," pointed out Klinke. "Outside of the punt, we shut them down in the second half. We might have gotten a little overconfident with the early lead, but they did some work at the end when we needed it."

The Pioneers final three games will be Thursday contests, starting this week with a 5 p.m. kickoff against two-time defending state champion Vermilion in Ely.

Mustangs overtake Patriots

Two fourth quarter Red Lake County Central touchdowns produced a 22-20 come-from-behind North Tri-County Conference Nine-Man high school football win over host Win-E-Mac Friday.

A week earlier, a Red Lake County Central comeback was thwarted when Fisher/Climax scored in the final minute to win 27-20. This time a 37-yard Mark Lorenson go-ahead touchdown pass to Nick Waldal with just over two minutes remaining was followed by a game-clinching Waldal interception.

"It was a nice win," acknowledged Red Lake County Central coach Gary Brantl. "The kids showed some real character for the second week in a row. This time we came came out of it with a win."

Win-E-Mac started with a 14-0 first quarter lead.

"It was two completely different halves of football," noted Brantl. "We didn't play especially well in the first half. In the second half we played a lot better."

The win boosted the Mustangs to 4-2. They will be at Red Lake Friday and will finish the regular season Tuesday against Norman County West at Oklee.

Lorenson was 12-for-20 passing for 175 yards and three touchdowns. He also completed a pair of two-point conversion passes.

Tyler Nelson caught six passes for 67 yards. Waldal had three receptions for 49 yards.

The Mustangs' ground game was limited to 80 yards, led by Brandon Tougas with 45 yards on 21 carries.

Defensively, Tougas had nine tackles and six assisted stops, Nelson had seven tackles and seven assists. Waldal was credited with six tackles, four assists, a fumble recovery and an interception.

The defense set up the first Red Lake County Central touchdown of the game when John Kilhan caused a fumble that was recovered by Waldal. The play set up an 11-yard Lorenson scoring toss to Nelson.

MIDDLE SCHOOL

Volleyball

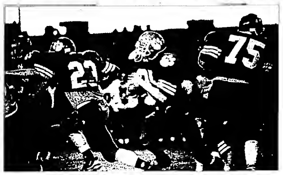
Latest outings for the Franklin Middle School eighth grade volleyball team included matches Tuesday (Sept. 23) vs. Roseau, Thursday vs. Warren-Alvarado-Oslo, Saturday vs. East Grand Forks, and a Monday rematch with Roseau.

First time around, Roseau beat the Franklin A team 15-10, 15-12, 14-16 and defeated the Franklin B team 11-15, 15-3, 15-11.

Franklin A team beat Warren-Alvarado-Oslo 15-5, 13-15, 15-1. The Ponies won the B match 15-4, 15-9, 15-8.

There were three matches played against East Grand Forks. Franklin won the B match 15-11, 15-6, 10-15, but East Grand Forks took the A match 3-15, 16-14, 15-13 and won the C match 15-10, 15-12, 15-10.

Monday, Roseau won the A match 15-2, 15-10, 15-3 and claimed the B match 11-15, 15-3, 15-1.



Trevor Lee went behind the block of Chad Skeim (75) and followed Thief River Falls teammate Robert Spry (23) into the hole to begin a 54-yard run on the first play of the second half against Grand Rapids in Friday's high school football match-up at Prowler Field. The unbeaten Thunderhawks went home with a 29-20 win.

A participant in the 1997 ASA woman's Class C national slow pitch softball tournament in Montgomery, Alabama, the Best Western Inn/Burkel Trucking/Ridge Runners of Thief River Falls went 2-2 and finished 17th in a field of 80. Members of the team included, front row from left, Michelle Erickson, Diane Klemetson, Carrie Wallace, Andi Engen, Paula Fanfulik, Amber Carpenter; back row, coach Tim Johnson, Julie Stennes, Cheryl Johnson, Patti Peterson, Shannon Olson, Dawn Knoll, Marilyn Helgeland, and assistent coach Harlon Olson.

Area team competitive at nationals

A 2-2 showing at the 1997 ASA women's Class C national slow pitch softball tournament netted a 17th place finish for the Best Western Inn/Burkel Trucking/Ridge Runners team of Thief River Falls.

The tournament was played Sept. 25-28 in Montgomery, Alabama.

It was a 30-hour bus ride for the Thief River Falls League champions, who earned the national tournament berth with a third place finish in the Minnesota Class C state tournament in mid-August.

After a first-round by, the Thief River Falls squad, which features players from Thief River Falls, Warroad, Strathcona, Middle River, and St. Hilaire, beat Limousines of Victoria, Texas 11-9. Amber Carpenter was 3-for-3, Dawn Knoll 3-for-4, Patti Peterson 2-for-3 with a double and Andi Engen 2-3 in the 9 am Friday game.

Later that day, Cheryl Johnson went 4-for-4 with a triple and a double in an 8-7 win over the Tomboys of Cumming, Georgia. Carrie Wallace was 3-for-3 in the win, while Michelle Erickson and Marilyn Helgeland both went 2-for-3.

Things didn't go as well on Saturday when the northwestern Minnesota delegation lost to a pair of teams from Frederick, Maryland.

First Thief River Falls loss in the 80 team, double-elimination event came at the hands of Legends, 13-4. Engen and Shannon Olson were both 3-for-4, while Julie Stennes and Carpenter both had 2-for-3 games.

Tournament-ending second loss was an 11-7 decision to Forever Young. Knoll turned in a 4-for-4 performance and Shannon Olson was 3-for-4, while Diane Klemetson and Wallace both had 2-for-3 games.

The Best Western Inn/Burkel Trucking/Ridge Runners squad was out-scored in its national tournament appearance 40-30, but still carried a .496 team batting average.

"There were a lot of power-hitting teams there," said Helgeland, the team spokesperson. "The outfield did most of the work."

S.A. Magic of San Antonio, Texas won the tournament with a 6-0 record. The Legends team that beat Thief River Falls in Round 4, wound up second at 5-2, and Forever Young placed 13th with the same 5-2 mark.

"I thought we were very competitive," noted Helgeland.

Only negative part of the trip was rain that soaked the tournament from start to finish, mentioned Helgeland.

Spuds splash TRF swim team 109-74

Moorhead was a 109-74 winner over Thief River Falls Saturday afternoon in a girls high school swim dual at the Franklin Middle School pool. It was, however, a solid showing by the Prowlers, according to Thief River Falls assistant coach Brian Olson.

The efforts were commendable, said Olson, allowing that the Prowlers were facing a strong Class AA foe the day after their homecoming dance while using a line-up altered by Olson and head coach Shari Thompson, who moved swimmers into events they would not normally enter.

"They were swimming different events and they still did an outstanding job," said Olson. "They swam really, really well."

First place finishers were turned in by the Prowlers' Andrea Olin in the 200 freestyle and 500 freestyle, Chelsea Haviland in diving; and Julie Chrzanowski, Lindsay Ehrenstrom, Andi Sorvig, and Haviland in the 400 freestyle relay.

Other noteworthy performances, noted Olson, were turned in by Wendy Lindquist in the 200 freestyle, Sorvig in the 100 freestyle, Chrzanowski and Haviland in the 500 freestyle, and Ehrenstrom in the 100 backstroke.

Thief River Falls is 4-6 in dual meet competition.

The Prowlers host Bemidji Thursday at 5 p.m. – a meet moved up from its original Friday date on the schedule. Other recent schedules change include the addition of a home meet vs. rival Crookston Oct. 30, and the cancellation of a Nov. 1 dual at Detroit Lakes.

B/G-MR wins 36-6 in Fargodome contest

Ahead just 8-0 at halftime, Badger/Greenbush-Middle River turned it up a notch or two in the second half and went on to beat Lake Park-Audubon 36-6 Saturday during the Valley Plains Conference high school football day at the Fargodome.

Mark Nissen scored on runs of 75 and 8 yards for the Gators, who improved their record to 4-2. Other Badger/Greenbush-Middle River touchdown runs came from Richard Wockenfuss, 2 yards, Chris Olson, 11 yards, and Scott Kaml 1 yard.

Daryl Wockenfuss, Richard Wockenfuss and Kaml all had two-point conversion runs.

"Were a little disappointed with the way we started," reported Badger/Greenbush-Middle River coach Steve Willman. "We talked to the kids at halftime, and they responded well."

Lake Park-Audubon had the ball for just 30 seconds in the third quarter as Badger/Greenbush-Middle River took control.

"Defensively we were tough," noted Willman, whose team will meet Ada-Borup Friday at Badger before closing out the regular season with a Wednesday, Oct. 15 game at Fertile-Beltrami.

Lake Park-Audubon scoring was not made available.

Snowmobilers have alternate route near Heartland State Trail

Heartland State Trail between Park Rapids and Walker will have an alternate route within the same trail corridor for snowmobiling use this winter, according to Dick Kimball, Minnesota Department of Natural Resources Trails & Waterways area supervisor at Bemidji.

For the past two years the DNR has been working with local interests, including snowmobile groups and business leaders, on providing alternatives for snowmobile traffic using the newly-paved sections of the Paul Bunyan and Heartland State Trails.

"The 1997 legislation prohibiting the use of snowmobiles equipped with metal studs on paved state trails hastened our need to provide alternatives for all snowmobiles," said Kimball. "For the past three months, a work group, composed of snowmobilers, tourism officials and other interested individuals, has been discussing all options for providing an alternate route for the Heartland State Trail between Park Rapids and Walker.

"The results of those discussions, plus many hours of field review, is that we have an alternate route which can be used by all snowmobiles," explained Kimball. "This route will serve all communities between Park Rapids and Walker, and those businesses which rely on snowmobile traffic.

"The trail will be, for the most part, located within the right-of-way of the Heartland Trail, on the horse trail which parallels the paved bicycle trail," said Kimball. "However, there are some areas where it will be necessary to use the paved surface. In those areas, the blacktop will be covered with a protective material to prevent damage, as required by the new law.

"The specifics of the exact route are not yet finalized because the work group needs to confirm the use of lands managed by other agencies and governmental units," explained Kimball. "When we have everything in place, the task of preparing the alternate route will begin. Everything will be done to ensure that the trail will be open for use this winter.

"People need to realize that the ban on stud-equipped snowmobiles affects only 220 miles of the nearly 18,000-mile snowmobile trail system in Minnesota," said Kimball. "However, those 220 miles of state trials provide key links to many miles of snowmobile trails."

There will be a brochure available this fall explaining which state trails are affected by the law banning the stud-equipped snowmobiles.

"The goal of our work group was two-fold," explained Kimball. "First, we wanted to provide a route open to all snowmobiles. And secondly, we needed to protect the new paved surface of the bicycle trail. I believe we have been successful on both counts."

New state pheasant stamp selected for Minnesota hunters

A rooster pheasant in a corn food plot will be featured on the 16th Minnesota Pheasant Habitat Stamp. The painting by Kevin Nelson of Bloomington was chosen as the winning design from among 46 entries in the 1998 stamp contest sponsored by the Minnesota Department of Natural Resources. Nelson's acrylic artwork will be featured on the 1998 Pheasant Habitat Stamp.

This is the first win for Nelson who, along with several family members, was present during the final stage of judging to hear his name called as the winning artist. Nelson has previously entered the pheasant stamp design contest four times, with his first entry in 1993 taking fifth place.

Twenty-five entries advanced into the second stage of the stamp design contest from which five finalists were selected during judging at Wood Lake Nature Center in Richfield Sept. 18. The other finalists were Rick Kelly of Minnetonka, who was second, Kim Norlien of Blaine, third, Stephan Hamrick of Lakeville, fourth, and Bob Hautman of Plymouth, the 1995 stamp winner, fifth.

The five-member panel of judges included Rob Drieslein, editor of Outdoor News; Howard Vincent of Pheasants Forever; Diana Regenscheid, a DNR area wildlife manager for Scott, Dakota, Carver and part of Hennepin counties; Brad Springer, Cowles Creative Publishing; and Greg Larson, Board of Water and Soil Resources.

The Pheasant Habitat Stamp is required for all Minnesota pheasant hunters ages 18 through 65. Stamp sales generate between $500,000 and $600,000 per year for pheasant habitat management. The DNR offers no financial reward to the stamp design contest winner, but the winning artist retains the right to reproduce and market the design.

Black Magic Motorsports, Inc. to sponsor Duluth National Race

Black Magic Motorsports Inc. of Thief River Falls will be the title sponsor of the world's largest snowmobile race, the Black Magic Duluth National on November 28-30, according to Tim Berg, president.

The Duluth race is the premier snocross snowmobile race sanctioned by Motorsports Racing Plus, Inc. (MRP), a race organization originally founded by Tim and Roxanne Berg in 1988. Held at Spirit Mountain Ski Resort near Duluth, the race last year drew 900 race entries and in excess of 25,000 spectators.

Jerry and Suzette Dillon are MRP's current owners. The City of Duluth has estimated the economic impact of the race to be more than $3 million.

"For six years Black Magic has been an active participant in the Duluth snocross and we are proud to be the title sponsor of the event," Tim Berg said. "This is our opportunity to put something back into the series that we started."

Snowmobile snocross racing and the MRP tour will also receive national exposure this winter when featured on cable sports network ESPN2 and the Winter X-Games. "It's exciting to be part of that," Berg said. "We're here to support the sport, and having this kind of exposure is great for snowmobile racing, MRP and Black Magic."

Black Magic Motorsports is the principal aftermarket performance products supplier for Arctic Cat snowmobiles and Tigershark personal watercraft. The company is in its 10th year of operation.

Six Students of the Week

Six students at Franklin middle school in Thief River Falls have been selected as Students of the Week for the week of September 29 through October 3.

Selected were eighth grader Kelly Bendickson, daughter of Tom and Jodi Bendickson and a student in Mrs. Jagid's class; seventh grader Kara Larson, daughter of Jon and Valerie Larson, and a student of Mr. Wagner; and sixth grader Mike Nelson, son of Elmer and Sandra Nelson, and a student of Mr. Walrath.

Also sixth grader Cassandra Smith, daughter of Tim and Sherrie Smith, from Mrs. Peterson's class; seventh grader Ben Weigelt, son of Ron and Kim Kalinoski and a student in Ms. Sisler's class; and sixth grader Lance Pearson, son of Julie Pearson and a student of Ms. Parehke.

Crookston, EGF get more funds

Key projects in Crookston, East Grand Forks, Marshall and Stillwater will receive funding under the final version of the 1998 fiscal year energy and water appropriations bill, which is expected to be approved by Congress and sent to the President for enactment next week.

House and Senate negotiators agreed to include $400,000 for an ongoing feasibility study by the Army Corps of Engineers for a flood control project in Crookston, $2.678 million to fund a combined flood control study in East Grand Forks and Grand Forks, $500,000 for a flood control project in Marshall and $1 million for work on a levee and flood control project in Stillwater.

Announcement of the agreement was made by U.S. Sen. Rod Grams.

Concert Series opens Sunday

MNA 11th District Nurses Conference Oct. 24 in Bemidji

Creating an ethical environment for the nursing profession amid such issues as assisted suicides will be the focus of the annual Minnesota Nurses Association 11th District fall conference October 24 in Bemidji.

Dr. Pat Murphy, clinical nurse ethicist at Newark Beth Israel Medical Center in Newark, NJ and Dr. David Price, ethics consultant at Saint Barnabas Medical Center in Livingston, NJ, will be featured speakers.

An early deadline of October 14 has been established with fees set at $40 for general registrations and $20 for students or senior citizens. Cost will increase by $10 for registrations postmarked after that date.

Support banquet for Grand Forks Mission is October 13

Fifty-fifth annual Grand Forks Mission support banquet has been scheduled for 6 to 6:45 p.m. on October 13 at the Grand Forks civic auditorium. Program at 6:45 will include projections for the future by Mayors Pat Owens of Grand Forks and Lynn Stauss of East Grand Forks.

The catered sit-down dinner will be served by Beta Theta Pi fraternity and UND medical students. Call Carroll at 772-6609 between 8:30 a.m. and 4:30 p.m. to reserve complimentary tickets. Walk-ins are welcome. Free-will donations to the mission will be accepted.

Wood decay technology helps archaeologists save rare finds

When archaeologists discover wooden treasures of the past—ancient Egyptian artifacts, for example—one of their first concerns is preventing deterioration. They increasingly call on Robert Blanchette, plant pathologist and wood microbiologist with the University of Minnesota's Agricultural Experiment Station, for help.

Blanchette has developed a way to analyze fungus types that slowly decay wooden structures and artifacts. He can also offer possible methods for altering the process.

"Our analysis gives archaeologists and museums a way to identify deterioration in wood and provides information on its current condition so that they can better preserve the artifact," Blanchette said.

According to Blanchette, decay patterns are directly related to how fungi attack cell walls in wood. By viewing the cell walls microscopically, he can determine the structural and chemical changes which have occurred. This allows him to identify the fungus causing the decay and its degree of infestation.

Blanchette's classification of decay patterns to fungal types is particularly valuable to archaeological institutions wanting to increase the longevity of rare wood. For example, a wooden tomb dating to 700 B.C. and thought to be the legendary King Midas was found in Turkey. Blanchette, called to the site to observe the tomb's wood and its surrounding structure, took wood samples back to Minnesota for analysis.

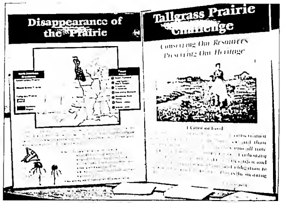
Results showed that, over a long period of time, a soft-rot fungus had caused the wood to decay. Blanchette also discovered a more modern fungus attached to the tomb's main chamber from its supporting beams.

"After providing our Turkish counterparts with a mechanism for viewing the two-fold deterioration process," Blanchette says, "we are developing both long-term and short-term preservation plans for this important archaeological site."

The technology also applies to larger structures, such as the pueblo dwellings in New Mexico. Some 25,000 trees may have been used to construct any one of these dwellings. Blanchette's analysis has been used to determine decay problems in the wood so these national historic dwellings can be reconstructed.

Though Blanchette's worldwide research is most often used to inhibit wood decay, he also has identified types of fungi beneficial to industry. He helped develop a method for pre-treated biological processing of wood before shipment to lumber mills. The process minimizes environmental pollution by saving energy and relying on fewer chemicals during paper production.

"This allows for a faster, more efficient pulping process," says Blanchette, a faculty member in the university's College of Agricultural, Food and Environmental Sciences. He believes that biological pulping will become widely used within the next five years.



Displays arranged by the U.S. Fish and Wildlife Service in support of its Northern Tall Grass Prairie Habitat Preservation Area were in evidence at the open house Monday from 3 to 7 p.m. at Northland Community and Technical College in Thief River Falls.

Tobacco controversy remains unresolved

Tobacco industry obligations will remain a topic of public debate now that a comprehensive deal has been rejected by President Clinton, according to state Sen. LeRoy Stumpf of Thief River Falls.

The legal status of tobacco companies has changed in recent years, with the trend not favoring the tobacco industry, he said.

In Minnesota, the Legislature passed legislation in 1997 intended to further discourage illegal underage sales of cigarettes and other tobacco products, Sen. Stumpf notes.

Until recently tobacco companies rarely had trouble disposing of court cases that made health claims against them, and they fought off most legislative changes proposed. Eventually, documents indicating a pattern of tobacco company deception and collusion over many years became part of the public record, Stumpf said, and the tobacco industry has been backpedaling ever since.

Many states' attorneys general filed claims against tobacco companies in recent years, attempting to recover the high medical costs attributed to smoking, and hoping to curb future use of tobacco products. These actions led to negotiations between the attorneys general and tobacco companies that resulted in the proposed deal that was announced in June.

Assumptions about the tobacco industry's level of accountability have changed measurably, even since a few months ago. When the big tobacco agreement was announced, many people assumed that President Clinton would endorse it and Congress would pass it into law overwhelmingly. States stood to gain more than $368 billion in the settlement.

Under the settlement proposal, state legal systems would be prevented from considering many of the most-significant claims against tobacco companies, including the one filed by the State of Minnesota. If the settlement had gone forward, Minnesota's case would have come to an end. It is not known if the federal government has constitutional authority to interfere with state courts' autonomy to that extent, but it appears that questions won't have to be answered now.

The Minnesota court case against the tobacco industry involves review of more than 30 million potentially damaging tobacco documents that were previously undisclosed. Gaining access to these internal tobacco company documents will shed light on the industry's efforts over the years, giving the public a clearer view of the picture. The Minnesota case is scheduled to go to trial early next year.

President Clinton turned the focus of the discussion toward doing more to discourage young people from smoking. Anti-smoking forces point out that the original settlement capped fines against tobacco companies at $2 billion a year for failing to discourage teens from smoking. That amount sounds like a lot, but it accounts for only about half the profit tobacco companies are expected to make if smoking remains at current levels. The total fine for missing the reduced youth smoking targets entirely would have amounted to eight cents per pack.

"So it isn't surprising that tobacco companies are upset about the prospect of raising cigarette prices by as much as $1.50 a pack over the next 10 years, as proposed by President Clinton. He offers his proposal with the hope for changing the behavior of tobacco companies, the behavior of American people and the future behavior of children.

"It is apparent that public debate over tobacco companies' responsibilities and appropriate policy responses to be taken in Minnesota and elsewhere is certain to continue," Sen. Stumpf concluded.

Beverly Hewitt of Lancaster, a Kittson county commissioner who has publicly expressed her concern over the proposed Northern Tall Grass Prairie Project of the U.S. Fish and Wildlife Service, attended the open house conducted by USFWS Monday from 3 to 7 p.m. at Northland Community and Technical College in Thief River Falls. Hewitt is holding a map of reserves, corridors and human buffer zones which is based on the Wildlands Project, as defined by the Convention on Biological Diversity, while visiting with persons attending the open house.

TRF to conduct City Fair Thursday

Thief River Falls will conduct a City Fair Thursday, October 9, to celebrate National Cities Week, Public Power Week, and Fire and Prevention and Safety Week. The main purpose of the event, however, is to demonstrate what services various city departments provide.

Every department within city government will have a display booth within the City Auditorium between 3 and 7 p.m. Second Street from Main to Knight Avenue will be closed off so that some of the city equipment can also be on display.

Residents are encouraged to attend the event and learn more about city government. They will be able to visit with department employees and city council members, sit behind the wheel of a fire truck, check out the city's rescue equipment and kick tires on a new street department patrol grader.

During the event, the Mayor and City Council will serve a free meal of barbecues, chips and cake from 5 to 7 p.m. Door prizes will also be awarded throughout the fair.

Johnstons top DHIA in July-August

Todd and Jay Johnston's dairy herd had the top production average during the months of July and August in the Red Lake-Pennington Dairy Herd Improvement Association (DHIA) according to Randy and Margaret Rasmussen, supervisors for the association.

The Johnstons' herd of 62 cows, 90 percent of which were in milk, averaged 68 pounds of milk, 2.4 pounds of butterfat and 2.2 pounds of protein in the two month period.

Tom Willett had the second high average herd for the two months at 64 pounds of milk, 2.0 pounds of butterfat and 1.9 pounds of protein. Ninety-three percent of the 41 cow herd was in production.

Third place herd was that of Wayne Vettleson, who utilizes a three-times-per-day milking schedule. Eighty-nine percent of the 143 cow herd was in production and averaged 63 pounds of milk, 2.0 pounds of butterfat an 1.9 pounds of protein.

Other herds in the top 15 in the association for July and August included the following with number of cows in the herd, percentage in production and average pounds of milk, butterfat and protein listed respectively:

Richard Dummer, 90, 83%, 62, 1.9 and 1.9; Mylo Carlson, 69, 83%, 61, 2.0 and 1.8; Walter Bros Farm, 173, 81%, 58, 2.1 and 1.8; Warren Malwitz Dairy, 110, 91%, 58, 1.9 and 1.7; Tom Koop, 27, 100%, 57, 2.1 and 1.7; and Bob Schindler, 61, 86%, 57, 1.9 and 1.8.

Also Northwest Agricultural Experiment Station (small cow herd), 59, 83%, 56, 1.9 and 1.8; Tom and Diane Kolstoe, 43, 95%, 56, 1.9 and 1.7; Euwell Stuchy, 38, 100%, 56, 1.7 and 1.8; Northwest Agricultural Experiment Station (large cow herd), 50, 90%, 55, 2.0 and 1.9; Kevin and Beth Ruppe, 36, 92%, 55, 1.9 and 1.6, and Herb Torstveit, 30, 97%, 54, 1.8 and 1.7.

Because production averages include all cows in the herd, the number of dry cows during a given testing period will adversely affect the overall herd average, even though the cows in production are good producers.

Goodridge high school homecoming coronation took place Friday afternoon, October 3, in the high school gymnasium. Jennicee Gallegher and Nicky Kotrba were crowned queen and king of the annual event. Kotrba and Gallagher are Goodridge royalty

Seniors Nicky Kotrba and Jennicea Gallagher were crowned king and queen of the Goodridge high school homecoming at coronation ceremonies Friday, October 3, in the school gymnasium in Goodridge.

Nicky is the son of Larry and Gilda Kotrba and Jennicea is the daughter of John and Esther Gallagher.

Senior attendants were Amie Kotrba, daughter of Larry and Gilda Kotrba; Jenny Nelson, daughter of John and Carol Lovly and John and Pam Nelson; Christina Ryan, daughter of Randy Sr. and Jeanne Ryan; Jared Eidelbes, son of Darwin and Carol Eidelbes; Ben Hanson, son of Dale and Dawn Hanson; and Jim Scheel, son of Tom and Becky Scheel.

Attendants to Queen Jennicea were junior Kristine Anderson and sophomore DeNae Wiseth, and junior ushers were Kramer Hanson and Bradley Johnson.

First grade attendants were Brett Bakken, Delray Cullen, Sabine Frederick and Roxanne Ryan.

Kristen Halvorson and Krista Kiesow served as master of ceremonies and extended a welcome to the students, parents and other guests attending the ceremonies.

Musical selections were presented by Jessica Johnson and Kristine Anderson, accompanied by Joanna Johnson, Tiara Kotrba accompanied by Joanna Johnson, and Jessie Nelson, with self accompaniment.

A pep fest followed the coronation ceremonies. The homecoming football game at 7 p.m. resulted in a 34-26 loss to Tri-County of Karlstad. Final event of the day was the dance following the football game.

PUBLIC POWER
An American Tradition That Works
Public Power Week October 5–11, 1997

We, the citizens of Thief River Falls are celebrating an important occasion, Public Power Week, October 5-11. Our local community owned electric utility provides utility service at not-for-profit prices and contributes to the overall progress and prosperity of our community.

As we celebrate this year's Public Power Week, many federal and state proposals are being debated with the purpose of providing more choice, lower rates, and better service to consumers.

Our utility policy board is dedicated to the principle that electricity service is a public service and that our utility operates in partnership with local citizens for the benefit of all. Currently our utility serves approximately 8,000 residents with 4,493 electric meters.

Our success is the result of the efforts of utility employees who have carried out programs and projects, providing their expertise and leadership in finding the most appropriate means of delivering services that residents and businesses need and want.

As our state and nation embark on new ways of structuring the electric utility industry, please keep in mind the differences between our public electric utility and the private power companies;

- Our utility is locally owned through our municipality where citizens have a strong voice in decisions, and we offer not-for-profit rates.
- Public power is pro-competitive and pro-consumer
- Reject calls for immediate action to restructure the industry. A "quick fix" has the potential to benefit only a few large customers;
- Support federal legislation that protects consumers against the abuse of market power,
- Leave retail competition decisions to states and localities;
- Recognize and respect diversity in the electric utility industry. Restructuring cannot be a "one size fits all" venture.

Please let me know if I can provide you with any additional information about Thief River Falls Power & Light or public power generally.

Sincerely,

Bob Reeves

Gully Community News

Sanna Brovold
268-4350

Arlie and Luverne Fore attended the wedding of Johanna Olson and Gregory Wallin on Saturday, September 27 at Our Saviour's Lutheran Church in Hibbing. Following the ceremony, a dinner and dance were held at the Andary Hotel. The newlyweds left for the Hawaiian Islands for a two week stay. The bride is the daughter of Milton and Susan Olson and the granddaughter of Evelyn Rindahl from north of Gully. "Congratulations Johanna and Gregory!"

Walter Handy of Bemidji, Mr. and Mrs. Forrest New, Jonathan, Mathew and Linda were Wednesday evening supper guests of Effie Handy. On Friday evening Mr. and Mrs. Corey Hanson, Marvin Handy of Fosston and Emma Nyland were at Effie's home for supper. Max Emerson of Minneapolis and Larry and Norma Emerson stopped to visit Effie and JoAnn DeMarino of Bridgeport, WV. On Monday Mr. and Mrs. Curtis Emerson of Wolverton were overnight guests at Effie's home. [illegible] also visited Grandma Effie.

Alice Forsberg's sister Elsie Gale of Moorhead spent last week visiting at the Kenneth and Alice Forsberg home. Elaine Bergman and Carol Burslie of McIntosh came to help Elsie celebrate her birthday. Elsie tried to keep her age a secret, so there was one large white candle on the rather unique birthday cake for their lunch. "Many More Happy Birthdays Elsie!"

When a noted author was interviewed on TV last week, he mentioned a restaurant was a good place to relax and learn. He called it "a melting pot for humanity." I wondered if we couldn't call the Gully Cafe that. The other day we met Buzz Borman who lives on the McFarland farm south of Gully. There was Alice Ness with a table full of members of her family from various parts. Then, adding to the "melting pot," was JoAnn DeMarino from Bridgeport, WV, Eunice Necomaughy from Rolling Hills Estates, California and Larry Solien from Denver, Colorado.

Goodridge

Claire Ann Liedberg
681-4419

Henry and Delores Bendickson of Goodridge were visiting with brother and wife, Bob and Doris Panek, recently in Apache Junction, Arizona for Doris' birthday. They also went to Laughlin, Nevada and Tucson. They had a great vacation.

Newfolden

Mrs. Arnold Larson
874-4331

Tuesday evening Arnold and Vernice Larson visited and enjoyed lunch with Shirley Lefrooth.

Curt and Elaine Thompson invited Harvey Skyberg over for supper on Tuesday evening, the 30th. They had been working all day.

Wednesday visitors and dinner guests at the Arnold Larson home were Carol Ness and Don Larson.

Grandpa and Grandma Thompson called and wished their granddaughter Amber Wilson a happy birthday on September 30th.

It was nice to see and visit with Liz Kjersten and Carol Miller of Greenbush on Tuesday the 30th. They had been to Grand Forks and decided to stop in and visit Curt and Elaine on their way home.

Star News

Sunday Mr. and Mrs. Obert Hovet visited at the George Dahle home of Oklee.

Tuesday night visitors at the Gene and Renae Marquis home were Curt Quam, Ryan Bjerklie and Rick Bjerklie.

Fisher snowplows are designed with a "trip edge" which allows the lower edge of the blade to trip back, instead of the whole blade folding over. This design keeps the snow out in front of the blade where it should be! Two spring loaded pins make hook-up a simple matter.

Harry and Agnes Wattenmo report a very [illegible] and informational day when they went with a group that went on a one day trip to Duluth and Lake Superior. With [illegible] they not only enjoyed seeing [illegible] sights, and [illegible] but also learned [illegible] about each place. They [illegible] on the boat the "Vista Fleet" where they had their noon lunch as they [illegible] around on the lake. There wasn't [illegible] wind blowing so the surface of the lake was like glass. There were [illegible] large freighters near the dock. Two were from Russia and one was from Hong Kong. They came in for loading while the Wattenmos watched. They said many of the freighters keep circling around out on the lake until it's time for them to load. They are charged for any time spent by the dock, even though they are not loading.

[illegible] of Bemidji visited for a few days with her sister Delores Ringstad. On Sunday and Monday they visited their aunt, Alma Solum, in Fosston.

Halvor and Vivian Rikje spent a week with Olaf and Hazel Rikje in Prophetstown, Illinois. While there, the Rikjes had a family get-together at Olaf and Hazel's home. Attending besides Halvor and Vivian were Charles and Beverly Milk of Sierra Vista, Arizona; John and Becky Rikje and family of Plainsview, Illinois; Mark Rikje, Tor and Winche Andreas of Chicago, Illinois; Gary and Carol Whetstone of Rock Falls, Illinois; Goldie Bodner of Sterling, Illinois and Olaf and Hazel.

We are happy to report Ellie Handy is home from the hospital and doing quite well. She is happy her daughter JoAnn DeMarino from Bridgeport, West Virginia is here for a few weeks. Ed and Lyn Turenne come over on weekends and evenings to visit. Marian Handy from Fosston drives over often. Then there are always friends stopping in to wish Ellie well. The grandchildren are also good to stop in and encourage Ellie in the recovery process.

Arnold and Sanna Brovold were supper guests at the Harry and Nora Hanson home up in Hickory on Sunday evening. Other visitors there were Linda and Lorne Hanson, JoAnn Olson from Wannaska, Wendy and husband Jeff Thorne and little Austin from Thief River Falls and Regina Gunderson from Oklee.

Another former Gully resident has left us. Funeral services for Art O. Johnson was held on Sunday afternoon, September 21, at Crane Funeral Home in Bagley. Rev. Lyle Twiin was the officiating minister for Art. Special music was "In The Garden" and "Amazing Grace." Art was born in Hangaard Township November 25, 1910, and died September 17, 1997 in Clearbrook. Burial was at Oak Grove Cemetery north of Gonvick. Some years ago before Art moved back here, he lived in Washington State. Often in the spring, Art and his sister Beatrice would send a bunch of tulips for us in Gully. It was a welcome Spring treat since our tulips were late. Art was a brother of Genevieve Carlson.

We've had news from Nevada as we visited with (Bea) Burnice Qualley Gibbs from Pahrump, Nev. (west of Las Vegas.) She has been visiting her brother and his wife, Sylvia and Omar Qualley in Gonvick, her aunt Rogna Stule in Fosston, her brother Jerry and wife Lorraine Brovold in Fargo, and cousins Halvor and wife Vivian in Gully. She has also visited friends in the Trail, Gonvick and Gully area. She flew home from Minneapolis on Friday. At one time, Bea's folks lived thirteen miles north and about 6 miles west of Gully until Bea was about three months old.

We had a chance to visit with Jim and Eileen Volava from McIntosh on Sunday to reminisce about the happenings in the North Country and Gully area when we were young kids and we were adults. Some things have changed but other things stay the same.

We said "farewell" to Mathilda Annette (Mrs. Art) Handy at her funeral at Valley Lutheran Church in Trail on Saturday afternoon, September 20. Pastor Bob Kelly officiated with Cindy Bjerklie, organist and pianist. Les Torgerson, soloist, sang "Precious Lord Take My Hand" accompanied by Cindy. Congregational hymns were "The Old Rugged Cross" and "Amazing Grace." Internment was at Sand Valley Lutheran Cemetery. Mathilda was born October 15, 1904 and passed away September 18, 1997 at age 93. Art passed away in June of 1982. I remember Mathilda as a polite, soft-spoken kind lady with a complexion that made her look so nice in lavenders.

Recent visitors at the Keith Poulson farm were Andrew and Inez Gordon of Klamath Falls, Oregon. They also visited with Halvor and Vivian Rikje and Irvin and Jean Brenna in Thief River Falls, as well as other family members and friends here.

Students of the Month at Franklin middle school in Thief River Falls were selected Monday and will receive special recognition for their selection from among 24 Students of the Week in September. Pictured with dean of students Chris Mills are, from left, Tina Kezer, grade 6; Jeremiah Hunt, grade 8; Jonathan Welrath, grade 7; Jessica Brinkman, grade 8; Matt Beuer, grade 6; and Linsey Swensen, grade 7.

Students of the Week have been selected throughout September at Franklin middle school and a drawing was conducted this week to select Students of the Month from the group. To be eligible as Students of the Week, young people at Franklin are issued commendation slips when they are observed doing good work or good deeds. The slips are signed by the students and deposited at the central office where weekly drawings are held. Among the Students of the Week who were not drawn as Students of the Month are, from left: Front row, Adam Johnson, Zack Collins, Steven Bergland, Nathan Cota, Matt Dimich and Andy Rondorf; second row, Matt Appel, Ryan Fernay, Zack St. Marie, Krista Brenna, Katie Walseth and Stacie Wisath; back row, Keri Nelson, Tylar Bosh, Kyle Genereux, Batheny Hermansen and Chris Mills, dean of students at Franklin.

On Friday morning the 19th Curt and Elaine Thompson drove to Clinton and spent a wonderful weekend with Roger and Linda Brandt. We stayed in Ortonville, but had supper there. We drove down especially to take in the Barn Revival at their place with Rev. Henry and Rhonda Vanderbush from Texas. They formerly lived in Lake Benton. We had two evening services, and Sunday at 2:30 p.m., they were wonderful. We all felt like one big family. Everyone was special. There was a good turn out coming from Iowa, Wisconsin, Nebraska, Minnesota, and South Dakota. There was a half-hour of special music each evening. Sunday Two Brothers played and sang and shared their testimony. The dad and two sons got saved only a few years ago. It was great. We also drove to Big Stone City, SD on Saturday. There were lots of hills and old towns. It was pretty. Sunday we went to the church in Brandt to attend Trinity Holden Lutheran Church. The church was packed. We had dinner uptown on Sunday. After services each evening and on Sunday, they served a big lunch with anyone bringing what they wished. So I brought a couple of things. We had plenty of food and great fellowship. This is the Brandt's 13th year of the Barn Revival with the Vanderbushs. They are on KSJB (600 on the dial) Sunday evening at 7 p.m. He is a former preacher. We left there after the p.m. service and then stopped in Moorhead and had pie and coffee with Mark and Barb Thompson. We visited there for awhile and got home at 10:30 p.m.

They also visited their sisters Cordelia Agrimson and Irene Strommen of Richfield. Reynard also made a trip to Norwood, Kensett and Forest City, IA.

Amber Celebrates 14th Birthday

Thursday the 25th, later in the afternoon, Grandpa and Grandma Curt and Elaine Thompson drove to Thief River Falls and picked up Amber and Mackenzie. Grandma and the girls went shopping while Grandpa waited in the store for us. Mackenzie got a new backpack, as she lost hers in the fire, and Amber got her early birthday gift. Then at 5:30, we went to Sam and Lisa's home for a delicious supper in Amber's honor. Linda Spearhawk was also a supper guest. Grandma Elaine baked Amber's favorite cake, strawberry with strawberry frosting, 14 candles and fresh strawberries around the edge of the cake. Amber and Grandma decorated at her home. It was fun, the younger generation have new and good ideas. We had cake and ice cream later in the evening. Amber opened her gifts and cards. She had one birthday celebration with just her family the day of her birthday the 30th. She will have her school friends over Friday evening. She also was the lucky birthday winner on KTRF and had pictures taken. "Congratulations and Many More Happy Birthday Blessings!"

Domestic Abuse— A Societal Tragedy

GUEST EDITORIAL
by Sandra Peterson

Columnist Jeff Jacoby writes, "Almost nothing is worse for a child than being raised by a single parent (op ed, Aug. 6). In my opinion there is something worse: being raised by a two-parent family amid the chaos of domestic violence.

It is extremely damaging for a child to know that his or her mother—the source of love and security—is in constant danger. Children in these situations hear their mother's screams and witness vicious beatings and death threats. Often the batterer abuses the children as well.

If you dismiss domestic violence as simply a "private matter," please think again. Domestic violence touches all our lives in some manner. During the last 25 years there has been a movement to end domestic violence and to help those who are victims of this crime. Toward this end, the month of October is designated as Domestic Violence Awareness Month. This event is an opportunity to open not only your mind but also your heart to the tragedy of domestic violence.

Are your aware that:

• Abused children are four times more likely to be involved in violent crime ("Homicidally Aggressive Young Children," *American Journal of Psychology*, Vol. 140 (2).

• In the United States domestic violence is the largest single cause of injury to women ("Spouse Abuse," *Surgeon General's Workshop on Violence and Public Health Source Book*).

Domestic violence affects many people. Most obviously, victims of domestic violence suffer emotional and often physical harm when abused. Many victims die because of the violence they have experienced. Child victims often witness the abuse and this has a harmful effect on their psychological well-being.

Friends and relatives of domestic violence victims suffer emotionally with victims. Sometimes friends and relatives who try to help victims of domestic violence are harmed, injured or killed when they happen to be in the way of that abuser. Anyone trying to help a domestic violence victim should contact the police or a domestic violence program for help.

Those who are not in the direct path of domestic violence may feel unaffected by it. However, domestic violence contributes to violence in our communities and neighborhoods because violence is often learned in the home. Our backyards and neighborhoods would be safer if domestic violence were not so common. All of us would sleep easier.

Evasion of the emotional costs of domestic violence is possible. However, the financial cost of domestic violence (law enforcement, prosecution, incarceration) is a burden that we all bear. Moreover, we bear the financial burden of incarcerating violent offenders who quite possibly learned violence in the home. In short, we all feel the cost of the destructive and deadly epidemic of domestic violence—emotionally and financially.

Fortunately, the epidemic of domestic violence can end. Violent behavior is learned and therefore can be unlearned.

As part of the effort to end domestic violence, the month of October is designated as Domestic Violence Awareness Month with a three-fold purpose. It is a time for:

• Mourning those who have died because of domestic violence,

• Celebrating those who have survived domestic violence, and

• Honoring those who work to end violence.

This October please open your heart and mind to the seriousness of domestic violence as both a threat to those directly involved, and a societal *tragedy in which we all share. Across the nation* October is the month when domestic violence will be highlighted for what it is: an epidemic which consumes precious lives and resources. Please help in this effort.

For more information on local activities during Domestic Violence Awareness Month please contact the Violence Intervention Project at 1-800-660-6667.

No Time To Weaken On Stadium Issue

So Minnesota Twins franchise owner Carl Pohlad has a signed offer to buy his team but will wait to see how a push for public financing of a new baseball stadium plays out in a special session of the legislature in the next few weeks. Now is not the time for legislators to waver—it is the time for them to simply wave: bye-bye, Twins, look for your suckers somewhere else.

It has been nice to have major league baseball in Minnesota. In years gone by it was possible to relate at least to some extent to long-time established players who, although they were mostly not native Minnesotans, became adoptive Minnesotans through their continuing presence. And it was possible to understand team owners for whom owning a baseball team was a business that depended on making a profit. Those owners depended on ticket buyers from all income levels and knew they couldn't commit to expenses— most importantly player contracts—that would exceed their income.

But that was back in the age of reason. There is no reason in most professional sports today, baseball not excepted. Owners who have allowed themselves to be manipulated by the players into outrageous salaries, and players who have sold their souls to agents and their hearts to greed, have prostituted major league sports to the extent that the term "game" has no meaning any more. And we don't believe that the damage the players and owners have done to their sports at the major league level can be rectified.

That is why, to the apparent amazement of some supporters, the general public prefers to tell professional sports teams to take a hike. Get out of town. Go. Who needs you? You don't give a thought (or insert your own choice of words) about anyone but yourselves, why should we be concerned about you? If you're dumb enough to price yourselves out of the market, why should we sacrifice to reward your short sightedness? Be gone. Go. And take your spoiled, self-centered players and your corporate boxes and your tax write-off mentality with you.

Legislators should consider it an affront to their character to be publicly exposed to this blatant pressure attempt which is little short of extortion: "Build a place of our design for us to play in or we'll go and play somewhere else and then you'll be sorry."

Don't worry; we'll get over it.

POLICIES

Letters To The Editor: The staff of The Times encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in The Times exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. To The Editor:

June is Dairy Month and October is Co-op Month. Both of these months have something in common in that they involve the farmer.

In the June Dairy Month issue of the *Thief River Falls Times*, Dr. George Marx, dairy scientist at the University of Minnesota at Crookston, wrote an article. The headline was, "Is it possible to find a way to save the small dairy farm?" I think they can survive if they get the cost of production and a fair wage for producing milk.

In 1982, I sold Grade B milk with a 3.5 test for $12.50 per hundredweight. Now, 15 years later, the dairy farmer is receiving under $12 per hundredweight for Grade A milk with a 3.5 test. The consumer is paying around $27 per hundredweight at the grocery store for 2% milk. That still leaves the processor with 1.5% that has been skimmed off to be used in other dairy products (cream, butter, etc.) and profit some more off the farmer.

Excluding the farmer, how many people are working for the same or less wages than they received 15 years ago? It seems the co-ops that were started by the farmers are competing against the farmers. By this I mean that Land O'Lakes Co-op is involved in the large dairy farms such as the Excel Dairy Farm and also the pig business.

The World Book Encyclopedia states, "A co-op is a business enterprise jointly owned by a group of persons and operated without a profit, for the benefit of the owners." In other words, the profits are to go back to the owners and not to be used to compete against the owners.

In fact, Land O'Lakes' motto for years was, "Started by the farmer, for the farmer." Now it seems to me they are competing against the farmer with his equities.

The experts stress "get bigger and cut your cost per unit." If bigger is better, then why isn't the St. Hilaire Co-Op Elevator in existence today? "Bigger is Better" was the elevator's motto one year and now it has merged with Harvest States. The patrons lost 49% of their equities in that transaction—another example of what co-ops are doing.

The price for the farmers' product has dropped. The only thing that goes up for him is the cost of operations and his taxes.

Sincerely,
Alvin Rondorf

To The Editor:

On Tuesday, November 4th, the voters of School District 564 will have the opportunity to give our children a wonderful gift, the gift of a quality education that they surely deserve. You are needed more than ever to help support our students, our schools and our community by voting "yes" for the proposed school levy to provide needed funding for our schools.

As a member and chairperson of the Citizens for Quality Education committee, I would like to share our committee's beliefs and goals. We believe that it is very important to give voters all the information they need to make an informed decision on this critical issue. We also believe that once people have learned of the schools' needs and why this help is needed, they will vote to approve this levy.

Our goals as a committee are to get the facts out about the levy to the voters, to answer all questions and concerns voters may have about this issue, and to encourage everyone to vote on November 4th.

Please watch for information regarding this levy. Our committee has worked very hard on a brochure that will come to you this week. We will be using any means we can to share information—newspaper, radio, television, meetings. We hope to find a way to reach everyone—city and rural, staff and parents, community service groups and businesses.

Community meetings about this issue (more meetings than ever before) have been scheduled to bring people together to discuss the issues and answer your questions and concerns. We welcome you to these meetings to share your views on this important issue that affects us all. The schedule is: Thursday, Oct. 9, 7 p.m., Franklin middle school commons; Saturday, Oct. 11, 9 a.m., Lincoln high school career center; Tuesday, Oct. 14, 7 p.m., Smiley town hall; Tuesday, Oct. 21, 7 p.m., North town hall; Tuesday, Oct. 28, 6:30 p.m., Challenger media center; and Thursday, Oct. 30, 7 p.m., Northwest Grain (St. Hilaire elevator) meeting room in St. Hilaire.

Our committee has also established a levy referendum hotline at 681-8711, extension 255. You just leave your question and we will return your call and answer your concern person to person. We will respond to every call.

Please take the time to read and listen to the information and to attend these informational meetings that our committee is working so hard to provide. But, most of all, please take the time to vote on November 4th.

We all need to work together to provide our children with one of the most valuable gifts they will ever receive—a quality education!

Sincerely,
Carol Ihle, Chairperson
Citizens for Quality Education

Plans Are Mapped For Employment Survey Of City

"A community employment survey will be carried out in Thief River Falls under the sponsorship of the Civic and Commerce association in cooperation with the Minnesota state employment service, it was announced today following a conference of members of the Civic and Commerce association and representatives of the state and local employment service offices.

"Facts to be gained from the survey include the total number of locally employed persons with a breakdown according to number of male and female workers, wage and salaried employees and World War II veterans."

Ten Minute Break In Power Supply

"A broken connection on a generating unit at the municipal power plant interrupted the supply of electric current throughout the city for about ten minutes Saturday night shortly after 10 o'clock, this being the first citywide interruption in service in at least seven years, according to plant operators."

Series Of Fine Days Aids Flax Threshing

"Following showers last Friday that brought a total precipitation of .30 inch, according to the KTRF gauge, warm sunny weather prevailed locally through Wednesday, permitting substantial flax threshing and other fall work. The mercury reached a high mark of 77 last Saturday and a low of 30 Wednesday morning."

1st Concert In Artists Series Monday Night Pleasing To Audience

"The New York Concert Ensemble first offering in the artists series sponsored by the Thief River Falls Music Center, appeared Monday evening before a responsive audience in the Lincoln high school auditorium. The gifted vocalists included Susanne Fisher, soprano, Pauline Pierce, contralto, Alben Gifford, tenor, and Robert Caesar, baritone, while the piano accompaniment was supplied by Charles Halvorson."

Diesel Demonstrator Used On Soo Line Here

"To familiarize local Soo Line personnel with the operation of the new Diesel locomotives, a 1,500-horsepower demonstrator has been in use at various points on the Winnipeg division during the past week. It has been operated on the Wheat Line, Fordville-Drake line and on the run from Glenwood to Thief River Falls.

Delivery of a half-dozen of the new locomotives for service on this division is expected late this year."

Letter-Writing Week Is Scheduled For October 12-18

"Following receipt of instructions from the postoffice department at Washington, Postmaster Andrew Anderson announced that the annual observance of National Letter-Writing Week is scheduled for the week of October 12 to 18. He suggested that this period offers an appropriate time for local citizens to write letters to relatives and friends in other communities."

—A modern playsuit has been defined as a pair of bandannas and a worried look.

—It's about time to think of stormwindows again.

—With flax prices at their present level it looks like a profitable year for Lynn C. Doyle.

—Most people, we read, stand up when they hear the national anthem sung, and fall down when they try to sing it.

—Motorists who don't value their lives should bear in mind that automobiles are hard to get these days.

—Wouldn't it be fine to hear some close harmony emanating from the United Nations symphony?

—We understand you can go shortly to your meat market and buy turkey fillets. A welcome innovation for small families.

—This department was too bashful to call attention to National Newspaper Week, which was observed the first week in October.

—Frequently repeated story: "The fire was caused by a carelessly thrown cigaret."

—Remember way back in the good old days when foreign countries were able to pay for the goods they imported from the United States.

—Says an exchange: When the Indians were running this country, there were no taxes, no debts, and the women did all the work. White men thought they could improve on a system like that.

—Here's hoping you hunters get the making of many duck dinners.

—More than 18,000 inventions have contributed to development of the telephone since its invention in 1875.

FROM THE NEW CITY

THE NEWS, JOHN W. EASTMAN, PUBLISHER OCTOBER 14, 1897
THIEF RIVER FALLS, RED LAKE COUNTY, MINNESOTA

From the Editorial Page

"There are a few real estate agents in Crookston who find a great deal of time to talk about Thief River Falls. In fact they go around to the hotels and inform people who are on their way to this city that the town is dead and never will amount to anything. All the new arrivals in this city tell the same story of how these dealers in the worthless real estate near Crookston give everyone the impression that Thief River Falls is a second Pasco. Let them talk. We will soon have a city ten times as large as Crookston, and then we can return -- well, we don't want to be too hard on them -- good for evil."

They never want to prosecute a law-breaker on account of expense

"Chief of Police James Farr is a trifle provoked at the way the authorities of Pembina county are acting just now. At their insistence he arrested a horse thief here last week, and has been put to considerable expense, caring for the horse and man and telegraphing. It now appears that the Pembina officials, on account of the expense attached to it, do not wish to prosecute the man. Mr. Farr has been put to considerable expense, and it is to be hoped that he will not lose anything for doing his duty. The man is still in durance, and will be held until a further statement is received from the sheriff of Pembina county."

"The drizzling rain the first of the week dampened the grass enough to stop the prairie fires east of here. You have another chance now to protect your property by plowing fire breaks. Will you do it?

"There is a great deal of danger attached to hunting partridges with a rifle close to town as the woods are full of hunters. Leave your rifles at home and get a shotgun if you must hunt in the woods close to the village.

"Everyone hunted up their winter clothing and put them on last Friday. The Manitoba zephyr that swooped down upon us was the cause and Mackinaws sold at a lively rate during the day and evening. It's an ill wind that blows nobody good.

"We are requested to state that there will on entertainment at the Norwegian Lutheran church next Wednesday evening, October 26th. A large number of useful articles will be auctioned off. Everybody invited to attend. Remember the date, one week from tonight.

"A prominent young lady of the town was heard to make a remark the other day that every young man in the town owned a bird dog and that all their spare time was occupied in taking care of them. Now half the young men are perfectly willing to sell or give away their prize bird dogs.

"The steam plant at the Hotel Markham was fired up for the first time last Friday and everything is satisfactory as each of the boarders stopping at this place will testify. This was the first day of the season that the atmosphere was cold and disagreeable and not an uncommon sight to see farmers coming to town with fur coats and wearing mittens.

"A party walked into our job office last week and asked the price of a job. He offered us half. Said he could get it in Minneapolis for that. He got it Monday. Paid just 25 cents more than we asked for the job and waited a week. He gets his work done in Minneapolis: pays more for it and gets inferior work. This man should sneak out of town some dark night and the community would not miss him."

GRAND OPENING

"The grand opening given by Landlord Arthur of the St. Hilaire Saturday evening was an occasion long to be remembered by the society-going people. The guests began to assemble early and, as everything was in readiness to receive them, they found themselves at home. As the gentle strains of music were heard issuing from the dining room, the dancing people betook themselves there, and when the first dance was called the floor was immediately taken possession of and everyone having any desire to dance had an excellent opportunity to have their desire gratified. The furniture was removed from the spacious office, converting it into a dining room. Supper was announced and the guests were seated at tables that fairly groaned under the sumptuous spread upon them to which they all did ample justice, and many were the kind remarks made about the good qualities of the supper and the manner in which it was served. After supper dancing was resumed and continued until every one was satisfied. When the hour of departure arrived all went their way home, pronouncing Landlord Arthur a capital entertainer and retaining in their memories many pleasant thoughts of the grand opening of The St. Hilaire."

Effie Byer
465-4375

Plummer Senior Citizens gathered on September 18th for their regular club meeting with members [illegible] serving the noon meal. The birthday song was sung for Howard Lafayette, Alice Tillman, Howard Greenwald, Harriet Norman and Mary Beth [illegible]. Table grace was sung and the meal enjoyed. Ruth Wilkens called the meeting to order, the flag pledge was given and reports read and approved. The ladies who went to the spelling bee in Crookston reported on their trip and the fact that we have been asked to host the bee next year. Hazel, Harriet, Clara, Evelyn and Effie had gone with Effie taking third place. The two top winners were from Crookston. It was announced that those who need help with yards or window washing could get help from Crookston Correctional Center. There was a discussion on buying Minnesota flags for some of the school rooms – tabled until we get more information. Election of officers found Edna Hyde going in as President, Hazel Ollie as Secretary and Margaret Greenwald as Treasurer. The $ 2 door prizes were won by Tom Huotari and Alma Hanson. Clara Hesse presented a program for Grandparents Month which is September. In 1978 the first Sunday of the month was officially designated as Grandparents Day. The founder was Marian McQuade, a mother of 15. The month of September denotes the autumn years of grandparents' lives. Readings were given by Clara, Bunny DuChamp, Inga Linder and Edna Hyde. They were typical and humorous and showed the contrast between grandparents of yesterday and those of today. There was a word search with Ruth Wilkens winning. Howard Lafayette guessed the closest on a jar of pennies. It was decided to keep the same booklets for another year. If anyone wants to make a change it can be done. The next meeting will be on October 16th with the first half of the alphabet serving.

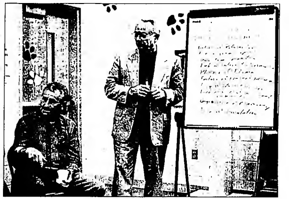
Education forum to receive input from School District 564 residents on what they want and expect from their schools was conducted Thursday evening at Challenger elementary school cafeteria. Those in attendance were divided into discussion groups to present ideas on ways to accomplish a "Partnership for Learning" for the school district. Other similar sessions will be conducted throughout the school year. Mary Follett (center), a teacher at Franklin middle school, served as recorder for this discussion group.



Hank Hellstrom, a member of the School District 564 board of education, makes a point during a forum for the public at Challenger elementary school Thursday. Glenn Espa, principal at Challenger, served as recorder to note points made in small group discussion of creating a Thief River Falls Partnership for Learning.

NOTICE

Parties who anticipate requesting Pennington County to snowplow their driveways this winter are encouraged to stop by the Pennington County Highway Department. While signing up for snowplowing their driveway, they will be provided a "flagged lathe" which they are to install near their respective driveway when they want their driveway plowed. This should minimize a motor grader operator from back tracking to plow a driveway which he may have passed. Your cooperation on this matter will be greatly appreciated.

OFFICIAL PROCEEDINGS PENNINGTON COUNTY BOARD OF COMMISSIONERS
SEPTEMBER 9, 1997 10:00 A.M.

Pursuant to adjournment the Pennington County Board of Commissioners met in the Commissioner's Board Room at the Pennington County Courthouse in Thief River Falls on Tuesday, September 9, 1997 at 10:00 a.m. Members present: Donald Jensen, Charles Naplin (10:10), Bob Carlson, Arden Comstock, Oliver Swanson. Members absent: none.

As duly advertised Delton Schulz, County Engineer, opened the bids to repair the outlet of County Ditch #1 Sanders/Black River at 10:00 a.m. Six bids were received and read aloud as follows:

Zimple Construction, Plummer MN	87,433.64
Spruce Valley Corp, Middle River MN	75,359.42
Gladen Construction, LaPorte MN	101,338.46
Plummer Excavating, Plummer MN	79,059.12
Mark Lee Excavating, Alexandria MN	73,714.85
Davidson Construction, Newfolden MN	78,586.53

The bids were taken back to the Highway Department to be reviewed and brought back later in the meeting.

Commissioner Naplin moved, seconded by Commissioner Comstock to authorize the Chairman to sign the Injury Protection Program service agreement with the Minnesota Counties Insurance Trust. Motion unanimously carried.

Rick Nordhagen SWIS PENNCO, Roger Rolph MN Pollution Control Agency and Howard Person Solid Waste Officer met with the County Board regarding the Stipulation Agreement. Commissioner Swanson moved, seconded by Commissioner Carlson to approve the Stipulation Agreement with the Minnesota Pollution Control Agency as now written. Motion unanimously carried. The Stipulation Agreement sets the time lines for SWIS PENNCO to clean up the Solid Waste Facility operation.

Lyle Jennings spoke to the County Board regarding the cleaning of County Ditch #1 Sanders/Black River. He would like to see a good job done.

Commissioner Swanson moved, seconded by Commissioner Carlson to close the County Board meeting and to open the public hearing on the Pennington County Business and Community Development Application for a Housing Rehab Grant. Motion unanimously carried.

Joan Abercrombie spoke on behalf of the Housing Rehab Grant. She presented survey results for the following townships: Reiner, Star, Hickory, Highlanding, Mayfield and Deer Park. The surveys that community development needs are Single Family Housing Rehab, Road and Highway work and Ditch Drainage. The Housing Rehab Grant must be submitted by October 1, 1997.

As an incentive to return the survey Red Lake Electric agreed to give a $100.00 credit on one person's electric bill. The name to be drawn from those returning the survey. Tom Lewis was the winner of the $100.00 credit.

Commissioner Swanson moved, seconded by Commissioner Carlson to close the public hearing. Motion unanimously carried.

The Chairman called the County Board meeting to order.

The following resolution was moved by Commissioner Swanson, seconded by Commissioner Naplin and upon vote was unanimously carried:

RESOLUTION

BE IT RESOLVED, that Pennington County act as the legal sponsor for projects contained in the Business and Community Development Application to be submitted on October 1, 1997 and that the Chairman is hereby authorized to apply to the Department of Trade and Economic Development for funding of this project on behalf of Pennington County.

BE IT FURTHER RESOLVED, that Pennington County has the legal authority to apply for financial assistance, and the institutional, managerial and financial capability to ensure adequate construction, operation, maintenance and replacement of the proposed project for its design life.

BE IT FURTHER RESOLVED, that Pennington County has not violated any Federal, State, or local laws pertaining to fraud, bribery, graft, kickbacks, collusion, conflict of interest or other unlawful or corrupt practice.

BE IT FURTHER RESOLVED, that upon approval of its application by the state, Pennington County may enter into an agreement with the State of Minnesota for the above referenced projects, and that Pennington County certifies that it will comply with all applicable laws and regulation as stated on all contract agreements and described on the Compliance Section (FP 10) of the Business and Community Development Application.

NOW, THEREFORE BE IT FURTHER RESOLVED, that the Chairman is hereby authorized to execute such agreements as are necessary to implement the project on behalf of the applicant.

Ray Sauve, Roger Bolswenger, Rueben Rydeen went to review the concerns heard at the Ditch Consolidation meeting held at 9:00 a.m. on September 9, 1997. After the review of land and the original benefits their decision was that the report should stand as presented. The County Board indicated they would take action on consolidation of County Ditch #1 Sanders/Black River, County Ditch #68, and County Ditch #70 at their September 23, 1997 meeting.

Desiree Varner and Kelly Rognlie from the Violence Intervention Project are looking for contributions for building a Regional Crisis Center. The request was in the amount of $10,000.00 and it was asked for the County Board to include funds in their 1998 budget for this purpose. The County Board took no action at this time.

Heidi Hoks, Northwest Regional Library Director, needs input from the County Board for a library long range plan. She reviewed the services currently offered at the library. For the long range plan, she asked for suggestions on how the library would better serve the community on County Information.

Delton Schulz, County Engineer, reviewed the progress of Extension of C.S.A.H. #3.

The bids that were opened at 10:00 a.m. were brought back to the County Board. County Engineer Delton Schulz recommended the low bid of Mark Lee Excavating of $73,714.88. Commissioner Naplin moved, seconded by Commissioner Comstock to accept the bid of Mark Lee Excavating for $73,714.88 as the best and lowest bid received for renovating County Ditch #1 Sanders/Black River from the trestle to the river. Motion unanimously carried.

Commissioner Swanson moved, seconded by Commissioner Naplin, to accept the petition to clean a portion of County Ditch #51 and to spend up to $2,500.00. Motion unanimously carried.

No action was taken on a request for a deer crossing sign north of the Golf Course Bridge.

Commissioner Swanson moved, seconded by Commissioner Comstock to approve the use of County State Aid Maintenance Funds in the amount of $5,500.00 to repair the ditch side that occurred on C.S.A.H. #30. Motion unanimously carried.

Commissioner Swanson moved, seconded by Commissioner Comstock to pay Gerty's Appraisal Service $3,000.00 now and the additional $1,000.00 upon completion of acquiring the needed right of way for the extension of C.S.A.H. #3. Motion unanimously carried.

An archaeological survey is needed for the Highlanding West Area. Delton Schulz has received a number of quotes with the lowest being $1750.00. Since land has not been acquired at this time the County Board held this decision until the next County Board meeting. Commissioner Jensen indicated that he would pursue the land acquisition.

Commissioner Naplin moved, seconded by Commissioner Swanson to authorize the Chairman and Auditor to sign the ditch cleaning easements for County Ditch #1 Sanders/Black River. Motion unanimously carried.

Commissioner Swanson moved, seconded by Commissioner Comstock to authorize Delton Schulz to send a letter to Ron Lindberg, Public Works Director for the City of Thief River Falls regarding the culverts through County Ditch #1 Rocksbury North. The letter will reflect that the County is not obligated to monetarily support this project. Motion unanimously carried.

The County Board discussed the County Highway Department 1998 budget. Interviews for motorgrader operators will be held at 9:00 a.m. on September 12, 1997.

Delton Schulz discussed with the County Board a personnel problem in the County Highway Department.

The following resolution on Bridge L0200 was moved by Commissioner Naplin, seconded by Commissioner Swanson and upon vote was unanimously carried:

RESOLUTION

WHEREAS, The County of Pennington has applied to the Commissioner of Transportation for a grant from the Minnesota State Transportation Fund for the construction/reconstruction of County Road (77) Bridge No. L0200 (57514) over Judicial Ditch #30 and,

WHEREAS, The application for the grant had been reviewed by the Northwest Regional Development Commission, and

WHEREAS, The amount of the grant has been determined to be $27,809.10 by reason of the lowest responsible bid.

NOW THEREFORE BE IT RESOLVED, that the County of Pennington does hereby affirm that any cost of the bridge in excess of the grant will be appropriated from the fund available to the County of Pennington and that any grant monies appropriated for the bridge but not required based on the final estimate, shall be returned to the Minnesota State Transportation Fund.

BE IT FURTHER RESOLVED, that whereas Federal monies are being used to participate in the cost of the bridge, grant monies as matching funds shall be transferred directly to the agency account and that the records of the County of Pennington shall so state.

Commissioner Swanson moved, seconded by Commissioner Carlson to appoint Dave Strong and Maggie Leach to the Shoreland Ordinance Appeals Board and upon vote Comstock opposed. Motion carried.

Commissioner Swanson moved, seconded by Commissioner Carlson to send a letter to expand CRP sign up area to the Legislators. Motion unanimously carried.

Hazel Stromsmoe requested the County Board to abate her penalty on her property taxes that were paid late due to circumstances beyond her control. A letter will be sent to Ms. Stromsmoe informing her that according to the law, payment is due with penalty if not paid on time.

Commissioner Naplin moved, seconded by Commissioner Swanson to thank Clifford Olson, Highway Department, for all his years of service. Motion unanimously carried.

The County Board approved the payment of $9,559.40 to the Minnesota School on Diving by Auditor's warrants. The money is to come from the donations made to the diving Team.

Terry Fayette, Head Custodian, requested the County Board to advertise for a part-time custodian. The County Board stated that they would take this request up at a later date.

Commissioner Naplin moved, seconded by Commissioner Comstock to set the County's Truth and Taxation hearing for December 9, 1997 at 5:00 p.m. in the County Board Room. Motion unanimously carried.

Commissioner Naplin moved, seconded by Commissioner Comstock to approve the August 26, 1997 minutes. Motion unanimously carried.

Marian and Jerry Kallenburg of Mentor and Hazel Olie of Plummer attended the 90th birthday celebration of their aunt Lucile Harden of Bemidji.

Sherrie and Ruth Wilkens and Dollie Rewertz spent Tuesday afternoon at the home of Lanis and Annabelle Karol of Detroit Lakes.

Montana Trip

Merle and Lorna Jesme made a trip to Montana recently visiting first at their daughter Cindy and Eric Nielson's home at Westby, MT. They then went on to see daughter DeeAnn and Jon Egeland and family in Billings. They drove on to Dillon to see the beautiful country where Merle had hunted and various sites, then retraced their way back to the girls and home again. They were gone eight days and very much enjoyed seeing the grandchildren, the lovely weather and scenery along the way.

Immanuel Quilters were hard at work on Tuesday at the church, finishing up twenty-three comforters. It is good to see our cupboards filling up again. We encourage others who have not helped with this project to come and spend a lovely morning with us.

Supper guests of Don and Glenyce Harrington on Tuesday were Lorana Westerlund and Vivian Olson of Grand Rapids. The girls, who were former neighbors and schoolmates, and had not been together for a long while, really had a wonderful visit.

Birthday for Harriet

Sisters, sister-in-law and a friend surprised Harriet Norman with a covered dish supper on Tuesday night for her birthday. Doris Malwitz brought cake and other food was furnished by Helen Simpson, Loretta Hesse, Peggy Hesse and Gladys Roston. "Happy Birthday Harriet!"

Evening guests of Kerr and Alice Tillman on Wednesday were Ellie and Bunny Byer.

Death

Word has been received of the death of Gilman Seboe of Park River, ND. He and his wife Irene (Froiland, a niece of Art's) lived in our area for several years and sons Gary and Alan attended school here. His funeral will be on Saturday, October 4th in Park River. Sincere sympathy to his family and relatives here and there.

Newfolden

Mrs. Arnold Larson

Sunday those who enjoyed breakfast at the Best Western were Clara Hanson, Duane and Barb Hanson and Emil and Lila Vacura.

Tuesday evening those that visited at the Milton Erickson home were Deon and Mary Anderson and Jill.

Saturday evening Helen Sorenson and Harriet Larson attended the New Hope Smorgasbord in Newfolden.

Sunday forenoon Kenny and Sybil Cwikla visited and had coffee with Arnold and Vernice Larson.

Rev. Raynard Huglen attended the Centennial Celebration for Buffalo Lake Lutheran Church in rural Eden, SD, September 27 and 28. He is a former pastor there. Both going to South Dakota, and coming back, he visited two former parishioners at Dakota Hospital in Fargo, ND.

Curt and Elaine Thompson stopped briefly at the Bob and Fern Leigh home Friday afternoon and enjoyed a short visit.

Monday forenoon Merta and Beulah Bjornrud went to Thief River Falls and visited with Harvey and Myrtle Dyrud. In the afternoon they went to Warren to visit with Edel Gast who is a patient at the Warren Hospital. They also went to the Good Samaritan Home and visited with Pastor and Mrs. Kalmoe and with Ella Hanson who are patients there. Later on, Merta and Beulah went to Karlstad to the Karlstad Health Center to visit with Adell Hanson while there, they also visited with Prudence Nystuen and Dr. Sherman and Arlene Lee who were also visiting with others there.

Sunday evening Duane and Barb Hanson and Clara Hanson enjoyed supper at the Paradise Cafe in Strathcona.

Milton and Beverly Erickson visited at the Mark and Jane Schaumberg home on Saturday.

Sunday afternoon Tom and Sue Dondelinger hosted a birthday party in honor of their daughter Lauren's 9th birthday. Those attending were her brothers Shane, Joey and Evan, her grandparents Arnold and Vernice Larson, her godmother Kari Jesme and Collin, Don and Gail Larson, Andy and Josh, Kenny and Sybil Cwikla, Richard Larson, Scott Larson and Jim Wolker enjoyed a very good meal with birthday cake afterwards. Lauren opened her many nice gifts and cards. "Birthday Blessings Lauren!"

Sunday the 28th Curt and Elaine Thompson and Harvey Skyberg attended the Chancellors Quartet at the Lincoln School in Thief River Falls. They had a very good program with lovely singing and also sharing.

Sunday visitors at the Hanna Moen home were Marvin and Betty Moen, Gerald and Elona Moen, Barb Moen, Kenny and Gweny Hjelle. In the evening Anita Skadsem visited there.

Monday Vernice Larson went to Thief River Falls and enjoyed dinner with Tom and Sue Dondelinger. They also went out to see the cross country meet in which my grandson, Andy Larson, came in first. "Congratulations Andy!"

Monday evening the 29th, Harvey Skyberg stopped in for a visit and coffee with Curt and Elaine Thompson.

Monday evening Arnold and Vernice Larson visited and enjoyed lunch with Sybil Peterson.

Tuesday the 30th, Rose Nelson drove over to Newfolden in the forenoon and had noon lunch and spent the afternoon with her sister Elaine Thompson. We had a nice time. We also worked on her picture she is making. Elaine has made hers, it's of the Old Homestead, Mom and Dads and family, a treasure.

City Council performs balancing act with budget

by David Hill
Associate Editor

If recommendations from city committees and staff are accepted at the next meeting of the Thief River Falls City Council, the city's projected deficit of $1.7 million will have been eliminated.

On September 2, it was announced that if the council accepted the budget proposed without adjustments it would result in a budget deficit of $1.7 million. The various public committees were instructed to review their budgets and start making cuts. By October 3, however, committees and staff had only reduced the proposed budget deficit to $1,254,899, a far cry from the balanced budget the council was seeking. Further cuts and uses of reserves and transfers were recommended at a meeting on October 8. If those recommendations are accepted by the council, for all intents and purposes the budget would be considered balanced.

Roger DeLap, city administrator, said some bigger items were cut, but a majority of the items were small. One of the bigger "adjustments" to the budget involved the proposed baseball and softball complex, which is part of the Multi-Events Cultural Center (MECC). This "adjustment" has allowed the city to cut $170,000 from the Parks and Recreation budget.

The "adjustment" to the Parks and Recreation budget was made as a result of recent meetings of the MECC joint powers board. As a result of delays and bidding problems, a decision was made to keep two of the present softball fields while site preparation is underway. In addition, the city's $500,000 estimate for the softball/baseball field complex was considerably above more conservative cost estimates. Several factors examined by the board and city have also resulted in a decision to build the softball/baseball field complex in several phases.

The recommendation to the council calls for the city to set aside $30,000 for the construction of two of the fields. Those funds will come from the use of liquor fund reserves.

Another big ticket "adjustment" involves the roof replacement at the Huck Olson Memorial Civic Center. It has been decided to take out a loan from the Revolving Capital Loan Fund in the amount of $150,000, thus reducing the Parks and Recreation budget by another $150,000. A total of $80,000 would be added to the budget as payment to the loan fund on the loan.

Another big ticket "adjustment" involves the discussions regarding a notice of deficit sent to the city by Northwest Housing Rehabilitation Authority (NWHRA) and three rental housing projects in Thief River Falls. The city recently hired an attorney to look into the matter. Nevertheless, the city is looking at an intergovernmental liability insurance fund if it has to come up with the funds to cover the $257,000 bill.

Many of the other adjustments needed to balance the 1998 general fund budget involved cuts in office supplies, salaries, and some equipment purchases. Additional revenue was also found in reserves, transfers, and grants.

In a comment section, it was observed that based on the city's current level of services, which requires a certain number of employees, equipment, and general operating costs to maintain, the city will continue to experience difficulty balancing its operation budget in future years. Revenue sources are leveling off (Local Government Aid, HACA, etc.) and the city's ability to raise sufficient dollars through its tax levy system is limited because of [illegible] property tax [illegible].

DeLap noted that [illegible] city will have to [illegible] budgeted revenues and [illegible] tures, because the city [illegible] the department budget to the [illegible] minimum [illegible]. Therefore, reduced [illegible] sources or unbudgeted expenditures will need to be addressed immediately and not held off until year end.

City department heads suggested that the city needs to develop ways to reduce its overall operating expenses and the services they represent. A reduction in employees through attrition [illegible] as ideal as the city establishes that as [illegible] all plan or goal along with which

School District levy referendum meetings planned

Levy referendum presentations are going well, according to School District 564 Superintendent Jerry Robicheau. He reported to the School Board Monday night that the information is beginning to get out to the community.

Board members commented on the hard work being done by a group of individuals who support the referendum. A number of meetings are still scheduled.

Anyone interested in learning more about the levy referendum may attend any of the following meetings:

- Tuesday, October 14, at 7 p.m. at the Smiley town hall,
- Tuesday, October 21, at 7 p.m. at the North town hall,
- Thursday, October 30, at 7 p.m. at the Northwest Grain meeting room in St. Hilaire, and
- Tuesday, October 28, at 6:30 p.m. at Challenger Elementary school.

Lincoln High School will be working on recognition from the North Central Accreditation Association as well as the Blue Ribbon Commission on Schools. Terry Sinne, principal at Lincoln High School, presented an update on the school to the school district board Monday night. He explained that a committee, Lincoln Education Effectiveness Program (LEEP), will be starting the process of getting the school recognized. There isn't another Blue Ribbon school in northwest Minnesota.

Sinne has suggested that room 109 at the school be remodeled. He has suggested that the room, which is located on the north end of the school on the first floor, be converted to sales and marketing class and that the room include a small concession area. He explained that the school has been allowing concessions to be sold in the hallway. It's illegal to do that, according to the fire marshal, Sinne said. Sinne did not have a dollar figure for the project.

Sinne has also suggested that the board look at landscaping an area located to the south of the school. The area should be utilized more effectively, he said.

Sinne has asked the board to consider establishing a industrial, vocational, technology center on campus. He noted declining numbers in the program, which is currently two blocks away and across a highway at the School District Service Center. Despite declining enrollment numbers there is still a need for the program.

Enrollment figures, as of October 1, are down from opening day enrollment figures. The total number of students enrolled is 2,306, compared to an opening day enrollment of 2,318. Total pupil units were 2,665.1 on opening day, but 2,644.1 on October 1. It was explained that opening day enrollment figures are somewhat deceptive because spring numbers are carried over automatically, and any new students are just added to the total. The more accurate number of students enrolled would be the October numbers.

According to the October numbers, there are 926 students enrolled at Challenger, an increase from 907 on opening day. At Franklin and Lincoln, however, the numbers dropped. At Franklin Middle School, there were 589 students enrolled on October 1, compared to 598 on opening day. At Lincoln High School there were 711 students enrolled on October 1, compared to 733 on opening day.

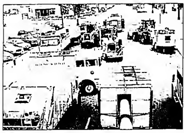
TRF Times to sample copy several areas

The Times will be sending free sample copies of The Times to residents in nearby communities.

On October 15 and 22, sample copies will be sent to residents living in St. Hilaire, Goodridge, Grygla, Middle River and Gatzke. On October 29 and November 5, sample copies will be sent to residents living in Viking, Newfolden, Plummer, Brooks and Oklee.

The sample copy project will necessitate a larger press run. In all, an additional 4,630 copies of the newspaper will be mailed to area residents. The purpose of sending sample copies to residents is to generate more subscriptions.



City vehicles of all shapes and sizes crowded onto Second Street in downtown Thief River Falls last Thursday to emphasize the magnitude of city forces and give residents an opportunity to see the equipment their tax-dollars pay for. Be considerate of neighbors when burning leaves in TRF

Officials are asking residents to observe rules set out in the ordinance which permits residents of Thief River Falls to burn leaves between October 1 and November 15. They are also asking residents to use common sense if they decide to burn leaves — don't burn leaves on windy, dry days and when smoke drifts toward a neighbor's residence, for example.

There has been considerable discussion about leaf burning in the City of Thief River Falls in the past few years. More recently, a motion to repeal the ordinance failed by a vote of 3 to 3.

The ordinance states the following: The burning of leaves will only be permitted under the following conditions: between October 1 and November 15, a responsible person shall be in constant attendance until the fire is completely extinguished; burning will only be allowed between the hours of 8 a.m. and 8 p.m.; all fires are to be extinguished by 8 p.m.; such fires shall not be less than five feet from any property line; the burning of leaves is prohibited on city streets, alleys, sidewalks, boulevards, riverbanks or any public property by private citizens; and no open burning of leaves shall take place during an air pollution alert warning or emergency declared by the Minnesota Environmental Protection Agency. The council may temporarily discontinue burning between October 1 and November 15 due to unsafe conditions (i.e. excessive dryness, etc.). At the council's discretion, the last day of burning may be extended through December 1.

It is unlawful for any person to burn rubbish, trash or other material.

The Sound of Music to entertain and thrill audiences at NCTC Oct. 22-26

by Heidi Heks

The Rodgers and Hammerstein classic musical The Sound of Music will be presented October 22-25 at 7 p.m. and October 26 at 2 p.m. at Northland Community and Technical College (NCTC) theatre in Thief River Falls. Tickets at $7 each may be purchased prior to performance at the NCTC library (681-0756) or at the door if they are still available. Seating in the college theater is limited so advance purchase of tickets is advised. This show is produced cooperatively by NCTC and the Thief River Falls Community Arts Council.

The Sound of Music is the story of a young Austrian nun (Maria) who goes to work for a widowed Captain as his children's governess and then falls in love with him. When she returns to the Abbey in an effort to turn her back on her feelings, the Mother Superior tells her she must "find the life you were born to live."

The Captain and Maria marry, but a happy ending is not to be for long. It is the Second World War and Germany invades and overtakes Austria. The family realizes they must flee their beloved homeland in order to remain true to their ideals. Classic songs in this musical include "Climb Every Mountain," "The Sound of Music," "My Favorite Things," "Do-Re-Mi," "So Long, Farewell," "Edelweiss," "Sixteen Going on Seventeen" and "How Do You Solve a Problem Like Maria."

Starring in the Thief River Falls production are Laura Imeu as Maria, Randy Moe as Captain Von Trapp, Katie Christensen as Liesel Von Trapp, Ben Schmidt as Rolf, Jan Peterson as Mother Superior, Dennis Raymond as Max Detweiler, Key Teeters-Asp as Frau Schmidt, Naomi Raymond as Sister Margaretta, Brenda Marben as Sister Berthe, Rachel Larson as Sister Sophia, Jayne Miller as Baroness Elsa Schraeder, Al Rugalla as Captain Zeller, Ruth Christensen as Baroness Elberfeld, Gary Johnson as Admiral Von Schreiber, Mariah Johnson as Louisa Von Trapp, Brent Redeke as Friedrich Von Trapp, Bethany Brown as Marta Von Trapp, Peter Heks as Kurt Von Trapp, Ann Marben as Brigitta Von Trapp, Beth Marben as Gretel Von Trapp and Philip Heks as Franz. The Nonnberg Abbey nuns are played by Bobbie Benson, Ruth Christensen and Pamela Scott, while the postulants are played by Karen Christensen, Stephanie Dagen, Cyndi Onkka and JoAnna Swanick and the party guests are played by Danny Christensen, Bobbie Benson, Gary Johnson, Pamela Scott, Jim Heks, Karen Christensen, Stephanie Dagen, Cyndi Onkka, JoAnna Swanick, David Christensen and Deb Jacobson.

When great American musical productions are listed, a number of Rodgers and Hammerstein productions always are included. From their first collaboration to their final one (which was The Sound of Music) Richard Rodgers and Oscar Hammerstein changed the face not only of the American musical, but of musicals worldwide. Stephen Sondheim once credited Rodgers and Hammerstein with making inroads in musical theater that would allow newcomers such as Sondheim, Andrew Lloyd Webber and others to explore new avenues in theatrical productions.

It seems inconceivable that Rodgers and Hammerstein would not have become a team, and yet they almost did not. Richard Rodgers had been in a profitable musical partnership with Lawrence Hart for 25 years and Oscar Hammerstein had successfully collaborated with several composers including Jerome Kern. As Lawrence Hart's health deteriorated, Richard Rodgers asked both Hammerstein and Gershwin to take Hart's place. Gershwin refused and so Rodgers and Hammerstein met and began work.

Their lifestyles and work styles were similar and they found working together to be easy. However, their personalities were as dissimilar as night and day. Because of that dissimilarity, they brought new insights to each other and complemented each other's talents and temperaments. They also supported one another in their personal lives. Hammerstein helped Rodgers through his bout with jaw cancer and depression. Rodgers had to explain Hammerstein's terminal cancer to their friends and [illegible] ates as Hammerstein [illegible] bring himself to do so. The two men felt they had messages to [illegible] and many of Hammerstein's [illegible] convey deep [illegible] many of their lyrics [illegible] called songs [illegible] lyrics for The Sound of Music. Interestingly enough, Hammerstein knew The Sound of Music would be his last production and he wanted to leave the world with [illegible] losophy on life. "Climb Every Mountain" beautifully sums up [illegible] of that message, but the most important message [illegible] Hammerstein wanted to [illegible] began the musical "Sixteen Going on Seventeen" [illegible]

Barb Tisonny, the board's representative on the Multi Events Cultural Center joint powers board, reported that the state had awarded bids for site preparation. Due to higher than anticipated bids on the building and some other elements of the project, they will seek new bids. That will take another six weeks.

The school board recognized the following: Lincoln Teacher Bridget Paulson who has been selected to participate in The Institute for Excellence in Math and Science Education inservice program, the Northern Expressions School of Arts which has been chosen as a recipient of an honorable mention in MREA's 1997 Profiles of Excellence Academic category, TREAHA which donated $12,510 for the Franklin Middle School weight room and $2,560 for hockey jerseys, the Thief River Falls Sports Boosters for donating $81.40 for ribbons and medals for the Prowler Cross Country Invitational meet, Cross Country Invitational meet, the Thief River Falls Blueline Club for donating $4,650 to purchase jerseys for the Prowler hockey team and the Thief River Falls Girls tennis team which took first place in subsection 8AA team tennis tournament and Katie Harbott and Lesley Ihle who took second place in the individual tennis tournament and now advance to sections in St. Cloud.

From the Consent Agenda, the following personnel items were approved: the resignation of Tim Maloney as industrial technology teacher at Lincoln, the resignation of Sue Jorgenson as cleaner in the district, the resignation of David Ruggenbuck as cleaner in the district, the resignation of Keith Johnson as cleaner in the district, the resignation of Keith Johnson as JV boys tennis coach, the resignation of Mark Davis as assistant wrestling coach, an extension of Pat Benchine's medical leave of absence, an extension of Caroline Nicholson's medical leave of absence, a leave of absence without pay for Joy Gillespie, educational assistant at Challenger, the transfer of Julie Peterson from 6.25 hour peer tutor/study hall educational assistant to 7.5 hour student attendance/attendance educational assistant at Lincoln, the employment of Jane Mattson as interim Community Education director, the employment of Paula Praska as Title teacher long-term sub at Challenger, the employment of Elizabeth Quick as science technician at Challenger, the employment of Clarice Rooker as kitchen helper at Challenger, the employment of Lisa Anderson as cleaner, the employment of Susan Jorgenson as cleaner, the employment of Rachel Anderson as cleaner, the employment of Shan Thompson as lifeguard/WSI instructor at Franklin, the following extra curricular assignments — Jeff Johnson as seventh grade boys basketball coach, and John Vukmanich as Middle School Jazz band director, the following salary adjustments for Community Education staff for the 1997-98 school year — Yvonne Ode from $7.50 to $8 per hour with an increase in hours from 20 to 24 per week with 48 hours per year of vacation, Kathy Huschle, pool director, from $12.32 per hour to $13 per hour, Sidney Braswell, latch key assistant from $5.50 to $7 per hour, Latch key student helpers from $4.75 to $5.15 per hour, lifeguards from $5.15 to $6.50 per hour, head lifeguard from $5.25 to $7 per hour, and WSI/lifeguard from $5.50 to $7.50 per hour, an increase from $8.82 to $9 per hour for Becky Pracek as buslist in the district, an increase to the EBD educational assistant position at Franklin from six to seven hours per day, establish and authorize the administration to post for an ED/OHI educational assistant at Franklin, establish and authorize the administration to post for a special education educational assistant at Challenger for six hours per day.

Be considerate of neighbors while burning leaves

(Continued from Page 1)

Citizens are urged to have consideration for their neighbors. Officials suggest that if you plan to burn leaves check for wind direction. If the smoke blows into your neighbor's home it has a direct impact on their health and comfort. They also recommend that citizens take advantage of the leaf pickup service offered by the City and to use burning only as a last resort.

departments will be affected by the reductions.

Department heads also identified the need for all city departments to continue working together in assisting each other with labor and/or equipment to more efficiently provide services for City residents.

The City Council will consider the recommendations at an adjourned meeting at 4 p.m. on October 14. The recommendations discussed at the last meeting did not include a reduction in the proposed levy which currently represents a 10 percent increase over last year's levy.

Ag education information sessions scheduled for Oct.

Since agriculture was cut as a curriculum option by the budget ax in the last decade, the Thief River Falls School District has been without an ag education program or a local Future Farmers of America Chapter. District 564 Superintendent Jerry Robicheau says that is a disservice to children and to a community dedicated to agriculture, and the new superintendent of schools says it's time to give agriculture its due, as a science, a business, and an emerging technology.

Robicheau has put "ag education" high on a list of promised returns with the passage of a special levy in the Thief River Falls School District on November 4. "We have no one on staff who has the background to spearhead and develop an integrated ag program for students at Franklin Middle School and Lincoln High School. We need to actively recruit a dynamic individual and budget for curriculum materials to integrate a successful program that will prepare students for the many career opportunities in agriculture and ag related fields."

Robicheau says agriculture is a prime example of communities involved in education. "Just look at the field classroom opportunities. We have some of the finest farms in the country right here in our school district. As an applied science, ag education should be a very successful curriculum offering at both the middle school and high school."

Robicheau says it's also important to reorganize a local FFA chapter. "Several people have talked with me and with the board of education about the need to build associations through a local Future Farmers of America Club. It creates friendships for children and families involved in agriculture, gives agriculture another voice locally, and is an important sponsorship for businesses involved in agriculture."

Unfortunately, Robicheau says ag education is one of several goals that cannot be met without passage of a special levy in November. "The district has my personal promise, and the commitment of the school board to reestablish ag education and increase vocational offerings, continue to lower class sizes, especially in kindergarten, and keep pace with advancing technology. Our goals are very clear, however, we need the district's support to keep our priorities from being just a wish list, instead of reality for our children."

Robicheau will be available at public information sessions, scheduled:

- Tuesday, October 14 at 7 p.m. at the Smiley town hall,
- Tuesday, October 21, at 7 p.m. at the North town hall,
- Thursday, October 30, at 7 p.m. at the Northwest Grain meeting room in St. Hilaire.
- Tuesday, October 28 at 6:30 p.m. at Challenger Elementary school

Mayor proclaims Domestic Violence Awareness Month

Mayor Bob Reeve of Thief River Falls has proclaimed the month of October as Domestic Violence Awareness Month in this city, urging all citizens to participate actively in scheduled events and work toward elimination of personal and institutional violence against women.

The proclamation notes that domestic violence is a serious crime that affects people of all races, ages, income levels and sexes and violates the individual's privacy, dignity, security and humanity due to the systematic use of physical, emotional, sexual, psychological and economic control or abuse.

Reeve's proclamation states that children who grow up in violent homes are abused and neglected at a rate 1,500 percent higher than the national average and that domestic violence costs the nation between $5 billion and $10 billion annually in medical expenses, police and court costs, shelters and foster care, sick leave, absenteeism and nonproductivity.

Coordinated community efforts are considered essential to put a stop to this type of activity.

Enterprise fund seeks members in three areas

Northwest Regional Enterprise Fund, Inc., is seeking nominations for persons to represent the areas of banking, business and women. Nomination forms are available by calling Linda Nelson or Karl Frigaard at the Northwest Regional Development Commission at 218-745-6733.

The Enterprise Fund operates, in conjunction with the NWRDC, a revolving loan fund program for businesses in Kittson, Marshall, Norman, Pennington, Polk, Red Lake and Roseau counties. Enterprise Fund meetings are held three times a year and the membership terms are for three years.

Economic development committee of the NWRDC is partially comprised of members of the Enterprise Fund. The economic development program updates the overall economic development program for the region and provides services for economic development activities in northwestern Minnesota.

Addition creates sunny life for Valley Home residents

by Kathi Carlson
The Times Reporter

Clear or overcast, life is sunny at Valley Home these days. On Friday, October 10, the home celebrated its new sunroom addition with a well-attended open house. The story of how the sunroom came to be is one that Valley Home and the entire community can be very proud of.

Located on the southeast edge of the city, Valley Home is licensed as a board and care facility by the State of Minnesota. Services provided to the 95 residents include meals and snacks, housekeeping, laundry services, recreational and social events and outings including assistance with transportation arrangements as well as storage and administration of medications and 24-hour supervision with daily assessments by professional staff.

Valley Home has 55 employees and welcomes the services of volunteers. The independent not-for-profit organization is not associated with any other home and is governed by a nine-person volunteer board of directors from the Thief River Falls area.

Thirty-four years ago, laws and codes were very different, and when Valley Home was built in 1963, it was not constructed to accommodate wheelchairs or even walkers.

As time elapsed, laws and attitudes changed, and residents assisted by walkers or wheelchairs were welcomed into Valley Home. The only problem presented by these appliances was one of space, and over the years the home did everything possible in the interior of the building to expand it and give the residents more room.

After much thought, manager Elaine Anderson came up with the idea for the sunroom to be added to the south side of the building. About two and one half years ago she went to the board of directors with her idea. The original cost was estimated to be $50,000. The board gave her the go ahead with the stipulation that she raise the money. What happened after that continues to amaze Elaine.

In September of 1995, the home had an 85th birthday party for long-time supporter and former board chairman Randall Noper. It was at that gathering that Ron Nelson presented Randall with a check for around $5,000 for the sunroom fund – money given in memory of Ron's brother Joe who had died earlier in the year. Though she has since passed away, Ron's mother Fran, a one-time employee of the home, was a resident there in the fall of 1995. The Nelson family had a special feeling for Valley Home and deemed the sunroom a worthwhile cause.

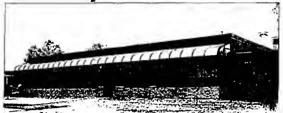
From that time on, memorials and donations were directed to the sunroom fund. In large and small amounts, the money came in.

The cause was aided in early December when *Times* editor Mary Lundin ran a front page photo and article accompanied by an editorial supporting the project and encouraging donations.

As one of its Thief River Falls Centennial activities, Valley Home held a hugely successful ice cream social in the summer of 1996 which was attended by folks of all ages. With workers dressed up in old clothing, the residents particularly enjoyed this fundraiser as it conjured up memories of days gone by.

Area young people also contributed to the project while participating in Aid Association for Lutheran's Youth Challenge Program. Youth groups from five area churches worked with the residents, and each group donated the $500 they received from AAL to the sunroom fund.

When one of the residents passed away and left his entire estate to a small church in Argyle, the church turned around and donated $1,000 to the sunroom fund in the resident's memory.



Built unto the south side of the building, the 15 by 80-foot sunroom is a handsome addition to Valley Home. An open house and ribbon-cutting ceremony were held Friday, October 10 to celebrate its completion. The addition was financed entirely by donations, memorials and fundraising efforts.

Assistance was received from the Hartz Foundation. Randall Noper continued to help and donate. About half-way through the effort, Lowell and Marge Swenson offered a $50,000 donation if Valley Home could raise an equal amount. The Swenson challenge was accepted and the funds were matched.

The winter of '96 was l-o-n-g and the spring of '97 tempestuous with the power outage caused by the ice storm bringing fear to many of the residents of Valley Home. Manager Elaine Anderson packed a bag and moved to the home. She left her bag by the door to show residents that she was there for the duration of the storm. She soothed them by explaining that disasters happen all of the time and it was simply "our turn." Provided with emergency power, Valley Home took in others, and during the storm, a baby could be heard crying in the night at the home.

When the sunroom construction began in late spring, it was an exciting time and provided Valley Home residents with a new source of entertainment as they watched the building process and eagerly awaited its completion.

Because of the successful fund raising effort the project was expanded, and the 15 by 80-foot addition was constructed by Ram Building Systems at a cost of nearly $120,000.

Beautiful seems an inadequate word to describe the sunroom. While the tinted glass protects occupants from the harmful ultraviolet rays of the sun, it lets the good rays in, and the room is as bright as the faces of the residents who enjoy it.

So far, the room is furnished with six tables and thirty chairs. The chairs are very comfortable and upholstered in a trendy hunter green vinyl that contributes to the outdoorsy feeling of the room. Residents can use the room anytime and are free to have coffee or enjoy their meals there.

The furnishings were purchased with contributions that included a recent donation by the Heritage Community Center. Additional contributions will be used to purchase more furnishings for the sunroom and possibly to replace the dated dining room furniture.

The sunroom adds significantly to the bright and cheerful atmosphere that one found at Valley Home long before its completion. The smiling employees and energy that radiates from the manager contributes to the happy surroundings.

With the sunroom project complete and the open house over, manager Elaine can only describe herself as "overwhelmed." Did she think the sunroom would be a reality so soon? "No way," she said.

While residents can sign in and out to leave the home for an outing, some leave the building only once a year for an appointment with their doctors. Elaine describes the sunroom as "neat," a "good thing" that the residents will enjoy and a "way of bringing the outdoors inside."

It didn't take long to find residents who whole-heartedly agreed with her sentiments, and they are thrilled and proud of "their sunroom." For its part in making Valley Home sunnier and homier, the Thief River Falls community can share that pride.

While the skies were overcast the recently completed sunroom at Valley Home was bright early this week as this group of residents enjoyed the new space. Pictured from left are Helge Lambart, Lillette Andersen, Hazel Smith and Margaret Roson. The large, cheerful room is accessible to residents at all times. They can enjoy coffee, their meals or entertain family and friends there.

ON MY MIND

Kim Chadwick-Quale

The clean bug

I discovered an apt greeting card the other day. While searching for a "congratulations on your engagement" card, I pulled one off the rack that made me actually laugh out loud in the store.

The card read: Housework, when done correctly, can kill you. The front was adorned with the cartoon of a sunbathing female, a book within arm's reach. I second that, took the words right out of my mouth. In fact, the card is suitable for framing and quick reference at my house. They made that card just for me – and for a few select others who share my feelings for this detestable task.

I hope my mom isn't reading this because somehow she believes she's partly responsible for my lack of interest in serious housekeeping. Although I'm no longer under her roof, she feels she failed me. And it's not because she didn't try.

My housekeeping lessons came from the best teacher. Mom taught us all the correct techniques of dusting, vacuuming, cleaning cupboards, scrubbing burners and much, much more. And we had a lot of practice. I admit that when she wasn't looking I didn't pick up the knickknacks and dust underneath; I wonder how she figured it out.

I believe her gallant efforts backfired at an early age and I began rebelling against house cleaning. I remember sitting in my dark, cramped closet venting my frustration at cleaning by writing notes: "My mom is a clean bug." (Yes, it's amazing that she still loves me today after discovering my notes in the closet all those years ago.) I couldn't actually boycott the tasks because my allowance was tied to the completion of the chores. Money talks.

Ironically, my youngest sister cleans houses for a living and credits my mother for her success. I guess I fell through the crack.

But nothing sends me into a cleaning frenzy more than the word "visitor." I want to present the illusion that my house looks neat and tidy, spic n span all the time.

When the word visitor is mouthed, I go into cleaning overdrive. I cancel all appointments and concentrate on my house. It takes two solid days of cleaning to make up for previous neglect. Cleaning for me is like writing: I'll do almost anything to get out of it.

When I'm in the basement trying to straighten my office mess, I can't resist just one game of computer Scrabble. Just one game (maybe two) and I'm back on task. In the middle of sorting the papers I find an item that belongs in the bedroom upstairs. As I'm putting that picture into my picture box, I can't help but take a quick break to look at the photos – which I haven't done in months.

In the meantime I've forgotten that the cleaning began in the basement. While I try to find the bedroom floor, I need to go into the kitchen to throw something in the garbage and put another item in the drawer. The junk drawer sure could use sorting. An hour later I'm still in the kitchen. Then I realize I'm thirsty and could use a short break. The newspaper is lying on the table and I decide to read it.

I place the newspaper in the magazine rack and discover the latest edition of Good Housekeeping magazine. I hear the short story calling my name and I take another quick breather.

By now it's noon and I've barely made a dent in the long, long list of "must do" cleaning chores. My only hope is that I can pay my 7 year old son to help when he gets home from school.

But wait. Mom's coming this weekend. Maybe she'll help. After all, she's the house cleaning expert.

Jerilee Froiland and Benjamin Carpenter to wed

Richard and Arlene Froiland of Plummer and Robert and Melanie Carpenter of Oslo announce the engagement of their children, Jerilee Renae Froiland and Benjamin Robert Carpenter.

Jerilee is a 1988 graduate of Plummer High School and a 1992 graduate of the University of North Dakota. She is employed as a consumer lender at Community National Bank in Grand Forks.

Benjamin is a 1987 graduate of Oslo High School and will graduate in May of 1998 from the University of North Dakota with a degree in athletic training.

A November 29 wedding is planned at Immanuel Lutheran Church in Plummer with a reception and dance to follow at the Plummer Hall.

Mammography Day is Oct. 17

Quin County Community Health Services reminds everyone that October is Breast Cancer Awareness Month and October 17 is Mammography Day. This is the time for women to check with their doctors to see if they need a mammogram.

According to statistics, in 1997, 3,000 Minnesota women will be diagnosed with breast cancer and 720 will die from the disease. Early detection could have spared as many as one-third of those lives.

However research shows that only half of Minnesota women get screening mammograms according to accepted guidelines. Pink ribbons serve as reminders to get regular mammograms.

Free and low cost mammograms are available. To find out if you are eligible, call the American Cancer Society at 1-800-ACS-2345. Providers in the area include Roseau Area Hospital and Altru Clinic in Red Lake Falls.

ON THE OTHER HAND

Teresa Friend
Lincoln High School

It had been a fun vacation at Leech Lake, and we were finally on our return to our so-called "normal lives" but my parents had decided to take a small detour. Earlier that morning, Dad picked up the newspaper and spotted an ad for a microcomputer specialist in a town not too far way from our vacation spot. What a strange coincidence that he was, indeed, a microcomputer specialist looking for a change of scenery.

"What is this place called again?" I inquired of my mom.

"Let's see... Thief River Falls, Honey," she answered.

"Whatever," I mumbled under my breath. We are going two hours out of our way to visit a little town with a river.

When we arrived at nowhere's ville about an hour later, some immediate impressions were made: there were no visible signs of littering, there were no buildings over three stories high, and there were no skyways to be found anywhere. Many questions also came to mind. Where were all the hills and pine trees? Isn't this the Mosquito Capitol of the U.S.? Last of all, what the "heck" was a "Hugo's!" We passed through the town in only a few minutes, and we were on the road once again.

When we arrived home, my father applied for the job in "something" Falls and I didn't think much of it until a few months later when he got a reply. Dad had gotten the job!

"Dad got the job!?" I asked in a panicked voice.

"Yup, and we'll move up there after Christmas." I couldn't move. I was happy that we were buying a house in the country and in some place different than the big streets of Sioux City, Iowa, but I wasn't ready to leave my friends and start a whole new school. I at least wanted to finish my last half year at Hoover Middle.

"Don't worry," said Dad, "It'll be a nice change of scenery."

I soon accepted it and warned my friends that I wouldn't be finishing out the year with them.

"You're moving where?" they would ask.

"Minnesota," I would answer proudly.

"What town?" they would ask again. My heart would sink because I couldn't remember the name.

Month's passed, and the day after Christmas, we moved, leaving the busy streets of Sioux City (population 85,000), for the flat and empty plains of northern Minnesota.

A week passed, and our first day of school was staring us in the eyes. My beating heart began to pound as I walked into the counseling office of the Franklin Middle School. A man in a green sweater, followed by a young girl, walked over to me and extended his hand.

"Hi, my name is Mr. Chiodo. I'm the assistant principal here at Franklin," he said as I grasped it with caution. "Your mom has already taken care of everything, so I'll let you get to your first class," he proudly proclaimed. "You'll find here that the kids are very friendly, and they really get into taking the new students under their wing. This is Marissa," stated Mr. Chiodo, motioning toward the girl. "She will be helping you find your classes and aid you in getting adjusted."

"All right..." I breathed. I picked up my backpack and swung it over my shoulder.

"Thanks."

"No problem," he answered. "I know you'll like it up here."

As I followed the girl out of the office, the woman behind the desk dropped her papers and said, "Oh fer stupid." *What?* I thought. *What did she say?* I eyed the woman for a second, then glanced back at the girl, who hadn't heard anything strange. I decided to forget about it. *Probably just my imagination*, I thought.

With Marissa's help, I found my classes easily, well, maybe not *that* easily. In every class, kids gathered in crowds around me asking me questions.

"Hi, what's your name?"

"Where are you from?"

"How do you like it here?"

"Are you sitting with anyone at lunch?"

Then, of course, I had to introduce myself in front of every class. I had never felt so smothered in all of my life. It felt strange to be the center of attention. The kids of Thief River Falls were nicer and friendlier than any of the groups of kids I had met. I was also amazed by the pride they take in their schools and teams, which was shown in the explosion of school spirit that they would never attempt to contain. There were more differences in the school and town than I had expected.

The language, as I soon discovered, had its subtle differences. The teenagers in Thief River Falls, surprisingly, didn't use the expression "dude," and they called gym class "phy ed," instead of "PE." That took a bit of getting used to. The term "No Fear" was unfamiliar to me, and I had never, *ever* heard the words "Uffda" or "lefse" used in my entire life. (It's a Norwegian "thing.") Another thing that blew me away was the electric computers for our meals, instead of pathetic paper lunch tickets, which often ended up going through the washing machine anyway. Channel 1 and MacIntosh were also new to me. I was extremely shocked by the native obsession over Arctic Cat snowmobiles. I had never seen a snowmobile in real life before, but in Thief River Falls I guess they are a tad bit difficult to miss.

The people of Thief River Falls take great pride in living a style all their own. I am glad I moved here. It was, indeed, quite a nice change of scenery. Special thanks to everyone who made my first few years up here unforgettable.

LHS class of 1940 get-together held recently

Lincoln High School's class of 1940 held their annual get-together recently at the Best Western Inn in Thief River Falls.

The 5 o'clock dinner enjoyed by 24 classmates and their spouses was followed by a short program. Leonard Furuseth was master of ceremonies and extended a welcome. Each classmate told what they are doing in their retirement years. A card was signed by the classmates to be sent to Ruth Klein Oen, a patient at Dakota Hospital in Fargo. Tillie Gebhardt was recognized for writing and mailing out a quarterly newsletter. A monetary donation was given to her toward the expenses in mailing the newsletter. Names were drawn for door prizes with everyone receiving a gift.

Classmates and spouses who attended this special event were Helen Arnis Wysoski, Alice Roos, Tress Mackenroth Noel, Doris Carlson Stromberg, Dode Votava Wilson, Ella Lundberg Ranum, Anne Hillyer Kraemer and her husband, Bob; Gaynard and Ruby Warnecke, Leonard and Milly Furuseth, Norma Jean Looker of Red Lake Falls, Viola Jorgenson Jaranson and husband, John; Art and Virginia Buringrud, Fran Stenberg Stromberg from Grygla, Doris Hostvet Peterson from Marcell, Rodney and Marion Brodin from St. Paul, Phyllis Prestebak Sollom, Tillie Paulson Gebhardt and husband, Henry, from Crookston.

The class of 1940 meets the last Tuesday of each month at the Lantern Restaurant in Thief River Falls for noon lunch and reminiscing. All classmates and spouses are welcome to attend this enjoyable get together.

TIMES FOR TODDLERS

ACTIVITIES

Finger-painted Frights

These jack-o'-lanterns are frightfully fun for little fingers to paint. To make one, cut orange construction paper into a large pumpkin shape (to accommodate the size of the features, see remaining instructions). To make the eyes, the nose and a grin, press your child's hand into black paint, then onto the pumpkin, using the handprints to make the facial features. Top the pumpkin with a green paper stem. Aren't these the most handsome grins you've ever seen?

(Contributed by Discovery Place child care center.)

SCAVENGER HUNT

For next week's Activities feature, you will need paper plates, orange paint or markers, paper clips, a hole puncher, green yarn and several jingle bells.

BOOK OF THE WEEK

The Thief River Falls public library invites you to browse through its new selection of children's books including the following.

Bunting, Eve. My Backpack. When his grandmother sends him the perfect gift, Nicholas discovers that it's absolutely amazing what you can fit into a backpack!

Farber, Norma. The Boy Who Longed For a Lift. A perfect ending is in store for a lonely little boy who sets off on a long, adventure-filled journey only to discover that he's not so alone after all.

VIDEO VARIETY

Arthur Writes a Story. Struggling with a school writing assignment, Arthur crossed the line when the story of how he got his puppy starts to involve invisible elephants and trips to outer space.

MAGAZINE MENTION

You may know that monkeys and apes are primates, but did you know that you are, too? Altogether there are about 235 species. Learn all about them in the Ranger Rick October special issue of amazing monkeys, apes and other primates.

Remember that the Thief River Falls public library has preschool storytime every Wednesday at 9:30 a.m. Also remember to check out the parenting corner by the children's room for new information and helpful hints for busy parents on books, reading and much more.

PARENTING TIPS

Discover Fall

Many wonderful opportunities for quality time are waiting for you outside. Try to set aside some time in which you and your child can take advantage of them. Changes are taking place every day. Remember that what you know and take for granted is new and amazing to your child. Help your child discover things by being interested in what he sees, hears and touches.

Go for a walk, explore your yard and your neighborhood. Look for and talk about changes that are taking place. Children do not automatically make use of their five senses. They need us to guide them and make suggestions. Talk about leaves, what color they are, how they sound when you walk through them. What happens when you touch dry, brittle leaves? Can you smell any burning leaves? As you help your child see and notice the little things you will also help him to later discover the big things. Who knows: maybe one day your child will be another Columbus!

SOMETHING TO TALK ABOUT

Use words that will help your child to describe what he hears, sees, smells, touches and tastes. Listen when your child talks about his/her discoveries.

Open house to honor Larsons Saturday, Oct. 18

Friends and relatives are invited to join Arnold and Bernice Larson at an open house celebrating their 50th wedding anniversary on Saturday, October 18 from 2 to 5 p.m. at the Newfolden Community Center. A program will take place at 2 p.m.

TRF Planned Parenthood Clinic to celebrate 25th anniversary today

Thief River Falls Planned Parenthood Clinic will celebrate 25 years of providing confidential, affordable health care services to women in Thief River Falls and the surrounding area at an open house at the clinic on Wednesday, October 15 from 4 to 6 p.m. The clinic is located at 309 LaBree Avenue North. The event is free of charge and open to the public.

The event will honor the contributions of Dr. Jim Langland, Dr. Penny Langland and Diane Schoon.

Doctors Jim and Penny Langland are in private practice in Thief River Falls. Dr. Penny Langland has been with Planned Parenthood since she was a medical student and last year was named Planned Parenthood's "Physician of the Year." Both doctors are dedicated advocates for women's health and tireless in their support of Planned Parenthood.

Diane Schoon is a nurse at the clinic where the Langlands practice and is an integral part of their team. She is known for her exceptional care and commitment to Planned Parenthood's patients.

The event will include remarks from Thomas P. Webber, president of Planned Parenthood of Minnesota/South Dakota, who will comment on the history of Planned Parenthood in Thief River Falls and the organization's contributions to area women and their families.

Planned Parenthood began offering subsidized family planning services in Thief River Falls in 1972. At that time, an outreach worker saw patients at their homes where they received counseling about family planning. The patient then visited a doctor who did an exam and lab work. The clinic was opened in Thief River Falls in 1978. Today patients visit the Planned Parenthood office for family planning education, lab work and birth control supplies. Medical exams are done at a local doctor's office.

Last year, the health professionals in Thief River Falls' clinic cared for nearly 825 patients from the northwestern region of Minnesota. Patient services and the number of patients has steadily increased at the clinic.

According to Lynne Holt, regional manager of the northeastern region of Planned Parenthood of Minnesota/South Dakota, the success of Planned Parenthood in Thief River Falls is due to a committed corps of volunteers and staff. "They have been able to develop a program that is uniquely adapted to their community. Michele Zilewski and her dedicated staff show a level of commitment to the mission that is extraordinary. Their energy and good humor are appreciated by patients and the community," said Holt.

Planned Parenthood of Minnesota/South Dakota (PPM/SD) is the region's oldest and largest organized provider of reproductive health care services. Last year, PPM/SD's health professionals cared for more than 51,000 individuals in its network of 24 clinics. Besides confidential, affordable reproductive health care – pap smears, gynecological exams, pregnancy testing, etc. – PPM/SD offers cancer screening and prevention services, screening and treatment for sexually transmitted infections for women and men, HIV testing, as well as all contraceptive methods including emergency contraception.

Planned Parenthood may be reached toll free at 1-800-230-PLAN.

Refreshments will be served. Everyone is welcome.

Embassy Center of Fosston to hold auction Oct. 18

Embassy Community Center of Fosston will hold its annual fall auction on Saturday, October 18 at 7 p.m.

This auction will benefit the Embassy's general fund. Items offered will include handcrafts, baked and canned items. Embassy member Harold Wethy of Erskine will serve as the auctioneer.

ELCA Cluster-2 to hold fall gathering Saturday, Oct. 18

Cluster-2 women of the ELCA will meet for their fall gathering on Saturday, October 18 at Our Savior's Lutheran Church in downtown Warren.

Registration and coffee will be held from 8:30 to 9 a.m. Nancy Christian of Fertile, president of the Northwest Minnesota Synodical Womens' Organization, will be the featured speaker. Pastor Terry Cuppett of Thief River Falls will lead the Bible study. The event will close with a noon luncheon.

Everyone is welcome and urged to attend.

Harvest Festival at Silverton Lutheran Church Oct. 19

Silverton Lutheran Church's annual Harvest Festival will be held at 7 p.m. on Sunday, October 19.

"The Hodnes and Friends" will present a musical program.

Matching funds up to $450 will be applied for through Northwest Minnesota Lutheran Brotherhood Branch 8129. Lunch will be served and everyone is welcome.

Silverton Lutheran Church is located four miles east on Hwy 1 and one mile north.

Parenting class at NWRL October 20

"Five Needs Your Child Must Have Met at Home," a parenting course authored by Ron Hutchcraft, is the topic of the parenting classes to be held Monday, October 20 and Monday, October 27 at the Northwest Regional Library from 6:30 to 7:30 p.m.

The video and discussion series presents practical answers to real-life issues, and people raising children of all ages will benefit from the information. Each class session is self-contained so interested persons can attend one or both sessions.

Reverend Bill Kerr of the United Methodist Church will lead the classes.

Arthur Joppru, 86

Thief River Falls - Arthur Joppru, 86, died Sunday, October 5, 1997 at Northwest Medical Center in Thief River Falls.

Funeral services were held Friday, October 10 at 2 p.m. at Our Saviour's Free Lutheran Church in Thief River Falls with Reverend Terry Olson officiating. Music was provided by organist Wanda Vigness. Duets were sung by Marville and Virgil Hjelle. Casketbearers were Bob Nelson, Andy Joppru, Don Joppru, Phil Grothe, Irvin Schmitke and Gordon Johnson. Honorary casketbearers were Kimberly Swenson, J.J. Joppru, Jason Brandt, Bennie Joppru, Billy Rollins, Chris Joppru and Erik Rollins. Burial was at Satesdal Cemetery in Excel township of Marshall County.

Arthur Joppru was born April 21, 1911 in Thief River Falls to Andrew and Tillie (Bergland) Joppru. He was baptized and confirmed at the Satesdal Lutheran Church. Art attended school and grew to adulthood in Thief River Falls. He was in the United States Army in 1942 during World War II.

Art was united in marriage to Evelyn Dahl on October 26, 1946. The couple continued to live in Thief River Falls. Arthur worked for the Soo Line Railroad from May of 1948 to November of 1976. In 1956 the couple moved to Silverton township. In 1995 he sold his farm and moved to Thief River Falls where he resided until his death.

He was a long-time member of Our Saviour's Free Lutheran Church where he was a past deacon and trustee. He was also active with the Redby Mission, Lutheran Laymen and Hauge Federation.

Arthur is survived by his wife, Evelyn, three daughters, Arlene Joppru of Pittsfield, MA, Shirley Joppru of Bozeman, MT and Lou Rollins of Hershey, PA; one son, Sheldon (Kay) of Minnetonka; seven grandchildren, three brothers, Richard (Kay) Joppru of Frederick, MD, Sander (Vi) Joppru of Thief River Falls and Orville (Marian) Joppru of Thief River Falls, and several nieces and nephews.

He was preceded in death by his parents, two sisters, and five brothers.

Harold Matzke, 89

Thief River Falls - Harold Matzke, 89, died Friday, October 10, 1997 at Ebenezer Ridges Care Center in Burnsville.

Funeral services will be held today, October 15 at 2 p.m. at Green Funeral Home Chapel with Reverend Wesley Langaas officiating. Burial will be held at Greenwood Cemetery.

Visitation was Tuesday from 3 to 7 p.m. at Greens Funeral Home and one hour prior to services at the chapel on Wednesday.

Veterans benefits paid electronically

All benefits payments to veterans, their dependents, and survivors from the Department of Veterans Affairs (VA) will be electronically deposited into their bank accounts by 1999.

Under the Debt Collection Improvement Act of 1996, all federal agencies are required to use Electronic Funds Transfer (EFT) methods to transfer funds to their benefits recipients. The act requires that this be accomplished by January 2, 1999. Nearly 60 percent of VA's benefits recipients already participate in the department's Direct Deposit program.

"EFT is an efficient, safe way for veterans to receive their monthly benefits," said Ronald Henke, director, St. Paul VA Regional office and Insurance Center. "They do not have to worry about checks being lost in the mail or misdelivered, and they can count on their payments being in their accounts on time every month."

EFT recipients do not have to be concerned about checks sitting unprotected in a mailbox, and the electronic payments are virtually crime-free compared with more than $60 million in forged, counterfeit, and altered government checks annually.

Individuals who do not have an account with a financial institution will need to participate in a government-wide program called the Electronic Benefit Transfer (EBT) program. Benefit recipients will be assigned an account in their name at a federally insured financial institution that allows them to access their funds at a reasonable cost and has the same consumer protections as other accounts at the same financial institution. Details on the operation of the program, include how these accounts will be made available, are now being developed by the Department of the Treasury.

Waivers will be available for veterans with disabilities which make using EFT unfeasible or who confront geographic barriers preventing them from receiving their payments electronically.

The Debt Collection Improvement Act also pertains to all other types of checks issued by VA, including payroll, vendor, and insurance checks. Waivers for electronic issuance of such checks are also available.

Community Hospice offers services to nursing homes

Community Hospice in Crookston is now offering hospice services to residents of four area nursing homes. Riverview's Community Hospice program, through contracts with Pioneer Memorial Care Center in Erskine, Fair Meadow Nursing Home in Fertile, Hillcrest Nursing Home in Red Lake Falls and Riverview Nursing Home in Crookston, has extended the benefit of hospice care to residents of these nursing homes, enhancing the overall services offered to terminally ill residents.

For residents meeting the criteria for hospice care, the hospice team works in collaboration with nursing home staff to meet the increased physical, emotional and spiritual needs of dying patients and their families. All services provided to hospice patients, such as symptom management, pain control, and volunteer support, are available to residents of the nursing homes as they would be for hospice patients living in their own homes.

Pioneer Memorial Care Center in Erskine recently had an opportunity to offer hospice services to a resident and both staffs had a chance to try out the newly formed relationship. "It proved to be a huge success," explained Gloria Kaste, administrator of Pioneer Memorial Care Center. "The resident's care was enhanced by the hospice nurse's unique and state-of-the-art pain control expertise and the emotional support supplied by extra volunteers who sat with the dying resident. And the education, consultation and bereavement care available 24-hours a day was a great support to our staff." Kaste said. "We look forward to working with Riverview's Hospice again in the future."

SPEAKING OF

Sherry LaCoursiere

...So, How About That Levy?

If a recent call-in talk show on radio station KTRF is any indication, there are plenty of people with opinions on the upcoming vote on the school levy. Whether the opinions are pro or con, the voters seem to have very strong feelings about the levy, and this is good.

It is good to hear both sides of an important issue such as the school levy, especially for those of us who really haven't made up our minds how we are going to vote. I know I'm one who is not sure how I am going to vote. I want to hear more and I hope KTRF knows a good thing when they have it and schedules more of such call-in talk shows, perhaps one with Superintendent Robicheau in the studio so he can answer questions right away instead of having to telephone in responses to the callers' questions.

The Superintendent had good answers to some of the questions, but I would have liked to hear his answers to some of the other comments and questions too. I wonder if it would be possible to utilize radio or television instead of town meetings to get the messages across about the levy. Many of us don't have the time or inclination to run off to town meetings to learn more or ask our questions. Perhaps we would be better informed in a question and answer session that we could hear in our homes and maybe even participate by phone.

I see that there are some very valid reasons for the school needing more money and I feel that most of them are perfectly acceptable. The problem I have with voting for the levy is that I feel tricked and betrayed from before, not only by the school system, but by the city administration. Yes, I know this doesn't have anything to do with right now and that this school issue should be viewed in its own light instead of under the shadows of previous deceptions, but I can't help but have a problem with trusting those in positions of power.

You see, the track record of this city seems to be "make it so the people will agree to it and then we'll change it to be the way we want it." It happened with Challenger, it happened with the depot, it happened with the cultural center or wellness center or whatever it is, it happened with the swimming pool, it happened with Sunday liquor sales, and it will happen again.

The people are a little gun shy now. We've seen how things can magically become entirely different things after we vote for or accept them. I, for one, am a little afraid of voting for the school levy for fear it will become another farce like those previously mentioned. Once (twice, three or four times) burned, and one certainly becomes several times shy.

I want to hear some real assurances that the money will be used in the best possible way. I don't want to hear a lot of clap trap that will change the minute the vote is in and the money is in the pocket. I want promises that will not be reneged upon - for a change - and I want to be able to trust our administrators again.

Don't tell me it is just those who have no children in school who are fearful of voting for the levy. I may not have any children in school, but I have two grandchildren there. I certainly want them to have the best education possible and there is no reason why they shouldn't. Thief River Falls used to be known as a fine place to educate children and I certainly want that reputation brought back.

Perhaps I have a problem with funding extracurricular activities and feel that the actual education of children is more important, but I really think that I would like to see the levy go through if it will be used for education and not some other fol-de-rol stuff hiring more administrator-type people or more mirrors in the lavatories or some such as that.

I'm sorry that the present school system is having to be the scapegoat for the problems in our city, but that is the way it appears to be. That is why the previous levy votes haven't gone through. The voters feel as if they have been duped before and they don't want to be victims again. We want our money used wisely and honestly. It seems as if we pay and pay and our taxes go up and up and we receive nothing in return except empty promises.

This is the time to have some discussion on this issue. Let's get it all out and laid on the table and then people like me will be able to weigh the issues and decide what we want to do. Let's have some honest answers and no hidden agendas. Don't play games with us any more. We're getting really sick of it. If we decide to vote for the levy, we want to see the money used wisely and well. Will you do that?

School nature area meet at Challenger October 30

Teachers are invited to talk about environmental education grants with St. Olaf College School Nature Area Program (SNAP) staff members when those officials are in Thief River Falls on Thursday, October 30.

Community members also are welcome to visit the school nature area at Challenger elementary school while the SNAP officials are there from 4 to 6 p.m. that day.

The visit to Thief River Falls is one of four to Minnesota schools this fall by SNAP staff members. It is intended to let teachers and members of the public view school nature areas, learn about projects that other teachers are conducting and ask questions about the program.

Other visits are scheduled at White Bear Lake, Gilbert and Granite Falls, all from 4 to 6 p.m. Refreshments will be provided.

Founded at St. Olaf College in 1991, SNAP assists Minnesota schools in the development and use of nature areas, environmental education and curricula. The project has helped more than 100 Minnesota schools establish nature areas and outdoor education curricula.

Minnesota K-12 public or private schools may apply for SNAP partnership and project grants, including schools that have previously been awarded SNAP grants.

"Project Grants" provide funds for teachers and their students to do specific projects for the improvement of wildlife habitat and planting of native vegetation on or near the school grounds. Schools or individual classrooms may apply for cash awards of $500 to $1,500.

"Partnership Grants" help schools develop nature areas and incorporate their use into the curriculum. SNAP provides stipends for a core team of teachers and $3,000 in implementation funds. SNAP staff members work with schools for three years, offering ecology and environmental education, site and curriculum planning and development and technology assistance.

Educators who wish to attend the session at Challenger are asked to call the SNAP office at 507-646-3599 to tell staff members which school visits they plan to attend.

Our tears began to flow
Three years ago today
As the Angels said it was
Time for you to go

Our hearts became sad
Three years ago today,
Left only with memories
Of everything you had

No time to say good-bye
Three years ago today
Rivers of tears we still cry

Pain will ease, time will heal
Three years ago today
Deep sadness and loneliness
we still feel

Our son, brother, and very
special friend
Three years ago today
Your time with us came to an end

God called you home
The beautiful gardens of Heaven
You are forever free to roam

The Sound of Music to entertain and thrill audiences

"How Do You Solve a Problem Like Maria?" is the song sung by (from left) Branda Merben, Jen Petarson, Neomi Raymond and Rechel Lerson) in this scene from "The Sound of Music," a musical to be presented by the Thief River Falls Community Arts Council and Northland Community and Technical College October 22-26 at the NCTC theater

"Of course he'll marry me," exclaims Baroness Elsa Von Schrader (Jayne Miller) confidently in reply to a question by Max (Dennis Raymond). At right is Franz (Philip Hoks). The scene is from "The Sound of Music," a musical to be presented October 22-26 at Northland Community and Technical College by the Thief River Falls Community Arts Council and NCTC. The performances will be at 7 p.m. Wednesday through Saturday and 2 p.m. Sunday in the college theater.

'til you sing it. A song is no song 'til you sing it. And love in your heart wasn't put there to stay. Love isn't love 'til you give it away."

Hammerstein himself gave this couplet to Mary Martin, the original Maria in the Broadway production, before Richard Rodgers broke the news of Hammerstein's impending death to Martin. When Mary Martin did Hello, Dolly! years later, she sang this couplet at the end of each performance. She even learned it in several languages. She said it was her tribute to Oscar Hammerstein, a great musician and an even greater man. When Hammerstein died, Richard Rodgers said, "I am permanently grieved." As was Hammerstein's wish, Rodgers eventually returned to the theater, but he considered The Sound of Music "the last gift of perfection" given to him and it remained one of his favorite musicals.

At the gates outside the church sanctuary, the Nonnberg nuns sing a Latin chant. The gates are actually doors from the United Methodist parsonage in Thief River Falls which were discarded when new doors were installed. Costumes for the nuns and postulants are on loan from "That's Entertainment" and Marilyn Wigness held a mini-workshop for the actresses on the significance of each piece of the habit and how to put it on. The scene is from the musical "Sound of Music" which will be presented Wednesday through Sunday, October 22-26, by the Thief River Falls Community Arts Council and Northland Community and Technical college in the college theater. Pictured from left are Stephanio Dagan, Joanna Swantak, Naomi Reymond, Ruth Christonson, Bobbie Bonson, Rachel larson, Bronda Marben, Cyndi Onkka, Jan Petorson and Karon Christonsen.

SwisPennCo. on track with MPCA compliance agreement

As of Thursday, September 25, SwisPennCo. is on track for complying with stipulations of a Minnesota Pollution Control Agency compliance agreement setting deadlines for cleaning up the facility following discovery of several violations last spring.

Howard Person, Pennington County Solid Waste officer, said as of Thursday, they were on track for meeting demands. There are about 40 loads of "fluff" to be hauled away yet, but he expects it to be all gone by November 1, the deadline for removing the huge pile of fluff.

Person said the county board has some concerns about the burned pellets on site, which also must be removed. The burned pellets were left after a fire last year (not recent fires). The compliance agreement calls for the burned pellets to be land spread and incorporated by November 1. Person said that the land where the burned pellets will be land spread and incorporated, however, still has a crop of sunflower on it. The county board, he said, will be really pushing to make sure the burned pellets are land spread and incorporated by the deadline.

Person said they also have about 2,000 yards of unscreened compost, which must be screened by November 1. A screener being used by SwisPennCo. was returned to the manufacturer and SwisPennCo. is waiting for a new screener. Person said that if it is as large and operates as stated, the unscreened compost should be screened by the deadline.

Two recent fires at SwisPennCo. damaged a county building. Person said the county does not plan to replace the office and restrooms which were destroyed. The building was being used to store compost and the offices and restrooms were not being used.

Person said they are in the process of obtaining bids on repairing the building.

Earlier, Ken Olson, county auditor, said that they didn't think there was any structural damage to the building.

Person said the county board wants to make sure the repairs are made as soon as possible.

Propose changes to qualifications for bus drivers

Minnesota Department of Public Safety is proposing changes to the administrative rules that govern school bus driver qualifications and accepting written comments or requests for public hearing until 4:30 p.m. October 22.

The proposed rules may be modified in response to comment and adopted without a public hearing unless 25 persons request a public hearing. If such hearing is requested, it will be held before an administrative law judge November 5 in Room 500 South of the State Office Building, 100 Constitution Avenue in St. Paul, starting at 9 a.m.

Hearing requests must be made in writing, provide the person's name and address, and identify the portion of the rules objected to or if the individual is opposed to the entire set of proposed rules.

The proposed rules replace the existing physical qualification standards with those used by federal motor carrier drivers and provide case specific waiver criteria and procedures. School bus endorsement categories are expanded to provide more flexibility for applicants and better correlation between the skills of the applicant and the size and complexity of the bus to be driven. Common definitions have been added and the existing written and road test criteria clarified.

More than 20,000 people currently have a school bus endorsement on their state driver's license.

For a complete copy of the proposal rule changes and supporting documentation, contact Jane Nelson, Driver and Vehicle Services at 612-296-2608 or by e-mail at Jane.Nelson@state.mn.us

Prowlers edge Otters 21-20

■ TRF scores final-minute touchdown for win

A 3-yard Wade Chiodo touchdown run and a Levi Kraft extra point kick with 16 seconds remaining lifted Thief River Falls past Fergus Falls 21-20 Friday in Section 8AAAA high school football.

The Prowlers, despite a huge edge in most offensive statistical categories, found themselves surrendering a 14-12 lead with 2:59 to play. But they hurried down the field and won for the fourth time this fall by a touchdown margin or less.

Thief River Falls racked up 26 first downs to 10 for Fergus Falls and rushed for 300 yards to just 43 for the Otters, but still had trouble putting the 2-4 Fergus Falls team away.

"You would think with all the yards we're picking up, we would have an easier time of it," said Thief River Falls head coach Jeff Munum. "But we haven't been able to finish. We get in position to score, then we shoot ourselves in the foot."

Fergus Falls' biggest asset was a passing game directed by quarterback Joe Ellig, who came off the injury list to hit 11 of 21 for 175 yards and a touchdown.

"That's the best throwing quarterback we've seen so far," noted Munum. "He threw the ball extremely well."

Aaron Olson, who caught a 75-yard second quarter touchdown, finished with 105 yards on four receptions.

Down two with five minutes to play, Fergus Falls capitalized on a fourth down roughing the kicker penalty to maintain possession and complete a go-ahead touchdown drive on a 3-yard Ben Shaw run with 2:59 left. A two-point Ellig conversion pass to Chad Landeman made it 20-14.

Thief River Falls, however, met the challenge. A 32-yard Chris Munum to Jeremy Swanson pass was the big play on the game-winning drive for the visitors that ended with Chiodo's short run for the touchdown. Kraft capped a 3-for-3 game in the extra-point department for the win.

"Give the kids a lot of credit for coming back like that," said Jeff Munum. "It was amazing. They fell behind, but there was no fear, no panic. They just went out and got the job done. We're extremely happy with the win."

Thief River Falls had a pair of 100-yard runners. Trevor Lee carried 11 times for 117 yards and first half touchdown runs of 12 and 17 yards. Chiodo had a 25 carry, 100-yard night. Kyle Anderson contributed 51 yards on 11 carries and Andy Harbott added 29 yards on seven attempts before leaving with an ankle injury.

Chris Munum was 6 for 12 in the air for 79 yards.

The 5-2 Prowlers will close out the 1997 regular season tonight (Wednesday) with a 7 p.m. game against unbeaten East Grand Forks in Thief River Falls.

East Grand Forks will be trying to remain unbeaten and Thief River Falls will be looking to grab a No. 2 seed in post-season play when the Green Wave and Prowlers meet tonight (Wednesday) in the 1997 regular season high school football finale for both teams at Prowler Field. Kickoff is scheduled for 7 p.m.

Playoff pairings will be confirmed tomorrow during a coaches meeting, but Thief River Falls will be the second seed in Section 8AAAA if the Prowlers beat the Green Wave.

Based upon a point system, the Section 8AAAA standings heading into the final week of the regular season show Detroit Lakes with 55 points, Thief Falls 47, Alexandria 43, Sauk Rapids 37, Rocori 31, Little Falls 26, and Fergus Falls 21.

A team is awarded 10 points for a victory over an opponent in a higher class, nine points for a win over a team in the same class, and eight points for a decision over a foe in a lower class.

In addition to Thief River Falls playing East Grand Forks (a Class AAA team) regular season ending matchups tonight in Section 8AAAA will find Detroit Lakes playing St. Paul Arlington (Class 4A), Alexandria at Rocori, Fergus Falls at Bemidji (Class 5A), Little Falls at Willmar (Class 5A), and Sauk Rapids at Milaca (Class 3A).

Detroit Lakes is a favorite to beat Arlington, a new school. Alexandria could jump ahead of Thief River Falls if the Cardinals beat Rocori and the Prowlers lose to East Grand Forks.

First round Section 8AAAA playoff games will take place Tuesday with the No. 1 seed receiving a bye, No. 7 at No. 2, No. 6 at No. 3, and No. 5 at No. 4.

Semifinals will take place Saturday, Oct. 25. While finished No. 2 or No. 3 might not make a world of difference in the first round, it becomes a major item in the semifinals if both teams advance since the No. 2 seed will be the home team.

East Grand Forks is already assured of the No. 1 seed in Section 8AAA, which also includes Crookston, Crosby-Ironton, Park Rapids Area, Perham, Roseau, Staples-Motley, Wadena-Deer Creek, and Warroad.

The 7-0 Green Wave owns wins over Two Harbors 41-16, Park Rapids Area 28-8, Wadena-Deer Creek 33-30 in overtime, Fergus Falls 46-7, Staples-Motley 13-0, Wadena-Deer Creek (again) 30-12, and Crookston 35-6 last week.

Thief River Falls, 5-2, lost a 21-20 season-opening decision to Sartell, then beat Detroit Lakes 27-20 in overtime, Crookston 20-14, Virginia 40-20, and Bemidji 20-18 before losing to Grand Rapids 29-20. The Prowlers bounced back to defeat Fergus Falls 21-20 last week.

Gators finish regular season vs. Fertile-Beltrami...

B/G-MR playing for top seed

Top seed in upcoming Section 8AA playoffs will be the reward tonight (Wednesday) if Badger/Greenbush-Middle River can come up with a regular season-ending Valley Plains Conference high school football win at Fertile-Beltrami.

A loss to the Falcons would drop the Gators to the No. 2 spot, which could eventually rob them of a home playoff game down the road.

"It's a big game for us," acknowledged Badger/Greenbush-Middle River coach Steve Willman.

Bagley, Cass Lake-Bena, Pequot Lakes, Mahnomen, Pine River-Backus, and Walker-Hackensack-Akeley will join Badger/Greenbush-Middle River in the Section 8AA playoffs.

Friday, the Gators improved to 5-2 with a 46-26 Valley Plains Conference win over Ada-Borup in a game played at Badger.

The two teams traded touchdowns in a first half that ended with the Gators holding on to a 24-20 lead. But Badger/Greenbush-Middle River opened the second half with short touchdown run by Daryl Wockenfuss, David Truscinski and Richard Wockenfuss producing a 46-20 scoreboard spread.

"At the beginning of the game, our defense wasn't playing very well," admitted Willman, who had to make some personnel adjustments to fill a void left by injured Andy Schenkey.

Ada-Borup took advantage of Schenkey's absence with a passing game that found quarterback Garrett Chisholm hitting 13 of 20 attempts for 239 yards and two touchdowns.

Badger/Greenbush-Middle River countered with a ground game featuring Mark Nissen with 169 yards on 17 carries and Daryl Wockenfuss with 116 yards on 16 attempts. That continued a pattern that has seen the Gators produce a pair of 100-yard runners in each of their five wins.

"We were able to move the ball on them," noted Willman. "Mark is running well, and Richard and Daryl (Wockenfuss) are doing a great job as the lead blockers."

Thief River Falls girls won the 1997 North Sub-Section 8AA high school tennis tournament team title with victories over Detroit Lakes, Alexandria and Bemidji that advanced the Prowlers into the state tournament-qualifying Section 8AA finals. Members of the team include, front row from left, Ann Gustafson, Heather Hanson, Beth Padilla, Janni Gonsorowski; second row, Katie Herbott, Jonny Kimball, Becca Leach, Toni LeMoine, Bridgette Stock; third from, Eeva Young, Jenna Tsukichi, Lesley Ihle; back row, assistant coach Roland Cron, Beth Goddard, Steph Leach, and head coach Sylvia Sjoberg. In additional to the team success, Herbott and Ihle advanced to the sectional tournament with a runner-up finish in doubles during the individual portion of the North Sub-Section 8AA competition.

Thursday afternoon football...

NCTC meets Itasca in final home game

A weekday matinee match-up with Itasca Thursday will close out the 1997 Northland Community and Technical College home football schedule. Game time is 1:30 p.m. at Prowler Field.

Northland will finish the regular season Oct. 23 against Mesabi in Virginia.

The Pioneers are coming off a 54-14 pounding at the hands of Vermilion Thursday in Ely, where high winds, rain and the two-time defending state champion Ironmen made for a long night.

"We played a superior football team," said Northland coach Gene Klinke. "They're by far the best team we've faced this year. We played well at times, but not so well at other times."

Despite heading into the final two weeks with a single win to their credit, the Pioneers still have a shot at second place in the Northern Division and a berth in Minnesota Community College Conference state playoffs if they would beat the Vikings and Norsemen.

Mustangs claim title in RLCC Invitational

Four 2-0 wins netted the host Mustangs a championship trophy Saturday in their Red Lake County Central Invitational high school volleyball tournament.

The winners swept Clearbrook-Gonvick, Lake Park-Audubon and East Grand Forks Sacred Heart in the round robin pool play portion of the tournament, then stopped Fisher/Climax 15-9, 15-7 in the finals.

"It was a good day," reported Red Lake County Central coach Nancy Bray. "We played well."

Angie Chervestad wound up with 40 kills for the day for the Mustangs, with Jenny Brekkestran picking up 18. Frances Hilgeman collected 67 assists in the tournament.

East Grand Forks beat East Grand Forks Sacred Heart in the third place match, Red Lake Falls defeated Lake Park-Audubon for fifth place, and Goodridge/Grygla-Gatzke swept Clearbrook-Gonvick for seventh place.

Matches were played at both Oklee and Plummer.

MSHSL meeting will be in TRF on Oct. 21

Minnesota State High School League public meeting will be held Tuesday, Oct. 21, at 6 p.m. at the Thief River Falls Best Western Inn.

It's part of a series of state-wide public forums being conducted by the MSHSL in an effort to share information relative to league activities.

"Here's your chance to sound off on matters involving the Minnesota State High School League," offered MSHSL officials. "You can make your feelings known, express your opinions, perhaps even offer a compliment."

Discussions could cover the four class basketball tournaments that were implement last year, the expansion this year of football to six classes, soccer and swimming to two classes, student eligibility bylaws, or concerns about seasons of competition. "You name it, and League board members and staff will be available to respond to your issues, questions or concerns," according to the MSHSL.

Other fall meetings were scheduled to be held at the MSHSL office in Brooklyn Center, and in Mankato, Marshall, Eveleth, Fergus Falls, Rochester, and St. Cloud.

Wolverines pick up 3-2 volleyball victory vs. Rams

Goodridge/Grygla-Gatzke started strong, faltered, then regrouped to come out a 3-2 winner at Roseau Monday in high school volleyball.

"It was a wonderful win," said Goodridge/Grygla-Gatzke coach Jean Schulz, who could not remember the last time the Wolverines beat the Rams.

But it wasn't easy. Goodridge/Grygla-Gatzke won 16-14, 15-6, 1-15, 1-15, 15-7.

"We had the momentum and we were playing with a lot of confidence," pointed out Schulz. "Then it was like we forgot how to play. There was no team work in the third and fourth games. I had to remind them to go out and play together and have some fun."

But things didn't suddenly turn in the Wolverines' favor. They found themselves trailing 5-0 in Game 5 before coming up with a match-winning rally.

"They were able to come back," noted Schulz. "It was great to see."

Kristin Halvorson had 10 kills to lead the winners, while Dana Wiseth came up with six and Mandy Sjulestad had four.

Annie Kotrba supplied the Wolverines with five aces, Wiseth added two.

Goodridge/Grygla-Gatzke setter Jenny Nelson collected 13 assists.

It was the regular season finale for the 14-10 Wolverines, who had a 1-3 showing at the Red Lake County Central Invitational Saturday when they lost pool play matches to Red Lake Falls, Fisher/Climax and East Grand Forks before beating Clearbrook-Gonvick in the seventh place match.

"We were missing a couple of kids and we didn't play very well," said Schulz.

Nordics vs. Pirates

Crookston was a 15-11, 15-11, 15-2 Monday winner over visiting Marshall County Central.

"We had a chance to win the first couple of games," pointed out Marshall County Central coach Mark Jorgenson, whose team had an 11-9 lead in Game 1 before missing five straight serves. "We let the third game get away. We've got to be able to handle the pressure in those situations."

The 7-16 Nordics will close out the regular season schedule at Warren-Alvarado-Oslo Monday.

Mustangs vs. Knights

Red Lake County Central turned the tables this time with a 15-11, 15-13, 15-12 Monday win over Fisher/Climax that clinched the Polar Conference title.

A year ago a similar late-season match-up was won by the Knights.

"It was a good match," said Red Lake County Central coach Nancy Bray. "It was close all the way."

Angie Chervestad had 20 kills for the winners, while Jenny Brekkestran and Katie O'Neill both came up with eight and Erin Melby had seven. Frances Hilgeman wound up with 13 assists.

The 21-3 Mustangs finish the regular season at Clearbrook/Gonvick Monday.

Northland defenders Jami VanEngen (left) and Lara Hendrickson went above the net against Vermilion hitter Katie Kramer during Friday's Minnesota Community College Conference volleyball match in Thief River Falls. VanEngen came up with a kill block on the play and the Pioneers came from behind to beat the Ironmen 3-2.

Pioneers edge Vermilion 3-2

It took a few minutes to iron out the wrinkles, but a couple of new twists produced the desired results as Northland overcame a slow start to beat Vermilion 8-15, 15-6, 15-12, 7-15, 15-8 Friday in Minnesota Community College Conference volleyball.

The Pioneers had trouble getting started. They began the night in a 6-0 hole, and trailed 14-1 following back-to-back aces by Jessica Coleman.

Northland rallied at that point. The comeback wasn't enough to overcome the early deficit, but it did produce momentum that carried into Game 2, when the first half dozen points were scored by the Pioneers.

"We've never played this rotation before," explained Northland coach Shari Olson, who had to make a line-up change when setter Melissa Bernstein came up with a back problem.

Paula Hovda, a sophomore from Roseau, was moved from outside hitter to take over Bernstein's setting job, and proved to be more than capable in the relief role as the Pioneers' primary play-maker.

"Paula did an exceptional job," said Olson. "She got us going."

Northland's second-game success spilled into Game 3, where the Pioneers rolled to a 12-1 lead. Vermilion, down 14-6, managed to make it close as Allyson Ferris came up with three consecutive aces, then moved to the front row for a put-away that chopped the difference to 14-12. But the Pioneers' Lara Hendrickson closed it out with an ace.

Three aces by Coleman during an early seven point run at the service line led to a 15-7 match-tying Game 4 Vermilion win.

That set the stage for the rally-point scoring used in all match-deciding games this fall when the scoreboard changes on every serve.

A coin flip decides who begins the final game service. Despite winning the toss, Northland gave Vermilion the serve. "We wanted them to make the first mistake," explained Olson. "Our serve receiving is so good – the best I've ever had – that we wanted to get the ball and go on the attack right away."

His strategy worked. Northland scored five quick points and had a 9-2 cushion following a drive by Jami VanEngen. Kills by Hendrickson and Meskenzie Malwitz, followed by a Vermilion mix-up on defense, put Northland on top 14-5, and Hovd closed it out with a hit that caromed off a defender, then off the Northland gym rafters.

"It was a nice win," noted Olson, who said the Pioneers' blocking against Missy Johnson, the No. 1 hitter in the MCCC Northern Division, was the key to the victory. "We did a great job blocking her," pointed out Olson. "She's their offense, and we shut her down."

RLCC defense nets 14-6 win

Red Lake County Central called on its defense to produce a 14-6 Nine-Man high school football win over Red Lake Friday.

Linebackers PJ Larson and Tyler Nelson led the Mustangs' defensive efforts. Larson came up with three fumble recoveries, had six unassisted tackles and 11 assisted stops. Nelson picked off two passes, made seven tackles and assisted on nine stops. Brandon Tougas, a third member of the Red Lake County Central linebacker crew, was also busy with five tackles and 10 assists.

Those numbers meant that defensive linemen like Quinn Bishop, John Killian and Nick Waldal were doing the job up front by tying people up and freeing the linebackers to make the plays, pointed out Red Lake County Central coach Gary Brandt. "We played outstanding defense all night," he said.

All the scoring was done in the third quarter, starting with a 1-yard Justin Neadeau touchdown run for Red Lake following a Red Lake County Central fumble at the Mustangs' 10-yard line.

Red Lake County Central came right back to score on the ensuing possession as runs by 10 and 20 yards by Andy Gustafson set up a 1-yard Mark Lorenson touchdown.

Next time the Mustangs put their downs on the ball they went ahead on a 15-yard Lorenson touchdown pass to Waldal. David Fox added the conversion run.

Red Lake County Central's defense, and a first quarter injury to quarterback Gerald Kingbird, stopped the Red Lake offense most of the night. The Mustangs protected their eight-point lead with a late-game goal line stand after Red Lake had a first-and-goal at the Mustangs' 3-yard line.

Gustafson, a 5-7, 155-pound sophomore, carried 19 times for 94 yards. Lorenson was limited to a 3-for-16 passing game for 31 yards.

"Offensively, especially in the second half, we were really flat," said Brandt, whose team was slowed by penalties and fumbles.

Red Lake, after starting the year 5-0 and ranked in the Associated Press Nine-Man top ten list, lost for the second straight week.

The Mustangs took a 5-2 record into their regular season finale Tuesday against Norman County West at Oklee.

TRF swimmers fall to Jacks

Bemidji won seven of the first eight events Thursday and coasted to a 106-76 dual meet girls high school swimming win over Thief River Falls at the Franklin Middle School pool.

Chelsea Haviland supplied the Prowlers with wins in diving and the 100-yard breaststroke, while Kristin Naplin came up with a victory in the 100 backstroke.

The Prowlers also won the 200 freestyle relay (Naplin, Lindsay Ehrenstrom, Jenny Sorvig, Julie Chrzanowski) and the 400 freestyle relay (Chrzanowski, Naplin, Andi Sorvig, Haviland).

Bemidji won the junior varsity portion of the meet 109-32.

Thief River Falls is 4-7 in dual meet competition.

DNR NEWS

DNR Has New Toll-Free Number

Minnesota Department of Natural Resources has introduced the new statewide toll-free number that connects outstate Minnesota residents to the DNR's Information Center. The goal is to provide Minnesotans with an easy one-stop access number for DNR information and publications.

Information Center, located in St. Paul, provides callers with information about hunting seasons, snow depths, park and trail opportunities, and a host of other outdoor activities and topics. The Information Center also stocks and distributes more than 800 free publications.

In addition to convenience, the DNR has also beefed up staffing levels within the Information Center.

State DNR official offers helpful tips for goose hunters

Canada goose hunting is the fastest growing hunting sport in Minnesota. The 1996 harvest of 170,000 honkers was more than double the yearly average of 73,000 in the 1980s. Minnesota now harvests more geese than any state in the country.

Many hunters new to the sport are unaccustomed to firing at such a big bird. More familiar with shooting ducks, they often fire with too light a load at geese too far away. To improve hunters' effectiveness and reduce the crippling of geese caused by ill-placed shots, the Minnesota Department of Natural Resources has begun teaching hunters how to shoot more effectively. Through a brochure, "Get Your Goose," and seminars held each fall at Thief Lake and Lac qui Parle wildlife management areas, hunters are learning how to improve their odds of bagging a honker.

Although it's a big bird, a goose has a relatively small vital zone. The total area in which pellets will kill a goose is just one-tenth the bird's total size. To ensure they hit the vital zone with enough "oomph," waterfowl hunters need to pattern their guns and find the correct loads.

Most experts say the best loads for geese are sizes 1, BB, BBB, or T shell shot. For most hunting situations, BB or BBB shot is the most effective shot size. Both have plenty of pellets, but still enough energy to bring down a goose. Guns are usually 10- or 12- gauge. Because steel shoots tighter patterns than lead does, the best chokes for geese are modified and improved modified. However, each shotgun choke is unique, which is why hunters should pattern their particular guns.

To test loads, place a 40- by 40-inch square sheet of paper at the same distance as flying geese that will be shot at. (For most hunters and situations, that's about 30 to 50 yards.) Fire at an aiming point you mark on the paper. Do this on five sheets. Then, on each sheet, draw a 30-inch diameter circle around the densest pattern area on each sheet and count the pellets that hit inside the circle. This is the "pattern density." Try different loads and chokes until one is found that puts enough pellets (from 35 for heavier loads up to 55 for lighter loads) into the circle, which ensures that enough will hit the goose's vital zone for a clean kill.

Another common mistake of beginning hunters is to shoot at geese flying out of range ("skybusting"). This can cripple birds, flare off approaching geese and cause approaching flocks to fly higher. Some exceptional shooters have the skill to occasionally drop a bird "from the stratosphere," but for most hunters, a kill over 50 yards is dumb luck and poor sportsmanship. A good rule of thumb recommended by goose guides is this: If the end of your gun barrel covers more than half the bird, it is beyond 45 yards and is too far away for a clean kill.

It takes practice to find the correct lead for geese. The big birds have slow wing beats that make them appear to be lumbering along. But actually, geese move as fast as a mallard. Lead accordingly.

For more information on goose hunting or a copy of "Get Your Goose," call the DNR Information Center at 1-888-MINNDNR.

Waterfowl hunters are requested to watch for swans

With Minnesota's waterfowl hunting season underway, hunters are reminded by the Department of Natural Resources that protected trumpeter swans are present throughout the state. Trumpeter swans have experienced nesting success in recent years, but that success could be dampened if hunters don't properly identify birds before shooting.

Trumpeter swans have been released into the wild and may be encountered anywhere in the state, according to Steve Kittelson, a nongame wildlife specialist. Trumpeter swans are about 5 feet long, with wingspreads of up to 7 feet. Adults are all white and the cygnets are light gray. Swans will normally be seen as singles, pairs of adults, or family groups of two white adults and several light gray young ones. They do not normally fly or migrate in large flocks like snow geese or Canada geese do.

Snow geese, which are legal game birds, are white with black wing tips. They are only about 2 feet long, with 4-foot wingspreads. Their necks are much shorter than swans' necks.

People who shoot swans face stiff fines, possible confiscation of their shotguns, and restitution charges of up to $3,000 per swan.

Anyone who witnesses trumpeter swans being shot at, injured or killed are asked to immediately contact the Turn-In-Poachers program at 1-800-652-9093. Callers may remain anonymous.

TRF Sports Boosters schedule interrupted

Due to the MEA-week break, there will be no Thief River Falls Sports Boosters meeting this week.

The group will resume its Thursday 12-noon luncheon meeting schedule at the Elks Oct. 23 when a Lincoln High School fall sports update will be presented, along with a report on the proposed Multi-Events Cultural Center.

MIDDLE SCHOOL

Volleyball

Franklin Middle School eighth grade volleyball team placed second Friday in the Marshall County Central Invitational.

The Franklin squad beat Badger/Greenbush-Middle River 15-2, 15-0 and got by East Grand Forks Sacred Heart 15-9, 7-15, 15-13 to reach the finals where Kittson Central was a 15-1, 15-6 winner.

Gators place third at Warroad Invitational

Badger/Greenbush-Middle River placed third Saturday in the Warroad Invitational high school volleyball tournament.

Tri-County stopped the Gators 15-12, 11-15, 15-5 to start the round-robin pool play portion of the tournament, but Badger/Greenbush-Middle River bounced back to beat Kelliher/Northome 15-3, 15-7 and Marshall County Central 15-5, 13-15, 16-14.

The Gators then edged Kittson Central 16-14, 15-12 in the third place match.

Tri-County beat host Warroad 15-10, 9-15, 15-5 in the championship match.

"We had a really good day," said Badger/Greenbush-Middle River coach Christine Adrian. "They played pretty consistent volleyball. They were aggressive."

Adrian said Merri Reese turned in a strong third place match performance, Kelsey Foldesi stood out at the net against Tri-County, Tiffany Hagen and Stefanie Sparby had solid performances against Marshall County Central, and "everybody played well against Kelliher/Northome," she said.

The Gators were coming off a 3-0 Thursday loss in Roseau, but it was a match that was closer than the 15-5, 15-7, 15-5 scores would indicate. "We played pretty well, but we just didn't get the points," explained Adrian.

NCTC falls to Mesabi

Earlier this fall, Northland lost to Vermilion 3-0 and beat Mesabi 3-1 on a Minnesota Community College Conference volleyball road trip to Ely and Virginia.

The Pioneers wound up with another split when those two teams followed each other to Thief River Falls for weekend Northern Division rematches. Only this time, the results were reversed as Northland beat Vermilion 3-2 and lost to Mesabi 3-1.

Friday night, the Pioneers had a 22 percent team hitting efficiency in the five-game victory over the Ironmen. Saturday afternoon that figure was cut in half in the three-game loss to the Norsemen.

Mesabi used the momentum from an extended first-game victory to complete an 18-16, 15-7, 15-3 sweep.

"We had 22 percent team hitting efficiency against Vermilion and win. We have 11 percent hitting efficiency against Mesabi and lose," said Northland coach Shari Olson. "It's not too hard to figure out. Some of our kids just didn't come ready to play. It was a totally different team than Friday night."

The loss dropped Northland to 7-9 for the year heading into a Tuesday match against Itasca in Grand Rapids. The Pioneers are 5-6 in the Northern Division, where they are battling for a top-four finish and a state tournament spot.

Northland finishes the regular season at home – an Oct. 20 triangular involving the Pioneers, Fergus Falls and the Concordia College junior varsity, followed by an Oct. 23 match against Central Lakes.

MCC finishes fifth at Warroad Invitational

Marshall County Central, just 4-14 at the start of the day, came up with three wins and a fifth place finish at the Warroad Invitational high school volleyball tournament Saturday.

"We had a pretty good tournament," reported Marshall County Central coach Mack Jorgenson. "It was a great improvement over the way we had been playing."

The Nordics began the round-robin pool play portion of the tournament with wins over Northome-Kelliher 15-2, 15-8 and Tri-County 8-15, 15-13, 15-9. Badger/Greenbush-Middle River dropped Marshall County Central into the fifth place match with a 15-5, 13-15, 16-14 victory, overcoming a 14-12 third-game deficit in the process.

"That was a tough loss," acknowledged Jorgenson, whose team went right back on the court to face Stephen-Argyle. The Nordics started slow, but beat the Storm 7-15, 15-6, 15-11.

"We played good team defense throughout the tournament," said Jorgenson. The offense, he pointed out, was led by senior Katie Kilen and sophomore Kristi Kilen.

Tri County defeated Warroad 15-10, 9-15, 15-5 in the championship match. Badger/Greenbush-Middle River was a 16-14, 15-12 winner over Kittson Central in the third place match.

OUTDOOR NEWS

Red River Area Sturgeon Stock

In early October, the Minnesota Department of Natural Resources Section of Fisheries began a stocking project to reintroduce lake sturgeon into the rivers and lakes that drain into the Red River. The plan calls for 50 young lake sturgeon to be stocked into Detroit Lake at Detroit Lakes, and 200 into the Otter Tail River, below the Orwell Dam near Fergus Falls.

The young sturgeon will be 18 to 32 inches long when stocked, and weigh from one to ten pounds, with an average weight of 2 1/2 to three pounds.

Planned stockings have been coordinated through the Red River Fisheries Steering Committee and approved by natural resources officials in Minnesota, North Dakota and Manitoba.

Prior to the 20th century, Lake sturgeon thrived in the Red River and most of the larger lakes and rivers that drained into the Red. In the early 1900s, however, sturgeon population in the Red River and its tributaries were greatly reduced by over-fishing.

Construction of dams, increased water pollution, channelization of rivers and streams, and other water development projects gradually eliminated the remaining Red River population. The last verified record of a lake sturgeon in the area came from Lake Lida in Otter Tail County in 1957.

Lake Sturgeon have a "prehistoric" look, compared to most game fish. And, compared to most fish, they are slow growing and live a long time. The maximum reported age is 152 years. The largest lake sturgeon ever verified weighed 310 pounds – captured in Lake Michigan in 1942. Unverified reports of even older, larger specimens taken from Lake of the Woods were reported in the early 1900s – remarkable for a fish that takes four to five years to reach a length of 20 inches and a weight of one pound. Females don't begin to spawn until they're 20 to 23 years old and weight 25 to 30 pounds. Males mature a little earlier – between 15 and 17 years of age, weighing 15 to 20 pounds.

To spawn successfully, adult sturgeon must move to a rapids, or "riffle," area of a river or stream to lay their eggs. In many cases, dams have blocked these historic migration pathways and raised water levels to effectively eliminate many rapids and riffle areas where sturgeon once spawned.

Along with reintroducing young sturgeon to areas where they once were common, DNR fisheries managers are working to remove dams considered to be critical barriers to sturgeon movement in the Red River and its tributaries.

Fish-passage structures have already been installed at dams on the Otter Tail River near Fergus Falls and Breckenridge. Two dams on the main stem of the Red River – Kidder Dam near Wahpeton-Breckenridge and the Midtown Dam in Fargo-Moorhead – will be modified in the near future to improve fish passage. Partnerships between cities, watershed districts, and state and federal agencies are addressing safety and fish-passage concerns at many other dams on the Red River and its tributaries.

The young sturgeon stocked into Detroit Lake and the Otter Tail River will come from the Rainy River near Baudette. Lake sturgeon are currently abundant in the Rainy River, and removing a few of them to reestablish the Red River population will have no adverse effects.

Recent studies by the DNR have shown Rainy River sturgeon to be genetically suitable for introduction into the Red River. Both rivers eventually drain into Hudson Bay. It is important that fish from other watersheds, which may not be suited to the harsh conditions in the Red River, not be introduced into the system.

According to DNR fisheries managers, the planned stockings will not create an immediate fishing opportunity; rather, they will be a very visible example of the potential benefits of restoring river and stream habitats in the Red River watershed.

Erica McGeary

Sunny Carlson

Carlson, McGeary are LHS student Rotarians

Lincoln seniors Sunny Carlson and Erica McGeary are serving as student Rotarians for the month of October with the Thief River Falls Rotary Club. They attend the weekly Monday noon dinner meetings of the club at the Best Western Inn and report on activities for the week at Lincoln high school.

Sunny, 17, is the daughter of Charles and Kathryn Carlson and involved in Project 4-Teens, concert choir, National Honor Society and Key club and is a student manager for football and cheerleader for the varsity wrestling team.

A long-time 4-H club member, she is a county and state 4-H Ambassador, is the reigning Minnesota Angus Queen, serves as a lifeguard and water safety instructor and is a member of Redeemer Lutheran church.

Youngest of four children in the family, Sunny has three older brothers—Todd, 28; Troy, 26; and Matt, 22. Her hobbies and interests include water skiing, swimming, horseback riding, showing cattle and sewing.

Sunny plans to attend Northland Community and Technical College for two years, then transfer to Moorhead State University to work toward a degree in psychology/food nutrition.

Erica, 17, is the daughter of Dennis and Elaine McGeary. She is a co-captain of the volleyball team, captain of wrestling cheerleaders, student senate president and member of concert choir and Project 4-Teens. She was an attendant to the 1997 homecoming queen and is a member of the varsity softball team.

A member of Salem Lutheran Church of Oklee, Erica is also a Sunday school teacher. Her hobbies and interests include water skiing, spending time with family and friends and camping.

Erica has a brother, Paul, 24 and sister Dana, 21. Paul and his wife Lynette have two children, Damian, 4 and Kalysa, 10 months.

Undecided on a specific career, she plans to attend college with a view toward working with children or in the medical field.

Accidents, DWI incidents listed in local law enforcement news

Law enforcement officials investigated a variety of incidents during the past week, including accidents and driving while intoxicated incidents.

Accidents. On October 7 at 4:58 p.m. police received a report of an accident at First and Horace. Duane Gerald Stuhlman, Thief River Falls, was driving a pickup east on First Street, slowed to almost a stop and was struck from behind by a Blazer driven by Judith Leen Reger, Thief River Falls. Police estimated damages at $200 to the Stuhlman vehicle and $100 to the Reger vehicle. Stuhlman complained of pain to his back. Reger was cited for inattentive driving.

On October 10 at 4:31 p.m. police received a report of an accident in the 600 block of South Tindolph. Helen Irene Knutson, Thief River Falls, was driving a car south on Tindolph after exiting a driveway when a car driven by Gilford Herman Lian, Thief River Falls, collided with the left side of her vehicle. Police estimated damages at $1,500 to the Knutson vehicle and $300 to the Lian vehicle.

On October 10 at 3:56 p.m. police received a report of a car and bike accident at Nora and Pennington. Kippy Lyn Martel, Oklee, was driving a car east onto Pennington from Nora. He stopped to allow one bike go by but didn't see a second bike rider because of traffic. The bike, ridden by Andrew Lee Peralta, 8, Thief River Falls, collided with the car. Andrew had minor pains to his stomach.

Burglary. On October 3 at 7:14 a.m. law enforcement received a report that someone had broken into the Evergreen Implement store. They pried open a lock door to gain entry and took $680.65. Damage to the door was estimated at $1,500. The incident remains under investigation.

On October 5 at 10:23 a.m. neighbors living in the 800 block of South Crocker reported observing an individual entering a residence. Police arrived and located a 16-year-old male in the area and took a black box from him that had apparently come from the residence. It had a value of $15. Damage to a screen damaged to gain entry to the residence was estimated at $15.

On October 11 at 4:28 p.m. police received a report that someone had broken into a home and had taken 48 CDs and a carrying case valued at $800. The incident is under investigation.

Thefts. On October 3 at 1:52 a.m. the sheriff's department received a report from Goodridge that sheet metal and heating tools and a cellular phone had been taken from a vehicle parked in a public place. The theft loss was estimated at $1,587.78.

On October 10 at 2:08 p.m. police received a report that a stereo and speakers had been taken from a vehicle parked in the 200 block of North Crocker. The theft loss was estimated at $700.

Drugs. On October 10 at 11:58 p.m. police on patrol stopped a vehicle on a routine traffic stop. Kirk Allen Walton, 25, Thief River Falls, was charged with driving after revocation, and possession of drug paraphernalia.

Driving while intoxicated. On October 9 at 9:27 p.m. police charged Mark Perry Supernause, 44, Thief River Falls with aggravated driving while intoxicated.

On October 9 at 11:42 p.m. Emily Ellen Carpenter, 19, Thief River Falls, was charged with driving while intoxicated. A 16-year-old female and an 18-year-old female both of Thief River Falls were cited for consumption under age.

On October 13 at 10:17 p.m. 20-year-old Chad Mitchell Beito, Thief River Falls was charged with gross misdemeanor driving while intoxicated and allowing open bottle.

On October 13 at 5:02 p.m. 31-year-old Ronald George Mokrid, Jr., Roseau, was charged with driving while intoxicated, refusal to test, and open bottle.

On October 12 at 1:45 a.m. 5-year-old Donovan Edward Berggren, Thief River Falls, was charged with gross misdemeanor driving while intoxicated and no current registration.

Assault. On October 6 the sheriff's department received a report that an 11-year-old male had cut another student with a knife at Goodridge school. A small pocket pen knife and finger nail tool was confiscated. The other student had a small cut. The 11-year-old male faces an assault charge in juvenile proceedings.

These reports include names of individuals charged, arrested or cited with various crimes and offenses by police, the sheriff's department or other law enforcement officials. Depending upon the circumstances of a case, charges can be, and sometimes are, changed or dropped by law enforcement officials or attorneys even before the case reaches court. Readers should also realize that under the American system of jurisprudence, individuals charged with crimes are innocent until proven guilty of those crimes in a court of law.

Understanding the language of the mortgage process helps borrowers

The mortgage process can be intimidating and confusing — after all, it is likely to be the single-biggest investment many of us will make in our lifetimes. In fact, four out of 10 home buyers report being confused by the mass of paperwork confronting them when getting a residential mortgage, according to a survey conducted by the Mortgage Bankers Association of America.

"It's easy for home buyers to become confused and frustrated with terms and language used by real estate agents and mortgage lenders during the mortgage process," said Dave Bochsler, vice president regional manager for the Thief River Falls office of Northwest Mortgage, Inc., the nation's leading provider of home mortgages. "However, understanding a few simple terms and their meanings, can lead to greater satisfaction."

Bochsler outlined the following terms and definitions to help consumers better understand mortgage terminology.

Adjustable-Rate Mortgage (ARM) — a mortgage loan which periodically adjusts interest rates to match market rates. Loans of this nature are often used by borrowers in a high interest rate environment when a lower rate environment is seen on the horizon.

Balloon Loan — similar to a traditional fixed-rate mortgage loan. A borrower makes regular payments based on a long-term payment schedule (such as 15 or 30 years), but a lending institution. However, at a predetermined time, the balance on the remainder of the loan becomes due. These loans are typically paid off within the first three to 10 years. Balloon loans generally have lower interest rates than fully amortizing fixed-rate loans.

Convertible ARM — similar to an ARM, this type of loan offers an option for the borrower to change to mortgage to a fixed-rate mortgage during an early interest rate adjustment period.

Fixed-rate Mortgage — a mortgage loan in which the buyer contracts for a specified interest rate over a specified period of time (such as 15 or 30 years). The principal and interest payments do not vary.

FHA Mortgage — these loans are government-backed by the Federal Housing Administration. They are available to buyers with little savings for down payments or who have been deemed too risky by conventional lenders.

Lock-In — a lender's ability to lock in a specified interest rate for a loan applicant, which is guaranteed over a certain number of days, anywhere from 30 to 120.

Mortgage Insurance — insurance to protect the investor in the event of a borrower's default and subsequent foreclosure. Often required when a borrower obtains a loan with less than a 20 percent down payment.

Points — a dollar amount, expressed as a percentage of the loan amount, that is paid to a lender to reduce the interest rate on a loan.

VA Mortgage — a mortgage loan for qualified veterans which requires only limited financial resources for a down payment. These loans are backed by the Department of Veterans Affairs.

Human Rights workshop at NCTC October 29-30

"Are Human Rights Discussed in Your Community?" is the title of a workshop being offered October 29-30 at the Best Western in Thief River Falls. Independent School District 564, NCTC, and Northwest Service Cooperative invite everyone to register for an intense look at the Human Rights Issues of disability awareness, anti-violence, embracing diversity, and gender issues, as well as speakers on "Respect" and "Conflict Resolution."

Help create proactivity as opposed to reactivity and model a plan all Northwest Minnesota can use.

The workshop is open to the public with continuing education and P.O.S.T. Certified credits available. For more information call 681-8711 ext. 229.

Dogs and cats held in Thief River Falls animal pound

Several cats and dogs are being held in the Thief River Falls Animal Pound. They can be claimed by their owner or adopted by anyone willing to care for the pets. Each animal listed will be held for a minimum of five days from the date of impoundment. For more information, contact the Pennington County Law Enforcement Center at 681-6161.

Animals being held in the animal pound include: a black lab impounded September 29 in Red Lake county; a male black kitten impounded October 1 near IMS; a gray male cat impounded October 3 on South Riverside; a female black and white collie impounded October 8 near Arctic Cat; and a male black mutt impounded October 12 from the 700 block of South Crocker.

MN State Patrol acquires tools to end pursuits

Minnesota State Patrol has announced increased measures to quickly and effectively terminate pursuits of fleeing vehicles. All marked State Patrol vehicles are equipped with the newest pursuit termination equipment called Stop Sticks.

The equipment has the capability of deflating, in a controlled manner, the tires of a vehicle fleeing police. "All State Patrol vehicles in greater Minnesota are already equipped or in the process of being outfitted with the new device," said Lt. Col. Steve Mengelkoch. "A trooper in our Marshall district assisted the Rock County Sheriff's department this morning by deploying her Stop Sticks to end a pursuit. It was a textbook ending to a dangerous situation as the vehicle's tires slowly deflated and two suspects were taken into custody without injury," added Mengelkoch.

Mengelkoch reminds the public that fleeing a police officer is a felony offense which if convicted, is punishable up to three years in prison. In addition, the vehicle may be seized and forfeited under Minnesota law. "Fleeing a police officer is a serious offense and those motorists who choose to attempt to flee will be prosecuted to the fullest extent of the law," he said.

The State Patrol also provides law enforcement officers support statewide with its aircraft including helicopters, which are equipped with FLIR or forward looking infrared capability. The helicopter is used to assist local authorities and to monitor pursuits involving the State Patrol or any statewide law enforcement agency.

Two charged with burglary in Red Lake County

Jerod Neil Haaven, 22, Gonvick, and Joey Lynn Paulson, 21, Bagley made their first appearance in Red Lake County District Court before Judge Dennis Murphy last week in connection with a burglary on September 20.

Two rifles were taken in the burglary of a residence in Garnes township near Plummer. The two rifles have been recovered by the Clearwater County Sheriff's department.

Haaven and Paulson were charged with burglary and theft in the first degree. During their court hearing, bond was set at $30,000 each. Their next scheduled court appearance is October 22 in Red Lake Falls.

Arts grants available for productions

Applications are being accepted by the Northwest Regional Development Commission's regional arts council for a variety of grants in literary, performing and visual arts.

Deadlines for organizations to apply for Sponsorship and Production Assistance grants are November 1, 1997 and February 1, 1998. Organizations may apply for a maximum of $2,500 in matching funds per grant. Each organization may receive up to $4,000 in grant funds annually.

Production Assistance grants are available for the creation, performance or exhibition of arts. Sponsorship grants provide funds to host guest artists or touring groups.

The upcoming Small Arts grant deadlines are November 1 and February 1. Under this program, organizations may apply for up to $500 in matching funds for the production or sponsorship of arts events of approximately $1,000 in total costs.

Public schools are eligible to receive arts education grants in visual, performing or literary arts for projects such as conducting an artist-in-residence program, hosting a visiting artist, conducting workshops for students and/or teachers and other activities.

Arts organizations may apply to send their members to training opportunities, hire consultants or sponsor a training related workshop with the NWRDC/McKnight Training and Development grant. Grants of up to $1,000 are available and the next deadline is Feb. 1, 1998.

Application materials for all the grant programs are available from Mara Lunde, Arts Council Director, NWRDC, 115 South Main, Warren, MN 56762, phone 218-745-6733.

MinnesotaCare celebrates five years of coverage

[illegible] years after its inception, MinnesotaCare, the state-subsidized health care coverage program for working Minnesotans, is nationally recognized for the first comprehensive [illegible] premium-based health care program in the country for uninsured children [illegible] a prototype and model for other states.

"MinnesotaCare has had outstanding results," said Governor Arne H. Carlson. "Today nearly 100,000 Minnesotans are enrolled, including 54,000 children. Through MinnesotaCare, we have reduced the number of chronically uninsured children to seven percent in Minnesota compared to 14 percent nationally."

In addition to providing health insurance to families who might otherwise go without, MinnesotaCare helps other families stay off welfare. People who receive welfare also receive Medical Assistance and are sometimes reluctant to enter the work force for fear of losing their health care benefits.

In the past year, the number of families not relying on welfare because of MinnesotaCare has increased from 3,900 to 4,700. This translates into savings for taxpayers. It is estimated $2.5 million per month in health and welfare costs (split between federal and state) is now saved compared to $1.9 million per month last year.

"MinnesotaCare helps people choose work over welfare," said Governor Carlson. "This program enables people to find jobs — even entry level, part time or seasonal jobs that often don't provide health benefits — and still have high quality medical coverage."

Despite MinnesotaCare's great successes over the past five years it is estimated that 277,000 Minnesotans are uninsured, including 58,000 children. Approximately 96,000 of these people may be eligible for the program.

"We will be expanding our outreach efforts to help people discover if they qualify and assist them in the application process," said Dept. of Human Services Commissioner David Doth.

Governor Carlson joined legislators, MinnesotaCare enrollees and others in celebrating MinnesotaCare's fifth anniversary at Children's Health Care of Minneapolis. Two mothers whose families [illegible] MinnesotaCare, Karen [illegible] of Duluth, [illegible]

Martin and Katy Luther will be portrayed by Rev. Johan and Sonja Hinderlie of Robbinsdale at a special worship service Sunday, October 19, at 7 p.m. at Zion Lutheran Church in Thief River Falls. The service will follow a 6 p.m. supper and is sponsored by the Agassiz Conference of the Evangelical Lutheran Church in America.

Luther portrayal at service Sunday at Zion Lutheran

Area Lutherans will have an opportunity to celebrate their heritage Sunday, October 19, at Zion Lutheran Church in Thief River Falls with a Luther Fest supper and special worship service.

The event is sponsored by the Agassiz Conference of the Evangelical Lutheran Church in America. The catered supper will be served at 6 p.m. and the service is scheduled for 7 p.m.

Featured at the worship service will be an appearance of Martin and Katy Luther, as characterized by Rev. Johan and Sonja Hinderlie of Robbinsdale. They have been performing as the Luthers since 1979 at many congregations, a college and two seminaries.

Martin will share some reflections of the Reformation and music, and will preach the sermon on the topic "How's Grace Work?" Katy will comment on women's life and what life with Martin has been like.

The Luther Fest also will give participants an opportunity to celebrate their musical heritage. A musical show will be part of the service and anyone interested in singing in the show should come for the 5:30 p.m. rehearsal at Zion church.

Rev. Hinderlie is currently the executive director of Mount Carmel Ministries, an organization which provides an adult family renewal ministry at a site on Lake Carlos near Alexandria. Sonja serves as the summer program director.

A $5 donation covers cost for the evening, including the supper. Tickets are available at area ELCA churches or may be purchased at Zion the night of the service.

Strandquist

The weather in northwest Minnesota is so nice I find it difficult to stay inside. The leaves are changing colors and many have fallen off. The chokecherry tree is a beautiful purple green and is holding on to all her leaves, unwilling to lose her lovely dress. But no complaining about that little tree, I picked an ice cream bucket full of its rich purple berries this fall, out of which we made 5 pints of jelly and 10 pints of syrup, due to a short cooking period. While I was absent from this domicile last week, Roy built for himself enough pancakes to use up a whole pint of syrup except a couple of spoonfuls to add to my ice cream when I returned.

The Strandquist seniors met again this Thursday afternoon with only five members, who spent the time tying rugs. Evelyn Kujava served a delicious lunch and the door prize was returned to the seniors by Helen Jacobson and Evelyn.

The week before the seniors had a great time celebrating their president Elphia Adils' birthday and Virgil and Louise Erickson's 49th anniversary. Joyce Wickstrom brought a birthday cake for her mother Elphia Adils and others brought a big pot luck lunch. Other guests there were Anna Satton, Tani Kasprowicz, Frances Danarski, Mary Borowicz, Joanne Oantor, Mary Oajeski, Toni Kleinvachter, Shirley, Elsie and Adrianne Lafrooth, and Wally Rud. Ida Bruce won the door prize and Virgil Erickson won the "blackout." The rest of the time was spent visiting.

Doug Holmstrom of Farmington, spent the weekend with his folks, Dean and Jeanne Holmstrom, doing some bird hunting which he really loves to do. His brother Darwin of Dickonsen, North Dakota also rode over there on his motorcycle to join in the hunt. JeAnne was kept busy cooking their favorite foods.

Marla Staffen of Argyle and Ide Blaze of Stephen, Lowell, Vance and Kelly Lafrooth, and Jessica, Claudia Berggion, Ben and June Kasprawicz, and Elmer Holmstrom and Evelyn Albaugh visited Judy Kleinvachter.

September 29th Palmer Olstad accompanied Isaac and Betsy Thompson to Thief River Falls where they treated Nelson LaDoux to a birthday supper.

Judy and Lois Kleinvachter and Lowell Lafrooth attended Hugo and Lorene Oehrts' 60th anniversary celebration in Warren on Sunday. They also stopped in Argyle to see Bud and Marie Staffan.

Rev. Jim and Nancy Ruehmann, missionaries to Ethiopia, were weekend guests of Isaac and Betsy Thompson. Pastor Ernest and Lois Freeman, Luke and Rachael joined them for Sunday dinner.

Allison Krantz, Veronica Henson and Kristo Blomquist visited Kristin Kleinvachter on Monday evening.

Russ and Ivadell Abersol of Aitkin visited her father, John Vagle, on Saturday and Sunday. They were dinner guests at Roy Vagle's home on Sunday together with Walter Thompson and Elsie Lafrooth. Johnny Thompson accompanied them to Aitkin for a couple of weeks. They had to hurry home as they were shipping out 23,000 turkeys Monday evening. Another batch had a few more weeks before their turn was coming. Are we not happy that we are not that kind of turkey?

Is TRF singing the budget deficit blues?

by David Hill
Associate Editor

Even though the budget may be balanced, starting out with a $1.7 million budget deficit is a disgrace. It shows a lack of control and respect for the taxpayers. It's a criticism that applies to elected officials, city employees and some local citizens.

Everyone in this community is faced with the challenge, but somehow nearly everyone manages to live within their means. Most don't even sit down and compute the costs on paper but of course, they don't deal with million dollar budgets.

It's clear that a number of things have to change within city government.

Department heads and employees should know better than to "shoot for the moon" when jotting down figures for their budget. I've been told to believe that it could have been much worse. "Had they really been shooting for the moon the figures would have been much higher." Such a statement shows me that there a number of employees who have lost their capacity to care, who perhaps are tired of the bureaucracy, tired of the politics as usual, but who fail to see the need to keep spending down. Hopefully, this criticism will goad them into standing up for what they believe and into providing solutions to fiscal problems rather than just more problems.

More needs to be done to change that attitude among city employees, and it starts with management and elected officials. City employees are saying a lot of commands are flowing downhill but not a lot of listening from the ground up. Unfortunately, they say, some local officials appear to be caught up in politics, personal agendas, using the media, or just plain trying to wish away problems. Listening to what employees have to contribute would probably solve a lot of problems. I believe some public officials, unfortunately, share the same attitude of employees — "Why should we listen," some reason. "No one seems to notice or care."

And they'll continue do whatever they want to do no matter what until someone starts to care. That someone has to be the public. All of us can criticize from a comfortable spot in an armchair, but more of us need to stand up and be counted. Thief River Falls isn't such a big community that you won't run into a public employee at the shopping market, or, how hard is it to pick up a phone book to look up your local representative's number and call him or her?

More needs to be done about addressing all of the public service demands made by citizens of Thief River Falls. Citizens need to be made aware of how much it actually costs to provide those services. Parks and Recreation, for example, provide all kinds of services for citizens of Thief River Falls and the surrounding community. It takes up a sizeable portion of the budget. Little do people seem to realize that the registration fees they pay do not even come close to paying for the cost of the programs offered.

We live in a community of great expectations. Either we begin to live up to those expectations and start paying for them or we learn to live within a budget. And if those expectations are ever going to be realized we need start by listening to one another.

I believe this year's $1.7 budget crisis was really a harbinger of things to come. Thief River Falls City Council will be faced with even greater challenges in the future. If given assistance from administrative staff, employees, and taxpayers, I'm sure they'll find a way to meet those challenges.

A Gold Watch for Festus

In ancient Greece the patron god of craftsmen, particularly metalworkers, was Hephaestus. All the other gods were endowed with physical beauty and power. Not Hephaestus. He was portrayed as unattractive and weak. Has the old status of Hephaestus the Craftsman forged history's perception of people who design, develop and manufacture things?

That perception has changed surprisingly little in several millennia, despite major changes in manufacturing. Conventional wisdom regards manufacturing as dirty and hot with terrible work conditions. Parents and schools counsel students to go into law, medicine, finance — the clean professions — not manufacturing. However highly consumers regard the products of manufacturing, the people who manufacture those products are seldom given credit. Do we want the people who design and build our life-giving pacemakers to be low status workers? Those who build our safe and reliable cars and trucks? Our productivity-enhancing computers? Manufacturing may not have a glamorous image, but what would our lifestyles be, what would be the quality of our products, if we didn't have top notch manufacturing. In Minnesota, manufacturing contributes 20 percent, the largest single share, to our gross state product. Manufacturing employees earn more than $35,000 per year, 31 percent higher than the average private sector wage. And each manufacturing job creates four additional jobs. In fact, today's healthy service industry would not exist if it were not for our strong manufacturing base.

The reality of manufacturing has changed. This nation's top engineering and technical college graduates are finding exciting and meaningful careers with manufacturing companies. Armed with computer-aided design (CAD) and computer-aided manufacturing (CAM) abilities, and their knowledge of materials, of manufacturing systems and supply chain management, these graduates are helping bring to manufacturing the positive image it deserves.

Get to know what's happening in manufacturing. Celebrate Manufacturer's Week (October 13-17) by visiting a local manufacturing facility. To recognize the importance of manufacturing in Minnesota, Governor Arne Carlson has proclaimed the week of October 13 Manufacturer's Week.

Even if you can't attend any of the statewide events celebrating Manufacturer's Week, please take a moment to think how Minnesota manufacturers affect your life. It's something you certainly shouldn't take for granted.

Then see if you agree it's time to retire old Festus?

LETTERS

To The Editor:

This last weekend I had a little time to go fishing at the dam, while the contractors were not working on the east side. I walked down the nearly completed stairwell to the landing. Nice landing all boxed in with interlocking coffer dam steel.

Walked south a few hundred feet to do some fishing. I couldn't reach the water, so walked out about seven feet to get to the edge of the rocks. Still had trouble with my five-foot spinning rod to navigate lures around other rocks rolled out into the water.

It would seem that they could have run interlocking steel from the ninth landing southward, and then cleaned the water area of rocks and boulders, and then poured their walkway.

The way I see it, there will be no person—child or adult disabled or handicapped—who will be able to fish this snag infested pond. Logic maybe would have said to stabilize the east bank with rip-rap, and build the ramp on the west bank from the power house race southward.

When this job is complete, I hope the engineers that laid this plan out will go down and try to fish from this walkway. I would suggest they bring a big tackle box or a long cane pole. This will take us back 50 or more years ago when I fished the west river bank with my 14-foot cane pole. Another old-time fishermen, Reuben "Slim" Lawson, used his 20-foot fiberglass extender. Good luck to all fishermen who fish the east bank.

Then again, maybe I am looking at it wrong. Maybe it wasn't made for fishing but a tourist attraction for the RiverWalk.

Sincerely,
"Old Catfish Sam"
Albert Cork

More PROGRESS in Thief River Falls
Congratulations!

Kevin Nelson, D.C., recently moved his office, TRF Chiropractic, to a new location in the former FSA building behind Ameco 24. It's a brand new state-of-the-art office, with ample front door parking. Nelson said he provides athlete exams, ex-rays and accepts all insurance providers. Nelson said he plans to hold an open house at his new location at the end of October. Nelson has had TRF Chiropractic for five years. Thief River Falls Chamber of Commerce Ambassadors, Bruce Mattson and Deb Quesnell, recently paid Nelson a visit and presented him with a More Progress award.

Pennington Square in Thief River Falls was presented a five-year award by Orion Foods district Manager Mark Foos recently. The award recognizes their outstanding dedication to Hot Stuff foods at the site. Orion Foods' home office is located in Sioux Falls, SD. An awards ceremony was held recently at Pennington Square: (from left) Mark Foos, Becky Berry, food service manager, Mark Werisch, territory consultant with Orion Foods, and Mike Berry, owner. Pennington Square is owned by Mike Berry and Mike Wiebolt.

Village of St. Hilaire	48,595
City of Thief River Falls	167,374
City of Red Lake Falls	202,520

"While the city of Red Lake Falls has a valuation of nearly $40,000 greater than this city[Thief River Falls], it must be remembered that the former has 2,715 acres within its limits, while the latter has but 420."

FROM THE PAGES OF THE TIMES

50 YEARS AGO • OCTOBER 16, 1947

by Jerome and Donna Myhrer

Welfare To Be Topic October 23 At Regional Parley

"Final arrangements are now complete for the regional conference of social work to be held in the city auditorium in Thief River Falls on Thursday, October 23rd, for this county and nine other adjoining counties. It is expected that all persons interested in social work will attend the meetings, and those in charge of arrangements wish to emphasize that meetings are open to the public without charge."

Traveler Shows Zoo Films October 23

"Lyman Cooley, world traveler, will come to Thief River Falls next Thursday, October 23, to present motion pictures of animals in the Brookfield Zoo in Chicago, with an accompanying lecture.

"He will present his program at St. Bernard's school at 11 o'clock in the morning, and will give programs at Lincoln high school auditorium at 1:30 and 3 p.m., the first for high school students and the second for pupils in the grade schools.

"Sponsoring Mr. Cooley's appearance are the Northern State bank, Union State bank, Oen Mercantile company and the Thief River Falls Times."

Air Show Set For Plummer October 18

"The Plummer Civil Air Patrol, together with the Plummer Commercial club, is sponsoring an air show Saturday, October 18. Among the day's events will be a breakfast flight at 10 a.m. with planes from many surrounding airports present. A flight of army P-51 Mustangs will put on an air demonstration at 1 p.m. Earl Barrif of Minneapolis will make a sensational parachute jump at 2 p.m. There will be competitive exhibitions by private plane owners at 3 p.m. The new Plummer airport is located four miles south of Plummer on Highway 59. Free bus service will be provided to and from the airport."

Halloween And 4-H Club Days Oct. 31-Nov. 1st

"Plans for the fall festival to be held in Thief River Falls Friday, October 31 and Saturday, November 1, are now definitely arranged, it was announced by James Pakins, general chairman, following a meeting of the general arrangements committee.

"Halloween events will include a party in the auditorium at 3 o'clock, a free movie show at the Falls theatre at 9 o'clock, and a teen-age dance in the auditorium starting at 9 o'clock in addition to a bingo party in the arena.

"The program Saturday, November 1, will open with a free movie show at the Falls theatre for 4-H workers at 10:30 a.m., followed by the livestock auction at 2 p.m. and the banquet at 6 p.m., at which each auction buyer will have as his guest the exhibitor of the animal and his parents."

Kickoff Breakfast In Community Fund Drive Next Tuesday

"While solicitation for the annual Pennington county Community Chest campaign got under way this week, the all-out drive will not get under way until next Tuesday, October 21, following a kick-off breakfast in the Rex cafe at 8:30 a.m. The campaign, which is scheduled to end nationally November 15, will continue here for as much of that period as is necessary to raise the county's quota to $6,400. Of the total, the city of Thief River Falls is asked to contribute $5,150 and the rural areas $1,250. As announced last week, organizations sharing in the proceeds of the drive include the Salvation Army, Boy Scouts, Girl Scouts, Sister Kenny Polio Foundation, National Cancer society and the Heart Fund."

Hearing Tonight On Civic Center

"At its regular October meeting Tuesday night, the city council voted to conduct a public hearing in the council chamber this evening at 7:30 on the proposal to acquire the remaining privately held property in the postoffice-public library block for a civic center.

"The council invited both advocates and opponents of the proposal to present to express their views, and aldermen expressed the hope that the long-pending issue could be disposed of at the meeting, one way or another. If no agreement is reached tonight, it was indicated that the voters at the November 4 city election will be asked to make known their wishes in the matter for the guidance of the council. The matter has been brought to a head by applications for building permits filed by the Larson company and John Wiener, each planning the erection of a $30,000 building in the block. Objectors present at the meeting Tuesday cited the high cost of acquiring the remaining property in the block and pointed out further that no definite use has been assigned to the property once it is acquired."

Editorial comments from the files of Norm A. Holen

—Zero in ambition: To be able to pose for a picture in one of those Men of Distinction advertisements.

—That guiltiest feeling: When you toss a slice of bread into the garbage can.

—Whether or not prices are too high seems to depend on whether you are buying or selling.

—A bow to Editor Umpleby of the Greenbush Tribune, who is starting his fortieth year on his present job.

—Women, we read, can keep a secret just as well as the men. It merely takes more of them to do it.

—Cheer up: You have until October 31 to pay your real estate taxes.

—Better be careful with that gun, Mr. Hunter. Sometimes it goes off at the wrong time.

—The price situation is as good an argument in favor of cutting down on eating as is President Truman's request.

—Clipped safety slogan: Better late than mutilate.

"The St. Hilaire Lumber Co. now have their telephone line completed. The office finds it very convenient to do business with the depot and planing mill."

"The parties interested in organizing a fire department turned out well last Friday evening. In fact everybody turned out and wanted to be a hose fireman — [illegible]!"

"Peterson & Johnson, agents for the Val Blatz Brewing Co. now deliver beer in a handsome spring wagon which the company sent up last week. This does not necessarily make the beer any better, but the turnout looks gay."

"An artesian well with a flow of about one hundred and twenty-five barrels a day was struck at the Hotel Markham last Saturday afternoon. The water is of the very best, being free from the salty and mineral taste. The vein was tapped at 140 feet."

"This northern latitude is not the natural home of the bed bug. People do not stay in bed long enough for them to feed."

"W. A. Tyler has fully recovered from the accident to his shoulder. An application of a hot water bag to the affected part greatly alleviated his sufferings."

"Hereafter these columns will be open to the discussion of the question, 'Is matrimony a failure?'"

I.O.O.F. Lodge

"One week from today will occur the institution of an Odd Fellows Lodge at St. Hilaire. The members of that well known secret order in St. Hilaire have been working for several weeks past and it is now an assured fact. The new lodge will start with a membership of about thirty-five, fifteen of whom are old members. They have already contracted with the trustees of the school district for the use of the vacant room at the school house and it is now being finished. Committees are already at work buying furniture, regalia and other supplies and next week will see everything in readiness. Deputy J. V. E. Wyatt of Crookston will represent the Grand Lodge and institute the lodge and install officers. Institution proceedings will commence at 3 p.m. Wednesday, October 27, after which the officers will be installed and other work done. The evening will be devoted to the initiation of candidates. On Thursday evening will occur at Hotel Markham a public reception and ball to which all are cordially invited to attend. Tickets for ball and supper will be $1.50 per couple."

Wylie Gleanings

"A gang of bridge builders are here. The Black River bridge will be completely rebuilt.

"Will Zniz, cashier at the New York store, Crookston, came up on his wheel Sunday, but was prevented from returning by the same route on account of the rain.

"A collector for the St. Louis Wrought Iron Range Co. has been calling on the farmers who were taken in by the above swindling concern last winter. The eloquent chap who was peddling said ranges last winter pictured in glowing language the excellent qualities of the Ranges he was selling and moved heaven and earth to make sales, and sales he made quick and many. He promised the farmer all the time he wanted in which to pay for the Range. And his victims believed every lie he told. The price of the Sheet Iron Box was $69.00. The merchants in the neighboring towns were advertising a better range for $53.00 but to no avail. The farmers were roped in by the smooth peddler and now they were informed by the collector that all the time allowed them in which to pay the $69.00 was four days. If not paid within that period of time, suit would be brought against them. There was nothing else to do for the farmer than to pay but then he's got the experience. These collectors will return to the State of Missouri with thousands of dollars which comes from the pockets of the Minnesota and Dakota farmers and which should have been kept within the limits of these states instead of going off to St. Louis. The victims see the point now and kick but it's too late.

"Moral: Patronize home industry. Stay by your home merchant and he will stay by you. He will remain at home and pay his taxes and help to improve the country and if he does not use you right, you have him where you can get at him and you don't have to chase him to St. Louis, Minneapolis or West Superior."

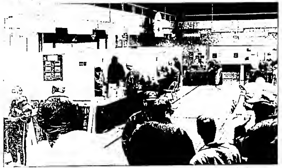
At street level it looked like a massive traffic jam of construction vehicles. The city-owned vehicles were parked on Second Street Thursday to give taxpayers an opportunity to see some of the vehicles being used by city forces to provide services to the community.



Residents of Thief River Falls had an opportunity to visit with the city officials and crews who provide city services to residents. The activities were part of the City Fair which was held last Thursday. Every department within city government had a booth set up inside the city auditorium. The council and mayor served up food and coffee.

Investigator Tim Miller

Tim Miller named TRF investigative officer

Thief River Falls Police Officer Tim Miller has been named as the city's new investigator. Miller replaces Dennis Kiesow, who resigned earlier this year to accept a position in another community.

Miller has been with the Thief River Falls Police department since 1976. He worked with the Pennington County Sheriff's department between 1973 and 1976. He is a graduate of the law enforcement program at Alexandria Technical College. He is married and has four children.

Miller said he's looking forward to his new job. Duties haven't changed a great deal, but he will be allowed more time to work on investigative work, which he has enjoyed in the past. Miller will also undergo some additional training.

We Need You More Than Ever!

Our students are in need of your help. Please vote YES for the school levy referendum on November 4th.

The money from the levy will be used for:

- Adding teachers to reduce class sizes
- Teachers Aides
- Needed and updated textbooks
- Agricultural Classes
- Vocational Education (Applied Technology)
- Classes to help students who fail basic skills tests
- Update technology
- Foreign Language in Earlier Grades
- K-12 Social worker
- Additional classroom supplies

MARIJUANA: FACTS Parents Need To Know!

"The only way to prevent your child from using drugs is to be open, talk to them, warn them, be aware of everything going on in your child's life.

There's a dialogue going on. If there is experimentation, I'm going to know and be able to respond."

Fact:

- There are stronger forms of marijuana available to adolescents today than in the 1960s. Stronger marijuana means stronger effects.
- Research shows that nearly 40 percent of teenagers try marijuana before they graduate high school.
- Marijuana has adverse effects on many of the skills for driving a car. Driving while high leads to car accidents.
- Marijuana users may have many of the same respiratory problems that tobacco smokers have, such as chronic bronchitis and inflamed sinuses.
- Marijuana smoking affects the brain and leads to impaired short-term memory, perception, judgement and motor skills.

Tips For Parents

- ☑ Be a good listener
- ☑ Give clear no-use messages about drugs and alcohol
- ☑ Help your child deal with peer pressure to use drugs
- ☑ Supervise teen activities
- ☑ Get to know your child's friends and parents
- ☑ Monitor your child's whereabouts
- ☑ Maintain an open and honest dialogue with your child.

NOTICE
Parties who anticipate requesting Pennington County to snowplow their driveways this winter are encouraged to stop by the Pennington County Highway Department. While signing up for snowplowing their driveway, they will be provided a "flagged lathe" which they are to install near their respective driveway when they want their driveway plowed. This should minimize a motor grader operator from back tracking to plow a driveway which he may have passed. Your cooperation on this matter will be greatly appreciated.

MAINTENANCE WORKER III
Permanent Employment
The Pennington County Highway Department is soliciting applicants for permanent employment as Maintenance Worker III. Their function will be the operation of hand tools and motorized equipment used in the construction and maintenance of roadways and ditch systems. The Maintenance Worker III position requires a valid Minnesota "A" Commercial Driver's License. Pay for the position is $8.70 per hour. Excellent fringe benefits are provided. Application forms may be obtained from the Pennington County Highway Department Offices located in the Pennington County Courthouse at 101 North Main Street, Thief River Falls, MN. Pennington County is an Equal Opportunity Employer. Applications will be received until 4:30 p.m., October 17, 1997.

Card of Thanks

THANK YOU

The family of Ella Thun wishes to thank all friends and relatives for cards, memorials, pretty flowers and plants and above all, the love and care each one of you has shown during her 101 years. Special thanks to Pastor Norquist for his message, Vangie, Yvonne and Orphe for music and the WELCA for the luncheon following the service. Special thanks to Green Funeral Home for taking care of the arrangements and to Don Carlson for all he did to make the cemetery look so nice. God gave us Ella for 101 years. How could we ask for more! God bless each one.

NOTICE OF BOND SALE
$630,000 GENERAL OBLIGATION
IMPROVEMENT BONDS, SERIES 1997
CITY OF THIEF RIVER FALLS, MINNESOTA

NOTICE IS HEREBY GIVEN that the City of Thief River Falls, Minnesota (the "City") will receive sealed bids for the purchase of $630,000 General Obligation Improvement Bonds, Series 1997 of the City (the "Bonds"), at the office of the City Administrator in the City Auditorium, Second Street and Main Avenue in Thief River Falls, Minnesota until 2:00 p.m., C.S.T. on Tuesday, October 28, 1997, at which time the bids will be opened and tabulated. The City Council will meet in the City Auditorium at 5:00 p.m. on the same day to consider the bids. The Bonds will be issued for the purpose of financing a portion of the cost of certain street, sidewalk, curb and gutter improvements and utility improvements within the City. The Bonds will be issued as fully registered bonds of single maturities, in the denomination of $5,000 or any integral multiple thereof, will be dated as originally issued, as of November 1, 1997, and will mature on October 1 in the following years and amounts:

Year	Amount	Year	Amount
1998	$40,000	2004	$55,000
1999	40,000	2005	55,000
2000	45,000	2006	60,000
2001	45,000	2007	60,000
2002	45,000	2008	65,000
2003	50,000	2009	70,000

Interest will be payable each April 1 and October 1, commencing April 1, 1998. Bonds having stated maturities in 2006 and later years will each be subject to redemption, at the option of the City and in whole or in part, on October 1, 2005 and any date thereafter at a price equal to the principal amount thereof to be redeemed plus interest accrued to the date of redemption and without premium. Copies of the Official Statement, including a statement of Terms and Conditions of Sale, may be obtained on or about October 14, 1997 from the undersigned.

Dated September 23, 1997.

NOTICE OF SPECIAL ELECTION
INDEPENDENT SCHOOL DISTRICT NO. 564
THIEF RIVER FALLS
STATE OF MINNESOTA

NOTICE IS HEREBY GIVEN, that a special election has been called and will be held in conjunction with the city general election in and for Independent School District No. 564, Thief River Falls, State of Minnesota, on Tuesday, the 4th day of November, 1997, for the purpose of voting on the following question:

THE BOARD OF INDEPENDENT SCHOOL DISTRICT NO. 564, THIEF RIVER FALLS, MINNESOTA, HAS PROPOSED TO INCREASE ITS GENERAL EDUCATION REVENUE BY $234.95 PER ACTUAL PUPIL UNIT. THE ADDITIONAL REVENUE WILL BE USED TO FINANCE SCHOOL OPERATIONS AND THE PROPERTY TAX PORTION THEREOF WILL REQUIRE AN ESTIMATED REFERENDUM TAX RATE OF APPROXIMATELY 0.0494% OF THE REFERENDUM MARKET VALUE OF ALL TAXABLE PROPERTY IN THE DISTRICT FOR TAXES PAYABLE IN 1998, THE FIRST YEAR IT IS TO BE LEVIED. THE REFERENDUM REVENUE AUTHORIZATION WOULD BE APPLICABLE FOR 10 YEARS UNLESS OTHERWISE REVOKED OR REDUCED AS PROVIDED BY LAW.

☐ YES

SHALL THE INCREASE IN THE REVENUE PROPOSED BY THE BOARD OF INDEPENDENT SCHOOL DISTRICT NO. 564 BE APPROVED?

☐ NO

BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING FOR A PROPERTY TAX INCREASE.

Passage of this referendum will result in an increase in your property taxes.

The property tax portion of the revenue authorized will require an estimated referendum tax rate of approximately 0.0494% of the referendum market value of all classes of taxable property within the district. The annual dollar increases for typical residential homesteads, apartments, commercial industrial property, and other classes of property within the district, other than certain agricultural and disabled homestead property, are as follows:

TAX IMPACT
RESIDENTIAL HOMESTEADS, APARTMENTS, COMMERCIAL-INDUSTRIAL PROPERTIES

Market Value*	Dollar Increase
$20,000	$10
$25,000	$12
$30,000	$15
$40,000	$20
$50,000	$25
$60,000	$30
$70,000	$35
$75,000	$37
$80,000	$40
$90,000	$44
$100,000	$49
$125,000	$62
$150,000	$74
$200,000	$99
$250,000	$124
$500,000	$247
$1,000,000	$494

FARMLAND

Assuming that the market value of an average farmhouse, garage and surrounding one acre of land is $51,000, the annual dollar increases for typical agricultural properties in the district are as follows:

Market Value*	Referendum Market Value	Dollar Increase
$75,000	$61,100	$31
$100,000	$73,050	$36
$200,000	$130,750	$64
$300,000	$236,750	$117
$400,000	$336,750	$166
$500,000	$436,750	$216
$600,000	$536,750	$265
$700,000	$636,750	$315
$800,000	$736,750	$364

*Information regarding the market value of your property can be obtained from the County Assessor's Office.

The precincts and polling places for this election will be as follows:

NOTICE OF HEARING
SHORELAND BOARD OF ADJUSTMENT
PENNINGTON COUNTY

Notice is hereby given, pursuant to Section 5.2 of the Pennington County Shoreland Ordinance, that Joseph and Brenda Koch, RR4 Box 102B, Thief River Falls, MN 56701, have applied for a Variance to the provisions of Section 5.2 which governs the Placement, Design, and Heights of Structures. The property is legally described as Lots 6 and 7, Tract 2 of the W.O. Longs Subdivision.

Joseph and Brenda Koch have built a 30x40 garage/workshop that has a setback of approximately 50' from the ordinary high water line of the Thief River. They claim that they were not aware of the provisions of Section 5.2, Subsection 5.21a which requires a minimum setback of 100' prior to construction and completion of the garage/workshop and are therefore requesting a variance of 50'.

Notice is further given that the Board of Adjustment will conduct a hearing on the Variance request at 7 p.m. on Thursday, October 30, 1997, at the Soil and Water Conservation District Office (SWCD), 201 Sherwood Avenue South, Thief River Falls, MN. All persons wishing to comment on the variance request will have the option of being heard at this time. Persons wishing to submit written comments prior to the hearing or who have questions, should address them to Pennington SWCD, 201 Sherwood Avenue South, Thief River Falls, MN 56701, or telephone (218) 681-3348. Comments must be received in the SWCD office by 4:30 p.m. on Thursday, October 30, 1997.

Dated this 3th day of October 1997.

RESOLUTION OF NORTH TOWNSHIP TOWN BOARD

At a regular meeting of the Town Board held on October 6, 1997, the following Resolution was introduced and unanimously passed:

RESOLUTION FOR HEARING ON PROPOSED ASSESSMENT

WHEREAS, [illegible] has been posted by the Town Board on October 6, 1997, the Town Clerk was directed to prepare a proposed assessment of the cost of improving [illegible] Johnson Drive [illegible]

WHEREAS, the Clerk has notified the Board that such proposed assessment has been completed and filed with the Town Clerk for public inspection.

NOW THEREFORE, BE IT RESOLVED BY THE TOWN BOARD OF NORTH TOWNSHIP:

1. The hearing shall be held on the 30th day of October, 1997, in the Town Hall at 6:00 p.m. to pass upon such proposed assessment and at such time and place all persons owning property affected by such improvement shall be given an opportunity to be heard with reference to such assessment.

2. The Town Clerk is hereby directed to cause a notice of the hearing on the proposed assessment to be published once in the official newspaper at least two weeks prior to the hearing, and shall state in the notice the total cost of the improvement. The Town Clerk shall also cause mailed notice to be given to the owner of each parcel described in the assessment roll not less than two weeks prior to the hearing.

3. The owner of any property so assessed may at any time prior to certification of the assessment to the County Auditor pay the whole of the assessment on such property with interest accrued to the date of payment, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this assessment. The owner may at any time thereafter pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year.

Adopted by the Town Board this 6th day of October 1997.

Mary Beth [illegible] was a guest of honor at a birthday dinner on September 21st to celebrate her 80th birthday. It was a happy day for her with all of her 5 children and a step-daughter plus 11 grandchildren at Third Base in Brooks. Her children are Lewis and Virginia Struthers of Parker's Prairie, Sheldon, Marie and Andy, Julie and Ken [illegible] of Fargo with Cheryl and Paul [illegible] of Minneapolis, Lorna and Gerald Schlichtman, Bethann and Karla of Red Lake Falls, Lee and Jane Schlichtman of Hillsboro, ND, Glenn Struthers, [illegible] of Fay [illegible], Glenn, Brent, Linda and daughter Robin of Red Lake Falls, Allen and Lolla Kay Struthers, Adam and Ben of Lake Wales, Florida, Wanda [illegible] of Red Lake Falls, daughters Barbara of St. Paul, Jill and Mark Moody and Josh of Grand Forks, Leo and Viv [illegible] of Red Lake Falls, Claudette and Roger Skjervem, Kenna Genereux, Kyla and Lucas of Thief River Falls, also Shar and Don Fox of Plummer. Congratulations!

Frances Schiefert attended the 1st birthday party for her great-granddaughter Mercedes Sweep, daughter of Nancy and Daniel Sweep. It was held at the home of grand parents, Sandy and Glen Osbjornson of Oklee on September 26th.

Frances Schiefert was a special guest on Sunday, September 28th at the home of Glen and Darby Trontvedt of Oklee for the birthday of their daughter Kaytlin.

Evening visitors of Kern and Alan Tillman last Wednesday were Ellie and Burnell Byer.

Arnie Aill underwent surgery on Thursday at Dakota Hospital of Fargo. Kern Tillman had taken him and his wife Winnie to Fargo on Wednesday. "Best wishes to you, Arnie, in your recovery."

WELCA Meets

The Women of Immanuel met on Thursday evening at the church with President Lucille Kvasager presiding. Reports were given and showed the bazaar a success again. A vote was taken on the scrambling of circles with the decision to remain the same. The program was given by the Mary Circle and a skit entitled "Manasseh and Isaiah" was presented by Lorraine Lorenson, Shar Fox and Lorna Huolan. Hostesses for the evening were Lorna Huolan, Carolyn Myhre and Judy Carlson.

Frances Schiefert was a Thursday visitor of Ed and Gertrude Schmitz of Red Lake Falls. In the evening she was a supper guest of Zella Schiefert, also of Red Lake Falls.

Gilmen's Funeral

Art and Avis Froiland, Rick and Arlane Froiland, Marie Foster and Bill Swick of St. Paul attended the funeral for Gilmen Sebo at the Park River, ND Lutheran Church. Other relatives in attendance to support Gilmen's wife Irene and sons Gary and Alan were Idella and Charles Samuelson of Thief River Falls, Marilyn Wilson of Cedar, Margie Miner of Grand Forks, Edith Froiland of Grand Forks, Frances Kjellard and family of Park River, Robert and Albert Vandervaal and families.

Marie Foster and Bill Swick of St. Paul spent the weekend with her parents, Art and Avis Froiland. After attending the funeral on Saturday, Rick and Arlene Froiland, Janice Froiland and Bert Carpenter, Marie and Bill gathered to help Art and Avis move furniture and belongings into the newly built bedroom, quite an addition on their house. This will make things a lot more convenient for them. The girls put up curtains, etc., and the men did other finishing work. "Congratulations to a nice couple!"

Threshing Demo

A large number of Plummer and Oklee people and the surrounding area turned out for the threshing demonstration held at the old Sorenson farm east of Plummer on Saturday afternoon. The bundle wagons, binder and threshing machine took us all back to the years when this was a regular procedure and even earlier years when horses were used on the bundle wagons. Larry Schalor of Red Lake Falls did bring some horses later in the afternoon and Leonard Johnson of Oklee was there with his horse and buggy giving rides to children and others. Florence Tvedt was organizer for a variety of musicians who provided musical entertainment all afternoon. Lunches and ice cream were available provided by Salem Ladies Aid. Grace Hammer demonstrated the making of lefse, Delores Hammer the making of rommegrot and Willis Presigaard made old-fashioned rice pudding. There was a flea market too. A popular exhibit built and shown by Linus [illegible] at Red Lake Falls was a [illegible] threshing machine and a [illegible] John Deere and Lloyd [illegible] All were very [illegible] The weather was very [illegible] be outdoors.

John and Bonnie [illegible] of Chippewa Falls, WI visited at the home of her sister Wavell and Lloyd Sorenson on Sunday morning.

Ellie and Burnell Byer took a "view the fall colors" drive on Sunday to the Bemidji area. They attended services at the Methodist Church and were luncheon guests of winter Texan friends Will and Joan Leaf. Later they visited Ed and Lilly [illegible] at the hospital where Ed was about to be discharged. They also visited a schoolmate Richard Jacobson near Turtle River. The most colorful areas were north of Bemidji to Blackduck and North of Bagley on Highway 92 on the return trip.

Hazel Olie and Sharon Iverson visited Sunday afternoon with [illegible] Norman of Red Lake Falls.

Alan and Kern Tillman and Lorraine Westerlund took a Sunday drive to see the fall colors and ended up at the Wally and Marie Senger farm where they had coffee and lunch at the "Hytte."

Sunday evening supper guests of Kern and Alan Tillman were Lorraine Westerlund, Howard and Margaret Greenwald, and Don and Glennyce Harrington.

Concert Series

The first concert series of the Allied Concert Series was held on Monday night at Lincoln High School of Thief River Falls with a packed house. Attending from Plummer were Hazel Olie, Esther Walter, Daniel Norman, Bunny DuChamp and Florence Tvedt.

Don and Shar Fox visited at the Harold and Marcia Vatthauer home on Tuesday evening. Arnie Wichtern III of Coon Rapids had visited during the day as well as Della Rewartz.

Hazel Olie attended the Board of Aging meeting on Tuesday at Oklee.

Dorothy and Orval Roose visited on Tuesday evening at the Howard Greenwald home.

Homemakers Meet

Rosemary Eskeli entertained the Holly Hock Home Study group at her home on Tuesday evening with nine members in attendance. Lorna Nodland presided over the business and regular reports were given by Rosemary and Bianne Gagnet. Booklets for the coming year were discussed. Kathy Juneau will be the November hostess. After adjournment, Rosemary gave the lesson on making sunflower corsages, followed by lunch. Other members besides those already mentioned were Myrtle Hamrum, Kathy Juneau, Kelly Krueger, Edna Hyde and Jean Carpenter.

The Eve Circle met at the home of Ellie Byer on Wednesday afternoon. She led in devotions, songs and a discussion on articles in our magazine "Lutheran Women," today. Fern Eskeli led the business in the absence of Clara Hesse. Edna Hyde, Mary Beth Pelson, Lorena Westerlund and Marnie Vatthauer were guests.

Volunteer Recognition Banquet

Howard and Margaret Greenwald, Hazel Olie, Esther Walter and Bernice Peterson were among the many who attended the banquet in Crookston honoring senior volunteers. They reported an interesting day with a good meal, a program and decor in the Halloween theme and excellent musical entertainment by "Straight From the Heart," a trio consisting of Lois Anderson, Lois Peterson and Barb Grant from Middle River, I believe. Mayor Bill Malzahn of Crookston spoke to the group and there were games and many drawings for prizes. Howard was the lucky winner of a Halloween centerpiece.

Lucille and Goodwin Kvasager attended the funeral for his cousin Caitlyn Steiger at the Evangelical Free Church of Thief River Falls. She had grown up in the Oklee area.

Wavell Sorenson attended a meeting in Goodridge on Wednesday evening to help plan a class reunion.

Flu Shots

Plummer Seniors will meet on Thursday, October 16th for their regular meeting. At this time the annual flu shots will be given for the public. Be sure to take advantage of this preventative measure as winter looms not far away and stay for the meeting and entertainment.

Harvey Skyberg was a Friday evening supper guest of Curt and Elaine Thompson and enjoyed a nice visit.

Dan and Cheri Eaton recently completed exterior renovation of the Super 8 Motel in Thief River Falls. They also completed some interior remodeling, which included re-carpeting the hallway and lobby. More changes are being planned. The Eatons have owned the Super 8 Motel in Thief River Falls for about six months. The recently moved to Thief River Falls from New Mexico and say most residents of Thief River Falls don't know what a great town they have. "It's one of the finest communities," said Dan. The Eatons partners, Irwin and Carol Muller, live in Oregon. Thief River Falls Chamber of Commerce Ambassadors, Bruce Mattson, and Deb Quesnall, paid the Eatons a visit and presented them with a More Progress Award.

A Member Owned Cooperative

Cooperative businesses
are committed to the communities they serve

The nation's 47,000 cooperative businesses still believe that providing goods and services as economically and efficiently as possible is the first order of business.

And because they are locally owned and controlled, co-ops are unique in their commitment not only to the people they serve, but to their communities as well. Co-op members make the difference.

Cooperatives serve 120 million people in all 50 states. And you'll find them in all corners of the country—cities, towns, suburbs and rural America. There are co-ops for credit and financing, electric and telephone service, insurance, housing, day care, health care, food, farm marketing and supply, news services, floral services and much more.

For years, cooperatives have provided members with an alternative to profit-based, private-minded business. They've worked for the benefit of their neighbors, their communities and their country. And they've provided an opportunity for co-op members to make a difference.

City office candidates present views and comments

General election will be conducted on Tuesday, November 4, at all city polling places

Mark Borsheim
for Mayor

My name is Mark Borsheim. I'm a life-long resident of Thief River Falls. My wife Sherry and I are expecting our first child in January. We are homeowners with concern for rising taxes. We plan to spend many years in Thief River Falls raising a family.

I am employed with the City of Thief River Falls. I work in the utilities department under the Director of Utilities. I have spent many long weeks deciding whether or not to run for Mayor, and with the help of my wife, family, friends and many supporters, I have chosen to run for Mayor of Thief River Falls. I have the leadership we need, and I have the ability to ask, "what do you want?" The people of our community need to be heard.

The first thing on my list is the depot. Did we really have a say in the direction our leaders decided to go? Did we really want the city offices in the depot? Did we really want to spend well in excess of one million dollars on renovating the depot? Did we get to vote?

We built a library, a police station and an airport, all of which we had a vote, we had a voice. I wish to give you your voice back.

The facts are that the depot is just too small. They simply do not have the space required for all the offices involved. They need to keep a separate building to store office

Robert Reeve
for Mayor

For the past six years I have been privileged to serve as Mayor of the City of Thief River Falls. These years have been challenging and for the most part an enjoyable experience. The fact that I served during our city's Centennial was a very special opportunity.

Thief River Falls has been home to my family, which consists of my wife JoAnn, daughter Linda and son David. Both of our children are married and live with their families in Bismarck, ND, and Papillion, NE, respectively. From July 1963 until July 1983, I was employed by School district 564 serving first as a counselor at Lincoln High school and from 1970 until 1983 as counselor and coordinator of student services at the local technical institute.

Following retirement in 1983, after 34 years of service in various levels of education, I campaigned for and was elected to the office of Department (state) Commander of the American Legion — serving during the 1985-86 year. In November of 1986, I was appointed by the City Council to fill the unexpired fifth ward alderman's term. In November 1987, I was elected to a four year term as fifth ward alderman. In November of 1991, I was elected to a two year term as Mayor and re-elected in 1993 and 1995.

In addition to considerable involvement in the American

Jerry Unruh
for Mayor

I have been married for 27 years, and have lived in Thief River Falls for the past 18 years. This is our home. I am an auto mechanic and my wife Carol, is a nurse, employed at Northwest Medical Center. I have two married sons, and a daughter still at home. I am a grandfather of one grandson.

I am a Christian and I have strong Christian values and morals. My family attends the Evangelical Free Church. I have been a deputy sheriff of Roseau county, a Boy Scout leader, and I am a present member of the National Rifle Association.

As Mayor, I will return city government back to the people as the preamble of the Constitution states, "We The People." I believe the City of Thief River Falls needs me as mayor because I am strong, and not afraid to veto or challenge our council when needed.

Just my running for mayor, and my advertisements in the Northern Watch has pressured or forced the city council of Thief River Falls to balance the 1.7 million dollar budget deficit in less than a month. Isn't this wonderful? That's called leadership and concern for the citizens of Thief River Falls. I can't take all the credit though. The Times also pressured the council to start acting responsible to its citizens through its editorial opinions.

Ken Schmalz
for Alderman at Large

Hello, I am Ken Schmalz and a candidate for re-election to the Alderman at Large's position for the Thief River Falls City Council. I was first elected to the council in 1991. Since then, I have served as a member of the committees of public safety, park and recreation and now serve on the utilities committee and am chairman of the public works committee. I also am the council representative to the Community Development Advisory Board.

I have lived in the Thief River Falls area for the past 18 years and have lived within the city for the last eight years.

I am currently the Pennington County Recorder and have been working for the County of Pennington for just over nine years. This combination of positions allows me to be familiar with both county and city government and allows me to be familiar with the problems and challenges of both entities. I have enjoyed serving on the council for the past four years and have found the experience to be a valuable asset in gaining some foresight in what direction we should be going in the future. I believe that we have gotten into some areas that the city does not belong and it is obvious that the cost of this is causing problems for us. I believe that we must first run the essential services of the city and

Dave Carlson
for 2nd Ward Alderman

It's hard to believe that six years have passed since I wrote the first of my letters of this type. I began then and I'll begin now by telling you a little about myself.

I was born and raised in Thief River Falls and with the exception of the time I spent away at college, I have lived all my life in the second ward. I graduated from Lincoln High School in 1975 and attended Moorhead State University for two years. My wife Patty and I have been married for 18 years. I am employed at the Pennington County Law Enforcement Center as a dispatcher/jailer and have been for 13 years.

I was first elected to the Thief River Falls City Council in 1991. As second ward alderman I have served on the finance, public works, parks and recreation and public safety committees. In 1992, I completed the Blandin Community Leadership program. The City of Thief River Falls went through the process of developing a strategic plan beginning in 1995. I served on the steering committee for this process and also was co-leader for the Communication Action Team which assisted in developing the plan. I currently serve on the public works and public safety committees of the council and serve as chairman of the parks and recreation committee.

(Continued on page 2)

Donald Barron
for 4th Ward Alderman

I feel I have a conservative perspective to the alderman's position because of my work and community involvement.

My wife Gladys and I were married in 1952 and moved to Thief River Falls in 1953. We have lived at 103 South Markley for 38 years. We have three adult children all born in Thief River Falls and all graduated from Lincoln High School. We have appreciated living in this community and would like to keep it as friendly and progressive as it is currently.

As a Navy veteran, I served in World War II and the Korean conflict. After graduating from Bemidji State Teachers College in 1950, I took additional studies at the University of Minnesota in agronomy and soils. I retired from the Soil Conservation Service after serving some 30 years, the last several years of which were in an administrative position with responsibility for 12 counties in northwestern Minnesota.

I have been a president of Lutheran Brotherhood Branch 8129. For several years I have served on the advisory committee for the Northwest Experiment Station at Crookston. I am currently involved in a family farm operation growing wild rice.

If elected, this will be my fourth term as Fourth Ward Alderman.

Fall orchestra concert Oct. 28

Annual fall concert of the Franklin middle school and Lincoln high school orchestras will be presented Tuesday, October 28, at 7:30 p.m. in the Lincoln high school auditorium under the direction of Derek Druse. The concert is free and the public is invited to attend.

Opening the concert will be the sixth grade orchestra which with 25 members is one of the largest sixth grade orchestras ever at Franklin school. It will perform *Frog in a Tree*, arranged by Edmund Siennicki and *Star Dancer* by Mark Williams, as well as some pieces from their book.

Seventh grade orchestra will present *Dramatic Essay* by Mark Williams, a modern piece using suspensions, syncopation and varying tempos, and *Raccoon Fiddles* by Bruce Chase.

Eighth grade orchestra will perform the first movement of *Eine Kleine Nachtmusik (A Little Night Music)* by Wolfgang A. Mozart and a movement from the contemporary *Queen Noor Suite* by Robert Washburn.

Combined seventh and eighth grade orchestras will perform an arrangement of *Brandenburg Concerto No. 5* by Johann Sebastian Bach.

Lincoln high school orchestra will conclude the program with an arrangement of the *Habanera* from the opera *Carmen*, written by French composer Georges Bizet, and a performance of the *Capriol Suite*, a 20th Century arrangement of six melodies from the Renaissance period by Peter Warlock.

Members of the orchestras who will be participating in this first concert of the 1997-98 school year include the following:

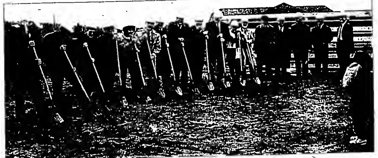
Daylight Saving Time ends Sun.; set clocks back

Daylight Saving Time officially ends Sunday, October 26, at 2 a.m. Residents of the area are reminded to set their clocks back one hour before going to bed Saturday in order to be on time with the rest of the country on Sunday.

Daylight Saving Time is observed nationwide from the first Sunday in April to the last Sunday in October each year.



Groundbreaking ceremonies for Our Saviour's Lutheran Church in Thief River Falls took place Sunday at the building site east of Highway 59 southeast. The church purchased the several-acre site in 1992 and it is located just south of Kingdom Hall of Jehovah's Witnesses. Taking part in the groundbreaking were members of the building and finance committees, invited officials and representatives of Reers' Development, Inc., the building contractor. From left are committee members Phil Dyrud, Dave Weleski, Judy Weleski, Carol Clark, Sharon Larson, Bob Wold, Dave Rodehl, Roger Paterson, Wayne Bjornrud, Curtis Ferbe, Pam Pals, Loiell Dyrud, Mayor Bob Reeve, Rev. Terry Olson and contractor's representatives Jim Reers, Jason Miller and Chad Retke. Not identified is the youngster at right, with head hidden under a jacket.

Lions to host Halloween parties

Thief River Falls Lions club will host its 53rd annual Halloween parties on Halloween, Friday, October 31, at the National Guard armory in Thief River Falls. There is no admission charge for either of these parties and all young people from the area are invited.

The first party of the day will be a costume party for all children from toddlers through the fifth grade from 4 to 5:30 p.m. All children and their parents are invited. Parents are invited to bring their children in costume to the party. A costume parade will be held and prizes given to the winners. Prizes in the form of $2 bills are also provided by the Lions club.

Games will be played at this event and all who participate will receive a prize. In previous years more than 400 young people have attended the party for this age group. Each child will receive a Halloween bag to be used for tricks or treats later on as they go from door to door in their neighborhood. All area children, toddlers through grade five from public, private, and home schools are invited.

The second party will include dancing, activities and a pizza party for children in sixth, seventh and eighth grades. Music and entertainment will be provided by radio students from KSRQ, the Northland FM station. This party, also at the armory, will begin at 7 p.m. and continue to 10 p.m. Pop and pizza will be furnished to all who attend. Drawings for $2 bills will be held from time to time during the evening.

All students at Franklin Middle School and students in grades six through eight from private schools and home-schooled children are all cordially invited to this party as well. Costumes are not required or needed to attend the dance. "Come as you are."

The Lions club has hosted these Halloween parties since [illegible] as one of their many service projects. Club members assist with this event every year. The motto of the Lions club is "We Serve."

October is also membership month for the Lions. Any man or woman interested in joining the Lions club may contact any one of the 101 members for further information.

The Thief River Falls club meets each Wednesday from noon until 1 p.m. for a meal and a short program. Attendance averages 50 to 60 each Wednesday. Business of the club is conducted by the board of directors which meets monthly at 5 p.m. on

supplies and for garage space. There is also no room in the depot for the public works testing lab. The fact is no eliminated buildings, only more buildings to make ADA accessible.

Right now we have a very strong economic community. Now is the time to start paying our bills, building our reserves back, planning for the future of our fine city. Now is not the time for good faith agreements to help finance new apartments. Because of our current good faith agreement we either pay $230,000 or hire an attorney to look into the matter. Why didn't we hire an attorney to look into the matter in the first place? Is money no object?

We are currently over $12 million in bonded debt, with depleting reserves. We can not continue to bond at the current rate of over $500,000 to $1,000,000+ every year, like we have in the past 10+ years. We need to plan our improvements, not continue to place more *and more special* assessments on the taxpayers of Thief River Falls!

We currently have the seventh highest property taxes in outstate Minnesota. The council's answer is to set the tax levy at 10%, the highest it's been in the last 5+ years. How much higher are our taxes going to be? Thief River Falls is my home and not a business with bottomless pockets.

It's time the city council had a good faith agreement with the people who call Thief River Falls home. It's time the city council had leadership that listened, and that the voters can talk to. I will do my best to keep the voter informed, not misled.

I can not promise that I will change the world. The only thing I can promise to the people of Thief River Falls is 100% honesty, 100% loyalty, 100% dedication and 100% commitment to work with all segments of the city, both voters and the council. Together we can and will make a difference. Let's send a message that our pockets are not bottomless! Don't be persuaded by false promises or radical ideas. Vote sensible. Vote Mark Bursheim for Mayor of Thief River Falls.

Thank you for all of your support and, win or lose, don't give up. Together we still can and will make a difference!

Robert Reese

Legion on the local, district, state and national levels. I have tried to devote time to other professional, community and church activities. My wife and I are members of the United Methodist Church where we are active in committees and the church choir. Community activities have included the Thief River Falls Noon Lions Club (past president); Thief River Falls Cancer Association (past president); the Thief River Falls Education Association (past president); the Pennington County Cancer Society; membership in VFW Post 2793, Northern Lodge 236, Winslow Chapter 182 O.E.S. and 40 et 8 Voiture 737 of Thief River Falls.

It is my belief that all of the many and varied experiences with people and groups have helped to provide some of the necessary background to serve as Mayor. Those experiences also helped prepare me for several important aspects of the Mayor's office. One is the ability to work with people — whether it is to assist concerned citizens or to work with other council members, department heads and other city employees or to interact effectively with other government bodies and agencies. Another is the ability to speak effectively when serving as the city's representative at a wide range of local meetings and events.

During my terms as council member and Mayor, there have been a number of issues and concerns that continue to occupy our attention. Of particular importance are those items which have been mandated by State - Federal - agency requirements. Another is the continued efforts to meet EPA requirements at the airport. This Fall concerns were expressed when projected general fund budget figures were reported in early September. The large deficit projected is being addressed and the council will present a balanced general fund budget to the public in early December. Making this possible has not been an easy task, but hard work by the various council committees working with the affected departments eliminated some items, postponed others and spread some items out over a period of time.

Working with the 1998 general fund budget is just one of several reasons for seeking re-election. Others are dealing with several ongoing projects and the opportunity to work with and associate with the many persons who help make Thief River Falls the dynamic city that it is.

A very special Thank You to The Times for making this means of visiting with you possible.

Jerry Unruh

With a tax levy increase every year for the past five years, in my opinion our city council is taking food out of the mouths of our senior citizens and our poor! This makes me angry, and I will stop this when elected Mayor. The City of Thief River Falls cannot continue its present spending policy, spend tax, spend tax, spend tax.

I believe it's time the City of Thief River Falls starts reducing its spending, and starts living within its means. As Mayor I will see that your tax dollars are spent for what's needed, not for what's wanted.

The City of Thief River Falls has enough revenue creating departments to provide an adequate amount of money to supply our city's budget without adding a tax levy increase each year.

I am for a strong economy and an aggressive search for new business. I personally will seek out new business. I am for looking out for senior citizens and their needs. I am for community development and setting long term goals, but not at the expense of our taxpayers.

Thief River Falls needs a Mayor that can say enough is enough, to our city council. One that is willing to tear up all the wish lists causing our million dollar deficit. One that will listen, when the voters say no to Sunday liquor. One that will make city government accountable to its citizens. One with compassion for our senior citizens and our poor. I would like to make Thief River Falls the best city it can be.

A vote for Jerry Unruh will be a vote for change, strong leadership and a future for Thief River Falls.

Ken Schmalz

secondly get into the services that are not essential and only if money permits and only if these projects are supported by the public.

I would be appreciative of your support to represent the people of Thief River Falls in the upcoming election.

Dave Carlson

The last six years have been a tremendous experience for me and I look forward to the possibility of serving another term. I am running unopposed in this election, but until the first Tuesday in November has come and gone, I will continue to refer to another term as no more than a possibility. You make the decision on that and my role is to live with the outcome. I think it would be very naive on my part to think that in one letter I could persuade you to vote for me if my actions over the last six years have not already led you to that conclusion. With that in mind I'd like to make a couple of brief comments and let you make up your mind.

I believe in exploring all avenues for positive change. Sometimes they are dead-ends and sometimes they reveal the path to the future. This type of exploration must be ongoing because whether we like it or not, change is constant.

Discussions and planning of the Multi-Events Cultural Center have revealed that a scaled-down and phased in project can be an affordable and very welcome addition to our community and I support this. These first facilities, well used and teeming with life, may by their own virtue invite expansion and further funding.

The budget process is likely to become increasingly difficult. It appears it's come time to answer the rhetorical question, *"What do I pay taxes for?"* The local tax levy accounts for less than a fourth of General Fund revenue, so although it's true that local government must become smaller and more efficient, it's also true that the expectations of the taxpayer must be lowered accordingly.

The City Council has tried to provide more for less as long as possible. This approach needs to be reevaluated both by the Council and you as a taxpayer. This avenue of change will be explored on sure footing as the City of Thief River Falls has, "made hay while the sun has shone". Our streets, sidewalks, sewer system and water delivery system have been aggressively maintained and updated in anticipation of leaner times. The City also has a workforce made up of highly motivated and dedicated individuals who make the going a lot easier.

You need to be a part of the ongoing exploration for positive change. Educate yourself and become involved. Hold your decisions 'til the avenue is fully explored. You elect representatives to make some decisions for you because that's the way our system works. Don't grant everyone around you that same power. Don't assume that everyone is well informed or more informed than you are.

I want to represent a second ward that's vocal and well informed and that's what I see happening and that's why I look forward to the possibility of another term. The most difficult task of elected office is reconciling when to lead and when to represent and nobody has ever done it to perfection. I don't expect that I ever will either but I would like another chance to give it my best shot.

Thanks to The Times for this opportunity and please get out and *vote on November 4*.

Donald Barron

Currently, I serve as chairman of the utilities committee, and am a member of the administrative services committee. I'm the city representative on the planning commission and city representative on the Pennington County Water Quality task force.

I will continue to bring a conservative point of view to the council which would emphasize safe-guarding of the residential perspective in the neighborhood. I feel this can be done, while still encouraging growth of businesses currently in the city and new ones that might wish to locate in Thief River Falls.

I need and would appreciate your support in the upcoming election on Tuesday, November 2.

Wrong location given for North town hall meet

Postponed information meeting on the School District 564 levy referendum will be held at the North town hall tonight (Wednesday, October 22) at 7 p.m. The hall is located across the new Long's bridge on Dewey Avenue North. An earlier notice provided by the school district incorrectly described the location.

The meeting was originally scheduled for Tuesday, October 21, but was postponed due to the football playoff game played between the Lincoln high school Prowlers and Little Falls on the Prowlers' home field Tuesday.

Everyone is welcome to attend tonight's meeting. Supt. Jerry Robicheau will present information on the levy and the 80 percent state share as well as answer questions and concerns.

TRF woman wins Powerball prize

Edith Rambeck of Thief River Falls won $5,000 playing the Lottery's Powerball game. Rambeck claimed her prize September 25. She bought the winning ticket at Pennington Square.

Powerball is the multi-state lotto game that offers players nine ways to win. Players select five numbers from 1 to 45 and a Powerball, also from 1 to 45. The jackpot is won by matching all five numbers plus the Powerball. Odds of winning a cash prize are 1 in 35, 1 in 55 million for winning the jackpot.

Polaris net income per share up by 47 percent

Polaris Industries Inc. has reported net income per share of 81 cents for the third quarter ending Sept. 30, 1997, a 42 percent increase from net income per share of 57 cents in the 1996 third quarter.

Net income for the 1997 third quarter totaled $21,640,000 on sales of $293,428,000 compared to net income of $15,872,000 on sales of $299,135,000 in the 1996 third quarter.

For the nine months ended Sept. 30, 1997, Polaris reported net income per share of $1.74, up seven percent from $1.63 in the comparable 1996 period. Net income for the nine months ending Sept. 30, 1997, totaled $46,953,000 on sales of $767,950,000 compared to net income of $45,456,000 on sales of $894,229,000 in the first nine months of 1996.

"Continued improvements in our gross margins are more than offsetting lower sales and should enable us to report 1997 full-year earnings per share well ahead of last year's earnings," stated W. Hall Wendel, Polaris CEO.

He attributed the two percent decline in third quarter sales to the company's continuing focus on reducing inventories in the field for each its product lines.

"We are focusing on matching supply with consumer demand more closely," he said. "This will benefit both Polaris and our dealers long term in the form of reduced carrying, promotion and incentive costs."

Gross margins in the 1997 third quarter were 20.4 percent compared with 20.3 percent in the 1996 third quarter and the improvement was attributed to impact of cost reduction efforts, efficiencies resulting from expansion of the company's domestic engine manufacturing program, a reduction in warranty expenses and a favorable Japanese yen to U.S. dollar exchange rate.

Wendel said that dealer recruitment and product durability testing for the company's Victory motorcycle line continue on schedule with limited quantities expected to be in dealer show rooms in the spring of 1998. The cycles were displayed at a number of shows and rallies throughout the country, including the rally at Sturgis, SD, this summer.

The company [illegible] its share repurchase program and has repurchased more than [illegible] million shares since Jan. 1, 1997. Weighted average number of common and common equivalent shares outstanding at the end of the third quarter was [illegible].

Pro Imports, Inc. granted $50,000 matching loans

Pro Imports, Inc., of Thief River Falls will receive $50,000 in matching business development loans from the Minnesota Department of Trade and Economic Development (DTED) and the Northwest Minnesota Foundation, according to DTED Commissioner Jay Novak.

The project's $100,000 cost will also include funding from Norwest Bank in Thief River Falls. The Challenge Grant from the Northwest Minnesota Foundation and DTED will be used to purchase additional inventory and acquire warehouse space and equipment. Three part-time positions will be created by the project, consisting of two sales people and an office manager, in addition to the two current owners.

Owners of Pro Imports, Inc., are Peter Lavalier of Thief River Falls and Ron Martin of Fargo, ND, a former Thief River Falls resident. Martin is employed by Midwest Motor Express and is a certified U.S. Customs broker. Pro Imports can be contacted at 218-681-1627.

Pro Imports is a two year old company that imports and distributes a variety of goods to small to medium-sized businesses in Minnesota, South Dakota and North Dakota. Included are various component parts and complete products. For example, Pro Imports recently imported a large number of zipper pulls for an outdoor apparel manufacturer.

Since the company has also sold smaller quantities of items to other companies, it maintains that its competitive advantage is its willingness to import and distribute products for smaller businesses, saving them money and time. The company also promotes its ability to handle a wide variety of products used by different companies.

"We are supporting this matching loan assistant to Pro Imports because we believe there is some potential for job growth, and because this business supports other businesses that need assistance with imported goods," Commissioner Novak said.

"Enhancing international trade between Minnesota businesses and other countries is a major effort of our agency and we encourage its development."

DTED's Division of Business and Community Development uses the resources of state government to help foster a business climate that produces job growth in the state, Novak added.

Ekeren named to Minn. public radio council

At 87, Caroline Brunelle has no retirement plans

40-year employment party to be held at Thief River Falls Eagles October 30

by Kathi Carlson
The Times Reporter

If Caroline Brunelle has discovered the fountain of youth it wasn't at a cushy tropical spa. Nothing about this woman's life has been easy, and yet the hands that have worked for more than eight decades could be used for a hand lotion commercial.

On Thursday, October 30 Caroline will be honored at a party at the Eagles in recognition of her 40 years of employment there. While working in the same place for 40 years is an accomplishment, the fact that she didn't begin her job at the Eagles until she was pushing 50 makes it almost miraculous.

Born in Crookston in 1909, Caroline will be 88 on December 29. She was the second of four children. Her sisters are Catholic nuns now retired at the Mount St. Benedict in Crookston. One sister was a nurse and the other a teacher. Caroline attended school through the eighth grade and claims to have gotten her education "picking potatoes and shocking corn." Her sisters are 89 and 82 years old, and if her brother were alive, he would be 84.

Caroline's mother died during the flu epidemic of 1918 at the age of 32. Her father stayed with his four young children and remarried in 1920. Caroline described her step mother as a "jealous woman" and said, "We never told our father how mean she was to us."

In 1928, Caroline was married and continued to work hard on a farm near Huot while raising two daughters.

One of her daughters, Patsy is Mrs. Robert Reed and lives in Thief River Falls. Gloria is married to Larry Roy and lives in Longmont, CO. Caroline has seven grandchildren and 19 great-grandchildren.

In 1944, Caroline and her family moved to Thief River Falls. In 1946 Caroline and Sally Barstad bought the Mint Cafe which was located next to where the Rex Cafe is now. Sally was a Norwegian Lutheran, and Caroline is a Catholic. Folks said the combination would never work, but Caroline describes Sally as a "wonderful gal" and the two were close friends. Sally took care of the books, and Caroline was in charge of the kitchen. They both worked 16 hours a day.

At the Mint Cafe a hot beef, pork or meatloaf sandwich with coffee was 25 cents. With a slice of pie the meal was 35 cents. The partners borrowed $5,000 at four and one-half percent interest for one year. They paid off the loan in four and a half months. "That took a lot of 25-cent sandwiches!" Caroline said. They sold the cafe in 1951.

After 29 years of marriage, Caroline decided to go it alone in 1957.

That same year Eagles manager Harold Johnson called and asked if she would like to work for him. Caroline told him, "I've never served a drink before in my life." Harold replied, "I'll see you Thursday night." That was the beginning of her 40 year waitressing stint at the Eagles. She bartended for awhile "because Harold wanted me to" but doesn't think it's "a woman's place" behind a bar.

Previously she had worked for Harold at the Soo Cafe. For 12 years she worked at the Eagles and at Northrup School as a pastry cook. She left the school in 1974.

These days Caroline says, "I don't work much." She works every Tuesday, every Saturday, and every other Thursday when the Eagles holds old time dances.

This past Saturday she ate supper before going to work and worked from 5:30 p.m. until 1 a.m. without a break. There was a wedding dance, and it was a busy night. Caroline commented that the wedding guests were "all nice" which made for an enjoyable evening. People aren't always so nice and she said, "It only takes one to spoil your night, you know. Sometimes I have to swallow a lot!" She admits to being tired after a long night but says, "I'm fine the next day."

The grass doesn't grow under her feet when she's not at the Eagles either. She attends aerobic classes at the Heritage Community Center on Mondays, Wednesdays and Fridays and enjoys coffee at Hardees for an hour afterwards. She plays bingo several times a week and is always open to suggestions for other outings when her friends call.

When asked how she gets around Caroline pointed at her feet. She bought a new car after she sold the Mint Cafe in 1951, but said "I hated to drive, and everyone was always borrowing my car so I sold it. I've been walking ever since." Caroline walks to work, she walks to church, and friends take her other places. She doesn't walk home from the Eagles when her work shift is over, however. She either catches a ride or calls a taxi.

She doesn't like to travel far, and while she has visited her daughter in Colorado, she prefers that her daughter come to Thief River Falls. She likes to travel about as far as St. Hilaire.

Caroline has been remarkably healthy through the years. She had ulcer surgery in 1952 and has had cataract surgery twice – 17 years ago and again 13 years ago. In 1974 she was hit by a car on a Sunday afternoon while walking to the laundromat. Her pelvis was fractured in two places, and she spent 35 days in the hospital making a full recovery.

When she visited her doctor last he scolded her that she hadn't had a physical for five years. When his examination was over he told her that she "amazed" him. He couldn't find a single thing wrong with her.

At almost 88, Caroline says her age is "no secret." It could be. Looking at her one would never guess that she's that old. What has she done to remain so healthy and look so good? "Absolutely nothing," she says.

While she's at a comfortable 135 pounds now, she hasn't always been thin. "At one time I weighed 200 pounds with my coat on," she said. "At five feet tall, I was afraid if I tipped over I would just roll!" She still enjoys an occasional drink, but she did quit smoking – "about four or five years ago."

Our interview took place in the cozy downtown apartment that she's lived in for 46 years. Renting from Dr. John Seaverson for many years, she commented about how good he is to her. Throughout our conversation she spoke of how good a lot of people have been to her.

Noticing a television set in her living room I asked if she watched much TV, and she rattled off several talk shows and a long list of game shows that she enjoys. She watched soap operas until one day she received a phone call during one and was so involved in the storyline that she couldn't remember who called. "That was enough of that!" she said.

Over coffee and some delicious peanut cookies and filled cupcakes, Caroline told of how she bakes up to 20 loaves of banana bread in a day and huge amounts of other baked treats in her small kitchen and shares what she makes.

Caroline has moved with the times and doesn't yearn for the "good old days." "The old days," she states quite adamantly, "are for the birds." The old days were hard days for Caroline. Those smooth youthful hands have known so many years of very hard work.

Could that hard work be her secret? The party at the Eagles in her honor next week isn't a retirement party. There are no plans to do that. "What would I do then?" she asked. "Just sit here?"

About her work Caroline simply said, "I've never been late for work, and I've never been caught doing anything wrong."

No, Caroline, obviously you've done something very right. You deserve to be honored for the 40 years you've worked at the Eagles and for the 40 years you worked before that. You're amazing and inspiring. Enjoy your party!

On Thursday, October 30 Caroline Brunelle will be honored at a party at the Eagles in Thief River Falls celebrating her 40 years of employment there. Caroline will be 88 years old in December. The gathering at the Eagles next week is not a retirement party. There are no plans for retirement in this hale and hearty lady's future.

New Life Assembly of God to install Bunnell as pastor

Rev. George Bunnell and son Ryan

Installation ceremonies for Rev. George Bunnell will be conducted Sunday, October 26, at the 10:30 a.m. worship service at New Life Assembly of God church in Thief River Falls.

District Superintendent Clarence St. John of Minneapolis will deliver the sermon and conduct the installation service.

Rev. Bunnell has served the local congregation since September, succeeding Rev. Sandy and Rev. Cathy Stevenson. A single parent, Rev. Bunnell has three children, Ruth, 15, Ben, 14, and Ryan, 9.

Prior to coming to Thief River Falls, Rev. Bunnell was associate pastor at the Abundant Life Assembly of God in Northfield and served as an evangelist for the past 10 years. He is originally from the Bismarck-Mandan area of North Dakota.

Rev. Bunnell said he will specialize in ministry to broken homes and training in evangelism and discipleship ministry. Since the pastoral position is not self-supporting, he will operate a handyman business called 'Fix It By George' and do carpentry, plumbing and electrical work.

Pvt. Germundson completes basic marine training

Marine Pvt. Dallas A. Germundson, son of Kim R. Philipp of Thief River Falls and a 1997 graduate of Lincoln high school, recently completed basic training at the Marine Corps Recruit Depot in San Diego, CA.

Germundson successfully completed 12 weeks of training designed to challenge new marine recruits both physically and mentally.

Recruits began their training at 5 a.m. by running three miles and performing calisthenics. In addition to the physical conditioning, Pvt. Germundson spend numerous hours in classroom and field assignments which included learning first aid, uniform regulations, combat water survival, marksmanship, hand-to-hand combat and assorted weapons training. The recruits performed close order drill and operated as a small infantry unit during field training.

Instruction was provided on the Marine Corps' core values of honor, courage and commitment, and what the words meant in guiding personal and professional conduct.

Training ended with The Crucible, a 54-hour team effort, problem solving evolution which culminated with an emotional ceremony in which the recruits were presented the Marine Corps emblem and were addressed as Marines for the first time since boot camp began.

Hasnedi given recognition by National Merit

Terry Suine, principal at Lincoln high school in Thief River Falls, has announced that Jeremiah Hasnedl has been named a commended student in the 1998 National Merit Scholarship Program.

A letter of commendation from the school and National Merit Scholarship Corporation (NMSC), which conducts the program, will be presented by Suine to Hasnedl.

About 35,000 commended students throughout the nation are being honored for their exceptional academic promise. Although they will not continue in competition for Merit Scholarship awards to be offered next spring, they placed among the top five percent of more than a million students who entered the 1998 Merit program by taking the 1996 preliminary SAT/National Merit Scholarship qualifying test.

ON MY MIND

Kim Chadwick-Quade

Make Education A Top Priority

The days of the Little Red Schoolhouse are gone. The days when a hot lunch meant warming your sandwich by the fireplace are gone. The days when walking 20 miles to school are gone.

A lot of things about education have changed over the years, but one thing still remains the same. Quality education for our children is a top priority.

That's been my focus since my son was born seven years ago. It's true that parents are a child's first teachers. Much of what my husband and I do revolves around providing a solid base for education.

Now, that education needs some financial support. By voting "yes" for the levy referendum in the November 4 election we can say that we support a quality education for our son and the other children in the community.

It's plain and it's simple. Our school district needs more money to provide a quality education for our students. During the last five years almost $1 million has been cut from the school district's budget. The cuts are affecting the students in the classroom.

If the levy is approved by the voters in our district, we can look forward to smaller class sizes. Needed textbooks and curriculum materials will be purchased. Technology will be updated. Teacher aides will be reinstated for classroom and playground help. We'll maintain the existing classes and even add a few that have been cut.

We all want our children to become educated, productive adults who contribute to our society. But this can't happen without a sound educational footing. To compete in this ever-evolving world, kids need much more than reading, writing and math. They need good computer skills, foreign languages and communication skills. They need to be well-rounded.

As parents, grandparents, uncles, aunts, neighbors and friends we owe it to the children of this community to keep supporting a quality education. The children deserve that much from us.

Schools can't operate on air. The teachers and staff have done an excellent job with the money available. But it's becoming much more difficult as money becomes scarce.

I feel the financial commitment we'd be making by voting "yes" is well worth it. The total amount raised would be $621,567. But because of a state plan called equalization, our school district pays only $137,380, which is 22 percent of the whole amount. The state would pay the other 78 percent.

A family which owns a home worth approximately $40,000 (market value) would pay about $20 extra a year in property taxes. That's less than 50 cents a week. I believe we can sacrifice this amount to help fund one of the most important facets of our young people's lives – their education.

I'm going to put my money where my child is and vote "yes" for the levy referendum on November 4.

I believe: Our lives begin to end the day we become silent about things that matter.

Legal Services of NW MN to hold series of meetings

Legal Services of Northwest Minnesota will hold a series of meetings to discuss the changes in welfare laws and how the changes will affect individuals receiving public assistance.

Topics will include the Statewide Minnesota Family Investment Program (MFIP) which will replace AFDC, the five-year time limit on receipt of cash benefits, changes in asset and income requirements and the new work and training requirements. Dara A. Lee, attorney at law with Legal Services of Northwest Minnesota will be the presenter.

Two presentations will be made on Tuesday, October 28 – Kittson County Courthouse in Hallock from 11 a.m. to 1 p.m. and the Library Museum meeting room in Roseau from 3 to 5 p.m. Three presentations will be made on Thursday, October 30 – Godel Memorial Library in Warren from 10 a.m. to 12 noon, Community Hall in Red Lake Falls from 1:30 to 3:30 p.m. and Northwest Regional Library meeting room in Thief River Falls from 4:30 to 6:30 p.m.

The public is invited. The presentation is free of charge. Questions will be encouraged, and refreshments will be served.

Legal Services of Northwest Minnesota (LSMN) is a federally funded, non-profit organization established to provide free legal services to low-income people and senior citizens. Services are provided by legal staff and private attorneys in the local area who are reimbursed by LSNM. For further information, call 1-800-450-8585.

Reflections

On Principles Of Truth

Marcy Myhrer
Our Saviour's Christian Academy

Since 1980 the United States has granted "Most Favored Nation" (MFN) status to China. This is very puzzling to me! When I look at what our country "supposedly" stands for, I cannot see why we would forget about these things we hold true and support a country that mocks these principles.

Appeasement never accomplishes anything in dealing with bullies. Nowhere in history will you ever see where sacrificing one's beliefs to satisfy an opposing power ever brought any form of success. Wouldn't our forefathers be disappointed in knowing that the very thing they gave their lives for, we are willing to deliberately compromise.

Let me give you a few examples of how China undermines our heritage. China has persecuted more Christians in the last ten years than in all their history! This is a direct violation of our first amendment which states, "Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof..." Yet, we are encouraging the persecution by granting China MFN.

Many of us have heard of China's "one child per family" policy, which coerces a family to have only one child. Many Chinese families would love to have a second child, but the law will not permit this. So for no other reason than this, millions of innocent lives are taken.

In an article written by Dr. James Dobson, a story is told of a Christian obstetrician in China who was ordered to kill an innocent baby who had been "born alive." The mother pleaded with the doctor not to kill her baby. The obstetrician refused to be a part of this murder and asked if she could adopt the child. No amount of resistance could save this child's life. It became another of China's terrifying statistics.

How can we be so cold? Ignoring this horrible practice, pretending it doesn't exist is wrong! When did the value of human life go down? When did we stop caring?

By giving MFN to China, we have allowed that country access to our most advanced technology. Doesn't this place our country at risk? Forty-six super computers were sold to Beijing in the past two years. Some reports say that they were used to reprogram missiles. Chinese officials have even bragged about the ability to use them to hit America's west coast.

Beijing also has sold nuclear know-how, along with missiles and poison gas, to terrorists from Iran and Syria which threatens Israel (a nation we are "supposed" to be allies with). Does this sound like "Most Favored Nation" material to you?

When did we lose our respect for the principles that were the very foundation of this great nation? Please consider what was written here and act upon it by urging your representatives to vote against MFN for China before we are judged by God for violating our own consciences and His "natural law."

SPEAKING OF

Sherry LaCoursiere

...It's Truly the Flu

Is it a cold or the flu? I've never been able to figure out what the difference is between the two. Some people have runny noses, headache, sinus congestion and coughs but they insist that they have the flu. I don't think that should be called a flu - it sounds like an old-fashioned cold to me.

Now the flu is another matter. With the flu a person has all of the symptoms of a cold, as well as body aches, dizziness, weakness, loss of appetite, a constant cough, sore throat, sore ears, a temperature, and a brain that doesn't seem to work at all. This is what I call the flu. I have it.

I don't ever remember watching myself get sick before. I woke up Saturday morning with a little snuffly nose, ran around doing some errands and, generally, planning to have a busy Saturday, as usual. I even had a substantial breakfast to take care of my substantial appetite. After my breakfast, I noticed that my nose was running at a pretty good clip, but I figured it was from being outdoors earlier.

By the afternoon, I realized I was really getting sick. I was coughing and aching and my nose was running steadily, even though my nose was completely clogged. I went from a fairly healthy morning, feeling good and planning a busy weekend, to being an invalid, spending my evening on the couch buried under quilts, drinking vinegar and water and all the fruit juice I could manage, along with hot tea, and tucking tissues up my sleeves so I could grab them quickly when my nose would start to run all of a sudden (every two minutes). All of this happened in a few short hours, while I was awake and watching it come, albeit rather dazed and befuddled.

I know I have the flu - there is no doubt about it. Not only does my head ache, but my hair aches - my feet hurt, right down to the toenails - the hairs of my eyebrows ache. I have no appetite (What! This is really bad!). I can't taste anything (which might be good considering the cider vinegar and water I am drinking because my cousin said it would be good for the congestion), I can't breathe, I can't think straight.

Being sick takes all of the fun out of staying home from work. I can't do anything fun. I'm too weak to get off the couch, it hurts my eyes to read, it makes my head ache more to try to watch television. All I can do is lie here and try to sleep, which isn't easy because I keep waking up every few minutes because my nose is running or my mouth is running or I can't breathe. I keep thinking of everything that needs doing, but have no ambition to do it.

And the biggest kick of all - I have an appointment to have my flu shot on Thursday. I'd laugh about it if I didn't hurt so much.

Cookbooks for sale by TRF Women of Today

Proceeds of cookbook sales by the Thief River Falls Women of Today Chapter will go towards its annual scholarship award.

The Pampered Chef cookbook sells for $10 with $4 going to Women of Today.

Each year the TRF Women of Today sponsor a scholarship which is available to a female student attending Northland Community and Technical College. The scholarship award is based on the student's involvement and activity in the community. Scholarship applications may be picked up at the school.

Women of Today is a national organization dedicated to helping women develop leadership skills to enrich their community. For more information about the Women of Today or to place an order for a cookbook, call Amy Branscomb at 681-6182.

TRF Women of Today participate in "Make a Difference Day"

October 25, 1997 has been declared as national "Make a Difference Day" by Gannet/USA Weekend Magazine in partnership with the Points of Light Foundation. To participate in this special day, the United States Women of Today will distribute "Buckets of Sunshine" in its local communities.

The project will distribute supplies to shelters and crisis centers. In Thief River Falls, the Women of Today will donate two "Buckets of Sunshine" to the Violence Intervention Project. Supplies will include soap, shampoo, hairspray and towels for women who have left their homes to escape an abusive relationship.

Chartered in 1985, the United States Women of Today has celebrated many years of successful educational and fundraising partnerships with other organizations such as the March of Dimes, Leukemia Society, Arthritis Foundation and other causes. The Women of Today is open to all persons at least 18 years of age who are interested in promoting community service, personal enrichment and leadership training. Over 4,000 women nationwide belong to Women of Today and are making differences in their communities.

The Thief River Falls Women of Today meet the first Wednesday of every month at 7 pm. at the Elks Club meeting room. For more information about the group, contact Amy Branscomb at 681-6182.

MCC announces Early Childhood Family Ecucation November events

Parents of two-year olds will attend a discussion about a variety of topics specific to their child's social, emotional and physical development as their children enjoy socializing under the supervision of an early childhood teacher from 7 to 8:30 p.m. on Thursdays, November 6 and 13.

On Thursday, November 20 four and five-year olds and their parents can have delicious fun as lefse is made from 7 to 8:30 p.m.

On November 7 and 14 join the "lunch bunch," a mixed age class, between 11 a.m. and 12:30 p.m. Explore the specially designed EFCE room or visit with your child's teacher or other adults over lunch. Participants can bring their own lunch or purchase a school lunch at a cost of $2.10 per adult and $1.40 per child.

So that teachers can prepare enough materials and space, please call to register. Registration is required for the school lunch.

All classes will be held at the Newfolden Elementary School Early Childhood Center. For more information call the school at 874-8805.

Gardeners Workshop October 25 in Park Rapids

Riverside Methodist Church in Park Rapids is the site for a one-day gardening workshop to be held Saturday, October 25.

Registration will be held from 9:30 to 10 a.m. followed by a presentation on dried flowers by Master Gardener Donna Holmes from 10 to 11 a.m. From 11:15 a.m. to 12:15 p.m. Iris Johnson of Sundial Herb Gardens of Detroit Lakes will discuss growing and using herbs. Following lunch and a business meeting, Norm Baker of Northstar Nurseries in Rogers will present, "Daylilies - A to Z for a Modern Perennial Garden." A fourth speaker may be added to the day's schedule.

The workshop is a chance to meet and talk with other gardeners who live in northern Minnesota. Anyone interested in gardening is welcome. Cost for the day, including lunch, is $5.

For more information, call Jean Johnson at (218) 758-2714, Burma Brekke at (218) 765-3157, Mary Duvall at (320) 679-3973 or Donna Holmes at (218) 732-4534.

ON THE OTHER HAND

Dan Carpenter
Lincoln High School

There are many different groups at Lincoln that are taking trips to far off places this year. Magnet Arts students are going to the Twin Cities at the end of this month, Close Up students are going to Washington, D.C., this coming March, and I'm sure there are a few others that I haven't heard of yet.

But for me, the one trip that sticks out the most is the Lincoln High School Concert Choir trip to New York City. Seventy-six students, myself included, will be leaving this coming May for a tour of the Big Apple. We will be seeing such sights as the Statue of Liberty, the Empire State Building, and possibly a few Broadway shows. The main reason that we are going, though, is to sing at St. John the Divine and St. Patrick's, two famous Catholic Cathedrals, as well as at Carnegie Hall.

With the cost of airfare, a five star hotel for a few nights, Broadway tickets, meals, and spending money, how much would you expect this to cost? Well, let's just say that the bill is more than most parents would want to pay. So what can choir members do to lower the bill? The answer is lots of fund raising.

Our group of students participates very zealously in fund raising activities. We've done everything from working concessions at the American Festival and the fair to selling candy door to door.

One activity that I participated in a lot was the county fair parking this last summer. Every day during the Pennington County Fair, I was at the front doors of the Huck Olson Memorial Civic Center at 11:45 in the morning. Then we would break off into two groups, one staying at the front for general parking, and the other going to the back by the Irv Wilson Baseball Field. The back gate was for people bringing their animals and exhibits in for competition. I had the honor of working the back gate for two days in a row – two boring days I might add. I think I helped a total of thirty cars in the two five-hour shifts that I worked.

The real excitement of my parking experience came on the Friday night of the fair. I had just finished my 11 to 4 shift at the back gate when Mrs. Reese, our choir director, approached me with a proposition to run my own parking lot later that night at Tunberg's. I really needed the fund-raising dollars, so, of course, I said I'd do it. I went over to the lot with Mrs. Reece around 5:30, and I asked her who I would be working with. The answer I got was not what I had expected. She said Officer Miller would be over with the sentence to serve guys around six o'clock.

My stomach sunk to my feet. I was horrified that I, a seventeen-year-old kid, was supposed to keep a bunch of inmates in line. When Miller arrived, two men in street clothes got out of the back of the police car. Mrs. Reese explained to them what to do with the flags and where to park the cars. She also told them not to go running off and especially not to smoke. All I could do was pray that these guys weren't in jail for assault with a deadly weapon, kidnapping, or some other horrible crime. But, as I started talking to these guys, I found out that one of them was in for a DWI, his first offense. I never actually got the other one to tell me what he did, but I assume it was something similar. They were actually very nice guys, and they did their job well.

It takes a lot of dedication to fund raise for a few extra dollars. And I can honestly say that all of the students going on this trip would have done the same thing if they had had the chance. We have a few more fund raisers coming up. We just had a rummage sale at the National Guard Armory last Saturday. We're also going to be selling raffle tickets for a dollar with many cool prizes going to the winners.

Just a reminder to anyone interested that there are a couple of shows coming up at Lincoln in the next few months. On November 15th is the cooperative Swingsations-Jazz Band performance "Remember When," a show devoted to music of the thirties and forties. Also, the LHS choirs will be performing their Christmas concert on December 8th in the auditorium at Lincoln.

TIMES FOR TODDLERS

ACTIVITIES

Pumpkin Tambourine

Celebrate the harvest by shaking a pumpkin tambourine! To make one, paint or color with markers orange, the backs of two paper plates. When the paint or marking is dry, secure the rims of the plates together with several paper clips, then use a hole puncher to punch an even number of holes through the rims. Remove the paper clips. Through each pair of holes, thread one length of green yarn, thread a jingle bell onto each piece of yarn and then tie the yarn in a bow. Shake, shake, shake that tambourine!

SCAVENGER HUNT

For next week's Activities feature, you will need a paper plate, orange paint or marker, black construction paper, a tongue depressor, glue and scissors.

BOOK OF THE WEEK

The Thief River Falls public library invites you to browse through its new selection of children's books including the following:

Stevenson, James. **Heat Wave at Mud Flat.** Temperatures (and tempers) in Mud Flat are about to boil over until Lizard promises relief with his bag full of tricks. Will Raymond the Rainmaker save the day?

Carlstrom, Nancy White. **Raven and River.** One by one, arctic animals echo Raven's plea for the river to awaken from its icy slumber. At long last the river will answer with a murmur that grows steadily louder until finally bursting forth with a playful springtime melody.

VIDEO VARIETY

Yertle the Turtle and Other Stories. Actor John Lithgow adds his spirited narration to "Gertrude McFuzz" (plain bird Gertrude's envy of her pretty feathered friend drives her to find a magical solution) and "The Big Brag" (a rabbit and a bear bicker and boast until a wise old worm teaches them both a lesson).

MAGAZINE MENTION

Fares may be astronomical but vacations of the future will be out of this world! By the year 2020, a Japanese company hopes to open a space hotel that will orbit the Earth 279 miles out. For more information on this "heavenly hotel," check out the October issue of National Geographic World.

Remember that the Thief River Falls public library has preschool storytime every Wednesday at 9:30 a.m. Also remember to check out the parenting corner by the children's room for new information and helpful hints for busy parents on books, reading and much more.

PARENTING TIPS

Halloween: Fun vs. Fear

Halloween can be an exciting time for both children and adults. However, it can also be a fearful, scary time for young children. For them a mask is not just a mask - it is Batman or a witch come to life! This does not mean that we have to avoid Halloween. Rather we can use it as an opportunity to teach children the meaning of fantasy or pretend play.

If your child appears to be fearful of masks, costumes, etc., here are some suggestions you might want to try to prepare your child for Halloween:

•Expose your child to some non-threatening masks (animals, Disney characters, etc.). Leave them where the children can look at them and touch them in their own way and time.

•Play with masks in front of a mirror. If your child resists holding a mask up to his/her face, don't force it.

•Hold a mask over your face and talk in your "normal" voice and then remove the mask so that your child can see that it is really you.

•Remember that young children may not know what is real, so don't rush them. Let them ease into this holiday. It often takes years. The best thing you can do is to understand. Tell your child, "I know those masks are scary to you. Stay close to me. I will not let anyone hurt you."

SOMETHING TO TALK ABOUT

Talk to your child about all the Halloween "characters" and decorations. Discuss what is pretend and what is real. Let your child know that you are there to share his or her whole Halloween experience.

TRF performers in Grand Forks Orchestra Octoberfest

Derek Druse, Bonnie Hallet and Jan Klopp of Thief River Falls will be among the Greater Grand Forks Symphony Orchestra members participating in its Oktoberfest.

Oktoberfest for the orchestra is a fund-raising event. Oktoberfest will be held at the Westward Ho in Grand Forks, on October 24 at 7:30 p.m.

"This year's Oktoberfest is going to be better than ever," said Timm Rolek, symphony conductor. "We've decided that everyone needs a little cheering up so in addition to the great music and food we'll be having prizes. After all, who doesn't enjoy a surprise now and then."

Space was at a premium recently as a large group attended the 25th anniversary open house of Planned Parenthood in Thief River Falls. Doctors Penny and Jim Langland and nurse Diane Schoon were honored for their many contributions to Planned Parenthood. Minnesota/South Dakota Planned Parenthood President Tom Webber presented the Langlands and Schoon with engraved silver candy dishes. Penny Langland has been with Planned Parenthood since medical school and was Planned Parenthood's Physician of the Year in 1996. Dr. Jim Langland was noted for his support of the Planned Parenthood mission and women's health issues. Penny Langland's office nurse, Diane Schoon is credited with giving excellent care and professional courtesy to Planned Parenthood clients. In 25 years, the number of patients at the Planned Parenthood clinic in Thief River Falls has steadily increased. Last year, the clinic cared for nearly 825 patients from the northwestern region of Minnesota. Pictured from left are Michele Zblowski of the Thief River Falls Planned Parenthood office, Dr. Penny Langland, Diane Schoon and PPM/SD President Tom Webber. Dr. Jim Langland was unable to attend.

Snorre Lodge 70 Sons of Norway recently took a bus trip to Maple Lake where they enjoyed lunch at the Maple Crossing Inn. The group included (front, from left) Jean Nelson, Ardelle Ostgaarden, Bernice Petersen, Dorothy Chapman, Edna McEnelly, Vivion Brekke, Ethel Josephson and Ardith Longlie. In the back (from left) are Myrtle Myrin, Bert Peterson, Leonard Brekke, Charles Josephson, Ed Langlie and Mildred Wik.

TRF Noon Lioness meeting held

Thief River Falls Noon Lioness meeting was held Wednesday, October 8 at the American Legion Clubrooms.

A poll was taken regarding what types of fundraisers the members prefer. Members were encouraged to inform the Lioness board about special contributions a Lioness has made to the community so that she can be recognized. Betty Kezar was acknowledged at the meeting, and a special thank you was extended to Nancy Hanson for her volunteerism as a new member.

The craft donated by Shirley Swanson, was won by Irene Ellingson.

Kathi Carlson made a presentation about her experiences making and marketing fabric dolls.

The next regular meeting will be November 12 at the American Legion, and all women of the community are welcome. The November club project is the food shelf.

Mass of Christian Burial will be held today, Wednesday, October 22 at 2 p.m. at St. Joseph's Catholic Church in Red Lake Falls with Father Gary LaMoine officiating. Special music will be provided by organist Kathie Knutt, soloist Darla Huot and St. Joseph's Church choir. Casketbearers will be Larry Foley, Michael Foley, Alan Foley, Greg Perras, Michael Schafer and Brian Schafer. Military honors will be afforded by American Legion Post 22 of Red Lake Falls. Burial will be at St. Joseph's Cemetery at Brooks.

Visitation was held Tuesday from 5 to 8:30 p.m. with a 7 p.m. prayer service and rosary at Petterson Funeral Home in Red Lake Falls and for one hour prior to services at the church.

Raymond Walter Perras was born February 26, 1912 at Brooks, the son of Max and Nellie (Toulouse) Perras. He attended the local school and a Catholic boys' school in Techny, IL for three years. He graduated from high school in Virginia, MN. Raymond assisted his father in his hardware store in Brooks before beginning his banking career at the Red Lake County State Bank in 1934 where he worked for approximately 50 years. On June 4, 1935 he was united in marriage to Hazel Noyes at St. Joseph's Catholic Church in Brooks. During World War II he served in the United States Navy.

Ray received the Citizen of the Year award in May of 1977 from the Red Lake Falls Civic and Commerce. He served as Chief Ranger of the Catholic Order of Foresters, Grand Knight of the Knights of Columbus, Commander of the Gunder Austad Post 22, was a school board member for two terms, treasurer of St. John's Hospital advisory board and was a member of Red Lake Falls Development and Industries. Ray was a great sports enthusiast with baseball a top priority. He also enjoyed golf until he was stricken with Parkinson's disease. He entered Hillcrest Nursing Home in May of 1993.

Raymond is survived by his wife Hazel of Red Lake Falls, one sister, Florence (Fred) Lang of Minneapolis, and several nieces and nephews.

He was preceded in death by his parents, one brother, Max, and four sisters, Nellie, Rose, Alma and Evelyn.

Lyleth L. Stangfield, 81

Gatzke - Lyleth L. Stangfield, 81, died on Saturday, October 11, 1997 at her home near Gatzke.

Funeral services will be held October 16 at 10 a.m. at United Lutheran Church in Gatzke with Reverend Arlen R. Lloyd officiating. Special music was provided by organist Gloria Sistad and soloist Mary Ann Lunsetter. Casketbearers were Lowell Naeseth, Merle Naeseth, Larry Hagen, Otto Johnson, Ordean Edberg and Bruce Lunsetter. Burial was at Landstad Cemetery near Gatzke.

Lyleth Leona Johnson was born on November 8, 1915 in Rollis township in Marshall County near Gatzke, the daughter of Theodore and Olava (Torgerson) Johnson. She attended school and grew to womanhood in the Gatzke community. She was baptized and confirmed in the Lutheran faith.

On November 24, 1934, Lyleth was united in marriage to Eldon M. Stangfield at Hibbing. The couple resided in Hibbing until 1939 when they moved to Detroit, MI. In 1975, they returned to the Gatzke area where Lyleth has since resided. Eldon passed away in 1978.

Lyleth is survived by two daughters, Beverly Burgess of Taylor, MI and JoAnn (Bob) Vealey of Onsted, MI, six grandchildren, six great-grandchildren, one brother, Arthur of Thief River Falls, and several nieces, nephews and other other relatives.

Group seeks to verify U.S. list of Korean War dead

U.S. Department of Defense has provided the Minnesota Korean War Veterans Memorial (MKWV) committee with a list of 700 names of Minnesotans killed in the Korean War, but the committee has reason to believe the list may not be complete.

"We want to be certain the Korean War Veterans Memorial, planned for the Court of Honor at the Capitol grounds, has the name engraved of every Minnesotan who died in that conflict," states Ed Trahing, president of Chapter 1, MKWV.

"To ascertain that an individual's name is on the list and spelled correctly, phone your county veterans service officer, who has a copy of the list, or phone or fax the memorial committee at 612-771-2401 or 612-407-9096."

In March of 1996 the Minnesota Legislature allocated $300,000 to the memorial with the stipulation that the amount be matched in order to meet the projected cost of $600,000.

To make a tax-deductible contribution toward completion of the memorial, mail checks to the Minnesota Korean War Veterans Memorial, P.O. Box 131842, Roseville, MN 55113.

Almost 95,000 Minnesotans served in the Korean War. More than 700 were killed in action, more than 1,500 were wounded and 154 are still missing in action.

Green Thumb to take applications from 55 and older

Green Thumb Employment and Training is accepting applications from persons 55 and older for a variety of training and job opportunities which are available in most Minnesota communities.

The non-profit organization assists seniors in finding employment and/or obtaining no-cost or low-cost skills training. Counselors help interested persons identify their interests, abilities and skills and matches them with available training or jobs in their community.

In the 1996-97 program year Green Thumb provided services to over 1,200 participants and 197 obtained employment off the Green Thumb payroll, averaging $6.10 per hour for 27 hours a week.

Services are provided at no cost to qualifying individuals and no applicants will be denied consideration because of physical or mental limitations. Interested persons may call 1-800-450-5627 toll-free and a Green Thumb representative will arrange an interview at a convenient location to discuss the applicant's training or job needs.

Ada to get funds for new hospital and nursing home

Federal Emergency Management Agency (FEMA) has approved funding to build a new hospital, nursing home and clinic complex in Ada to replace facilities destroyed in this spring's overland flooding in that community.

The new complex is expected to cost between seven and eight million dollars with 90 percent of the funding provided by FEMA.

The 14-bed hospital and 49-bed nursing home extensively damaged in the flood have been closed since that time. They were among the leading employers in the community. Repair of the facilities was ruled out due to structural problems and air quality issues.

Before plans could go ahead for the new complex, the Minnesota Legislature had to pass legislation exempting Ada from the state's 14-year-old moratorium on the construction and licensing of new nursing home beds.

Al Lamm (right), director of the water treatment plant in Thief River Falls, presents a certificate of commendation from the Governor of Minnesota to Thief River Falls Mayor Robert Roove. The certificate of commendation was presented to the City of Thief River Falls for its volunteerism and assistance in repairing water treatment facilities in flood-stricken communities last year.

Ribbon cutting to officially open the new sun room at Valley Home in Thief River Falls took place Friday, October 10, at 2:30 p.m. Mayor Bob Roove (left) prepares to cut the ribbon. Others (from left) are Mrs. Arnold Borg, Gene Boito, Elaine Anderson and Orin Green.

A cozy atmosphere exists in the 15x80 sun room addition to the south side of Valley Home in Thief River Falls. Ribbon cutting to officially open the addition built at a cost of nearly $120,000 took place Friday, October 10. The wall at left was formerly the south wall of the building. Glass windows were removed and ceilings installed, opening the dining room area to the sun room. It is expected the new addition will get a good deal of use this winter as it brings the outdoors inside—with the sunshine but without the cold.

When the blades of the Huey stopped, students at Franklin Middle School swarmed around it. Its three-man crew flew to Thief River Falls Wednesday to give a presentation on drugs. The team and helicopter are members of a Drug Reduction Program.

Fosston Solid Waste processing facility awarded grant

Minnesota Office of Environmental Assistance has announced that seven municipal solid waste resource recovery facilities will receive over $9 million in Capital Assistance Program (CAP) grants in 1997. The waste-to-energy combustor located in Fosston will be one of the recipients of the grant funds.

The waste-to-energy combustor located in Fosston will receive $2,799,205 to improve and meet anticipated state and federal regulations. The facility has the capacity to process 90 tons of solid waste daily and handles waste from Polk, Beltrami, Clearwater, Mahnomen, and Norman counties. Northern Milk Products, Inc., and Minnesota Dehydrated Vegetables Inc., in Fosston receive steam energy from the facility.

The total 1997 CAP grant funds equal $9,186,105. These grant award amounts must be matched with funding from local governments for eligible costs and are not to exceed available funding.

The Office of Environmental Assistance is currently identifying future projects for CAP funding. This bond-funded program, established by the Minnesota Legislature, helps cities and counties finance the capital costs of constructing municipal solid waste management facilities.

James Dehlin a student at Franklin Middle School in Thief River Falls, was given an opportunity to check out the controls of a Huey helicopter from the pilot's seat. A National Guard helicopter was flown to Thief River Falls Wednesday for an anti-drug presentation at the school.

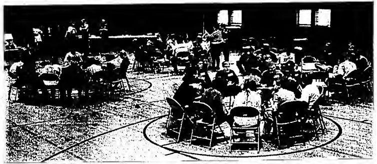
Franklin Middle School received visitors from the National Guard Wednesday. The UH-108 (Huey) helicopter and its three-man crew are part of a Drug Reduction Program and flew from the Twin Cities to Thief River Falls to give a presentation to students. The crew consisted of Capt. Greg Cicchetto, CWB Ronald R. Boutch, and SSg. Kelly Fisher. All are members of the 34th Infantry Division. They talked about the helicopter, drugs and their mission. "If you ever want to fly one of those," said Capt. Cicchetto, "don't experiment with drugs."



Discussion groups for the New Generation Youth Leadership Conference conducted Thursday at the city auditorium in Thief River Falls received assistance from a number of volunteers from sponsoring groups. The conference was sponsored by the Thief River Falls Rotary Club, Thief River Falls Youth Development Committee and the Education Committee of the Thief River Falls Chamber of Commerce. Sixty-seven students attended the conference led by guest facilitator Mitch Anthony.

Spirit Fest to use WE Fest grounds

In conjunction with the Spirit Fest Family Ministry, WE Fest Inc. will conduct Spirit Fest Midwest, a three day Christian music and camping festival for the family July 17, 18 and 19, 1998, at the Soo Pass Ranch at Detroit Lakes.

Home of the WE Fest country music festival, the Soo Pass Ranch has state-of-the-art production facilities, a natural amphitheater that can handle up to 50,000 people and more than 7,000 campsites.

Spirit Fest will feature many of the top artists in Christian music, prominent inspirational speakers, a parade of choirs from regional churches of all denominations, seminars, workshops and prayer tent services.

Among artists who have been offered contracts to perform are Ricky Skaggs, Paul Overstreet, The Maranatha Band and Singers, Point Of Grace, Audio Adrenaline and Michael W. Smith.

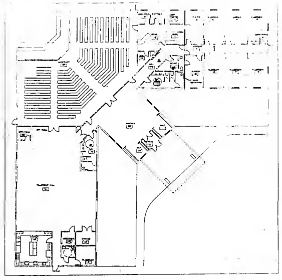
Digi-Key is celebrating its 25th anniversary. The business began in 1972 after Dr. Ronald A. Stordahl obtained his PhD in electrical engineering and began selling electronic components. While it began small, it now occupies a 300,000 square-foot facility in Thief River Falls and has 750 employees. Digi-Key utilizes direct marketing to reach its customers. Recently it began targeting sales towards manufacturers and obtaining larger volume orders. Based on sales figures, Digi-Key has moved into the Top 20 among the more than 1,500 electronic component distributors in the United States.



Floor plan for the new Our Saviour's Lutheran Church to be completed next summer on Highway 59 southeast in Thief River Falls is shown above. The sanctuary in the upper left will have seating for 400 people. Open area at the left is the fellowship hall with the kitchen, mechanical area, storage and a classroom at lower left. At the upper right are pastoral and church offices, six classrooms, nursery and infant care area. Total project will be 14,200 square feet and projected cost is $719,000.

Retailers still selling tobacco to minors in MN

The results of the first statewide tobacco compliance checks, conducted on a scientifically derived sample of retail tobacco outlets, show that 28 percent are not complying with state laws prohibiting sale of tobacco products to minors.

The compliance checks were conducted by the Minnesota Department of Human Services (DHS). Results of the random, unannounced compliance checks of 560 tobacco retailers represent the first statewide snapshot of the extent to which minors can buy tobacco, according to DHS Health Care Assistant Commissioner Mary Kennedy. DHS is mandated to conduct the checks under the federal Synar Amendment, requiring states to enforce laws prohibiting tobacco sales to minors or face reduction in federal Substance Abuse Prevention and Treatment Block Grants.

"While we are pleased that 72 percent of retailers are in compliance, we are concerned that so many young people still have access to tobacco," Kennedy said. "We will continue to work with retailers and others to improve the compliance rate."

In Minnesota, youth must be 18 to purchase tobacco, and selling tobacco to minors is punishable as a gross misdemeanor. Compliance checks were conducted last summer throughout the state by teenagers, under adult supervision, at retail tobacco outlets — anywhere cigarettes and smokeless tobacco are sold. Teens dressed normally, didn't try to look older and didn't use false identification — they just walked in and tried to buy tobacco. Letters were sent out by DHS to the 560 retailers surveyed, telling them whether or not they were in compliance.

Minnesota fares significantly better in compliance than some other parts of the country, said Kennedy, but the goal of the Synar Amendment is 80 percent compliance by the year 2000.

Tobacco is the leading cause of death in Minnesota (heart disease, cancer, emphysema and other health problems), and smoking rates among adolescents are increasing, nationally and in Minnesota. Approximately 3,000 young people start smoking every day — more than 1 million a year. Almost all smokers (82 percent) had their first cigarette by their 18th birthday, and one-third of all smokers will die from smoking-related illness. Most young smokers buy their own cigarettes.

"Local involvement is critical in curbing youth access to tobacco, and stopping sales is only part of the picture," said Cynthia Turnure, director of DHS' Chemical Dependency division, which oversees federal grants for substance abuse prevention and treatment. A new statewide law, effective August 1, 1997, requires local licensing of all retail tobacco outlets and annual compliance checks conducted by local units of government. New U.S. Food and Drug Administration (FDA) tobacco regulations, which also use compliance checks as an enforcement tool, became effective earlier this year.

"Retailers will keep getting the message from multiple sources that it's not okay to sell tobacco to kids in Minnesota," said Turnure.

Digi-Key is celebrating its 25th anniversary. Digi-Key got its start in 1972 when Dr. Ronald A. Stordahl obtained his PhD in electrical engineering from the University of Minnesota, and then began selling electronic components. At one time occupying a small garage, Digi-Key now occupies a 300,000 square-foot facility on the south end of Thief River Falls. It employs 750 people and has an annual growth rate of 15 percent. Last week, Digi-Key shared its success with employees during its "Thanks A Bunch Lunch", an event it holds quarterly in appreciation to the contributions of its employees. Pictured holding a cake is Marlo Hvidsten, corporate learning and development manager, and Loree Wendlandt, in charge of telemarketing.

Presenting a gilded shovel to Dave Rodahl (left), president of Our Saviour's Lutheran church congregation, is contractor Jim Roers. The presentation came at the conclusion of groundbreaking ceremonies for the congregation's new church Sunday, October 19, at the site located south of the Kingdom Hall of Jehovah's Witnesses on Highway 59 southeast. Some initial work is being done this fall with plans to occupy the new building sometime next fall.

Northland defender Aaron Holthusen (35) rushed Itasca kicker Shawn Ausmus on an extra-point attempt during Thursday's Minnesota Community College Conference football game played in Thief River Falls. Holthusen arrived too late to block the kick, but the attempt was wide of the mark. Northland won 33-32.

NCTC has shot at playoffs

■ Win over Itasca sets up showdown with Mesabi

A state playoff berth will be on the line Thursday when Northland closes out its 1997 regular season football schedule with a 7 p.m. Minnesota Community College Conference game against Mesabi in Virginia.

The Pioneers put themselves into the season-extending position with a 33-32 Thursday (Oct. 16) victory over Itasca in their final home game at soggy Prowler Field.

It was just the second Northland win in seven starts this fall, but it was the Pioneers second victory in three match-ups with Northern Division foes. Vermilion has the title locked up, but the top two teams in both the Northern and Southern Division regular season races advance to the MCCC state playoff semifinals, and Northland can pick up that No. 2 spot by beating Mesabi.

Northland remains in the playoff race thanks to Eddie Mondesir, a freshman from Cocoa, FL, who kicked 37 and 32-yard field goals – the second one erasing a 32-30 Itasca lead with just 1:12 remaining. Mondesir also hit three of four conversion kicks.

"Eddie did so many big things for us," said Northland coach Gene Klinke. "He did a great job kicking the ball, and our line, snapper and holder all did their jobs."

While Mondesir was knocking them through, the Vikings went 1-for-5 in the conversion department that included three runs, a pass and a kick.

The Pioneers established an early 13-0 edge on their first two possessions when Terry Davis turned a short pass over the middle from quarterback Nic Thompson into a 30-yard touchdown and Tauheed Johnson, after appearing to be stopped cold in the middle, broke through, stepped into the open and out-ran the Vikings on a 90-yard touchdown run.

Northland also picked up short-yardage touchdown on a dive by Lawrence Reid to finish an 8-play, 50-yard drive 1:23 into the second quarter.

But Itasca turned field position into points to gain a 20-20 tie with drives that had to cover just 27, 24 and 33 yards – off an interception and back-to-back Northland punts that covered 10 and 17 yards.

"Our lack of ball control really kills us," said Klinke. "We can't keep putting our defense on the field as long as we do. And we can't give a team field position like we did in the first half and expect to shut them down."

Northland turned a fourth-and-ten situation into a first down at the Itasca 5-yard line on a 25-yard Thompson pass down the right side to Melvin Whitney – who cut inside a defender for the ball – to set up a tie-breaking touchdown with only 20 seconds remaining in the half. Thompson scored from the 10 when he took off out of a shotgun pass drop and went into the end zone untouched.

The Pioneers maintained a 30-26 lead heading into a wild, mistake-punctuated finish.

A Northland interception at the Pioneers' 5-yard line was erased on a fourth down roughing-the-passer penalty, and moments later Jedd Gerszewski scored on a 1-yard dive with 4:20 remaining to put Itasca ahead 32-30.

A short Itasca kickoff followed, and after Johnson popped through the middle for 18 yards on a fourth-and-inches snap at the Vikings' 36, Mondesir was called on to kick his 32-yard field goal.

That completed the scoring, but not the anxiety. Steve Etienne intercepted Itasca quarterback Dave Anderson on first down, leaving the Pioneers 54 seconds to run off the clock for the win.

Eric Reinbold took the quarterback snaps for Thompson, who was shaken up on the previous Northland possession, and simply went to a knee with the ball.

Itasca time-outs, though, set up possibility for the Vikings to get the ball back in the final moments. But instead of putting Northland into a fourth-down situation, the visitors forfeited the opportunity when an over exuberant hit on Reinbold resulted in a 15-yard, first down-creating penalty.

Just when it looked like the Vikings blew their last-shot chance, they got a reprieve when Reinbold lost the handle on the next snap. Itasca recovered the fumble at the Vikings' 41 with 34 seconds still on the clock.

Two passes took Itasca to the Northland 33 with five seconds showing before it finally ended on an incompletion.

"A classic," offered Klinke, with his tongue firmly planted on the inside of his cheek. "It wasn't a perfect game. It was more of a case of he whoever makes the least amount of mistakes."

Johnson, a sophomore from Chicago, rushed for 170 yards to lead a Northland ground game that actually netted only 169 yards. In the Pioneers' biggest passing day of the year, Thompson was 13-for-36 for 145 yards.

Ralph Anderson honored

Recently-held dedication ceremonies for the expanded and remodeled high school in Detroit Lakes included the unveiling of lettering above the gym doors proclaiming it as the Ralph Anderson Gymnasium in honor of the long-time sports writer in that community.

A Willmar native and a 1950 University of Minnesota graduate, Anderson began his 47-year newspaper career in Detroit Lakes, then after a 1 1/2-year stint at the Park Rapids Enterprise, returned to Detroit Lakes, where he covers sports for the Detroit Lakes Tribune and Becker County Record.

It's the latest in a list of much-deserved honors for the soft-spoken Anderson, who always has a handshake and a hello for the coaches and media that he meets while covering the Lakers. He has been the inducted into the hall of fame by both the state basketball and state football coaches associations, received the Minnesota State High School League Award of Appreciation, and has been presented with the Baseball Coaches Association Gopher State Award.

Sonden in U-M picture

Those staying up late Friday to watch the Midwest Sports Channel saw a healthy Kyle Sanden taking part in the introductions and intra-squad scrimmage that was part of the Midnight Madness staged by the University of Minnesota men's basketball team to mark the official start of practice for the 1997-98 college basketball season.

Sanden is a 6-11 redshirt freshman from Thief River Falls who sat out much last year after suffering a pair of early-season concussions.

He was in uniform and on the bench as the Gophers reached the 1997 Final Four, but was slowed again over the summer by heart palpitation problems. It took a while for doctors to find the right balance of medication that would allow him to take care of the situation and still play basketball. But he starts the year in good health and is being counted on, according to head coach Clem Haskins to play some "quality minutes" this winter for the Gophers as they try to defend their Big Ten title.

With John Thomas, Trevor Winter and Courtney James all missing from last year's Minnesota front line, and the transfer of fellow redshirt freshman Kevin Loge to North Dakota State University, Sanden has an opportunity to see extended playing time.

Mustangs host playoff game

A 35-16 regular season-ending win over Norman County West bought Red Lake County Central a first round bye in the Section 7 Nine-Man high school football playoffs.

The Mustangs will face either Fisher/Climax or Norman County West Saturday in a 1:30 p.m. semi-final game at Oklee. The Knights and Panthers met in opening round play Tuesday at Climax.

Norman County East carries the No. 1 seed into the Section 7 playoffs. A 5-3 finish earned Red Lake County Central the No. 2 spot. Section 7 championship game will be played Friday, Oct. 31, at 10 a.m. at the Fargodome.

Red Lake County Central jumped out to a 14-0 first quarter lead in the Tuesday (Oct. 14) match-up against Norman County West at Oklee. The Panthers cut the difference to 14-8, but a 36-yard kickoff return by Matt Hruby set up a 4-yard Mark Lorenson touchdown to ward off the comeback, sending the two team into halftime still two touchdowns apart, 22-8.

Another long Red Lake County Central kickoff return, this one a 45-yarder by Nick Waldal, followed a fourth quarter Norman County West score and set up a 4-yard game-clinching touchdown pass from Lorenson to Troy Magnell.

"Those kick returns were big plays," noted Red Lake County Central coach Gary Brantl. "They got us field position, and we were able to match their (Panthers) touchdowns. We did a good job finishing off our drives."

The Mustangs substituted freely, spreading the ball-carrying duties among a group of backs, led by Andy Gustafson with 58 yards on 12 carries, Mark Lorenson 35 yards on 8 attempts and Lyle Lefebvre 33 yards on 6 tries. Lorenson was 10-for-19 passing for 120 yards. Waldal caught four passes for 67 yards.

"We played a lot of kids," pointed out Brantl. "Everybody played, and did a nice job. It was a good way to finish."

Brandon Tougas was in on 11 tackles to lead the Red Lake County Central defense, while TJ Larson and Kyle Jenson both had a hand in 10 stops.

Nordics lose to Ponies

Marshall County Central lost a 3-0 high school volleyball match to Warren-Alvarado-Oslo Monday to close out a 7-17 regular season.

The host Ponies won 15-6, 15-4, 15-13, overcoming 7-0 and 13-9 deficits in Game 3 to cap the sweep.

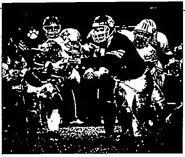
"We should have won the third game," acknowledged Marshall County Central coach Mark Jorgenson. "But when someone makes a move on us, we don't counter. It's just something we haven't been able to do all year. It's been a struggle."

The Nordics begin Sub-Section 31A tournament play Tuesday. Seeding positions will be announced Thursday.

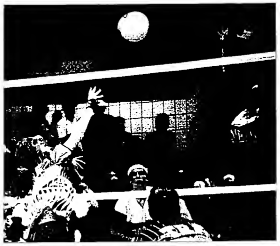
Roseau freshmen top TRF volleyball squad

Roseau beat Thief River Falls 2-15, 15-10, 15-10 Monday in a freshman high school volleyball match.

It was just the second loss in ten matches for the Thief River Falls ninth grade A team.



East Grand Forks runningback Jeff King was pulled down by Thief River Falls' Andrew Solem in the third quarter during the Green Wave-Prowlers high school football game in Thief River Falls Wednesday (Oct. 15). The Prowlers knocked off the previously unbeaten Green Wave 14-7.



The Prowlers' Jami Philipp sent the ball over the head of a Roseau blocker during Thief River Falls' final regular season home high school volleyball match Monday.

Rams outlast Prowlers 3-2

Biggest myth in sports is that volleyball is a game of momentum. Monday's see-saw Thief River Falls vs. Roseau high school match was a case-in-point, with the visiting Rams winning 15-9, 10-15, 3-15, 15-12, 17-15.

Both sides had their moments, but neither team was able to turn short bursts into momentum building runs. The Prowlers came back from the Game 1 setback to lead from start to finish in Game 2, then dominated Game 3. The Rams rebounded with a match-extending Game 4 victory, quickly fell behind 7-1 in Game 5, only to rally for a 14-10 lead.

The final-game Roseau charge ran into a wall, however, when the Rams went through eight service rotations while sitting at 14.

That opened the door for the Prowlers, who picked up a point at a time when Lisa Dicken put one down, Lindsay Drury served an ace, Desirae Alberg came up with a tip and Taya Hunt added an ace for a 14-14 tie.

A Roseau error allowed Thief River Falls to go ahead 15-14. But the Prowlers, like the Rams, could not come up with that next point for the win. They went through four serves at 15, and gave up the tying point by hitting long, the go-ahead point on a tip by Tanya Ulvin and the final point on a high Roseau hit that was allowed to drop inside the back line.

It was a frustrating regular season-ending loss for the Prowlers, who finished 16-7-2 overall. "We did things well," said Thief River Falls co-head coach Amy Roche. "We hit the ball, and we did a nice job blocking. But we couldn't put it away at the end. And that's been one of our strong points all year — our ability to come back. The coaches thought we were going to pull it out, and so did the kids. It wasn't a lack of confidence that beat us, that's for sure."

Thief River Falls went with an all-senior starting unit to begin the match on Parent's Night, and got off to a 4-0 start when Erica McGeary opened with back-to-back aces. But a kill by Cathy Gotziaman put Roseau ahead 5-4, and the Rams never lost the lead, finishing it on a kill by Katy Lundbohm.

The Prowlers' regulars were on the court for the start of Game 2, and they jumped ahead 5-0 as Hunt served three aces. It was 10-3 before a Roseau comeback cut the margin to 14-10, but a kill by Drury finished off the Thief River Falls win.

Hunt opened Game 3 with three consecutive aces. Roseau tied it at 3-3, but McGeary then served the Prowlers to an 11-3 advantage and the easy win.

Down 14-7 in Game 4, the Prowlers rallied when back-to-back aces by Drury, a Dicken kill and an Roseau error helped trimmed the difference to 14-12. But a side-out kill by Gotziaman was followed by a final-point Thief River Falls error.

The Prowlers appeared to take over in the match-deciding fifth game when an ace by Alberg, a couple of hits by Rachel Mathson and a kill by Drury led to the 7-1 scoreboard spread.

A putaway by Amber Pearson capped a Roseau rally that caught the Prowlers at 8-8.

Alberg and Drury picked up points at the net to put the Prowlers back on top 10-8, but two Thief River Falls net violations handed Roseau a pair of game-tying points, and Kristi Glassmann's ace put the Rams on top 12-10.

Ulvin found a hole in the Thief River Falls defense, the Prowlers hit one out of bounds and Glassmann served another ace as the Rams built a 14-10 edge. The wild finish followed.

Drury and Dicken both finished with 13 kills. Lundbohm had a match-high 15 for the Rams. Hunt collected eight aces and 16 assists. Drury added five aces, and McGeary wound up with 13 assists.

The Prowlers now await seeding positions to be announced for the North Sub-Section 8AA tournament, which starts with a pair of first round matches Thursday, Oct. 30, when No. 5 will be at No. 4 and No. 6 plays at No. 3. Top two seeds receive first round byes and will host the Saturday, Nov. 1, semifinals. Championship match will be Thursday, Nov. 8, at the high seed.

Roseau won Monday's junior varsity match 15-10, 11-15, 15-8.

RLCC carries a 22-3 record into 31A play

Red Lake County Central completed a 22-3 regular season Monday with a 15-7, 9-15, 15-0, 15-0 high school volleyball win over Clearbrook-Gonvick.

The Mustangs began the night with an 11-2 lead in Game 1. The host Bears, after rallying to close the gap at the end of the first game, went on to pick up a second-game victory before being shut out the rest of the way.

It took only three Red Lake County Central servers to win Game 3, and the Mustangs added a 100 percent serving performance in Game 4.

"We played pretty well," said Red Lake County Central coach Nancy Bray. "We got the chance to play everybody."

Angie Chervestad finished with 12 kills, Jenni Marinville 9 and Jenny Brekkestan 8 for the winners, with each of them playing just three games.

Sub-Section 31A tournament seeding will be announced Thursday. Play will start Tuesday at two sites.

8AA football at Middle River...

Gators will host semifinal game

Badger/Greenbush-Middle River gained a No. 1 seed and a first round bye in the 1997 Section 8AA high school football playoffs with a 22-14 regular season-ending win over Fertile-Beltrami Wednesday (Oct. 15).

The Gators will play either Walker-Hackensack-Akeley or Pine River-Backus in the Saturday semifinals at Middle River. Game time is 6 p.m. The Section 8AA championship game will be played Wednesday, Oct. 29, at 6:30 p.m. at the Fargodome. The Gators won the Section 8C title a year ago, but found themselves in different surroundings this fall when the Minnesota State High School League expanded their football playoffs to six classes.

Badger/Greenbush-Middle River needed the win at Fertile-Beltrami to lock up the No. 1 seed, and the Gators got it by combining a three-touchdown second quarter with a strong game-long defensive effort.

"It was a defensive battle," pointed out Gators coach Steve Willman. "Both teams played some outstanding defense."

The Gators, who average nearly 400 yards per game worth of offense, were limited to 10 first downs and 192 yards. But they gave up just four first downs and 52 yards.

"It was classic Gator Defense," offered Willman, whose team heads into the playoffs at 6-2.

The defense even got the scoring started as Andy Schenkey blocked a Fertile-Beltrami punt that Kagen Waage recovered for the touchdown.

Richard Wockenfuss added a 2-yard touchdown run, and Bret Bentow, after a couple of key pass receptions, pulled in a 6-yard touchdown toss from David Truscinski.

Schenkey, returning from an injury, solidified the Gators' defense in the secondary. "He really makes a difference," noted Willman. "He's good against both the run and the pass."

Tackle Nick Vacura also stood out on defense, pointed out Willman, along with linebackers Richard and Daryl Wockenfuss.

Waterfowl hunters should check local sunrise times

Wildlife managers and conservation officers with the Minnesota Department of Natural Resources have encountered many waterfowl hunters running afoul of the law this season regarding shooting hours, especially in western Minnesota.

That's partly because the official sunrise and sunset times for Minnesota change from day to day, and, even on the same day, the official times vary from east to west by a total of 32 minutes.

The explanation can be seen on page 111 of the 1997 Minnesota Hunting and Trapping Regulations booklet, or the 1997 Minnesota Waterfowl Hunting Regulations supplement. To determine official sunrise and sunset times for hunting purposes, Minnesota is spread across nine separate time zones.

The sunrise and sunset times contained in the season timetable are official only for the central or "in table" zone, which runs from eastern Koochiching County and the western edge of St. Louis County in the north, to Freeborn County and eastern Faribault County in the south. Elsewhere in Minnesota, as the regulations explain, you have to subtract four minutes for each time zone going east, and add four minutes for each zone going west, to determine the official sunrise or sunset time.

In western Minnesota, at the DNR Roseau River or Lac qui Parle Wildlife Management Areas, for example, waterfowl hunters would have to add 12 minutes to the times in the sunrise/sunset table to determine legal shooting hours each day – from one half hour before sunrise, to sunset.

Shooting hours cannot be one-size-fits-all standard across the state," said Stan Wood, resident wildlife manager at Roseau River Wildlife Management Area, "because they are established for both public safety and wildlife conservation reasons.

Hunters need enough daylight to properly identify waterfowl species, to avoid shooting an over-limit and to avoid shooting toward other hunters who may be in the same area," explained Wood.

"We've had a real problem with hunters shooting before legal shooting hours this season," said Wood. "We'd rather have voluntary compliance, than to be issuing more tickets and collecting more fines.

"Waterfowl hunters have a responsibility to be aware of the legal shooting hours and to obey the law out of respect for the rights and safety of other hunters," continued Wood.

"It's also an ethical issue involving respect for our natural resources," Wood concluded. "The actions of every individual hunter in the field reflect on the public image of hunters, and public opinion about hunting in general, among the 80 percent of Minnesotans who do not hunt."

Firearms Instructors Honored

Nominations for the 1997 Firearms Safety Training Instructor of the Year award are being sought by the Minnesota Department of Natural Resources. The award is presented annually to an outstanding volunteer in the popular program that has certified more than 800,000 young hunters. The winner will receive the award next spring at the Northwest Sport and Travel Show in Minneapolis.

"The purpose of this award is to recognize excellence," said Lt. Jeff Thielen, DNR Enforcement safety training coordinator.

Nomination forms for the 1997 award are available by calling 1-800-366-8917, or writing DNR Enforcement, Box 148, Nelson Hall, Camp Ripley, Little Falls, MN 56345.

Itasca runningback Jeff Petnode tried to follow the block of Anthony Jackson on this first quarter carry, but was brought down by Northland linebacker Jeff Carlsen (38) after a short gain during Thursday's Minnesota Community College Conference football game at Prowler Field in Thief River Falls. The Pioneers beat the Vikings 33-32.

20-year RIM easements get OK for area

Applications for 20-year easements under the fall sign-up of the Reinvest in Minnesota (RIM) program may be taken in Marshall, Kittson, Polk, Pennington, Red Lake and Norman counties, according to the Marshall-Beltrami Soil and Water Conservation District.

Generally, only perpetual easements have been accepted under the RIM program. These limited easement applications will be limited to flood damaged areas. Although funding priority is given to perpetual applications this is an opportunity to let flood damaged lands "rest" and "rebuild" for a limited time.

RIM is a state-funded program with a four-fold goal to (1) retire certain agricultural land from crop production, (2) restore drained wetlands, (3) reduce the amount of pasture on steep hillsides, and (4) to protect certain lands adjacent to protected and other waters through the acquisition of easements.

Purpose of RIM is to reduce erosion, protect water quality and develop and enhance valuable fish and wildlife habitat.

Persons interested in the RIM program should contact their county SWCD office soon so that applications can be taken during the fall sign-up period.

Lakehead Pipe Line saves energy receives rebate

Installing variable-frequency drivers (VFD) at its Viking and Clearbrook pumping stations in northwestern Minnesota has resulted in energy savings, mechanical improvements, and a $113,430 rebate for Lakehead Pipe Line Company through Otter Tail Power Company's Conservation Improvement Program.

Before the variable-frequency drives were installed, Lakehead relied on throttling to control pipeline pressure, a method that created heat and wasted energy, according to Lakehead's Steve Sandman, senior engineer, energy management.

Mark Willoughby, Lakehead engineer who designed the installation says, "Without the VFDs we were wasting a lot of energy. Because they allow motor speeds to vary, limit valve throttling, and eliminate motor start-up shock, the VFDs solved that problem."

"Assisting industrial customers like Lakehead Pipe Line to lower energy costs, improve their operations and, thereby, be more competitive is important to us," says Duane Bartsch, Otter Tail's manager of industrial services. "After all, our economic well-being is directly dependent upon the economic well-being of the area we're privileged to serve. That's why we awarded $1.5 million in conservation rebates and grants to residential, commercial, and industrial customers last year."

Lakehead, part of the Interprovincial Pipe Line system, pumps crude oil and other liquid hydrocarbons through a pipeline system extending close to 2,300 miles. The system starts in Edmonton, Alberta, and runs to Superior, WI, and Chicago before heading northward to Sarnia, Ontario, and Montreal, Quebec.

Stolen semi recovered after 15-year absence

Law enforcement officers in Pennington county investigated a number of incidents during the past week, including a semi found 15 years after it had been stolen.

Assault. On October 11 at 2:25 a.m. police received a report of an assault. It was reported to police that Sherwood Lloyd Lisa, 42, Thief River Falls, held a knife to the throat of a friend and neighbor. The woman received a cut on her hand when she attempted to push the knife away. She was also slapped. Lisa was arrested and taken to Northwest Medical Center. He made his first court appearance on charges of second degree assault on Wednesday, October 15. Bond was set at $10,000.

Welfare fraud. On October 16 Pennington County Sheriff's department conducted a search warrant at a local residence. Charges had not been filed as of Thursday, October 16, but Lisa Newell, 30, Thief River Falls, faces charges of welfare fraud.

Criminal sexual conduct. On October 15 the sheriff's department received a report of a sexual assault. Maynard Duane Jenson, 57, Thief River Falls, has been charged with criminal sexual conduct in the third degree and furnishing alcohol to a minor. The incident is alleged to have taken place at a rural residence on September 19.

Property recovered. On October 14 the sheriff's department received a tip that a stolen semi was at a residence in Pennington County. Upon investigation, the sheriff's department did find the semi. They learned that the 1978 International semi had been stolen from a location in Brooklyn Park on August 15, 1982. The vehicle had been registered to a resident in Thief River Falls. This incident remains under investigation.

These reports include names of individuals charged, arrested or cited with various crimes and offenses by police, the sheriff's department or other law enforcement officials. Depending upon the circumstances of a case, charges can be, and sometimes are, changed or dropped by law enforcement officials or attorneys even before the case reaches court. Readers should also realize that under the American system of jurisprudence, individuals charged with crimes are innocent until proven guilty of those crimes in a court of law.

TRF man injured in accident

Ryan Thayer of Kelliher and Nicholas Chiodo of Thief River Falls were injured early Thursday morning in a one vehicle accident about one and one half miles north of Black Duck on Highway 72.

Minnesota State Patrol received a report of the accident at 3 a.m. on October 16. Thayer was driving a 1989 Oldsmobile north on Highway 72 when the vehicle went off the right side of the road, struck a crossing and went airborne. Thayer was trapped in the vehicle and had to be removed with emergency extraction equipment. He was transported to North Country hospital in Bemidji and then airlifted in serious condition to a hospital in Fargo. Chiodo was taken to North Country hospital and treated and released for a broken nose.

Horticulture workshop held in Badger Oct. 4

"Giddy up Hoe" was the theme of the day as Northwest Minnesota gardeners held their annual fall workshop and meeting in Badger on October 4 at the new community center.

Lew Wallace and Karen Andol of the Gro-Rite garden club presented the program. Lew planned a cactus garden. He mixed his soil mixture to get a light and soil with good drainage. He likes to use dirt from pocket gopher mounds as part of his mixture. He emphasized not to fertilize in winter and if you get water spots on leaves of your succulents, they can be removed with milk. Karen Andol spoke and demonstrated flower preservation. She showed air drying, dessicant using silica gel or fine sand, crystallization, painting, pressing and microwaving. She also demonstrated making a table center piece with dried materials.

Bonnie Schuh of Williams reported on the Highway 11 wild flower transplanting project. They had a very good work day but there is still more to be done.

State gardening awards were presented to Dorothy Gehrke of Roseau and Norris and Arlene Thune for outstanding district service award. Award of merit went to Sylvia Anderson of Williams, Celeste LaValla of Warroad, Betty Mohrbacher of Warroad, Bonnie Schuh of Williams, and Tammy Wallace of Middle River.

Election of officers for the next two years was held with the following being elected. Jean Pederson of Roseau and the MaChur Garden club was elected president, LeAnn Haugen of Roseau and the MaChur Garden club was elected secretary, Norma Hanson of Goodridge and the Deer Park Garden club was elected treasurer, Beattie Mickelson of Goodridge and the Moccasin Garden club was appointed publicity chairman. The historian and district representative to the state will be appointed later.

Being honored for dressing up as cowgirls were Luella Erickson of Roseau, Helen Chervestad of Oklee and Ethel Wiseth of Goodridge.

The day closed with a silver tea served by the host club, Gro-Rite Garden club of Badger. The next event for the district will be the spring workshop in Williams.

Election of officers for the next two years was held with the following being elected at the Annual Northwest Minnesota Gardners Fall Workshop. Jean Pederson of Roseau and the MaChur Garden club was elected president, LeAnn Haugen of Roseau and the MaChur Garden club was elected secretary, Norma Hanson of Goodridge and the Deer Park Garden club was elected treasurer. First woman Chief of State Patrol

State Patrol Major Anne Beers has been appointed by Gov. Arne Carlson as the first woman Chief of the State Patrol and only the second female in the nation to hold such a position. Captain Steve Mengelkoch was appointed Assistant Chief.

Beers, 45, is a native of Stillwater, a graduate of Hamline University and one of the first three women ever to join the State Patrol in 1976. She was promoted to Lieutenant in 1984, Captain in 1988 and named Deputy Chief by Col. Mike Chabries in 1995. She will be promoted to the rank of Colonel in her position as Chief.

Mengelkoch, 46, was appointed to the State Patrol in 1973 and also promoted to Lieutenant in 1981 and Captain in 1988. He was made a District Commander in 1992 and will now have the rank of Lieutenant Colonel.

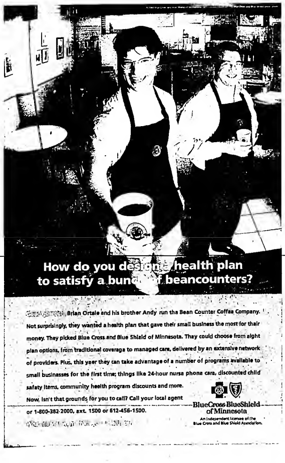
TRF arena walking program will begin on October 27

On Monday, November 3, the Thief River Falls Arena Walking Program will begin at the Huck Olson Memorial Civic Center in Thief River Falls. This program, which began in 1986, has shown continued success each year. It was begun to encourage people to walk on a regular basis as part of their exercise and fitness program. The Arena Walking Program is again sponsored by the Dakota Clinic - Thief River Falls and Northwest Medical Center and is available to the community through cooperation with the City of Thief River Falls. The arena will not be open for walking on November 8, 9 or 11, 1997.

Interested persons may register at the front desk of Northwest Medical Center beginning October 27. Registration fee is $3. Participants will receive a book for logging your miles at the time you register. Walkers reaching goals of 50, 100, 200, 300, 400 and 500 miles are asked to call Gail Holland at Northwest Medical Center to report their miles.

The Huck Olson Memorial Civic Center is available for walking seven days a week but certain time restrictions must be imposed to allow other activities. Walkers are invited to use the facility daily, from 7:30 a.m. to closing. Participants are discouraged from walking during hockey games, recreational skating and other activities at the arena. No walking will be allowed from 7:30 a.m. to noon on days after hockey games (to allow for cleaning). Walkers are asked to keep safety in mind at all times when walking. The City of Thief River Falls Parks and Recreation department is asking that all walkers treat skaters with courtesy — even if it means slowing down your walk in that area. Better yet, when Recreational Skating is in session - walk forward and back, avoiding the front area altogether.

Any questions regarding the Arena Walking Program can be directed to Gail Holland, public relations coordinator at Northwest Medical Center, 218-681-4240, ext. 210.



How do you design a health plan to satisfy a bunch of beancounters?

Brian Ortale and his brother Andy run the Bean Counter Coffee Company. Not surprisingly, they wanted a health plan that gave their small business the most for their money. They picked Blue Cross and Blue Shield of Minnesota. They could choose from eight plan options, from traditional coverage to managed care, delivered by an extensive network of providers. Plus, this year they can take advantage of a number of programs available to small businesses for the first time; things like 24-hour nurse phone care, discounted child safety items, community health program discounts and more.

Now, isn't that grounds for you to call? Call your local agent or 1-800-382-2000, ext. 1500 or 612-456-1500.

Strandquist Community News

F. Myrtle Vagle
436-2133

Marie Steffen, Pat [illegible] and Claudia Berggren [illegible] Judy Kleinvachler this week.

Bean and Bought [illegible] visited Elsie Lefrooth on [illegible]. Douglas left for home.

Monday, October [illegible] northwest Minnesota [illegible] snowfall for this [illegible] but not many in [illegible] ready for it. Most of us [illegible] the weekly blizzards of last winter and no doubt there will be [illegible] generators to keep furnaces [illegible] the electricity goes off. The [illegible] down the street are [illegible] quite a bit from the weight of the wet snow that is hanging on them. Less than half of the leaves have fallen off making it easy for them to get too heavy and break down. My precious chokecherry tree that Hazel gave me has kept all her lovely leaves and is now paying the price for it. Roy says he is going to tie the branches together to the main tree before they break. He's quite handy to have around at a time like this.

On Thursday the [illegible] The *Strandquist* Senior Citizens met at the Center, nine members and one visitor, Clara Nelson from Karlstad. The members were Elsie Kimbrough, Ivan Kimbrough, Elphie Adils, Gloria Renstrom, Helen Jacobson, Ida Bruce, Evelyn Kline, Evelyn Kupava and Alyce Anderson. Elphie Adils served lunch and Clara Nelson won the door prize. They are planning to take a trip before it gets too cold, but I think that's what they are waiting for, they should have been gone a long time ago. I heard a newscaster say we would have warm and dry weather by Friday and we hope he is correct. If so they have a good chance for another outing. They tied several rugs again and are ready to sell them anytime. Their rugs make such nice gifts to have on hand.

Isaac and Betsy Thompson enjoyed a brief visit from Kathryn (Lundstrom) Olsen early Thursday evening.

Russell Grandstrand was a Sunday evening guest at the Gaylard Nelson home.

[illegible] Marie Steffen were joined [illegible] at the Farmer Deli to celebrate [illegible] birthday on Tuesday [illegible] Judy Kleinvachler, June [illegible] Betsy and Hedwig [illegible] Buddy, grandson Bavy [illegible]. Later they enjoyed [illegible] ice cream at the [illegible].

[illegible] Beverly Rasmussen of [illegible] visited at Peter Thompson's [illegible] on Wednesday [illegible]. They had come to attend the funeral [illegible].

Betsy Thompson, Pearl Thompson [illegible] Lefrooth went to Kurt Ankle's [illegible] on Wednesday to help Alexis Ankle celebrate her 5th birthday. Her grandmother Marie Johnson was also there.

Kristin Kleinvachler spent the weekend at Cavalier, North Dakota with her friend.

[illegible] LaDoux of Thief River Falls was a dinner guest at Isaac Thompson's home Thursday for Betsy's birthday. Later that evening after the A/G Women's Ministries program at the Karlstad Nursing Center, the ladies met for their monthly meeting at Betsy's home and had a delicious birthday lunch.

Lois and Judy Kleinvachler and Kelly Lefrooth visited Bud and Marie Steffen in Argyle on Sunday. Lois and Kelly did some painting while there.

Isaac, Betsy and Pearl Thompson visited Elsie Lefrooth on Wednesday evening.

Friday Isaac Thompson visited Mary and Donna Renstrom. Mary and Donna are doing fine and we hope this first snowstorm isn't making them think we won't be able to get to them as soon as I'm feeling better.

On Monday Karen and Jimmie Zimmerman visited Elsie Lefrooth.

Claudia Berggren and Kali, Malalyn Lindstrom, Marie Steffen, Kelly Lefrooth and Buddy Berggren of Tower visited Judy Kleinvachler.

Isaac and Betsy Thompson were supper guests at Richard and Carol Thompson's home in Red Lake Falls on Friday evening.

Judy Kleinvachler visited Elmer Holmstrom and Evelyn Albaugh of Thief River Falls on Wednesday.

Many folks in this area were saddened to hear of the death of Rebecka Madsen Knotnchnski in Davenport, Iowa. She was the daughter of Merlin and Pat Madsen and the granddaughter of the late Edwin and Esther Madsen of Davenport, formerly of this area. She was preceded in death by Edwin and Esther Madsen and a sister, Pam. She is survived by her parents and a sister Connie [illegible] and a brother Jerry Madsen. She is also survived by two aunts, Marge and Marlyn, and three uncles Jimmie, Gary and Kenneth Madsen. She left her great-aunt Marilyn Johnson and a great uncle, Ole Thompson of Karlstad. Her great aunt Lily Smeby and four great uncles are Wilbur, Orville and Royal Madson who remain her passing away. Our heartfelt sympathy goes to all of these friends and relatives.

We spent a fun evening on Friday when some of us met at Lund Church to see young Dakota, infant son of Marvin and Rhoda Berg, and all welcomed him. Patty Carlson gave several readings about "Boys." A contest trying to recall all the baby items shown by Candyce Bruggeman, was held and Luverne Fore won the prize. Amy Bruggeman got the prize for having a special plate. We watched as Rhoda opened the gifts for Dakota and when the evening was over, Dakota didn't seem to be worried about the winter coming. He would be cozy in gifts he received, especially a fluffy homemade, pretty crib quilt, a fluffy blanket and several fleece lined suits, caps, mitts, and wool socks, besides other gifts and money. The hostesses were Patty Carlson, June Berg, Pearl Waine and Candyce Bruggeman. At the end of the evening, the hostesses served a big lunch including a decorated cake honoring Dakota and Rhoda.

We took a drive to the "North Country" to see how harvest was coming. When we lived up north on the farm, people laughed at us living out in the "bog"– now it's quite different after the rivers were dredged open and straightened. The water can pretty much be controlled. Now, with a lot of study, hard work, experimentation and financial investment, they know the composition of the land and what it can produce. Now it can be drained for some crops and diked and water pumped in and kept there during the growing season, as for wild rice. We met several large semi trucks with produce from the fields. How different now. One year, years ago, when we lived on the farm, we had a field of 50 acres of potatoes ready to harvest; we got two truckloads out. The fall rains came, covered the field with water and we lost all the rest of the potato crop.

Mr. and Mrs. Curtis Emerson of Wolverton visited with his sister, Effie Handy, from Wednesday until Thursday. On Friday afternoon Maja Turenne stopped at her Grandma Effie's on her way home from Bemidji to her home in Thief River Falls. Maja is in her third year of college and is attending Bemidji State University. On Sunday Effie's company was Mrs. Roy Spencer and Jenny and Mrs. Dean Bruggeman from Thief River Falls, and Marian Handy, Lyn, Ed and Maja Turenne visited Effie in the evening.

Peggy Mathew of Bemidji has been here for a few days visiting her brother Gust Carlson and other relatives and friends. On Sunday evening, Peggy Mathew, Gus Carlson, Irene Carlson, Terry and Alicia Halvorson and baby of Fosston visited and had supper at the Robert and Noreen Carlson home. They also had a tour of Robert and Noreen's new home.

"Encourage your children to read a newspaper every day. It will make them stars in the most important game of all– the game of life."

Every day of the year since I was a child I've read everything I could for news information and entertainment. So if you want to give your children a great start, read to them from the time they're toddlers. That's what my parents did for me.

When your children get older encourage them to read books, magazines and certainly a newspaper each and every day. Tell them John Elway says it will make them stars in the most important game of all– the game of life.

Editorial opinion published under this heading is intended to stimulate thinking and discussion among our readers. City Government Candidates Give Views

On the front page of today's issue of *The Times* we are publishing the personal views of the six candidates for Thief River Falls city office. The November 4 election day is just a couple of weeks away, surprising as that may seem, and voters will have city and school district candidates and issues among things to consider when going to the polls.

Prior to each election we make free space available to local candidates to explain to the voters their reasons for seeking office and their qualifications to serve. In the October 29 issue the candidates for board office in School District 564 will be afforded the same opportunity.

Our hope is that our readers will find it in their own best interests, as well as convenient, to read each of these articles and use the information contained therein, along with other knowledge and impressions they have gathered, to make an informed decision when they go to the polls November 4.

While the school board election with its 10 candidates for just two positions may be rated as a scramble, only in the mayoral position is there city office competition. As is noted on the front page, incumbent Mayor Bob Reeve is being challenged by Mark Borsheim and Jerry Unruh. Aldermen Dave Carlson in Ward 2, Donald Baron in Ward 4 and Ken Schmalz at-large are unopposed for re-election.

We expect to make our annual election predictions next week, and again emphasize that we do not endorse candidates. We merely present our views on how we believe the voters will respond at the polls, and we invite and encourage others to make their own best guesses as well.

In the meantime, encourage the candidates of your choice, help them in their campaigns, and thank them for offering to serve the public in elected position. Holding local government office is never easy—not when your constituents live next door or across the street and may be your relatives, in-laws or close friends, and every issue you act upon has a direct impact on those who scrutinize your actions.

As is apparent from this city election, people are more willing to be critical of their elected officials than they are to seek the positions themselves and attempt to do better. What it often comes down to is that local officials are severely restricted as to what they actually can do because of regulatory or financial restraints—and that despite the criticism and complaints, the officials have the best interests of their city or district or constituents at heart and do a pretty fair job of governing and representation.

Low On Turnips? It's OK To Use Pumpkins

Add to things we wouldn't know if we didn't open our mail a couple of stories regarding pumpkins, Halloween and migratory birds. Today's residents consider the bright orange pumpkins to be traditional at Halloween, but it was not always so. And it seems some of our bird friends may be fickle at best.

According to Nature Wise, a column written and edited by scientists, ecologists and naturalists from the Bell Museum of Natural History at the University of Minnesota, much of Halloween history comes from the Irish Celts and their celebration of Samhain. The Celts believed that this was the night when all people who had died in the previous year chose the body of the person or animal they would inhabit for the next 12 months, before entering into the afterlife. To protect their own identities, the Celts extinguished fires and darkened homes to make them look cold and undesirable, dressed as goblins and witches and made weird noises to scare the spirits away.

The Celts hollowed out turnips, carved demons' faces into them and placed candles inside to add to the frightening effect. By the time the Celts came to America to escape the potato famine, Samhain had evolved into All Hallow's Eve, a festive night characterized by costumes and mischief.

Finding that turnips weren't plentiful here, the Celts turned to pumpkins to make their scary faces. The term jack-o-lantern came from the folklore tale of a man named Jack who tricked the devil. When he died he was not allowed into heaven because of all his sins and not allowed into hell because the devil was still angry with him. Doomed to walk in the dark forever, he begged the devil for a burning ember to light his way. The devil gave him one small piece of coal which Jack placed inside a hollowed turnip to provide his light. Again, the pumpkin replaced the turnip in the New World because of its abundance.

Halloween is just around the corner (Friday, October 31), so if you're short of turnips, the use of pumpkins as a substitute will be just fine.

Also not far around the corner is the end of our extended autumn and the onset of winter. It is a time when many of the bird species which added to the life and color of summer move on to warmer climates. Many of our human residents do the same.

According to ornithologists, birds don't migrate because they don't like the cold but because in winter it is more difficult for them to find food. That's what ornithologists say. We suspect the birds really aren't very fond of cold and are ready to go home in the fall.

Which brings up another point. An ornithologist discovering banded birds in Costa Rica remarked to a native guide, "So this is where our birds go." "No, senor," the guide corrected him. "These are our birds. They were only visiting you." The ornithologist concluded the guide was right.

Could it be that so many of our feathered friends are really fair weather friends and no more than exploitive foreigners who come north to eat our bugs and berries and go home when the food runs out? We hadn't thought about it that way before. It sort of makes English sparrows a little more tolerable. At least they're loyal and stay around to suffer along with the rest of us.

Maybe we shouldn't open the mail. Sometimes things we didn't want to learn are too depressing.

POLICIES

Letters To The Editor: The staff of The Times encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in The Times exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. **Signatures must appear on letters published.** The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Post 200 Explorer Scouts Christian Bataldan, and John Wilkinson of Thief River Falls, and Heather Ryan of Karlstad, participated in the Ninth Minnesota State Patrol High School Cadet class last summer in Shoreview. The one-week camp familiarizes participants with different aspects of law enforcement including history, defensive driving, ethics, speed enforcement, firearms, accident reconstruction, and special response teams. Participants are also expected to observe military courtesies and join in lots of physical activity. There are seven active members of the Post 200 Explorer Scout program, and many others on a irregular basis. The group meets on a bi-monthly basis, and participants review different aspects of law enforcement. It is open to students ages 14-21. Local law enforcement agencies sponsor their activities. Pictured above are representatives of the law enforcement agencies: (back row) James Hulteen of the Thief River Falls Police department, Brad Bordwell of the Minnesota State Patrol, David Provost of the Minnesota Department of Natural Resources, and Pennington County Sheriff Gerald Moe; (front row) John Wilkinson, and Christian Bataldan. Heather Ryan was not present.

Gerry Klain (left), area sales supervisor for Bridgeman/Land O'Lakes in Thief River Falls, recently received his second consecutive service excellence award from GFG Foodservice. Making the presentation was GFG merchandising manager Rick Lee. "Gerry goes above and beyond the normal performance standards to GFG and to our customers," said GFG branch president Paul Brawinski. Klein works with GFG sales representatives for distribution of Bridgeman/Land O'Lakes products to North Dakota and parts of Minnesota, South Dakota, Montana, Wyoming and Nebraska.

Grants are available from NWRDC for the performing, visual arts

Arts council of the Northwest Regional Development Commission (NWRDC) is accepting applications for grants of up to $500 for adult individual artists and $250 for student artists, according to Mara Lunde, arts council director at the NWRDC office in Warren.

Supported with funding from the McKnight Foundation, these programs provide artists with grants for specific projects which contribute directly to their creative and professional growth and development. Upcoming deadlines are November 15, 1997 and February 15, 1998.

Artists may apply for assistance with costs associated with the production and presentation of work, professional training and mentorship, supplies related to specific projects and other services. Applications are encouraged from individuals working in literary, performing or visual art.

Artists must be Minnesota residents who have resided in the seven-county northwestern Minnesota area for at least one year prior to the deadline date listed above. Counties involved in the area include Kittson, Marshall, Norman, Pennington, Polk, Red Lake and Roseau.

Application forms and guidelines are available from Mara Lunde at the NWRDC office at 115 South Main in Warren, MN 56701 or by calling her at 218-745-6733.

Fifth graders attend camp for TAD peer educators

Thirty fifth grade peer educators and their teachers from nine school districts participated in the Tobacco, Alcohol and Drug Use Prevention (TAD) camp at Camp Minne-Wa-Kan near Cass Lake October 2 and 3. The students use what they learn at the camp to teach their classmates about the dangers of chemical use.

Speakers and presenters at the camp included Al Anton, Stephen school; Mark Kuleta, New Paths; Jim Laager, Lancaster school; DeeAnn Lemes, Red Lake county extension service; Nancy Maurstad, Marshall county nursing service; Eric Mickelson, Goodridge school; and Kevin Bresik, Red Lake county sheriff's department.

The TAD project began in 1989 and is operated by a volunteer task force which is open to the public. Goal of the project is to educate youth to the dangers of chemical use and thus prevent such use by children.

Funding for the TAD project comes from the chemical dependency program division of the Minnesota Department of Human Services, Red Lake Electric Cooperative, Express Mart of Newfolden, Arctic Cat of Thief River Falls and school districts. Administration of the project is through Quin County Community Health Services.

Teachers and students attending the camp included the following:

Eric Mickelson, Goodridge school, and students Elizabeth Nelson, Danielle Frazer, David Lovly and Dustin Isaak.

Scott Groven, Stephen/Argyle school, and student Andy Crummy;

Terry Thoreson, Kittson Central school, and students Danielle Planne, Cassie Sobolik, Brian Morrison and Kevin Ingeman.

James Laager, Lancaster school, and students John Johnson, Jessie Groves, Danika Kent and Lacey Swenson.

Mary Anderson, Marshall County Central school, and students Shantel Magner, Kristi Rokke, Brandon Steinhauer and Derek Smith.

Dolores Haugen, Oklee school, and students Kyla Lundeen, Lindsey Bernard, Chris Hamm and Jeremiah Smith.

Dolores Schindler, St. Joseph's school in Red Lake Falls, and students Carmen Knott and Allison Nelson.

Al Anton, Stephen/Argyle school and students Christine Jenson and Jonathon Anderson, and Mike Gast, Grygla school, and students Danelle Roen, Randi Mostrom, Robbie Anderson and Kyle Anderson.

Plans in Readiness For 4-H Baby Beef Sale November 1

"Arrangements are now virtually complete for the second annual 4-H baby beef sale to be conducted in the Thief River Falls arena Saturday afternoon, November 1, it was announced today by Frank Hobbs, county agent and member of the Civic and Commerce committee *sponsoring* the sale."

Contestant Drinks 15 Half-Pints Of Milk At Convention

"An amusing feature of the Wednesday afternoon session of the Red River Valley Dairymen's association convention in the auditorium was a championship milk-drinking contest sponsored by the Civic and Commerce association in cooperation with the dairymen's group and conducted by Jim Roche. Six contestants guzzled milk from half-pint bottles, and when C. M. Pezek called time at the end of seven minutes, Charles Holcomb of Mankato was declared the winner, he, having consumed the prodigious quantity of 15 half-pints of the white fluid. The runner-up imbibed 14 bottles, closely followed by the others. The winner received a $10 prize for his exploit, with lesser awards for the others."

Jung Brothers Take Over Dahl Bakery

"Jung Brothers, for more than 30 years engaged in the bakery business in this city, Monday took over Dahl's Bakery on LaBree avenue from the Dahl brothers, who have not yet announced their future plans.

"The new proprietors stated that the former Dahl plant will remain closed until about December 1 while the front is to be modernized, and extensive alterations are being made on the interior, including enlarging the sales room and removing the balcony on the north and south sides, but leaving the rear section which will be utilized for office space."

1st Policemen's Ball Set For November 26

"A new social event on the Thief River Falls calendar will be the first annual Policemen's Ball arrangements for which were completed last week. Police Chief Leonard Hanson announced that the ball will be staged in the municipal auditorium the night before Thanksgiving, Wednesday, November 26."

Civic Center To Be Voted On November 4

"Following a hearing last Thursday evening, in the course of which the discussion at times became heated, the city council decided to submit to the voters in the municipal election, Tuesday, November 4, the question of whether or not the privately held property in the postoffice-library block should be acquired by the city for a civic center.

"Norman Peterson, chairman of the city planning board which is promoting the civic center plan, urged that action be taken to start condemnation proceedings against some of the affected property as a means of determining its value, or that the matter be submitted to the voters.

"Harry Brumund, opposing the project, declared it would cost at least $100,000 to acquire the remaining property in the block. Others speaking in opposition were Ole L. Ihle, Martin Bothun and M. R. Levorson.

"W. E. Dahlquist pointed out the present trend of business to move toward the outskirts of cities, and predicted that the city would not lose one cent of taxes as a result of acquisition of the property. Paul A. Lundgren, member of the planning board, also recommended that the city take over the property."

From The Editorial Page

"Along with a group of Glenn Carlson's Tribune and Star carriers we had the privilege last week of riding in a helicopter, for our money the most remarkable of flying machines. Certainly a contraption that can hover motionless in the air, move sideways or backwards, straight up or straight down, and land on a haystack, is, to say the least, versatile. Confidentially, however, we have no desire to own a helicopter. There are other, less expensive, ways of getting on top of a haystack."

Editorial comments from the files of Norm A. Holen

—It has been suggested that the reason Harold E. Stassen is anxious to go to Washington is that he wants to get away from the aroma of the South St. Paul stockyards.

—Members of the local fire department heaved a sigh of relief when they came through another Fire Prevention Week without an alarm being turned in.

—With huge quantities of poultry and eggs in storage, producers don't get enthusiastic over the idea of discouraging consumption.

—Remember way back when the Saturday Evening Post sold for a nickel? In November the price goes up to 15 cents per copy.

—There is an examination for postmaster at International Falls and, says Billy Noonan, the most important question will be, "Are you a Democrat, and if not, why not?"

—Adam and Eve, they tell us, lived thousands of years B.C. before clothes.

—We have enjoyed a pleasant summer in October. You can't beat a Minnesota Indian summer.

—Drinking water freely, says a doctor, will keep you from getting stiff in the joints, but, comments the Red Lake Falls Gazette, a joint usually doesn't serve water.

—Clipped comment: When a man looks down at the heel these days, there's usually a trim ankle above it.

—Random thought: Wonder what Uncle Joe Stalin will give Princess Elizabeth for a wedding present.

Political Potpourri
Gossipy News of the Coming Municipal Election

"The city convention was held last Thursday evening in the city hall. K. M. Hansen was elected chairman of the convention and G. Gilbertson secretary. C. L. Dobner was unanimously nominated for mayor and J. W. Wallin also received the nomination for treasurer without opposition.

"Now that there are rival candidates in many of the wards, let the fight be a good-natured one. There can be no good accomplished by stirring up the old fight and the first d. f. [darn fool] that tries to should be run out of town.

"A great deal has been said of late regarding a more economical administration of the city's affairs. It is claimed that the office of city attorney should be abolished and less law and more common sense be injected into the council. Another plausible scheme is to have the office of chief of police and chief of the fire department held by one man. James Farr is at present holding both offices in a very creditable way, and by combining the two, and paying one man an increased salary, it will save considerable in the course of a year.

"C. C. Jackson, candidate for alderman in the First ward, said to a representative of THE NEWS, "We all try to live within the limits of our income and I believe that the city should do likewise. Each year there is paid into the city treasury $3,000 for liquor licenses, to say nothing of the money collected by taxation. This should be enough to run the city in first-class shape."

"Asked by THE NEWS regarding his candidacy for alderman at large, James Meehan, Jr., said "It was my intention not to take part in the campaign this fall. I did not attend the primaries or ask a delegate to vote for me in the convention. I expect that the delegates, knowing that our firm has a great deal of property and other interests here -- thought that it was but a fit recognition of our interest in an economical administration."

"This is the first election held since our incorporation as a city."

"Plow your firebreaks.

"65 days left of this year.

"Monday's train was only three hours late.

"The weather yesterday turned Indian summer bottom side up.

"The Lumber Co. is having trouble getting enough cars to ship out orders.

"Members of the three link chain gang [Odd Fellows] will have possession of the town this afternoon and tomorrow.

"The Great Northern came in a few minutes ahead of time today the first time in the history of this line.

"Mrs. Amanda Webber of Minneapolis, assistant superintendent of the Children's Home Society, will be here Sunday, October 31st, in the interest of this society.

"In all probabilities the St. Hilaire Lumber Co. will shut down their mill next Saturday night for the winter. That was the understanding the first of the month.

"Every train brings in hunters en route to the reservation where they go to fix up camps preparatory to the opening of the deer and moose season. Most of them go to make a business of slaughtering deer and trapping furs.

"Marshal Dainard donned his new uniform Monday. Everything is of the regulation color from the cap to the club including the comeallongs. You will know Pete by the star he wears on the lapel of his coat as it shines brightly by day as well as by night.

"The sidewalk between Broadway and the school house was completed yesterday. Commissioner Harris says it's the best piece of side he ever built. It is a great accommodation to the school children and is highly appreciated by people living on the west side of the track.

"The St. Hilaire Lumber Co. has a curiosity on exhibition near their office that was taken out of the river yesterday. It is a pine log twelve feet long and ten inches in diameter but in the center is a growth resembling a ball and as perfect as can be, the diameter lacking little of being four feet and solid clear through.

"The auction sale that was given by the Ladies Aid Society of the Norwegian Lutheran church on Wednesday evening was very well attended. Everything was sold at a high figure and quite a handsome sum was realized which will be used for needed improvement inside of the church."

GUESS THAT'S RIGHT.

"The St. Hilairites are talking of organizing a fire department but the first meeting was not very well attended. They'll wait up there until their new hotel or mill burns down, then they will buy an equipment."

Gully News

Sanna Brovold
268-4350

It seemed like Gully Homecoming again this week when several former Gully people came to visit friends and relatives -- Peggy (Carlson) Mathew from Bemidji; Bertha Christianson from Bemidji (She is always happy to see some of her former pupils either from elementary school or later students from her classes at Bemidji State University. To most of us she looks the same as when she lived here.) Then, Lenore (Christianson) Fitsimmons from Willmar (Edwin and Nora Christianson's daughter) visited Ann Nyland and Emma Nyland and others. Marjorie (Nyland) Paulson from Bemidji and her son Mike Paulson from Fairfield, California were visiting here. Mike is Director of Servicemen's Center at Travis Air Force Base. He tries to make a trip to Gully at least once a year to see Ann Nyland. This year it was on October 6th that we saw him here.

Visiting Lorentz Bakke in Trail has been his sister Martha Bakke Batson and her two daughters, Kathi Mason and Debbie Woods, all from Holly Ridge, North Carolina. They say they really enjoyed the visitors who spent several days here visiting friends and relatives in Gonvick, Gully and Bagley.

REGULAR BOARD MEETING
September 22, 1997
7:00 p.m.
S.D.S.C. Conference Room A

A Regular Board Meeting of Independent School District #564 was held on Monday, September 22, 1997 at 7:00 p.m. in Conference Room A at the School District Service Center.

The following Board members were present: Carl Clark, Hank Hallstrom, Jean Larson, Cheryl Lee, Darla Twomey and Steve Young. Also present was Dr. Jerry Robicheau, Superintendent of Schools.

Chairperson Carl Clark called the meeting to order and Clerk Jean Larson established that a quorum was present.

A motion was made by H. Hallstrom and seconded by S. Young to approve the agenda as amended. Motion carried unanimously.

Information was distributed regarding the Safe and Drug Free Schools Greatest Need and the Coordinated Sex Equity and Single Parent Grants the district recently received. Also distributed was the Emergency Procedure for Dismissal or Calling Off School and information regarding the MSBA 1997 Phase III Orientation scheduled for Thursday, October 23 from 9:00 to 4:00 in Detroit Lakes. Board members were reminded of the MREA Legislative Action and MSBA Fall Area Meetings scheduled for Wednesday, September 24, at 5:00 p.m. in Fertile.

The Board recognized the TRF Education Foundation and the Eagles Club for donating $3300 and $1650 respectively to the Band Program to purchase three sousaphones. The following were also recognized for donating to the Little Brother/Little Sister Program: Heritage Community Center - $200, Fair Booth Donations - $24.92, First National Bank - $114, and the TRF United Way - $6,000.

Carol Ihle, Chair of the Citizens for Quality Education Committee, a group of community members who is promoting the levy referendum, reviewed their campaign with the Board. The group's motto is "Strong Schools = Strong Communities." Carol noted that community meetings and presentations to local organizations are being scheduled. A brochure is being put together along with press releases and other informational material for distribution to the community. Carol also noted that meetings of the group are held every Wednesday at 5:00 p.m. at the District Service Center and invited Board members to attend whenever they could.

Glenn Espe and Mary Erlandson, Principal and Assistant Principal at Challenger Elementary School, reviewed some of the things that are taking place at Challenger noting that the year has gotten off to a great start. They attributed a lot of this to the presentation made by Harry Wong at the districtwide inservice. They indicated they are reviewing the report cards that are used to get more consistency in the form used from grade to grade. They also discussed the computer minilab that is available in the Media Center, progress of the Deep Portage fundraiser, implementation of new curriculum in the areas of health and social and the work that will take place during the year on the grad rule. Glenn noted that the PTSP Book Fair is scheduled for October 6-10.

Darla Twomey reported on behalf of the Multi-Events Cultural Center Joint Powers Board indicating the Board met on Monday afternoon and have asked for a 60-day extension on the bids. Darla also noted that groundwork on the project will begin next Tuesday.

Business Manager Harry Nelson reviewed the Investment Report dated September 17th as well as the 1997-98 Preliminary Revenue and Expenditure Budget. The budget reflects $16,078,012 in revenue and $16,150,175 in expenditures. Harry also presented the preliminary 1997 payable 1998 levy for certification to the Pennington County Auditor. The levy reflects a decrease of 1.88%.

Superintendent Jerry Robicheau indicated the session held last week with the School Board candidates was well attended and feedback was very positive noting they felt the information presented was helpful. Jerry also reminded the Board of the Community Forum scheduled for this Thursday, September 25, at 7:00 p.m. in the Cafeteria at Challenger.

BE IT RESOLVED, by the School Board of Independent School District #564, as follows:

1. It is necessary for the school district to hold its general election for the purpose of electing one school board member for a term of five years and one school board member for a term of three years.

2. The following individuals have filed affidavits of candidacy for the five year term for said election during the period established for filing such affidavits: Barbara Jauquet-Kalinoski, Jon Lindgren, Michael Spears, and Randy L. Twistol.

The following individuals have filed affidavits of candidacy for the three year term for said election during the period established for filing such affidavits: George A. Davis, Ann Juhl, Vernon B. Kappes, Lyle C. Olson, Wendell Teigland and Charles S. Winjum.

2. The general election is hereby called and directed to be held on Tuesday the 4th day of November 1997 between the hours of 7:00 a.m. and 8:00 p.m.

3. The clerk is hereby authorized and directed to cause written notice of said general election to be provided to the county auditor of each county in which the school district is located, in whole or in part, at least forty five (45) days before the date of said election. The notice shall include the date of said election and the office or offices to be voted on at said general election.

The clerk is hereby authorized and directed to cause notice of said general election to be posted at the administrative office of the school district and at each polling place at least ten (10) days before the date of said general election.

The clerk is hereby authorized and directed to cause a sample ballot to be posted at the administrative office of the school district at least four (4) days before the date of said general election and to cause a sample ballot to be posted in each polling place on election day. The sample ballot shall not be printed on the same color paper as the official ballot.

The clerk is hereby authorized and directed to cause notice of said general election to be published in the official newspaper of the district for two (2) consecutive weeks with the last publication being at least one (1) week before the date of said election.

The notice of election so posted and published shall state the offices to be filled set forth in the form of the ballot below and shall include information concerning each established precinct and polling place.

The clerk is authorized and directed to acquire and distribute such election materials and to take such other actions as may be necessary for the proper conduct of this general election and generally to cooperate with election authorities conducting the city general and other elections on that date. The clerk and members of the administration are authorized and directed to take such actions as may be necessary to coordinate this election with those other elections, including entering into agreements with appropriate municipal and county officials regarding preparation and distribution of ballots, election administration, and cost sharing.

4. The clerk is further authorized and directed to cooperate with the proper election officials to cause ballots to be prepared for use at said election in substantially the following form, with such changes in form and instructions as may be necessary to accommodate a system other than a paper ballot system:

Minnesota launches rail safety campaign

Minnesota ranks seventh in the nation for the highest number of collisions and 12th in overall deaths and injuries from crashes at highway-rail intersections. For this reason, a public safety coalition called *Highways or Dieways*, an aggressive public education campaign aimed at reducing highway-rail grade crossing collisions throughout the state, will be launched.

Lt. Gov. Joanne Benson endorsed the campaign saying, "We must raise Minnesota motorists' awareness of their responsibilities at railroad crossings. The campaign will serve as a strong reminder of the consequences of unsafe driving. Getting these lifesaving messages out to all Minnesotans is an important part of our effort to eliminate preventable collisions and save lives."

The campaign is also supported by Minnesota's U.S. Senators Rod Grams and Paul Wellstone.

Sen. Wellstone commented, "I applaud Operation Lifesaver and its partners for delivering this vital safety message to Minnesotans. Operation Lifesaver plays a key role in our cooperative effort to eliminate vehicle-train crashes at highway-rail grade crossings; the *Highways or Dieways* campaign will help to increase public awareness of dangers at grade crossings."

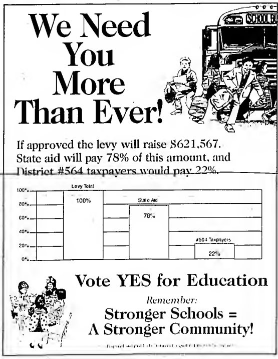
Sen. Grams noted, "Sadly, Minnesota continues to rank high nationally in terms of highway-rail grade crossing collisions. Many motorists simply don't understand the risks of unsafe driving behaviors at railroad crossings. *Highways or Dieways* is designed to get motorists' attention and save their lives."

The campaign is also endorsed by both the U.S. Secretary of Transportation and the chair of the National Transportation Safety board. Mike Langer, state coordinator for Minnesota Operation Lifesave, said, "We have been trying for years to educate the public on the dangers of railroad crossings and of railroad trespassing, but Minnesota continues to rank among the top states in terms of highway-rail collisions. This campaign will act as a wake-up call. Our message is simple: Minnesota's roads can be highways or dieways — the choice is yours."

Stumpf cited by students as top legislator

Sen. LeRoy Stumpf of Thief River Falls has been cited by the Minnesota State University Student Association as one of 50 legislators on the the association's Legislative Dean's List.

The honor was conferred in recognition of "their hard work on students' behalf and their dedication to quality, accessible higher education in the state of Minnesota."



We Need You More Than Ever!

If approved the levy will raise $621,567. State aid will pay 78% of this amount, and District #564 taxpayers would pay 22%.

MINNESOT HISTORI SOCI

10 candidates seek election in S.D. 564 Nov. 4

Ten individuals decided to step forward and vie for the two positions available on the Board of Education for School District 564. On Tuesday, November 4, the public will decide.

In this issue the candidates speak to the readers in an effort to provide information about their background and the issues they support. We hope readers take this opportunity to become better informed voters. The space for the stories and pictures was provided at no cost to the candidates.

There are two positions on the school board to be filled, one five year term and one three year term. Candidates running for the five year term include Barbara Jauquet-Kalinoski, Jon Lindgren, Michael Spears and Randy Twistol. The candidates running for the three-year term include George Davis, Ann Juhl, Vernon B. Kappes, Lyle C. Olson, Wendell Teigland, and Charles Winjum.

The main issue among candidates running for the two positions is the levy referendum. During this election voters will also be asked to vote on a levy referendum. The school district has proposed to increase its general education revenue by $234.95 per actual pupil unit. The additional revenue generated by the levy will be used to finance school operations. Voters will be asked to vote yes or no on the issue.

Where to Vote

Residents who are unable to vote on November 4, can elect to vote by absentee ballot. The Thief River Falls City Administrator's office will be open on Saturday, November 1, from 1 to 3 p.m., and on Monday, November 3, from 5 to 7 p.m. State law declares that the office will be open in order to allow residents to file absentee ballots. Absentee ballots for residents of School District 564, who do not live within the city limits of Thief River Falls, can also file absentee ballots with the School District at the School District Service Center.

Within the City of Thief River Falls polling places have been established for each of the five wards. Ward 1 residents can vote at the Heritage *Community Center*. Ward 2 residents can vote at Zion Lutheran Church. Ward 3 residents can vote at the National Guard Armory. Ward 4 residents can vote at Seventh Day Adventist school. Ward 5 residents can vote at Redeemer Lutheran Church. All polling places are open from 7 a.m. to 8 p.m.

The district encompasses area outside of the City of Thief River Falls. Two additional polling places, which will also be open from 7 a.m. to 8 p.m., have been established. One polling place will be at Franklin Middle School. Residents of the following townships in Pennington and Marshall county are asked to vote at Franklin Middle School: Pennington — Cloverleaf, Kratka, Norden, North, Numedal, Rocksbury, Silverton, Smiley, Marshall — New Solum, Excel, Agdar, Grand Plain, and East Valley.

The second polling place will be held at the St. Hilaire library. Residents living in the following townships in Pennington and Red Lake counties are asked to vote at the St. Hilaire library: Pennington County — City of St. Hilaire, Black River, Bray, Mayfield, Polk Centre, River Falls, Sanders and Wyandotte; Red Lake County — Browns Creek, Gervais, and River.

To be eligible to vote in this election, voters must be registered to vote. Unregistered voters may register to vote at the polling place on election day.

Candidates for 5-year term express views

Barbara Jauquet-Kalinoski

My greatest motivation for seeking a position on the Board of Education is to help develop and maintain the quality of education that is offered here in our school district. We are blessed with a dedicated school district staff who cares immensely about the welfare of our children. They're constantly challenged, however, with crowded classrooms and a lack of educational resources. They need a helping hand.

My name is Barbara Jauquet-Kalinoski and and I am running for a five-year position on the School Board. My husband Greg and I have four children enrolled in the school district. Our oldest daughter is in the seventh grade at Franklin Middle School. We also have a daughter in the fifth grade and two sons (twins) in the second grade at Challenger Elementary School. I have worked since 1981 as the Director of the Northwest Regional

Jon Lindgren

My name is Jon Lindgren. I was raised on a small farm near Salol, MN, and attended school in Warroad where I graduated in 1986. In 1988 I graduated from the Thief River Falls AVTI welding program. I am currently employed by Forsberg's Inc. as a welder. I live with my wife Valerie (Forsberg) Lindgren, and our two children. Valerie works for the Pennington County auditor's office. Aundriah is five years old and is in kindergarten at Challenger Elementary School. Nathan is age 3 and attends preschool at Challenger. We are members of Redeemer Lutheran Church.

Before moving to Thief River Falls I held the offices of vice president and secretary of the Luther League at Norland Free Lutheran Church in Salol. In 1994, I was elected to the church council at Redeemer Church. I am the council representative for the education

Mike Spears

My name is Mike Spears and I've been a resident of Thief River Falls for 19 years. My wife Kami and I have two children, Grant, who is in the first grade, and Devin, who will enter kindergarten next fall. I have been a homeowners since moving to town. I also am a small business owner in Pennington Fast Lube. My wife owns Young Impressions, the children's clothing store in town. Prior to venturing out on my own I worked for Wilson Bros. Co. for over 15 years. I am a volunteer fireman, a member of Zion Lutheran Church, Elk's Lodge 1308 and an advisory board member for the auto mechanics class at NCTC. I really enjoy all the people I meet through work and the other things I am involved with.

The main reason I am running is my concern for education — the education of all of our children. Children deserve the best education available for our tax dollar. Educa-

Common sense for a common cause. The common cause that all individuals reading this article have, is the desire for a quality education for our children. A solid K-12 education provides the backbone for a child's future and this is what most every parent, grandparent, aunt and uncle wants for their loved ones. But, a problem sometimes arises on how to provide and fund this quality education and that is where common sense comes into play.

Hi, my name is Randy Twistol and I have filed for the five-year term on the Thief River Falls Board of Education. I am a '78 graduate of Lincoln High School and in '83 I graduated from Moorhead State University with a B.S. degree in marketing. In 1988 I married Mary Fran Engelstad. Hi! My name is Ann Juhl. I have lived in Thief River Falls for most of my life. My husband Nick and I have three children. Heather is 16, Cliff is 13, and Dylan is 10. Heather is a sophomore at Lincoln. She plays volleyball and golf and is also a member of the choir. Cliff is in eighth grade at Franklin. He plays hockey, football, and baseball. Dylan attends fourth grade at Challenger. He plays baseball and is a goalie in hockey. As you may have noticed, our family life revolves around sports schedules.

I recently became employed at the Grand Forks Herald as a district manager in the circulation department. Before that I attended NCTC full time in pursuit of a degree in business. Nick is employed at Fors-

May 31, 1955, I enlisted in the air force at Fargo, ND. I did not know at the time that my career would be airplanes. I spent 34 years working in the airplane industry.

The high points of my airline career includes going to school at the air force base in Texas during 1955. I remember as a student asking about jet planes and if they would ever be used. The instructor said they were too costly so the answer was no. Well, the rest is history.

From school in Texas, I went to Sacramento, CA. The first day on the job we moved from an outdoor hangar to an indoor one that six Convair jets could fit into, making it the largest hangar in the country. At that time I did not know that I

I am a conservative. I believe we have to cut down the cost of top spending and all wasteful spending. There is no room for wasteful spending that does not pay for education, and I believe that's what our taxpayers are paying for — education. We also have to cut spending and raising taxes all the time before we bankrupt our taxpayers. If we bankrupt our taxpayers where will be our school's education system?

I was born in Goodridge and grew up in Grygla. I served in the United States Army between 1957 and 1958 in Europe. After serving in the army I moved to Thief River Falls and began working for Lee Plumbing.

Dear Friends and Fellow Citizens:

My name is Chuck Winjum. I am running for the three-year position on the school board. I'd like to take this opportunity to tell you a little bit about myself and my beliefs toward education.

I have lived in Thief River Falls for three years. Before moving to Thief River Falls my family and I lived in Crookston for seven years. Both my wife and I were raised in Perham, where I attended high school. Upon completion of high school I entered the United States Navy in 1972 and spent four years in the service and was honorably discharged in 1976. I received my undergraduate degree from the University of California, Irvine,

Northland hosts high school honors choir vocal festival

Larry Bach, chairman of the music department at North Central Bible College in Minneapolis, will be clinician as Northland Community and Technical College hosts its annual high School Honors Choir Festival today (Wednesday, October 29).

A master class will be conducted from 8:30 to 9:30 a.m. with the workshop for 125 selected vocal students from 14 area high schools to start at 9:45 a.m. and continue throughout the day. Festival choir rehearsal will be from 9:45 to 11 a.m., 11:45 to 1 p.m. and 1:15 to 2:15 p.m. with the festival concert scheduled at 2:30 p.m. in the college theater.

In addition to the festival chorus, outstanding vocal soloists from the day and ensembles or choirs from participating schools have been selected to perform.

Lunch will be provided from 11 to 11:45 a.m. and refreshments and campus tours will be available at 3:30 p.m.

During his 17 years at North Central Bible College, Bach has worked with the North Central Concert Chorale, Festival Chorus and Orchestra and Chapel Singers. For five years he sang with the Dale Warland Singers, a Minneapolis-based professional choir. He has also sung in the professional chorus at the Oregon Bach Festival.

Currently a doctoral candidate in conducting at the University of Iowa, Bach has traveled extensively throughout the United States as a church music clinician and guest conductor.

"Larry has a background in Gospel music as well," notes Northland director of music Les Torgerson, "which will lead to an interesting interpretation of *He Never Failed Me Yet*."

Bach received his vocal performance degree from West Virginia Wesleyan College and his masters degree in conducting from the University of Minnesota. He has also studied at the American Institute of Musical Studies in Graz, Austria.

Students selected to participate from area high schools and their directors include the following:

Stephen-Argyle—Renee Jensen, director, Joetta Fay and Jodi Wang, soprano; Jan Kuzma and Kari Paulson, alto, Jon Hendricks and Josh Bondy, tenor, B.J. Hendricks and Phil Jensen, bass.

Tri-County (Karlstad)—Kathy Englund, director, Tiffany Weterlund and Karla Fisher, soprano, Ellie Levenhagen and Mandi Ruud, alto, Ben Ruud and Luke Freeman, tenor, Ethan Englund and Kyle Englund, bass.

Growing demand for foot care services in northwest Minnesota has brought Dr. Mark Yuska to practice at Dakota Clinic in Thief River Falls.

Yuska, a Hudson, IA, native said there are no great stories about why he became a podiatrist. Interest in podiatry developed out of an interest in sports. At one time he considered sports medicine or physical therapy. After meeting a couple of podiatrists from his home town, he thought it would be nice to focus in on one area where there aren't as many practicing doctors.

Yuska grew up on his family's farm, where his dad still farms. He went to Iowa State University in Ames and then attended the University of Osteopathic Medicine and Health Sciences, which is one of only seven podiatry schools in the United States. Yuska finished school in 1995 as a Doctor of Podiatric Medicine. He served a two-year residency at Park Lane Medical Center in Kansas City, MO, and then moved to Thief River Falls in July.

"Foot problems are widespread and are often neglected. This may stem from a common misconception that a person's feet are just 'supposed' to hurt, given our active lives," said Dr. Yuska. "This notion is just not true and it is estimated that more than 75 percent of Americans will indeed experience a foot problem at one time or another."

As a practicing podiatrist, Yuska evaluates and treats numerous foot and ankle conditions ranging from heel pain or ingrown toenails to bunions and hammertoes. Another big part of what he does is patient education, especially on the topic of diabetes.

Yuska sees a lot of diabetics who need to pay special attention to their feet. "Foot problems are a leading cause of hospitalization for the eight million persons in the United States who have been identified as having diabetes mellitus," said Yuska.

Podiatrists want to prevent hospitalizations, infections and amputations for individuals with diabetes. Yuska noted that amputations occur 15 times as often in people with diabetes than in those without diabetes.

November is American Diabetes Month. During the month of November, free foot screenings will be held. Yuska said he will be conducting free foot screenings for qualified people with diabetes between 1 and 3 p.m. on Thursdays (November 6, 13, and 20) and on Tuesday, November 25. To arrange an appointment, individuals must call 1-800-342-2383.

Yuska is active in sports, as well. He is a runner and notes that foot mechanics are important to everyone, whether they exercise regularly or not. He said making custom made orthotics for people to insert in their shoes is beneficial for many to allow for better foot function and pain reduction.

When conservative treatments fail, surgery may be indicated. Yuska said today, foot surgery is done largely on an outpatient basis.

Yuska practices at Dakota Clinic in Thief River Falls. He also visits Fosston every other Wednesday.

Yuska said he and his wife Becky have been meeting many people in Thief River Falls. Recently, they joined a couples bowling league, which they enjoy. They don't have any children yet, but recently welcomed a new dog, a corgi, to their home.

He said they traveled to Thief River Falls last winter and got a taste of what that's like. As they continue to settle in they are looking forward to meeting more of the people who live in Thief River Falls.

HATS OFF TO 4-H

Kratka 4-H Club

Kratka 4-H club held its monthly meeting October 13 at the Kratka town hall. The meeting was called to order by president Katy Olson and secretary's report was given by Katie Hruby and approved.

Roll call was taken with response to the question, "What scares you?" Treasurer's report was given by Lynette Solberg and approved.

Old business discussed was 4-H Week October 5-11 with radio spots given by 4-H members and the club banner displayed at Hugo's supermarket. Members who participated in the state fair told of their experiences and the leader's council report was presented.

New business included election of officers and information on the awards banquet November 2 at the Eagles club with the meal to be served from 12:30 to 1:30 p.m. and awards program to begin at 1:30 p.m. Halloween party and pot-luck meal was planned for October 23.

New member Natalie Olson was welcomed into the club. Motion to adjourn was made by Vanessa Tieman, seconded by Lynette Solberg, and carried. For recreation each person took a turn spinning the candy sucker wheel. Lunch was served by the Roisland family.

Library. I received a Master's in Library Science from Western Michigan University in 1974 and worked as assistant director of the Mid-Peninsula Library Cooperative in Iron Mountain, MI, prior to moving to Thief River Falls.

With four children enrolled in school and 27 years of work experience in the field of education, I have enjoyed the opportunity to contribute to the growth of our school system through committee involvement. It is through this involvement that I came face-to-face with the needs of our school system. I am chair of the Planning, Evaluating and Reporting (PER) committee which reviews the curriculum over a six-year cycle. PER is designed to help a school district maintain an up-to-date curriculum and curriculum materials. This has been extremely difficult with budget reductions. Due to these reductions, students have suffered with dated curriculum materials, large class sizes and less attention paid to their individual needs.

Requirements for educational standards has been discussed in this nation for years. They became a reality for Minnesota students when the legislature approved the Graduation Standards.

Students must now demonstrate an ability to perform basic skills before they can graduate from high school. Students in School District 564 have already been tested in math and reading. Results show 62 percent of the students met the district standard in reading while 72 percent met the math standard. With large classes and reduced staff it has become difficult to reach kids who need the most help.

How do we help kids? Passage of the levy referendum is the first step. Other ideas are coming forth in the recent survey of the Parent Involvement Committee and the Survey of Residents of School District 564. I feel it's important for the community to be involved in helping the school district make decisions, and these surveys are vehicles to do so. When the concerns of citizens are addressed, a school district becomes accountable to the taxpayers.

My career in library management has given me personal skills that apply to the school board, if elected. These include fiscal management, policy development, planning, and working with a 15 member library board. I'm active in legislative, continuing education and technology committees on a state-wide level. I serve as President of the Minnesota Library Association and chair the association's Flood Relief Project for Minnesota and North Dakota libraries.

I also served as president of the Thief River Falls Rotary Club, and was a member of the ECFE and Community Education board, the School District Strategic Planning Committee, Education Committee for the Chamber of Commerce and church committees.

In closing, I want to express my appreciation for the role the school district plays in our children's lives. Whether attending a parent/teacher conference, a program, or volunteering, I always find it a rewarding experience. I also want to thank The Times for inviting all candidates to share their thoughts in this newspaper. A special thank you goes out to all residents who share their time with children, giving them the warm and caring environment they need.

Jon Lindgren

committee at Redeemer Church. I was elected as president of the Equitable Reserve Association, Assembly 300 in 1994 and 1996. Equitable Reserve is an insurance company based out of Neenah, WI.

Spending time with my family and watching my children grow bring me the most enjoyment that a person could ask for. I also enjoy the outdoors, hockey, football, golf, yard work, music, refinishing furniture and fixing on our home.

Schools are a very important part of the community. I want to be involved in the growth of the community and to grow we need to look to the future. The best way to make a brighter future is to provide our children with a quality education. By becoming a school board member I would be working toward this goal. Another goal I would work towards is to continue improving communications between the public and the school district. Schools need referendums from time to time to operate. They need fixing and new ones need to be built. We need new and updated materials for our children. I understand taxes need to be raised from time to time as a result of referendums. I believe that the people of the community and district are also understanding of these things. But, I, like many others see a lot of unnecessary expenditures going on in the school system. We should check on cutting more of the unnecessary costs before cutting teachers aides and funding for materials and technology. Many people feel angry and betrayed by the system when they are told that money will be spent on a specific project and then feel that the money is used elsewhere after a referendum is passed.

What do I feel when I hear the school district talk about participating in the development of the Multi-Events Center? I don't feel that this is the time. The School District is asking for a referendum which would raise taxes to pay for new books, additional teachers, and aides. The education of our children should be our priority. If the school needs a referendum for these basic educational needs, why are they even thinking about participating in the development of the events center.

I don't claim to have all the answers. But, I will try my utmost to find compromises so that we have the best of both. I also realize you can't please all of the people all of the time. But, we must keep our priorities straight and I believe our top priority should be a quality education for all children.

Mike Spears

tion is the base they will build on to succeed in life. I feel education is a partnership between parents, educators and the community. I feel we need to keep our school system strong to instill in our children a sense of accomplishment and a sense of good judgement.

Being a homeowner and business owner I also feel our school district has to be accountable for our tax dollars. I worked very hard for those tax dollars and I feel they must be spent wisely. I don't feel bad about spending a few extra tax dollars as long as we can see they are put to good use. This is a very important job of the school board and superintendent to show that our tax dollars are put to good use.

New technology is one of the things our education dollars need to be spent on. Computers will be in nearly every home sometime in our children's lifetime. They need to get started as young as possible on up-to-date computers to keep up in this ever changing learning opportunity.

I feel I can do a good job to represent the majority of the voters and make the common sense decisions they would make. I feel I am an average guy and know the value of a dollar and therefore would make sound business decisions for the school district.

I would appreciate your support for this five year term on the school board, but most important of all is to get out and vote to voice your own opinion no matter what it might be!

Randy Twistol

one who is in second grade at Challenger, and Samuel who is a spunky three-years old. I have been an insurance agent for the past nine years and am currently employed by St. Hilaire Ag Insurance, where our main emphasis is on agricultural insurance products. I have attended the Evangelical Free Church in Thief River Falls my entire life and I am actively involved with the AWANA youth program. I have been affiliated with the Miss Thief River Falls Scholarship Pageant since 1992 and have served as co-chairperson for the last three years.

With one child in our school system and another soon to be, I want to be actively involved with the decision making process of our school district. I feel that I can make the most direct impact by serving on the board of education.

The school board needs to be a true cross-section of the general population and I don't feel it is at the current time. It is imperative to elect individuals to the board that will represent the true feelings of the school district's citizens, while still keeping the best interests of the students in mind. We need school board members that will stand up and fight for an issue they believe in. We need leaders, not followers, to run our school district. Individuals who are free thinkers that can logically analyze a situation to determine the full impact their decision is going to make.

Some of the hot topics at the current time are the proposed tax levy, expenditures, classroom sizes, curriculum material and public communication.

The levy. When I visit with individuals around the area, the major concern in the district is taxes. A resounding comment that I hear is that they are not anti-education, most just feel overtaxed and the taxation system is not fair. I agree with this. The commercial property owners and agricultural land owners carry an unfair burden of the tax base, while other individuals do not pay any direct taxes and yet all receive the same benefits. We have many senior citizens in our community living on a fixed income who would have a difficult time with a tax increase. We need to keep all these people in mind when we request a tax levy. With the increased State mandated programs and the State cutbacks on school district funding several years ago, I understand the request for the levy the last few years. I think most people who have voted against the levy the last several years could easily support it if they knew exactly how the money would be used. Most people in this district are not anti-education but rather anti-waste. The public doesn't want to see a wish list but rather specifics. They want to know how many teachers and aides we will put on and which grades will be affected if the levy passes. With extra funding, which programs are at the top of the list and which are on the back burner? I don't think there can be much argument that we do need more computers and technologies in our district, but how many and what technologies will be supplied with passage of the levy? I also feel the school district needs to be accountable to the citizens if this levy passes. In order to rebuild credibility with the general public, we will need to be able to show the improvements and extra staff.

We need to continue the fiscal responsibility that the last several years of budget cuts are breeding. I believe the school board has the obligation to the tax paying public to ensure that every dollar spent is going to maximize the return. We can't allow the school district to give the impression that they subscribe to the old 'tax and spend' attitude of many governmental entities and public organizations. We have an agriculture community in our district that has severely suffered since 1993. Many of our local businesses are not as financially strong as they once were. We live in a district that is not known to be a high wage area. We must be very prudent with the spending of this hard-earned tax money and we must be accountable to the public.

We need to reduce classroom sizes to a level which the instructor can properly educate the students. A K-2 instructor with a classroom size in the mid 20's has difficulty funneling all the excitement and energy of the children to a more constructive avenue. We need more instructors or more aides to help facilitate this learning process. When a child falls behind in the early years of education, it is difficult to catch up and we must do all we can to safeguard this stumbling point. A Franklin Middle School teacher who may have up to 31 or 32 students in a class, devotes too much time on classroom behavior and discipline and this ultimately results in the majority of the students receiving far less attention. While outgoing children may not be substantially affected, the shyer students blend into the background. This adversely affects our children and it must be reversed. We also need more curriculum material. I don't believe the general public understands the shortage of material. An eighth grade science class has 32 students and 16 textbooks. They need to share the textbooks and can't bring them home to study. This is an atrocity.

The school district needs to continue and expand the public's participation and notification. We currently have a successful volunteer program. The PER committee members review curriculum. The school district currently has a survey placed at area businesses to help in finding out what the public's perception of the school district is. We are currently in the process of having forums for the public concerning the tax levy. Our superintendent has placed articles in The Times concerning key issues at the school over the last year. These are all fine modes of communication, we just need to expand them. I would like to take this opportunity to challenge the local media to expand their coverage of the school board proceedings and do more than having a soundbite on the morning news or just placing the school board minutes in the legal notices section. Let's expand the coverage and inform the general public on what is going good and what needs improvement in School District 564.

Finally, I would like to thank The Times/Northern Watch for giving me the ability to publicly express my feelings on some of the issues facing School District 564.

TRF Halloween enthusiasts offer terrifying tricks with treats

By **Kathi Carlson**
The Times Reporter

Children love Halloween. In fact, studies show that they rate Halloween as their favorite holiday. It's a time when kids can dress up and be someone different — total fantasy and just plain fun.

Driving around town one spots homes here and there that have window and door decorations, pumpkins on the steps and perhaps a scarecrow in the yard. Cute would describe some decorations while other homes look like Martha Stewart had made a house call.

A few folks take decorating a step further to create a Halloween experience that just may leave you shaking in your boots.

The House of Heaton

Badly frightened as a child, Jill Heaton hated Halloween to the point that she wouldn't take her toddlers trick or treating. Her feelings changed a few years ago, and today her love for Halloween has reached the point of near obsession as she's planned and made the spooky characters that occupy her yard.

Using creepy masks and clothing stuffed to form bodies, Jill has added flashing battery-powered eyeballs to make the creatures come to life.

Among the cornerstones in the fenced graveyard is a web covered coffin with a not-so-new looking corpse inside. A battery-powered hand reaches out from a fresh grave nearby.

Jill loves electronic decorations and has accumulated quite a collection of rats, bats, spiders and scary faces that light up, make spooky sounds or move. The gadgets' sensors are triggered by motion, sound or light.

With luminaries lighting the way, trick or treaters will be met by one surprise after another from the time they pass through the archway and up the sidewalk to the porch where the Heatons will have treats waiting. Stereo speakers blasting eerie sounds will add to the atmosphere.

Jill is originally from Connecticut where she says nearly everyone decorates for the fall holiday in a big way. Because she is Jewish, Halloween is the only holiday she decorates for. Whimsy, however, is a part of Jill's everyday life as owner of "Up, Up & Away," a balloon and singing telegram business.

Before remodeling and moving into their house three years ago, Jill transformed the interior into a neighborhood haunted house. Her dream is to create a big haunted house somewhere to raise money for a worthwhile charity. The animatronic characters she would like to inhabit her house are very expensive, and until she finds a pot of gold or a sponsor to make that dream come true, Jill will rely on ingenuity to create her Halloween magic.

Jill's husband David is a self-employed painter who thought his wife a bit crazy at first. He's caught on to the fun, however, and now helps her with her projects and even comes up with some ideas of his own.

Also getting into the act are their seven and eight-year-old children, Melissa and Jeremy. Melissa was hesitant to reveal her costume plans so that will be another spine-tingling surprise at the House of Heaton at 1209 North Main on Friday evening.

The Dark of Knight

Ten years ago Geri Sollom's teenage son and a friend created an old woman from a mask and stuffed clothes and placed her in a rocking chair under a light in the attic of the big, old house they lived in on Main Street. The old woman in the attic was visible from the street and Geri caught the spirit and dressed up to greet her trick or treaters. That was the beginning of a tradition that has expanded every year since and moved with them from their house on Main to their current home at 807 Knight Avenue North.

Geri and Don Sollom now host an event that involves an entire cast of family members and friends. Son Michael Howe is no longer a teenager but will be around for the event as will daughter Lisa and her husband Marty Semanko and Geri and Don's teenage daughter Lydia.

A number of friends will also turn out to help and take part. One friend requested time off in January from her job as a nurse in Minneapolis to join the fun at the Solloms.

Forty pumpkins are waiting to be carved between now and Friday evening. Spider web laden corn shocks will be lined up to provide a path around the Solloms' yard where trick or treaters can expect the unexpected.

Family and friends get into the traditional Halloween act at the home of Geri and Don Sollom at 807 Knight Avenue North. In the past 10 years the Solloms have braved wind, rain and sometimes snow to provide their Halloween guests with an eerie experience. Even those who claim they can't be frightened have been seen fleeing the Sollom home on Halloween.

Donning some wicked looking costumes eight or more ghouls will scare even those who claim they can't be frightened. Rumors reveal that someone may even lose their head to the hand of a chainsaw wielding maniac, and coffin inhabitants at the Sollom home do not necessarily rest peacefully. If there aren't enough real screams, raucous sounds from stereo speakers will add to the effect.

Geri says that husband Don really gets into the spirit of the occasion and is as good at portraying a homicidal madman at Halloween as he is a jolly Santa at Christmas time. Hauling a coffin that he built for the occasion, Don will travel eight hours on Thursday evening from Pierre, SD where he is currently on the job as a superintendent for Kraus-Anderson Construction.

Through the years the event has attracted large numbers of people of all ages. Last year the Solloms even attracted the attention of the police department whose visit was necessitated by a traffic congestion problem.

Geri noted that activities do not begin until dark and in previous years has found she has had to put up a sign indicating so. She needs time to get those 40 jack-o-lanterns lit. The blood-curdling adventure at the Solloms will be well worth the wait.

Fun and Freaky Friday

With a host of activities planned for the young and old alike by organizations and businesses throughout the community, only Halloween grinches need complain of boredom this weekend.

With a child-like appreciation for fun in common, Jill Heaton and Geri Sollom both stressed that their homes are safe places for youngsters to visit and added that people of all ages are welcome. A word of caution to the fainthearted – BEWARE! Whether you're at the Heatons at 1209 Main Avenue North or the Solloms at 807 Knight Avenue North, be prepared to be scared and put up with some tricks while waiting for treats.

A large gray rat atop the coffin stands guard as a hand reaches out of a fresh grave in the cemetery in the front of the home of Jill and David Heaton at 1209 Main Avenue North. A growing collection of lights, homemade spooks and purchased electronic devices will create a spooky atmosphere for the trick or treaters who visit the Heaton home.

This ugly creature is just one of several spooky characters that inhabit the yard of Jill and David Heaton at 1209 Main Avenue North. Trick or treaters of all ages are invited to take in the eerie sights and sounds of Halloween at the Heaton home. Giggles may turn to gasps as various sensored electronic devices add to the atmosphere and provide guests with shocking surprises.

Kari Kayser and Todd Carlson wed October 4

Marriage banners, pew bows with flowers and a floral arrangement in memory of Alton Carlson decorated Redeemer Lutheran Church for the Ocober 4 wedding of Kari Sue Kayser and Todd Charles Carlson.

Pastor Marcia Sylvester officiated at the 2 p.m. double ring ceremony.

Parents of the bride are Jay and Maureen Kayser of Thief River Falls and Mike and Sue Lindemoen of Newfolden. Parents of the groom are Charles and Kathy Carlson of Thief River Falls.

Soloist Darcy Reese, friend of the bride, sang "In This Very Room" and "Household of Faith." Joyce Halbasch, friend of the couple, was the organist playing "Canon in D" and "Arioso" as the processional and "Jesu, Joy of Man's Desiring" as the recessional.

The bride's gown featured a fitted bodice with sweetheart neckline and long puffed sleeves. A chapel length train adorned the back of the gathered full skirt. The bodice and bottoms of the skirt and train were beaded with pearls and white sequins. Her beaded tiara crown held her fingertip-length veil. The bridal bouquet included white roses, carnations and lilies with baby's breath and ivy.

The groom's sister Sunny Carlson of Thief River Falls was the maid of honor. The bridesmaids were Shelley Stenberg of Thief River Falls, friend of the couple, Gretchen Johnston of Warren, friend of the bride, and June Ellingson of Thief River Falls, friend of the couple. The bride's sister Nikkole Lindemoen of Newfolden was the junior bridesmaid.

The bride's attendants wore burgundy satin floor-length gowns with close-fitting bodices and flared skirts. They carried bouquets of burgundy roses, burgundy and white carnations, and mauve lilies.

Taeleigh Ellingson of Thief River Falls, friend of the couple, was the miniature bride. She wore a floor-length full-skirted gown of white satin with an organdy overlay. The bodice was fitted with puffed sleeves. She carried a basket of flowers matching the flowers of the bridesmaids' bouquets.

McKenzie Kayser of Thief River Falls, cousin of the bride, and Jenna Poppenhagen of the Twin Cities, Goddaughter of the groom, were the flower girls. Their full-skirted floor-length gowns were of burgundy satin and featured fitted bodices and puffed sleeves. The flower girls carried red long-stemmed red roses.

The bride's personal attendants were her cousin Briana Mike of Inver Grove Heights and her friend Kelsey Carlson of Thief River Falls.

The groom was attired in a black tuxedo with a double-breasted jacket and black vest. His boutonniere consisted of three white sweetheart roses.

Matthew Carlson of Fargo, ND served as his brother's best man. Groomsmen were Troy Carlson of Fargo, ND, brother of the groom, Kyle Lundeen of Red Lake Falls, friend of the groom and Travis Swanson of Fargo, ND, friend of the couple. Tyler Lindemoen of Newfolden, brother of the bride, was the junior groomsman. The men of the wedding party wore black tuxedos with single-breasted jackets and black vests. Three burgundy sweetheart roses made up their boutonnieres.

The guests were ushered by Eric Rouland of Thief River Falls, Jared Ellingson of Blaine, Tim Carlson of Newfolden and Shawn Bugge of Thief River Falls, all friends of the groom. They were dressed like the groomsmen. Their boutonnieres were made of a single burgundy sweetheart rose.

The mother of the bride wore a navy blue straight street-length dress. The groom's mother wore a navy blue pantsuit. Their corsages consisted of five burgundy sweetheart roses with white baby's breath accented with pink ribbons.

Dressed as the other men of the wedding party, the fathers of the couple wore boutonnieres of burgundy roses.

Deb and Larry Mike, aunt and uncle of the bride, and Barb and Clyde Sorenson, aunt and uncle of the groom, hosted the reception. Tim and Lisa Poppenhagen, cousins of the groom, attended the guest book.

The two-tier wedding cake was decorated with burgundy and blue frosting roses and topped with a Precious Moments porcelain bride and groom figurine. The cake was cut by Sheila and Linda Lindemoen, aunts of the bride.

Doris Stromberg and Idella Rewertz, great-aunts of the groom, poured coffee. The punch was served by Carrie Jo Sorenson and Ryan Iverson, cousins of the groom.

The bride's aunt CoCo Kayser was the flower hostess. The gift table was attended by Dale Brefland, uncle of the groom, and Phillip Brefland, cousin of the groom.

Waitresses were Jessica Olson, friend of the bride, Meghan Mike, cousin of the bride, Ann Lindemoen, cousin of the bride, and Kallie Kezar, cousin of the groom. The groom's cousin Derek Sorenson was a waiter.

Kari and Todd are at home in rural Thief River Falls and have a wedding trip planned for this winter. Kari is a 1994 graduate of Lincoln High School and is employed by Digi-Key Corp. Todd is a 1987 graduate of Lincoln High School. In addition to being self-employed, Todd is employed by Hutchinson Transfer.

Burger dinner by band boosters to aid LHS/FMS band programs

Fall band burger dinner sponsored by Lincoln high school and Franklin middle school band booster organizations will be conducted Thursday, October 30, from 4:30 to 7 p.m. in the Lincoln high school cafeteria.

Deer Park Garden Club meets

"What's New in Horticulture?" was the theme discussed by the Deer Park Garden Club at its recent meeting at the home of Michelle and Tim Prestehak. Members in attendance were Lois Swanson, Norma Hanson, Michelle Prestehak, Helen Chervestad and Ethel Wiseth. Judy Wiseth was a guest.

President Ethel Wiseth presided at the meeting. The program lesson included the video, "Growing Trees for a Crop." Roll call responses were what program topic members would like for 1998. Helen Chervestad gave a summary of the last meeting, and Lois Swanson reported on finances. All members will take part in the vine twisting to raise money for the club.

To make the garden club library more accessible to members, it was decided that it would become a traveling library – passed on to the member in charge of the next month's program. Librarian Michelle Prestehak will keep an inventory of books and materials.

A report was given on the 13th District annual meeting in Badger. LaVonne Radniecki, Lois Swanson, Helen Chervestad, Ethel Wiseth and Norma Hanson attended from the Deer Park club. Ethel and Helen won prizes for their western outfits.

Helen Chervestad encouraged members who witness good deeds to contact Clarence and Norma Swanson for possible publication in *Good News In-Deed*.

The club workshop will be held at the Helen Chervestad home on November 4 at 1:30 p.m. "Crafting with Taste" will be the theme of the group project led by Ethel Wiseth. An orange peel rose wreath will be made for display at the MSHS Center for Northern Gardening in November and December.

FMS selects six students for recognition

Franklin Middle School in Thief River Falls has selected six students as Students of the Week at the school.

Each week, throughout the school year, select students who have demonstrated those qualities teachers believe honorable, will be chosen for the honor of Student of the Week.

Between October 13-17, the following students were selected as Students of the Week: Grade 6 — Emily Passey, who was nominated by Mrs. Peterson; Grade 7 — Nathan Hesse, who was nominated by Mrs. Ticken, Laura Bruggeman, who was nominated by Ms. Olaz, and Tera Fugleberg, who was nominated by Mrs. Nordheim; Grade 8 — Bethany Brown, who was nominated by Mrs. M. Olson, and Sara Sundby, who was nominated by Mrs. Bosh.

Guideposts publishes local woman's story

In August, *Guideposts* magazine published a story written by Ruth Hagen of Thief River Falls. Hagen's story is about a harrowing adventure she experienced while visiting her daughter in San Jose in 1987. During her visit, her granddaughter was involved in an accident and her daughter was injured trying to save her. That left 78-year-old Ruth Hagen to do what she could to get help.

Ruth currently lives in Skylite Apartments.

GOD'S SPECIAL ANGEL

God needed a special angel
One loving, good, and kind
And so he chose our mother/wife
And left us all behind

The tears we shed were many
Our hearts were filled with pain
But our loss upon this earth
Was surely Heaven's gain

And though her heart no longer beats,
Her memory lives within
Time can never erase the love,
For our mother and best friend

A headless victim slumps in a chair as a chainsaw wielding maniac carries away his prize at the home of Don and Geri Sollom at 807 Knight Avenue North. Lights and Jack O-Lanterns light the corn shock path that winds around the Sollom yard. Trick or treaters can expect to meet the unexpected at every turn. Geri and Don invite Halloween enthusiasts of all ages to experience the holiday at their home where the goblins come out after dark.

Foster grandparent program expands to 11 county area

Foster Grandparents is a program which has spread smiles and good will across northwestern Minnesota. Soon the program will expand helping hands into more of northern Minnesota, making a difference in the lives of seniors and children alike.

Recently the Corporation for National Service awarded a $250,000 grant to the Tri-Valley Opportunity Council to develop Foster Grandparent programs in Clay, Becker, Mahnomen and Lake of the Woods Counties and further enhance programs in Polk, Norman, Pennington, Red Lake, Marshall, Roseau and Kittson Counties.

Julie Aanenson, Director of Senior Programs for the Tri-Valley Opportunity Council, says Foster Grandparents are seniors age 60 and over who commit 20 hours a week helping children with special needs in schools, day cares and group homes across the region. Aanenson has overseen programs in a seven county area of northwestern Minnesota for over six years. "The love and special attention Foster Grandparents give makes such a difference in the lives of children everywhere in our region. It is really remarkable to see how children grow with a little praise and support, and I think it is equally wonderful to see how much seniors have to give and what a difference they can make."

Foster Grandparent volunteers receive training and a small stipend, along with mileage, insurance and a daily lunch. "For seniors on a fixed income, the stipend offers a little extra cushion, but it is a small reward for all that they do. Our Foster Grandparents volunteer because they love children, because they finally have the time to give and because they want that time to make a difference."

For more information about becoming a Foster Grandparent, or to have a Foster Grandparent assigned to your school, day care or group home, contact Aanenson at the Tri-Valley Opportunity Council at 1-800-581-7020.

Nine local students included in National Dean's List

Nine students from this area are among the approximately 115,000 students included in the 20th Annual Edition of The National Dean's List, 1996-97, just published by Educational Communications, Inc. Lake Forest, IL.

Students are selected for this honor by their college deans, registrars or honor society advisors and must be in the upper ten percent of their class, on their school's "Dean's List" or have earned a comparable honor. Listed students are eligible to compete for $50,000 in scholarship awards funded by the publisher and may also use a referral service for future employment opportunities. More than 2,500 colleges and universities nationwide use the publication to recognize their academically qualified students.

Thief River Falls students selected include: Eleni Adamopoulos, a student at Northland Community and Technical College, Angela Klinker, a student at North Dakota State University, Thomas Kochmstedt, a student at the University of North Dakota, Rebecca Mattson, a student at the University of North Dakota, Tamra Mooney, a student at the University of North Dakota, and Kelly Swanson, a student at North Dakota State University.

Other area students selected include Andrea Pittman of Goodridge, a student at the University of North Dakota; Bradley Kilen of Middle River, a student at Community College of South Nevada, and Sharon Ekman of Newfolden, a student at the University of North Dakota.

Family and friends support group to meet October 27

Family and friends support group will meet Monday, October 27 from 10 to 11:30 a.m. at the Summerfield Apartments community room in Warren.

The meeting is for family members or friends who provide care and/or support to elderly persons.

Many members have a loved one diagnosed with Alzheimer's or a related disorder. Marshall Manor now has a unit specializing in care for people with Alzheimer's or related disorders and desires to provide a supportive environment for families of people with these disorders. Marshall Manor realizes that Alzheimer's has a major impact on the family unit and that the family experiences loss of the individual long before the person physically dies.

The October 27 support group meeting will include the film "Complaints of a Dutiful Daughter."

Area singles to have Halloween party November 1

Area Singles are invited to a Halloween Party on Saturday, November 1 at 7 p.m. in the basement of the Eagles Club in Thief River Falls.

Wear your costume and bring an item for the potluck meal. A mystery activity is planned.

Newfolden Area Gospel String Band to perform for last time Nov. 1

The Newfolden Area String Band will present a program at 7 p.m. on Saturday, November 1 at the Newfolden Community Center.

After being together in gospel music ministries for ten years this will be the last program for the band. Some of the members are with other musical groups and will continue to perform in those groups.

The evening will include door prizes, lunch and fellowship after the concert. Everyone is welcome.

Women of Today Halloween Carnival Sat., November 1

Children are encouraged to wear their costumes and prepare for a fun-filled afternoon at the Thief River Falls Women of Today's annual Halloween Carnival on Saturday, November 1 from 1 to 4 p.m. at the City Auditorium.

Eleven fun games have been planned for this event: Sucker Spin, Pitch at the Witch, Slap Shot, Grave Yard Putt, The Swamp (fishpond), Shoot Out at the OK Corral, Monster Walk, Sewer Plunge, Oscar the Grouch, Sticky Fingers and Witches Brew. There will be balloons for everyone. Tickets for the games are 25 cents each and while most games take one ticket, bigger prizes will be available at the games that take two or three tickets.

Boy Scouts from Troop 59 will provide an exciting Haunted House.

Funds raised by this annual event will be donated to various community projects.

For more information about the Halloween Carnival or about Women of Today, contact Dawn Dyrdahl at 681-8202. Women of Today meet the first Wednesday of each month at 7 p.m. in the Elks Club meeting room. All women, age 18 and over, are welcome to attend.

TIMES FOR TODDLERS

ACTIVITIES
Pumpkin Play

Scare up some Halloween fun with this pumpkin mask and poem. To make the mask, paint or color the back of a paper plate orange. When the paint or marking is dry, cut out triangular eye holes on the paper plate, then glue a black triangle for the nose and one for the mouth. Attach a tongue depressor to the bottom of the mask for a handle. Have your child join you in reciting the following poem while hiding behind his or her mask.

To scare some folks on Halloween
I'll tell you what I'll do
I'll hide behind this pumpkin mask
And then I'll shout, "Boo!"

Your little spookster will delight in revealing his or her face while shouting, "Boo!"

SCAVENGER HUNT

For next week's Activities feature, you will need your time.

BOOK OF THE WEEK

Treat your little goblins to a trip to the Thief River Falls public library and browse through the children's books including the following:

Prager, Annabelle. The Spooky Halloween Party. Never in a million years could Nicky or Albert guess just how spooky this Halloween could be, especially since they thought they were too big to be scared!

Kunhardt, Edith. Trick or Treat, Danny! A dismal Halloween turns out to be absolutely splendid when one of Danny's friends comes to his rescue after illness prevents him from trick-or-treating.

VIDEO VARIETY

Silly Stories and Scary Tales. You'll witness bizarre adventures from Transylvania when Dracula tries to disguise himself in the Kingdom of Glitzberg where the queen and her subjects are all mechanical dolls. A must for kids on a dark and stormy night!

MAGAZINE MENTION

As he lay wide-eyed and shivering in his bedroom, he paid close attention to every twist and turn as the dramatic stories unfolded in such radio thrillers as "The Shadow" and "Suspense." R. L. Stine began his writing career at age nine. Read all about his childhood experiences in the October issue of National Geographic World.

Remember that the Thief River Falls public library has preschool storytime every Wednesday at 9:30 a.m. Also remember to check out the parenting corner by the children's room for new information and helpful hints for busy parents on books, reading and much more.

PARENTING TIPS
Tips For Getting Kids To Bed

Is bedtime a difficult time at your house? It is for many families. Unfortunately there is no guarantee for a hassle-free bedtime, only some tips that may help.

- Have a set bedtime. "When the big hand is on the six" or "when the clock says these numbers" can help be part of the routine. In this way the clock, not the parent, is announcing the the time to go to bed.
- Use a routine. For instance, first a bath, then put on pajamas, then brush the teeth, then read a story and then bed. Once you establish a routine, your child will come to expect it. That also means that you will have problems if you try to change it or skip any of it.
- Sometimes bedtime is a parent problem more than a child problem. We are the ones who have to stop what we are doing and take the time to start the process and then keep it going. If we are consistent, everything will go more smoothly.

If your child doesn't fall asleep at once, there's no harm in reading or playing quietly in bed even after bedtime. Remember that the parent makes the decision about when the child goes to bed and the child makes the decision about when to fall asleep. A child can't go to sleep on demand any more than an adult can. A parent's task is to make sure that the activities and the environment are appropriate so that the child can relax and go to sleep. Most often, if you tiptoe in only ten or fifteen minutes later you will find your youngster fast asleep.

SOMETHING TO TALK ABOUT

Often your child will be cooperative if you give a warning. "After this television program, it is bath time" or "After we play this game, it is bath time." For the young child who does not understand the concept of time, use terms that they can understand.

ON MY MIND

Kim Chadwick-Quade

Not Just Another Birthday Celebration

My grandma reminds me of the Energizer Bunny. She just keeps going and going and going. This last weekend we celebrated her [illegible] birthday.

We call her Grandma A and there's always something she looks forward to to keep her living: the marriage of a grandchild, the birth of a great grandchild, Christmas, another birthday, a bus trip to the casino.

She still lives by herself in a retirement building staying up until midnight and sleeping in until 9 a.m. Her favorite foods are Domino's Pizza, Chinese cuisine and selections from any restaurant where we eat. We tease her that she just gets in the car when it leaves without asking where it's going. She doesn't plan to miss out on anything.

Her days are filled with lunch at the local senior citizens' center, card games, bingo, reading, watching her "programs" and crocheting. All of us grandchildren are blessed to have daily reminders of Grandma A in her crocheted goodies - like doilies, tablecloths and afghans - although we've inherited much more from her than the items that adorn our end tables, dinner tables and beds.

Born to Italian immigrants and one of 11 children, Grandma A was raised on a farm near Dilworth. Her life story, written down several years ago, tells of a life of hard work, yet enriched with many joys.

We inherited a rich Italian tradition of family, fun, loud relatives (with names like Aunt Lena, Aunt Millie and Uncle Dominic) talking fast and all at once, festive wedding celebrations and food. Our food highlights include pizzelles, sponges, garlic bread, lasagna, homemade ravioli, Italian sausage and the famous spaghetti and meatballs. (She was, you know, one of the founders of the annual spaghetti dinner at St. Elizabeth's in Dilworth, and I also have the recipe.)

She always has a story to tell about the "old" days. Of milking 20 cows morning and night. Of butchering cows, hogs and chickens. Of her marriage to a man (my grandpa) chosen by her parents. Of her resourcefulness in earning money during the Depression. Of the birth of her five children - including my mom and her twin sister when grandma was 39 years old.

We never tired of her stories and when we were little we begged her to teach us an Italian swear word. (Just never ask her to sing, though.) When I was in elementary school she suggested we might be related to Christopher Columbus. (Of course, I felt it necessary to share this with my teacher who probably thought my grandma or I was short a brain cell or two.) She introduced me to the joy of train travel.

Grandma A is always the first to offer to wash the dishes, that's when we've used paper plates. She's the best at weaving Easter palms into crosses. Her famous line at the end of a prayer at Easter, Thanksgiving or Christmas is, "Dig in," like Father Ganz used to say.

There's never been a time when we've been without her. She's been extremely ill at times, including suffering a severe heart attack just a week before my wedding nearly 10 years ago. But she recovered (fat and sassy she always says) and requested a band for her 90th birthday celebration where she out danced the rest of us.

We celebrate each year she's with us because we can't imagine a time without her.

Gospel Concert in Fosston Nov. 9

The Greenes, a southern gospel music group, from Boone, NC will hold a concert on Sunday, November 9 at 7 p.m. at the Fosston High School gym.

Advance tickets are $5 and are available at Goodness Book & Gift Shoppe in Fosston, Rainbow Book & Gift in Bemidji, Christian Bookstore in Grand Forks and Sonshine Shop in Fargo.

Tickets can also be ordered by telephone by calling 218-668-2400 or 218-435-6100.

Community Church members to complete orphanage project

Community Church members will leave to travel to a missionary station just south of El Paso, TX on November 21 by chartered bus to complete an orphanage project in Mexico started in March. They will return on November 30.

The Tapestries of Life Orphanage in Guadalupe, Mexico will become a home for 250 babies and children who have been abandoned or left with the ministry because their families are financially unable to care for them.

In March, 28 Community Church members participated in the project. Forty will participate on this trip.

Missions Director Pastor Jim Jacobson is coordinating the trip. For more information, contact the church office at 681-2285.

Christine Ellertson, 102

Minneapolis - Christine S. Ellertson, 102, died Tuesday, October 14, 1997 in Minneapolis.

A memorial service will be held in the spring or early summer of next year at the Lund Lutheran Church in Gully. Christine's cremated remains will be inurned in Lund Cemetery at that time.

Christine was born January 21, 1985 in rural Fertile. At the age of eight she moved with her parents to a homestead north of Gully in Johnson township. She attended rural school. Because her mother died when she was very young, Christine shouldered many household responsibilities, and she remained at home until her younger sister was old enough to take over her duties.

Christine met Edward Ellertson who homesteaded near her farm and often stopped there when he made a trip to the nearest store. Their lives were interrupted by World War I when Ed joined the US Forces and fought with the First Division. When he returned from Europe, they were married on October 20, 1920.

Ed was appointed postmaster in the Village of Gully, and the couple resided there for many years. In addition to raising four sons, Christine was interested in civic and religious work in the community and served in many positions of leadership.

When her husband died of cancer in 1955, Christine moved to Thief River Falls where she remained until 1959 when she joined her second son Carroll for three years in South Africa where he was a Lutheran pastor and missionary. When she returned to the United States in 1962 she built a new home in Gully where she resided until 1981. Christine then moved to Minneapolis where she lived at the Ebenezer Complex until the time of her death.

She is survived by three sons, Norris, Duane and Norman, 20 grandchildren, and 12 great-grandchildren.

Christine was preceded in death by her husband Edward and son Carroll.

Q&A SOCIAL SECURITY

Provided by the Social Security District Office in Grand Forks, ND

Q. Where is the Grand Forks Social Security office now located?

A. We have returned to downtown Grand Forks at our pre-flood address of 124 North 6th Street.

Q. Are all employees covered by Social Security?

A. No, but with 96 percent of United States jobs covered, it is nearly complete. This large coverage base is part of Social Security's portability. When a person changes jobs their Social Security moves with them.

Q. What are Black Lung Benefits?

A. Black Lung Benefits are payable to coal miners totally disabled by pneumoconiosis contacted as a result of employment in the mines. Benefits are administered by the Department of Labor (DOL) but Social Security helps accept applications for DOC.

Did You Know? In December of 1996, 43.7 million people received monthly benefits totaling $24.4 billion from Social Security.

ON THE OTHER HAND

Jenna Tsukichi
Lincoln High School

On November 4, many of you will be making a decision that will affect the lives of the students of our school district. You will either vote "yes" or "no" on the referendum. In the past years our school district has tried to pass it three times. Each time we have failed to do so. This year, we intend to succeed.

In the past four to five years, our school district has cut almost one million dollars from our school budget – to be exact, $901,662. Many problems have occurred as a result.

For instance, my fifth hour class contains thirty-three students. Oversized classes are a result of not being able to pass the referendum. It affects our learning and education. Why? In a class as big as my fifth hour, the teacher spends more time trying to keep everything under control than actually teaching the material. If the levy passed, more teachers could be hired to create a better learning environment.

Our books are another problem. I remember sitting in my Law and Citizenship and American History class flipping to the back of the book to look at the references. I remember thinking, "Where's George Bush? Hey, the Gulf War isn't in here, either." I would flip to the front and look at the copyright date and see a faded "1980." If the levy passed, the students would be able to have more up-to-date material.

The extracurricular activities have also suffered. The costs have continued to rise. I am paying $60 for each sport and $45 for speech. If I tried out for the one-act play and made it, I would have to pay another $45. Many wonderful actors, speakers and athletes had to drop the fine arts and sports as a result of the cost being too high. If the referendum passed, the cost to students would not keep increasing.

How do we compare with other school districts? School districts receive $3,506 for the students. Area schools that have passed a levy and have received more money per student are Detroit Lakes-$299, Fergus Falls-$311, East Grand Forks-$321, Goodridge-$335, Middle River-$601, Roseau-$255, Warren-$915, Warroad-$304. If we can pass the referendum, we would receive about $234 more per student. That would bring in a total of about $620,000 a year. We pay into the general fund in St. Paul anyway. This money is divided among the other school systems, so why not vote to get this money back for our students' programs and education? To me, $234 is a lot of money. If I were here when this passed, I know I would like to see that much money coming in to support me and the programs I would like to be in. Who wouldn't?

I am a senior this year, so if the referendum does get passed, it won't even affect me. However, I look back and think of the opportunities that I could have had and missed out on, and I know I don't want other students to go through that. I am only one student. There are many others who still have to start school. When they do, they should be allowed the best possible education available to them. That can be achieved by voting "yes" to the referendum.

I ask every person who reads the paper and our "On The Other Hand" articles, to show their support and prove it by voting "Yes" on November 4. Would you want to be the one to tell children there was once an opportunity to give them the best possible education but you chose not to? Just remember, a child's future education is in your hands.

SPEAKING OF

...Mother's Magical Witching Powers

Writing about holidays without repeating previous columns is a difficult thing to do. After reading several of my past Halloween columns, I decided I've repeated myself about Halloweens past often enough. Instead of saying the same thing again, I'm going to repeat an entire column that I wrote around Halloween time in 1990.

This column may sound like a Halloween tale, but it is really a story about me and other mothers and our special, "witching" powers. This tale is especially for my daughter who became a first-time mother on October 2 and will soon understand about the witching powers, and my daughter-in-law, who has a 12-year-old and a six-year-old and must be using her witching powers every day. Here is the story, with just a little editing to bring it up to date.

...I'm Not Really A Witch

Halloween is the time for goblins, ghosties, ghoulies and - witches. I really like witches. I used to tell my children that I was a witch. It worked for years. They really believed I was a witch – and they had plenty of reasons to believe it.

This is the time for confession, kids. I am not really a witch at all. All mothers have the same witching powers as I do. I don't suppose they all go around telling their children they are witches, but they could if they wanted to, because those Magical Mothers' Witching Powers are pretty powerful and scary, and downright supernatural, if you ask me. Here is the story, kids.

Mothers are bestowed with Magical Mothers' Witching Powers in the hospital when they have their babies. Fathers don't get these Magical Mothers' Witching Powers because they aren't mothers and don't need them. Only mothers get them.

These Magical Mothers' Witching Powers are why mothers know everything. This is the truth! You can tell it is the truth because your mother knows everything, doesn't she? She's a lot like Santa Claus that way. She sees you when you're sleeping - she knows when you're awake - she knows if you've been bad or good.

Mothers can always tell when you are lying. All they have to do is look at you and they know right away. One glance and they say, "You're lying! I can tell by the look on your face!" And you were lying.

Mothers can always tell if you have eaten everything on your plate. One look at you (and not at your plate, at all) as you leave the table and she says, "You didn't eat everything on your plate! You gave it to the dog!" And you did.

Mother can always tell if you didn't wash behind your ears. She doesn't even have to look at your ears to know this. You pop out of the bath tub and your mother yells through the bathroom door, "You forgot to wash behind your ears!" And you did.

Mothers always know if you have been sneaking freshly-baked cookies. There are dozens of cookies cooling on the table - she couldn't possibly have counted them all - and she knows if you take even one. "You're eating all the cookies I just got done baking!" And you were going to if you could.

Mothers always know if you throw your clean clothes into the dirty clothes hamper. On laundry day she will pull one item of clothing out of several baskets of dirty clothes and state, "You put this clean shirt in the laundry and you didn't even wear it!" And you didn't wear it - it was just wrinkled.

Mothers always know when you drink out of the milk carton. She takes one look at the carton sitting on the refrigerator shelf and says, "You've been drinking out of the milk carton again!" And you have.

Mothers always know if you are wearing dirty underwear. You are fully dressed, heading out the door on the way to school, books under your arm, and she looks you up and down and says, "You forgot to put on clean underwear!" And you did.

Mothers always know that you are the one in the family who took the piece out of the cake she baked for the church. You are not even near the kitchen and have wiped all of the tell-tale crumbs off your face, yet she says, "You ate a piece out of the cake I was going to bring to the church!" And you did.

Mothers always know when you left muddy footprints on the floor. You wipe off the floor, clean your shoes, even hide them away in the closet, start doing your homework in your room or watching TV and you hear, "You tracked mud all over my clean floor that I spent hours washing and waxing." And you did.

Mothers always know if you are watching television instead of doing your homework. You will be sitting quietly in the TV room, books open before you, pencil in hand. She will be far away in the kitchen cooking and you will hear her voice say, "You are watching television instead of doing your homework! Turn off that television set right now!" And you were and you do.

Mothers always know when you have been up to something you shouldn't have been. She can take one look at you and just know you've gotten into trouble. "What have you done now? I can see by the guilty look on your face that you're in trouble!" And you usually did and are.

Yes, Magical Mother's Witching Powers are how mothers know everything. These Powers make mothers downright spooky. Because the Powers are especially powerful on Halloween night, you kids better be extra careful not to do anything you shouldn't this Friday night.

If you do something wrong, you know very well that your mother's Magical Mothers' Witching Powers will tell her what you did the minute she looks at you and then you will be in real trouble!

"Martin Luther" film to be shown at SDA school

"Martin Luther," a classic Louis De Rochemont production, will be shown Friday, October 31, at 7 p.m. in the Seventh-day Adventist school at 1004 South Tindolph.

Date of the showing coincides with the 480th anniversary of Luther nailing his famous 95 theses to the church door in Wittenburg. The simple paper, written in Latin, was intended only for debate among the church scholars but became the basis for religious reformation.

The public is welcome to view the feature-length movie. There is no admission charge.

Information on special levy is still available

Information on the special levy *proposed* by School District 564 continues to be available at several sources, according to the citizens' committee promoting the levy referendum.

A community information meeting will take place Thursday, October 30, at 7 p.m. in the Northwest Grain meeting room in St. Hilaire. Those attending will have the opportunity to ask questions, comment and find out more about the referendum.

A similar meeting was held Tuesday, October 28, at 6:30 p.m. in the media center of Challenger elementary school.

Kid Witness News, produced by Franklin middle school students, will have special broadcasts of community service presentations on Sjoberg's Cable Channel 13 weekdays and Sundays at 10 a.m. and 12:15, 6 and 9 p.m.

Today (Wednesday, October 29), from 11 a.m. to 12 noon, KTRF Channel 3 is broadcasting a live special program on the levy. Viewers are encouraged to call in their questions and Dr. Jerry Robicheau, S.D. 564 superintendent of schools, will be on hand to respond.

The special levy hotline remains available to those who have questions. Call 681-8711, extension 255, to access this hotline.

Argyle, Warren receive grants from foundation

Otto Bremer Foundation in St. Paul has awarded grants to Marshall County Group Homes, Inc. of Argyle and to the city of Warren in its round of grants authorized at the September meeting of its board of trustees.

Marshall County Group Homes will receive $20,000 toward purchase of a wheelchair-accessible van. The city of Warren will receive $10,000 to remove debris and construct culverts that are intended to mitigate future flooding.

Grace Lutheran Church in Ada received $15,000 for repairs and replacement of items lost during the spring flood and Mendenhall Presbyterian Church in East Grand Forks received $15,000 for repair of the church and replacement of equipment damaged in the flood.

Dakota Clinic to build new hospital in Fargo

Groundbreaking is expected to take place in the spring for a new 50 to 70-bed hospital to be constructed by Dakota Clinic at the southwest corner of 25th Street and 32nd Avenue South in Fargo, ND.

Dakota Clinic Ltd. in Thief River Falls is part of the Fargo organization's network of 19 health care locations, including six in the Fargo-Moorhead area.

The new hospital, which is expected to be completed in two years, is planned to offer cardiology/cardiovascular surgery, vascular surgery, orthopedics, neurosciences, ambulatory surgery, convenient care and emergency room services.

Dakota Clinic will continue to operate out of its current South University location and has also designated clinic space at the new hospital.

Dr. Russ Kuzel, president of the 71-year-old physician-owned health care organization, said the clinic has always been working toward a fully integrated system. He said the clinic will continue to admit patients to Dakota Heartland Health System and MeritCare Hospital until the new hospital is completed and all licenses and certifications attained.

"We feel this decision represents the right choice for our patients, our physicians and our personnel," Dr. Kuzel added. "We expect the new hospital will generate additional employment opportunities and will enhance Dakota Clinic's ability to attract the most talented physicians and health care professionals to our region. The hospital will allow us to practice medicine at a level currently available only in major metropolitan areas."

SPEAKING OF EDUCATION

by Jerry Robicheau
Superintendent
School District 564

Dear Citizens of Independent School District #564:

First of all, I'd like to commend our staff and students who have participated in our fall activities. We have had a great deal of success in all our co-curricular programs and I would like to recognize their efforts. In our swim program we have a student who has exceeded all pool records – that is Chelsea Haviland. We want to congratulate our tennis team which, for the first time in ten years, was successful in their competition and advanced to the sectionals. Our congratulations to *the girls on* that team and their coach, Sylvia Sjoberg.

I would also like to congratulate and wish success to our cross-country team. It has been exciting to see the runners this year as they had a very successful season. I would like to congratulate our volleyball team for a very successful year and one of the highlights, of course, was beating Moorhead 3-0. I would like to congratulate that team and wish them well in the subsections coming up in the next few days. I would also like to congratulate our football team and wish them success in the playoffs. They have had a great deal of success this year.

We are very proud of all our students who participated in our activities. We do look at success not as a win-loss record, but the positive participation of students in these programs. Further, to Brian Unbehaun and Belle Lentus who have sung the National Anthem at our activities, thanks for sharing your talents.

I'd also like to personally commend all of our staff in School District #564. We have the finest staff in the State of Minnesota. We have individuals who are highly dedicated to their careers and to their chosen professions. This includes our teachers, our custodians, our cleaners, our cooks, our bus drivers, our educational assistants, our administrators, our secretaries. Each and everyone of our staff members are dedicated individuals who are interested in making sure that students have an environment in which they can succeed. I personally want to thank every one of them publicly as, without their efforts and their dedication, we would not have the top quality program we have in our school district.

I'd also like to take this opportunity to respond to some questions regarding Independent School District #564. These questions or concerns require answers.

Question #1: The district said it would save money if we built Challenger. How much has been saved?

Answer: It is estimated the district has saved approximately $150,000 to $200,000 since Challenger opened. This savings has been in efficiency by combining three buildings into one. However, because the district had not received any state increases in foundation aid in four years, the savings we realized from building Challenger have been consumed by inflation. Consequently, inflation has eroded the savings and also the savings have assisted us in not having to cut even deeper into our budget over the last four years.

Question #2: What contribution has the district made to the Multi-Events Center?

Answer: The district has donated approximately 50 acres to the Multi-Events Center. There has been no district cash contribution to the Center. The cash value of the land is estimated at approximately $90,000. This figure was arrived at by an appraisal of the land. The land that was donated was of no future use to the school district. Further, for this in-kind contribution of $90,000 the school district is going to receive a track and an upgraded football field which we desparately need. We currently do not have a track and, if we were to build our own track, it would cost us in excess of $250,000. So our partnership in the Multi-Events Center is affording us an opportunity to have a track for students who are participating in track in the spring of the year for in-kind expenses.

Question #3: How sound is the Challenger facility?

Answer: The Challenger facility is an extremely sound facility. We are experiencing some very minor problems based on the square footage of the building and the fact that it is a new building. Some of the minor problems relate to the use of the geothermal heating system. This is very efficient, but very new. Structurally, the building is very very sound. It is NOT in any way settling and I would encourage and invite any citizen of this community to please go out and visit Challenger and see what a sound building it is.

Question #4: What has the district done with the money generated from the sale of Washington Elementary School?

Answer: The money, which must be used for capital improvements, is held in the capital reserve fund. It will be used to assist in any future facility needs. For example, we are currently looking at our vocational programs. We also need to look at technology issues and other issues the Board deems is appropriate use of this money. It cannot be used for general fund expenditures. We believe that for any future facility needs we would not have to come back to the voters for bonding.

Question #5: Is it true that we are short of textbooks in our school system?

Answer: Yes. We do have in our science and math programs at Franklin Middle School not enough textbooks for all the students. We have a situation at Franklin in our science classes where we only have one classroom set of textbooks. That means textbooks have to stay in the class and the only opportunity students have to take them home is to come in the afternoon after school, check them out and make sure they are returned the next day. If they're not returned, students do not have the books for their daily work.

Question #6: What are the district's building needs?

Answer: As we look at our facility needs, we do not believe we will have any major building needs in the foreseeable future. The only thing we need to address are two vocational programs that are currently located at the District Service Center. We will work within the parameters and the dollars we have available from the sale of Washington Elementary School. We will look at designs that would fit within the money that is available, which is approximately $500,000-600,000. We will stay within the parameters of that dollar amount available. We are not going to build a program and then say how do we get the money for it. We are going to say this is how much we have to spend and we will then build within our means. As far as any other facility needs, we do believe we have all the necessary space to accomdate any future needs in the district without having to bond for any buildings.

Question #7: Is the $234 per pupil unit what we will receive from the levy all local tax dollars?

Answer: NO. Local tax dollars will generate $53 of the $234. The state portion is $181.

Question #8: Will the ballot list the whole amount?

Answer: Yes. By law we must list the whole amount of $234 per pupil unit, but you are taxed locally only for the $53.

I, again invite every citizen in this school district who has a concern or question regarding your schools to please not hesitate to give me a call. Open and honest communications is the only way we can be effective in providing a program that meets the needs of our kids. In many locations in the city, you also have the opportunity to fill out a survey regarding the school system. Please take a few minutes to fill out this survey and we will be responding to them as we develop our goals and objectives for upcoming school years.

It is your school. It will be as good as you wish it to be. We need and welcome your input. If I can be of any assistance in any way, please do not hesitate to contact me at 681-8711 or drop me a line at 230 S LaBree Avenue, Thief River Falls.

Three enlist in Thief River Falls National Guard unit

Recent enlistees in the Minnesota Army National Guard are Paul and Phillip Kazmierczak, sons of Anthony and Bonita Kazmierczak of Strandquist and Chad Jacobson, son of Gustave and Barbara Jacobson of Wannaska.

Officers kept busy investigating large number of complaints

Law enforcement officials have been very busy during the past week and a half responding to a variety of calls.

Assault. On October 19 at 12:46 a.m. officers responding to a report of a domestic incident charged 20-year-old Beth Lynn Beaulieu of Thief River Falls with fifth degree assault. The charge stems from allegations that she struck another woman on the head.

On October 24 at 9:23 p.m. police received a report of a domestic. A woman had been hit by an individual who fled the scene when he was told that police had been called. Charges are pending against Galen Robert Wik, 36, Thief River Falls. The woman had a swollen face and cuts.

Driving while intoxicated. On October 20 at 1:46 a.m. police arrested Jerry Leigh Oakgrove, 20, Thief River Falls with misdemeanor driving while intoxicated.

On October 22 at 4:30 p.m. police received a complaint from a local resident about erratic driving. Kenneth Maynard Slusar, Thief River Falls, age 53, was charged with driving while intoxicated.

On October 27 a police officer observing court activities, observed an individual who had just appeared on a driving while intoxicated charge leave the courtroom in an apparent intoxicated state. He alerted other officers and when the individual attempted to leave in a vehicle, he was stopped. Ronald George Mokol, Jr., Thief River Falls, age 31, was charged with driving while intoxicated.

Arrest. On October 17 30-year-old Dawn Marie Galizia, Thief River Falls, was charged with obstructing legal process after refusing to come to the door of her residence to accept a subpoena to appear in court.

On October 19 at 12:25 a.m. a police officer on patrol stopped a vehicle. Frederick Wayne LaMoyne, 23, Thief River Falls, was charged with no proof of insurance, giving false information to a peace officer, possession of a small amount of marijuana, possession of drug paraphernalia, driving after revocation, and failure to transfer title. It was also learned that he was wanted on a warrant for failure to appear for a trial on a driving while intoxicated charge.

Vandalism. On October 17 at 1:25 p.m. the sheriff's department received a report that someone had driven a vehicle through a five-foot high pile of black dirt circling a cemetery in section 5 of River Falls township. During the process of driving through the dirt, two grave markers were damaged.

On October 22 at 8:06 a.m. police received a report that a 1988 Oldsmobile had been damaged in a local parking lot. Both sides of the vehicle had been scratched, the windshield wipers and antenna broken, and a grill emblem taken. Damage loss was estimated by police at $1,500.

Disturbance. On October 17 at 12:45 a.m. officers responded to a report of a window peeper on the east side of town. The woman, who was home alone at the time, reported hearing a noise, went to the window and an individual was observed running away. She discovered that the window screen had been cut.

On October 18 at 8:23 p.m. an officer responded to a report of an intruder at a residence on the south side of Thief River Falls. A man was observed trying to open a locked front door, then going to a side door. The man gained entry to the residence, saw a woman in the house and ran away. The man was wearing dark clothing.

Accidents. On October 20 at 12:52 a.m. the sheriff's department received a report of an accident one-half mile east on County road 66. Marcialo Moreno III, 28, Thief River Falls, was driving a van east when he fell asleep. The van went off the road and rolled two times and landed upright. The van was considered a total loss. Moreno complained of a cut to his hand.

On October 22 at 3:47 a.m. the sheriff's department received a report of an accident at County road 81 and 61. According to the accident report, Jack Wade Hageman, Thief River Falls was driving a pickup west on County road 61 when he lost control of the vehicle on a wash-board road. The vehicle skidded through the intersection, went into the ditch and rolled onto its roof. Deputies considered the S-10 pickup a total loss. Hageman complained of a sore head.

On October 23 at 10:26 p.m. police received a report of an accident on the First Street bridge. Stephanie Leann Wiseth, Thief River Falls, was driving a Jeep west on First Street when she lost control on wet and slippery roads and her vehicle collided with a pickup traveling east and driven by Brian Ray Kading, St. Hilaire. Police estimated damage to the Wiseth vehicle at $5,000, and $3,000 to the Kading vehicle.

On October 25 at 1:01 p.m. the sheriff's department received a report of an accident at the intersection of County road 17 and County road 8. Douglas Wayne Becker, Thief River Falls, was driving a van south on County road 17, when a car driven by Tracy Lynn Srnsky, Thief River Falls, entered the intersection from County road 8 and the vehicles collided. Sheriff's deputies estimated damages at $2,700 to the Becker vehicle and $1,300 to the Srnsky vehicle. Srynsky complained of a bump to her head, and was also cited for failure to yield.

On October 27 at 8:50 a.m. police received a report of an accident at Fourth and LaBree. Janice Gayle Olson, was driving a car east on Fourth, when a car driven by Francis Martin Syverson, McIntosh, entered the intersection from the north on LaBree Avenue. Police estimated damages at $2,000 to the Olson vehicle, and $500 to the Syverson vehicle. Syverson was cited for failure to yield.

Thefts. On October 21 at 5:43 p.m. the sheriff's department received a report that a 1981 Pontiac Grand Prix had been stolen from the ODC parking lot on Highway 32 south. Police on patrol on October 22, observed the vehicle at about 12:22 a.m. in a parking lot near the ODC in downtown Thief River Falls. An individual was observed standing outside the vehicle. When approached by the officer, the individual fled on foot. He was followed to a trailer house, but would not open the door. Officers obtained a search warrant, found the individual and questioned him. No charges have been filed. The case remains under investigation.

On October 24 at 12:19 p.m. Pennington County Sheriff's department arrested 35-year-old Dean Roger Gunsch, Thief River Falls on a warrant. Gunsch has been charged with felony theft. The charge against Gunsch stems from an investigation into a report received July 10, 1997. According to the complaint filed by the executor of an estate, Gunsch allegedly closed a joint account he held with a deceased individual removing $9,000 that did not belong to him.

On October 24 Scott Dean Rodahl, 32, Red Lake Falls, was arrested for allegedly violating the terms of his probation. He opened a bank account in Grand Forks, and then wrote at least one bad check.

The following face charges of theft for writing bad checks: Holly Lyn Litterer, 25, Grand Forks, $88.51; Joshua Lee Whitlow, 23, Grand Forks, $75; Melvin Whitney Jr., 25, Thief River Falls, $80.34; Tamela Kay Bagnall, 29, Newfolden, $31.16; Joeanna Lee Stennes, 21, Erskine, $38; Carrie Ann Lawrence, 20, Middle River, $94.23; Frederick Wayne Lemoyne, 23, Thief River Falls, $70.52; Andrew Lee Peterson, 21, Thief River Falls, $75; Larry Elmer Nelson, 50, Middle River, $100; Janet Lee Slaathaug, 38, Karlstad, $229; Lyzette Nicole Eva, 23, Strathcona, $82.20; Justen Patrick Janssen, 22, Thief River Falls, $149.15; Scott Allan Zak, 22, Thief River Falls, $225; Timothy Paul Sund, 37, Thief River Falls, $45; Cheryl Fay Gingham, 47, Crookston, $50; Matthew Dean Lavoi, 23, Fosston, $99.63; Rodney Dale Maki, 58, Hibbing, $66.92; Mitchell Troy Reese, 29, Thief River Falls, $83; Nena Lynn Reese, 33, Thief River Falls, $148.40, and Tanna Twila Engen, 44, Newfolden, $65.15.

Fraud. On October 23 at 12:30 p.m. a local floral shop owner contacted the law enforcement center. Two deliveries had been made to Heritage Community Center, and a third ordered. Payment on the two orders delivered had not been made and the owner learned that the individual making the call had given a false name and address. During investigation, it was learned that the individual placing the orders was the same person receiving the orders. A local woman faces a charge of fraud.

Burglary. On October 21 at 4:52 p.m. police received a call from a local residence on the west side of the community. About $200 had been taken from the residence.

On October 13 at 8:47 a.m. the sheriff's department received a report of a burglary at Oak Park Lutheran Church in Deer Park township. A television, VCR, one-half gallons of wine, and a microphone had been taken. The theft loss was estimated at $700.

On October 24 at 4:23 p.m. police received a report that someone had entered a trailer and had taken a CD player valued at $250.

On October 25 at 10:33 p.m. police received a report that someone had attempted to enter an apartment in the 700 block of North State. In the process the door was damaged. Damage loss was estimated by police at $90.

On October 27 at 10:20 a.m. the sheriff's department received a report of a burglary at the Cenex Fertilizer Co-op in Goodridge. Upon investigation it was learned that $506.50 in merchandise, which included tools, food, and other items had been taken. There were no signs of forced entry.

Obstructing legal process. On October 23 at 5:06 p.m. police learned that a 15-year-old male runaway was at a local residence. Upon checking the youth was found inside. Officers were escorting the juvenile out of the residence when he began running away. He was caught by officers, but continued to struggle. The juvenile male faces a charge of obstructing legal process in juvenile proceedings.

Terroristic threats. On October 25 at 12:29 a.m. police received a report of a disturbance at a local trailer court. Upon arrival officers found a woman outside. Inside the residence they found two men holding down another man. The man being held had allegedly come over to the residence with a snow shovel, made threats and entered the residence without consent. Brian Peter Mathson, 29, Thief River Falls, faces a charge of terroristic threats.

Drugs. On October 24 at 2:32 p.m. a local business accepted a $1 bill with a white powdery substance on it. The bill had apparently been rolled just prior to the individual using it to pay for gas. The clerk contacted police and was able to provide police with a license plate number. Upon investigation, Donovan Lee Olson, 36, Thief River Falls, was charged with controlled substance crime in the fifth degree. During execution of a search warrant, a syringe and other items were found. Olson was allegedly using crushed Ritalin.

These reports include names of individuals charged, arrested or cited with various crimes and offenses by police, the sheriff's department or other law enforcement officials. Depending upon the circumstances of a case, charges can be, and sometimes are, changed or dropped by law enforcement officials or attorneys even before the case reaches court. Readers should also realize that under the American system of jurisprudence, individuals charged with crimes are innocent until proven guilty of those crimes in a court of law.

Assault and drug cases in court news

Convicted of a felony controlled substance crime in the fifth degree, Matthew William Brinkman of Grey Eagle, was sentenced to 60 days in jail and ordered to pay a fine and fees totaling $1,230. In court on October 20, Ninth District Judge Dennis J. Murphy, also placed Brinkman on supervised probation for five years.

The charge against Brinkman stems from a complaint on October 2, that three people were acting very suspiciously at a local convenience store. Methamphetamine, pills and drug paraphernalia were found in their possession. Brinkman was charged with felony controlled substance crime in the fifth degree.

During court on Monday, several other individuals were sentenced, including several for assault in the fifth degree and disorderly conduct.

Anniversary of woman's disappearance passes without finding her

One year ago, on October 26, Veronica Safranski of Argyle disappeared. The last time she was seen she was at a bar in Warren in the presence of Kevin Skjerven, who was driving a 1977 Black Dodge Powerwagon.

Numerous efforts to locate the missing woman have been undertaken. Many people have taken to fields, woods and waterways looking for her. Search planes, watercraft, and specially trained dogs also have been used, but to no avail.

Officials are still actively investigating her disappearance. Safranski was last seen wearing a leather-like Halloween costume and leather moccasins. An official investigating the disappearance said recently that they have nothing new to report in the disappearance, but will not quit until they find her.

Earlier in the investigation, a belt believed to be that of Safranski's costume was located three miles north of County Road 30 on County Road 8 in New Maine township of Marshall county.

Officials say the cooperation of the public has been overwhelming in trying to solve the disappearance, but they are still interested in receiving tips about her disappearance. Anyone who may have seen anything unusual is asked to contact the Marshall County Sheriff's department at 218-745-5411 or 1-800-242-6127.

A reward of up to $15,000 is being offered for information that leads to the arrest and conviction of the person or persons responsible for the disappearance of Safranski.

Kittens available for adoption at animal pound

A cat and her four kittens were left on the doorstep of a residence on East Taft Street last week. They are being held at the animal pound in Thief River Falls and may be claimed by their owner or individuals willing to care for the pets.

Three dogs are also being held at the animal pound. They include a brown and white male springer impounded October 24 in Red Lake County; a black female boxer-retriever and a male black boxer-retriever, impounded October 26 in St. Hilaire.

For more information about these pets contact the Pennington County Law Enforcement Center at 681-6161.

Nigerian fraud scheme being played out in TRF

Pennington County and Thief River Falls law enforcement officials have received complaints that letters from Nigerian nationals are being sent to local residents. The Nigerian nationals are attempting to bilk money from local residents by telling them that their assistance is needed to release millions of dollars to the Nigerian government.

The writer of one letter purports to be the member of a Federal government contract review panel interested in the importation of goods into our country with funds which are presently trapped in Nigeria. "In order to commence this business, we solicit your assistance to enable us to transfer into your account the said trapped funds." The individual states that as a civil servant they are not allowed to acquire this money in their names. This letter states that the sum trapped in an account amounts to $21,320,000. In return for allowing the resident's account to be used in the transaction, the resident would receive 20 percent of the funds.

Local law enforcement officials state that what is being offered is a fraudulent scheme in attempt to relieve the resident of his or her funds. They urge any resident who receives such a letter to turn it over to law enforcement officials and not give out any pertinent information to these individuals. They are being reminded that if it "sounds to good to be true, it probably is." Further, residents are urged not to give anyone information about bank accounts, credit cards, social security numbers or any personal infor-

Citizen complaints lead to drug seizures at house

Complaints about suspicious activity at a local residence in Thief River Falls eventually led local law enforcement officers to conduct a search warrant at a local residence.

At about 9:30 p.m. on Saturday, October 18, law enforcement officials conducted a search of a residence in the 300 block of North Kendall. During the search, officers confiscated a couple of marijuana plants growing in the basement, drug paraphernalia, growing equipment, and a book on how to grow marijuana.

Police Chief Ken Froschheiser emphasized that the concerns and complaints from local residents played a key role in success of the search. He said although no arrests have been made, the case was turned over to the Paul Bunyan Drug Task Force for further investigation.

Three burglaries reported in Red Lake County

Red Lake County Sheriff's department is investigating three burglaries and an attempted burglary. The calls came in early October 21.

According to the incident reports, burglaries occurred at Karen's Kitchen and Eastside Service in Plummer, and Third Base in Brooks. An attempted burglary took place at Pistol Pete's in Red Lake Falls. The sheriff's department is reporting that a small amount of money was taken and the businesses were vandalized. A dollar amount for damage caused by vandalism has not been determined. The burglaries remain under investigation.

Many activities were provided for preschoolers attending the Storybook Land family night program Tuesday, October 21, at Challenger preschool in Thief River Falls. Children at this table included (clockwise from lower left) Jacob Wightman, son of Bill and Stacy Wightman; Brooke Holtman, daughter of Robert and Tina Hollman; Jacob's sister Brittney Wightman, and Kayla Kuznia, daughter of Ben and Karen Kuznia.

Dr. Carl W. Johnson, rice breeder at the California Rice Research Foundation in Biggs, CA, recently received the 1997 National Council of Commercial Plant Breeder's "Genetics and Plant Breeding Award" at the annual meeting of the American Society of Agronomy held in Anaheim, CA.

Dr. Johnson resides in Chico, CA, with his wife Faye, the daughter of the late Opal and Malcolm Stucy of Deer Park township in Pennington county. Faye is a professor in the Department of Biological Sciences at California State University Chico. The Johnson's daughter Catherine is a senior in the school of pharmacy at Creighton University and their daughter Brenda is a sophomore in the school of nursing at Clarkson University.

The award Dr. Johnson received recognizes the outstanding application of genetic and plant breeding principles throughout a professional career focusing on creativity of research, development of products, significance and originality of specific research projects and their application to plant improvement.

Dr. Johnson has been a rice breeder with the California Rice Research Foundation since 1974. The organization is a non-private foundation supported by a self-imposed tax by the rice growers. His role as a member of an integrated plant breeding team led to original and improved concepts, methodologies, procedures and equipment modifications to develop and identify superior varieties in an expeditious manner. These activities resulted in the release of 24 varieties, some of which are grown on 96 percent of the California rice acreage.

Additional benefits of the varieties include a 43 percent yield improvement, diversification of rice markets, a reduction in environmental pollution and the amount of water required to grow a crop. The genetic advancements by the team returned $48 to the California growers for each research dollar spent, providing a gross financial benefit to the growers of at least $844 million.

Dr. Johnson earned an AA degree from Coffeyville Community College in 1962, a BS degree in agronomy from Kansas State University in 1965, an MS degree in plant genetics from North Dakota State University in 1967 and a PhD in agronomy and plant genetics from the University of Nebraska at Lincoln in 1974. During this time he also served with the U.S. Army as an enlisted man and later as an officer following a direct commission.

NCTC custom training offers several classes

Custom training and continuing education department at Northland Community and Technical College is offering a variety of classes in early November.

Minnesota commercial vehicle inspection recertification classes will be held November 4 in Room 131 at NCTC and November 6 at the West Acres Ramada Inn in Fargo, ND. Both sessions are from 1 to 5 p.m.

This mandatory course is designed to provide recertification for commercial and/or self truck inspectors already certified in commercial vehicle inspection and whose certification is due to expire. Those whose certificates have expired must complete the course within six months of the expiration date to renew their license.

Fee for the class is $60 and instructor will be Dick Divine. Class size is restricted to 40 participants and preregistration is required.

A four-hour CPR recertification class will be conducted November 3 from 6 to 10 p.m. for persons who have current certification in American Red Cross community or adult CPR or American Heart Association certification within the past 12 months. Participants must bring current certification to class. Instructor is Kathy Huschle and cost of the class is $25.

Two one-hour sessions in learning stretching and relaxation techniques will be conducted November 4 and 18 from 7 to 8 p.m. Brenda McCarty will instruct and the cost is $15.

Desktop publishing will be taught in a 15-hour workshop with sessions from 6 to 9 p.m. November 6, 13, 20 and December 4 and 11. Cost will be $150 and Brenda McCarty will be the instructor.

Participants will learn to design logos, brochures and newsletters using Microsoft Publisher 97 software. Preregistration is required.

For more information on any of these classes or to preregister contact the custom training and continuing education department at NCTC, phone 681-0793 or 1-800-959-6282.

Arctic Cat and Dodge Trucks in partnership

Team Arctic—Arctic Cat's factory-sponsored snowmobile racing team—has announced a partnership which makes Dodge Trucks the official truck of the race team. The message will be carried on the team trucks, race trailers, race sleds, team jackets and helmets.

Team Arctic manager Joel Hallstrom said the added support from Dodge Trucks "will enable us to make Team Arctic, already the dominant team in snowmobile racing, even stronger."

The race team will utilize 1998 Dodge Ram V-10 equipped trucks and the Dodge Durango sport utility vehicle for towing and traveling through some of the toughest winter driving conditions imaginable, the race manager added.

Storybook Land was the theme for a family night program Tuesday, October 21, at Challenger preschool in Thief River Falls. Children participating were encouraged to dress in their favorite costumes and activities were provided with themes for each of the rooms being used. Among those attending were Jodi Lehrer and daughter Kylie, shown creating one of the special projects.

Paige Joppru, daughter of Wendy Defrang, was one of the preschoolers attending the Storybook Land program last Tuesday evening at Challenger preschool.

Cade Storey, son of Kelly and Kristi Storey, concentrated on his play during the Storybook Land family gathering last Tuesday at Challenger preschool in Thief River Falls. The free activity night had room themes including the Three Bears, Three Little Pigs, Gingerbread Kid and Wizard of Oz.

Artistic endeavors were enjoyed by Damian Moore and Nathan Hietala, sons of Shonda Hietala, during the Challenger preschool Storybook Land family gathering Tuesday evening, October 21. The evening's activities included a police officer presentation on Halloween safety, special themes in the classrooms and a theater presentation by Dramatic Tendencies, directed by Connie Stock.

Costumed for Halloween, Nathan Wrenn found his mask too confining and moved it up a notch during activities of Storybook Land Tuesday evening, October 21, at Challenger preschool in Thief River Falls. Nathan is the son of Tim and Brenda Wrenn.

Cards break open close game in fourth quarter of 8AAAA semifinal...

Alexandria ends Prowlers' 1997 football season, 41-19

From Day 1, Thief River Falls head football coach Jeff Mumm let it be known, emphatically, that the Minnesota State High School League did the Prowlers no favor by going to six classes this fall. It doesn't matter how many classes you have, somebody is going to be the biggest and somebody is going to be the smallest, acknowledged Mumm. But for Thief River Falls, the expansion hit home hard, with the Prowlers going from the former to the latter.

That fact came into play Friday when the Prowlers wound up short both on the sidelines and on the scoreboard in their Section 8AAAA playoff semifinal match-up with Alexandria. The Cardinals won 41-19 in a game that was closer than the final might indicate.

"It's a matter of numbers," pointed out Mumm. "They're the biggest team in the section, and we're the smallest. They go two platoons and it wears you down."

The results left both teams 7-3, but it ended the year for the Prowlers, while the Cardinals head to the Fargodome Friday for a title game encounter with Detroit Lakes, a 41-14 semifinal winner over Sauk Rapids.

Alexandria won by scoring three fourth quarter touchdowns to break open a one-point game. The two teams played to a 13-13 halftime tie, and the Cardinals had a 20-19 edge at the end of the third quarter of the chilly contest at Prowler Field.

"For 3 1/2 quarters, it was as good a high school football game as you'll see," noted Mumm.

But the Cardinals took charge of the scoreboard 2:15 into the fourth quarter when Alexandria quarterback Nathan Hoelscher rolled right on a fourth-and-six and hit Brent Grewe with a 13-yard touchdown pass. It was the end of a 10-play, 60-yard drive that began with a 22-yard Hoelscher pass over the middle to Chris Johnson. Ryan Newland's kick made it 27-19.

Alexandria's defense forced a Thief River Falls punt four plays later, bringing the Cardinals' offense back on the field for the start of a 7-play, 57 yard scoring drive that sealed the decision. Again, a 22-yard Hoelscher pass to Johnson was the big-gainer on the possession that ended when Grewe sliced off right tackle from three yards out with 4:34 to play. With the kick, it was suddenly 34-19.

A desperation measure by the Prowlers when they failed to convert a fourth-and-17 from their own 16 with 3:04 remaining handed the Cardinals their final touchdown – a 5-yard run through the right side by Bryan Sterk with 1:25 on the clock.

It was a big night for Hoelscher, a 6-2, 167-pound senior. The left-handed thrower completed 10 of 16 passes for a whopping 258 yards. Daylon Faber caught four passes for 150 yards and Grewe gained 135 yards on a busy 36-yard night that included four touchdowns.

"They have a lot of weapons," noted Mumm. "They established the run, setting up the play-action pass. Number 9 (Hoelscher) throws the football well."

Alexandria scored first when Grewe put his head down on a 1-yard dive 37 seconds into the second quarter to cap a 12-play, 60 yard drive. Again, a 22-yard pass by Hoelscher, this time to Grewe, was the big play on the march.

Thief River Falls came right back with a 13-play, 72-yard possession that led to a 1-yard touchdown by Wade Chiodo. It was a 19-yard run by Chiodo that jump-started the drive, while Kyle Anderson (13) and Trevor Lee (12) gobbled up 25 yards on back-to-back runs to reach scoring territory. Chiodo then scored on the longest one-yard run you'll ever see as he took a pitch to the left, bounced off tacklers back at the 5-yard line, then reversed his field as he out-ran the defense to the right. Levi Kraft's kick put the Prowlers ahead 7-6 with 5:18 to play in the first half.

Alexandria, thanks to a 40-yard Hoelscher pass to a wide-open Faber, was on the move again before coming up mere inches short on a fourth-and-three run by Grewe that carried to the Thief River Falls 6-yard line.

In a dramatic turn of events, Chiodo broke through the line on the very next play and raced down the middle of the field on a stunning 94-yard touchdown run. That put the Prowlers ahead 13-6 with 2:36 to play.

Alexandria pulled even, though, when Hoelscher hit Neuby Ras with a 16-yard pass, found Faber on a 29-yard throw and then, on fourth-and-19 following a holding penalty, went to Faber again for a 24-yard touchdown with one minute on the clock. There were two defenders with Faber when he caught the ball inside the five, but they ended up on the ground while trying to break up the pass and the receiver stepped into the end zone. Johnson's kick tied it 13-13.

An interception by the Prowlers' Paul Frank at the Thief River Falls 36 on the first possession of the second half was turned into a go-ahead touchdown as Chris Mumm and Jeremy Swanson hooked up on a 47-yard pass play to the Alexandria 8-yard line, and Chiodo leaned into the end zone on a fourth-and-goal from a yard out.

The see-saw affair continued as Hoelscher found Faber on a 57-yard throw down the middle that went to the Thief River Falls 3-yard line and Grewe took it in from there with 1:02 to play in the third quarter. Johnson's kick broke a 19-19 tie.

Alexandria's offense continued to rack up the yards and the points the rest of the way. The Prowlers simply couldn't stop the assault. Alexandria never punted. The Cardinals ran out of downs deep in Thief River Falls territory on three occasions, and threw the interception. They scored on the other six possessions.

The Prowlers, meanwhile, were limited to 23 yards rushing and one first down in the second half before a final reserved-filled drive picked up some numbers.

"They're a good football team," offered Mumm. "They were quick. We've seen some bigger kids during the season, but their overall team speed got to us after a while. They just out-quicketted us."

Chiodo finished with 170 yards rushing for the Prowlers, who came into the game as the No. 2 seed in Section 8AAAA behind Detroit Lakes. Alexandria was seeded third. Thief River Falls was ranked No. 8 in the final Associated Press Class 4A poll of the year. Detroit Lakes was No. 4. Alexandria was not on the top ten list.

RLCC moves into title game

Red Lake County Central did little wrong Saturday afternoon in a 39-14 Section 7 Nine-Man high school football playoff semifinal win over Fisher/Climax. The Mustangs will try to duplicate that effort Friday when they tackle Norman County East in a 10:30 a.m. championship game encounter at the Fargodome.

It'll be the second meeting between the two teams this fall, with the No. 1-seeded Eagles beating the second-seeded Mustangs 24-8 back on Sept. 12.

"We'll have to eliminate a couple of mistakes," said Red Lake County Central coach Gary Brantl when asked what the Mustangs had to do different in the rematch. Norman County East turned a botched field goal attempt and a pass interception into a pair of touchdowns in a two-minute first half span in that Week 3 meeting. The Mustangs played the Eagles even the rest of the way, but couldn't make up the deficit.

Saturday afternoon in Oklee, Red Lake County Central turned a scoreless first quarter tie into a 20-0 halftime cushion against a Fisher/Climax team that handed the Mustangs a 27-20 regular season loss.

Mark Lorenson scored on a 2-yard run to start it, then after a partially-blocked punt by T.J. Larson produced field position, Andy Gustafson reached the end zone from the 12. A 23-yard run by Gustafson led to a 28-yard Lorenson-to-Tyler Nelson touchdown pass with less than two minutes left.

"Defensively we really played well in the first half," noted Brantl. "Offensively we let a couple opportunities slip away early, but we came back to score those three touchdowns in the second quarter."

A 20-yard run by Gustafson and a 35-yard pass from Lorenson to Nelson ate up a big chunk of yardage and set up an 11-yard touchdown run by Lorenson to make it 26-0 in the third quarter.

Gustafson finished with 133 yards on 25 carries, and Lorenson was 8-for-14 passing for 143 yards. Nelson was the top Red Lake County Central receiver with 116 yards on six catches.

Kyle Jenson was in on 17 tackles to lead the Red Lake County Central defense, while Nelson and Matt Hruby both had a hand in nine stops. A Hruby interception set up the Mustangs' final touchdown by Lorenson, who scored three times himself, and threw a pair of touchdown passes.

"The whole defensive unit did a nice job," noted Brantl, whose team is 6-3 for the year. Norman County East, a 27-14 Saturday semifinal winner over Win-E-Mac, is 7-2.

Friday's title game winner will visit either Stephen-Argyle or Kittson Central in the first round of the Nine-Man state playoffs – a game that has to be completed by Nov. 7. The Storm and Wolfpack will follow Red Lake County Central and Norman County East onto the Fargodome carpet Friday for a 12:30 p.m. Section 8 final.

Stephen-Argyle out-scored Tri-County 45-23 and Kittson Central defeated Kittson County North 27-6 in the Saturday Section 8 semifinals.

Thief River Falls ball carrier Trevor Lee headed into the line as Alexandria defender Sam Staldi (17) closed in during the second half of Saturday's Section 8AAAA high school football playoff semifinal game at Prowler Field. Lee picked up four yards on the play. The Cardinals scored three touchdowns in the fourth quarter to break open a close game, winning 41-19.

TRF hosts North Sub-Section 8AA volleyball match

Thief River Falls will host Fergus Falls Thursday in the opening round of the 1997 North Sub-Section 8AA high school volleyball tournament.

Seeding positions for the seven-team field were announced Monday. Unbeaten Alexandria, ranked No. 1 in the Class AA state polls was the obvious No. 1 seed, followed by No. 2 Detroit Lakes, No. 3 Thief River Falls, No. 4 Brainerd, No. 5 Moorhead, No. 6 Fergus Falls, and No. 7 Bemidji.

Alexandria draws a first-night bye, while Moorhead plays at Brainerd, Bemidji heads to Detroit Lakes and the Prowlers host the Otters.

Semifinal matches will be played Saturday, Nov. 1, at the two sites. Championship match will be Thursday, Nov. 6, at the high seed.

All North Sub-Section 8AA matches will have 7 p.m. starting times.

North and South Sub-Section 8AA winners will meet in the state tournament-qualifying Section 8AA finals will be played Saturday, Nov. 8, at a neutral site.

Thief River Falls finished the regular season 16-7-2 overall. The Prowlers were 3-1 against North Sub-Section 8AA competition, beating Bemidji 3-1, Moorhead 3-0 and Fergus Falls 3-0, while losing to Detroit Lakes 3-2.

Gators face Mahnomen in Section 8AA football final...

B/G-MR overpowers Tigers

There was nothing fancy about the 38-24 Badger/Greenbush-Middle River Section 8AA high school football playoff semifinal win over Pine River-Backus Saturday in Middle River. The Gators simply ran over the smaller Tigers en route to a championship game trip to the Fargodome.

"Our line was able to physically manhandle them," pointed out Badger/Greenbush-Middle River coach Steve Willman. "Our line was just too big for them, and our backs ran hard. In fact, our backs were bigger than their linemen. We just kept grinding the ball."

Josh Kern, Kagen Waage, Nick Vacura, Brian Wilhelmi and Chris Betto did the damage up front for the winners.

The Gators built a 38-0 lead through three quarters before Willman went to the bench. "We were well-prepared, and when we're well-prepared, we're tough to beat," he said.

Andy Schenkey led the winners offensively with 88 yards on 11 carries and defensively with a pair of interceptions. "Andy played outstanding on both sides of the ball," noted Willman.

Pine River-Backus netted just 15 yards on the ground through three quarters. The Gators came up with four interceptions, including a 65-yard pickoff and return by Bret Bentow.

It was the sixth straight win for the 7-2 Gators, who will go after their second straight title – Badger/Greenbush-Middle River won Section 8A last year before being grouped in Section 8AA this fall in the expanded playoff format – with a 6:30 p.m. championship game showdown tonight (Wednesday) against 5-5 Mahnomen, a 34-32 triple-overtime winner over Pequot Lakes in Saturday's other semifinal game.

Badger/Greenbush-Middle River began the playoffs as the No. 1 seed in 8AA. Third-seeded Mahnomen became a title game opponent with its victory over No. 2-seeded Pequot Lakes.

"Throw out the records and the seeding positions, we're the underdog now," warned Willman. "Mahnomen has talent, size, quickness and tradition. They'll be tough to beat, but it should be a good game."

Winner will play host to the Section 7AA winner in the Class 2A state playoff quarterfinals next week. The 7AA final Friday will have 9-1 Braham playing at 10-0 Deer River. Braham beat Esko 59-12 and Deer River defeated East Central 37-16 in the semifinals.

NCTC volleyball team earns state meet spot

Two close match-opening wins carried Northland past Central Lakes 3-1 Sunday in a Minnesota Community College Conference state tournament-qualifying volleyball playoff at Brainerd.

It was the second time in five days the Pioneers beat the Raiders with a state tournament spot on the line. Northland won a 3-2 regular season finale Thursday in Thief River Falls to tie Central Lakes for the fourth and final state tournament spot from the Northern Division.

That set up the Sunday playoff, held at Brainerd by virtue of a coin flip.

This time Northland prevailed 16-14, 15-13, 3-15, 15-5.

"We started well, then let up in the third game," pointed out Northland coach Stan Olson. "We came back and played our best volleyball in the fourth game. "We played a real powerful hitting game."

Naomi Wilebski, a sophomore from Kittson County North who took over at the net in Game 5, led the Pioneers with 16 kills. Paula Hovda, a sophomore from Roseau, joined her in double figures in the kill department with 12. She also had 16 digs. Angie Vagle, another sophomore from Roseau, finished with a team-high 17 digs.

The win moves Northland to the state tournament Friday and Saturday in the two gyms at Bethany Lutheran College in Mankato.

Friday's competition will be a round robin pool play format that will set up Saturday's championship bracket positions. Northland is grouped with Bethany, Minnesota West and Vermilion in Pool A. Ridgewater, Fergus Falls, Rainy River and Riverland are in Pool B.

Northern Division champion Fergus Falls and Southern Division winner Bethany are the state tournament favorites. The Pioneers will take a 10-11 record to the state meet.

"We should be competitive," said Olson. "First week of practice we wrote out a script for the season. The goal was to play in the state tournament. We've achieved that. Now we're going beyond expectations."

LHS boys basketball, hockey parent/player meetings scheduled

First-year Thief River Falls head high school coaches Scott Bergland (hockey) and Bob Johnson (boys basketball) have scheduled parent/player meetings to kick off the 1997-98 season.

Mandatory parent/player meeting for the high school hockey program will be held Thursday, Nov. 6, at 6 p.m. in the main Lincoln gym.

The boys basketball meeting, designed for all players in grades 7-12, along with their parents, will be held Monday, Nov. 10, at 7 p.m. in the Lincoln cafeteria.

MIDDLE SCHOOL

Volleyball

Season ending outing for the Franklin Middle School eighth grade volleyball program included a first place finish for the A team and a second place showing by the B team at the Warren-Alvarado-Oslo Invitational Saturday.

Franklin A team beat Crookston 15-5, 15-13 in the semifinals and stopped Warren-Alvarado-Oslo 15-9, 15-5 in the title match.

The Franklin B team opened with a 15-9, 4-15, 15-13 win over East Grand Forks but lost a 15-9, 15-11 decision to Warren-Alvarado-Oslo in the finals.

Starting dates set for 1997-98 winter sports

Thief River Falls student-athletes interested in participating in a winter sport are reminded to have their required forms completed and fees paid before the start of practice. Forms are available Monday through Friday at the Lincoln High School Activities Office.

Athletes are required to have a physical exam every three years. If you need a physical, appointments should be made in advance of the start of practice, pointed out Jim Sims, Director of Student Activities for School District 564.

Activities fees are $60 for Lincoln High School athletes and $45 for Franklin Middle School athletes.

Completed registration forms, physicals and fees must be brought to the Lincoln Activities Office before the first day of practice. A permit slip will then be issued to the athletes, who will not be allowed to practice until they present the coach with the slip.

Under Minnesota State High School League guidelines, the first allowable day of practice for hockey and girls basketball is Nov. 10, boys basketball and wrestling Nov. 17, boys swimming Dec. 1.

The Prowlers will have two new head coaches this winter – Scott Bergland in hockey and Bob Johnson in boys basketball.

Bergland's staff will include junior varsity coach Wendell Grand and Jeff Tunberg.

Johnson will work with junior varsity coach Mike Wienen, freshman coach Scott Brekke, eighth grade coach Mike Peterson, and seventh grade coach Jeff Johnson.

Girls basketball program will be led by head coach Jeff Loe, junior varsity coach Amy Roche, freshman coach Paula Praska, eighth grade coach Greg Brekke, and seventh grade coach Michelle Erickson.

John Belyeu is the Prowlers' wrestling coach and Brian Olson is the boys swimming coach.

Alexandria runningback Brent Grewe was pulled down by Thief River Falls linebacker Cody Crapeau as the Prowlers' Matt Myers (76) and Andrew Solem (71) closed in during the third quarter of Saturday's Section 8AAAA high school football playoff semifinal game in Thief River Falls. Grewe was limited to one yard on this play, but he carried 36 times for 135 yards, caught three passes for 48 yards and scored four touchdowns in the Cardinals' 41-19 win.

Pioneers are in state playoffs

■ NCTC plays Rochester in MCCC semifinals

It was a classic good news/bad news situation for the Northland Community and Technical College football team. The good news: the Pioneers, by virtue of a 35-21 Itasca loss to Fergus Falls Saturday, qualified for the 1997 Minnesota Community College Conference football playoffs. The bad news: Northland drives to Rochester Saturday for a 1 p.m. semifinal kickoff.

"They (Rochester) have a good football team," warned Northland coach Gene Klinke. "They're a four-five touchdown favorite, easy. They've got the talent and the numbers."

But Northland isn't about to turn down the playoff opportunity. "It's good for our kids," explained Klinke. "It gives our sophomores one more game, and it gives our freshmen the experience of being in the playoffs. Making the playoffs is good for recruiting."

Northland had a chance to clinch a playoff spot with a win at Mesabi in their regular season finale last Thursday. But after playing the Norsemen to a 14-14 halftime time, the Pioneers wound up with a 43-14 loss.

"Things fell apart on us," acknowledged Klinke. "The biggest thing, is that we weren't able to pass the ball at all. Once they (Mesabi) saw that, they stacked 11 men on the line of scrimmage, and we couldn't move the ball."

The Northland passing game took its second hit of the season when Nic Thompson suffered a concussion near the end of the previous week's 33-32 win over Itasca. Thompson, moved to quarterback after starter Dan Wilson went down with a season-ending injury early in the 1997 opener, sat out the Mesabi game. Runningback Eric Reinhold quarterbacked the team at Virginia.

Thompson may be back under center Saturday. If not, the Pioneers will be facing another defense stacked against the run.

Despite the loss that dropped Northland to 2-6, the Pioneers still wound up in a second place Northern Division tie at 2-2 with Mesabi and Itasca. The Vikings would have grabbed the playoff spot with a win over Fergus Falls that would have given them a 3-5 overall MCCC mark. But instead, they all finished 2-6. And since Northland beat Itasca, Itasca defeated Mesabi, and Mesabi knocked off Northland during the course of the season, a coin flip was needed to break the deadlock.

The flip was actually held immediately after the Northland-Mesabi game since the Itasca coach was in attendance. First to be eliminated was Mesabi, then Itasca – providing the Vikings lost to Fergus Falls, which they did.

"Somebody left the back door unlocked, and we backed in," said Klinke.

Northern Division champion Vermilion will host Southern Division runner-up Central Lakes in Saturday's other semifinal game.

Championship game will be played Nov. 8 at the site of the most northern semifinal winner.

Rochester is 8-0 with wins over Vermilion 26-18, Itasca 35-0, Hibbing 62-0, Central Lakes 41-0, Mesabi 24-21, Fergus Falls 33-10, Ridgewater 50-21, and Minnesota West 40-3 last week.

Northland beat Hibbing 28-18 and Itasca during the year. The Pioneers lost to Ridgewater 21-7, Fergus Falls 34-12, Central Lakes 47-10, Minnesota West 51-0, Vermilion 54-14, and Mesabi.

Vermilion is the two-time defending MCCC state champion.

TRF swimmers host Pirates

■ Final regular season dual Thursday

Warroad beat Thief River Falls 125-63 in a Tuesday (Oct. 21) dual, then out-scored the Prowlers, Crookston and Fosston/Bagley to win the Crookston Invitational girls high school swim meet Friday.

In the Crookston meet, Warroad collected 423 points, Crookston 304, Thief River Falls 236 and Fosston/Bagley 170.

The Prowlers' Chelsea Haviland set a Warroad pool record in the diving competition during the Tuesday dual. She also won the 100 breaststroke, while Lindsay Ehrenstrom and Julie Chrzanowski came up with first place finishes in the 200 individual and 100 butterfly, respectively.

Ehrenstrom (200 I.M.) and Haviland (diving, 100 breaststroke) were Thief River Falls winners at the Crookston Invitational.

"We had some good performances," said Thief River Falls head coach Shan Thompson. "The kids are doing a nice job."

Warroad was a 142-24 winner over Thief River Falls in the junior varsity portion of the Tuesday meet.

Thief River Falls will carry a 4-8 dual meet mark into the regular season final Thursday, a 5 p.m. dual against Crookston at the Franklin Middle School pool. The Pirates have become the Prowlers' top rival in the pool, producing close match-ups in both dual and multiple team encounters.

The Prowlers are looking forward to facing the Pirates at home, noted Thompson. The Prowlers haven't beaten the Pirates yet, adding additional incentive to the regular season finale, he said.

First year of Minnesota two-class swimming competition will find the Prowlers heading to the Section 8A meet Nov. 7-8 at Warroad.

Wolverines win opener, fall in 32A quarterfinals

Goodridge/Grygla Gatzke beat Badger/Greenbush-Middle River 3-1 in an opening round match Friday, but fell to Tri-County 3-2 in the Monday Sub-Section 32A high school volleyball tournament quarterfinals at Northland Community and Technical College in Thief River Falls.

The Wolverines beat the Gators 15-3, 15-13, 5-15, 15-12 in Friday's lone match.

Kristin Halvorson had seven kills for the winners, with Jenny Nelson collecting 11 assists and Dana Wiseth picking up nine. Tiffany Hagen had 12 kills and Stefanie Sparby finished with nine assists for the Gators.

Badger/Greenbush-Middle River ended the year 11-15 under first-year head coach Christine Adrian. The Gators and Wolverines split a pair of regular season matches.

Goodridge/Grygla Gatzke had a 2-0 head start on Tri-County in the quarterfinals, but couldn't finish off the Wildcats, who rallied for a 7-15, 11-15, 15-8, 15-6, 15-12 victory.

Halvorson came up with a 17-kill performance, and added four aces. Mandy Sjulestad had seven kills. Nelson wound up with 22 assists, and Wiseth contributed 11, along with three assists. Amie Kotrba also had three aces. The Wildcats were led by Rachel Prosser and Anna Bogestad with 13 and 10 kills, respectively. Mandi Rudd racked up 34 assists. Afton Hanson and Brenna Jacobson both had three aces.

Jean Schulz-coached Wolverines finished the year 15-11.

Ellie Waibel had 11 kills and Jill Anundson picked up 27 assists as Lake of the Woods swept Kittson County North 15-3, 15-4, 15-2 to start Monday's quarterfinal round. Kimi Bragdon added eight kills to the Bears' total.

Heather Evans wound up with 14 kills and 10 service aces, while Isy Arneson had 20 assists as Warroad beat Kittson Central 15-9, 15-13, 15-8 in the second match of the night. Lisa Fry contributed eight kills and Kristi Rygh had 10 assists for the winners. Jen Hatton had six kills and Darcey Lundberg 12 assists for the Wolfpack.

Roseau stopped Stephen-Argyle 15-3, 15-5, 15-3 in the final match as Kristi Glassman and Cathy Gotzmann picked up seven kills each. Gotzmann also had four aces, as did Anna Grafstrom, who led the Rams with seven assists.

DNR NEWS

DNR Questions/Answers

Answers to frequently asked questions about Minnesota hunting:

Q. Do I need to take a firearms safety class before I can take up hunting?

A. No one can purchase any hunting license if they were born after Dec. 31, 1979, unless they have taken a firearms safety class (or its equivalent in another state) or have previously had a hunting license. Those born after that date must show their firearms safety certificate to license agents when they buy a hunting license. They must also have the certificate in their possession while hunting. Firearms safety classes are open to anyone 12 or older, and are recommended (but not required) for new adult hunters. Firearms safety training is required for youths ages 12 through 15 to hunt. DNR firearms safety classes are taught by volunteers at sites throughout Minnesota. For class listings, call toll free 1-800-366-8917.

Q. I lost my hunting license. How do I get a new one?

A. Go to your county auditor's office, or call for an application toll free in Minnesota at 1-888-MINNDNR. The application needs to be filled out in front of a notary public. Cost is $5.75 for big game and $2.50 for small game per lost license.

Q. Why not just close the deer season in northern Minnesota if the population there is so low, as was done in 1971?

A. In 1971, the DNR did not have the authority to restrict the harvest of antlerless deer, and the only available options for reducing deer harvest were to shorten or close the season. Recovery of northern deer herds can be expected in three to five years given favorable weather and proper management of antlerless deer harvest. The harvest of antlered bucks will not affect this rate of recovery.

Q. Where can I hunt in Minnesota?

A. The most commonly hunted public lands in Minnesota are state wildlife management areas, state forests, national forests, and federal waterfowl production areas.

Q. My hunting party wants to see more big bucks. To take pressure off of bucks and allow them to grow bigger, why doesn't the DNR require that a person who has an antlerless permit can shoot only an antlerless deer?

A. The term "antlerless" permit is actually a misnomer. This permit has always been an "either-sex" permit; the basic license entitles you to hunt bucks only and the permit entitles you to hunt deer of either sex. The fact that a certain proportion of either-sex deer hunters will shoot bucks is already factored into antlerless permit quotas. If antlerless permittees were restricted to shooting only antlerless deer, permit quotas would have to be reduced and the remaining hunters would then be restricted to bucks only. This could actually increase pressure on bucks under the party hunting techniques many hunters employ.

Q. Antlerless deer permit applications will not be accepted in permit areas where no permits are available (most of Zone 1 and some areas of Zone 2). If I do not apply for an antlerless permit this year, will I lose my current preference in the drawing system?

A. No. You may skip applying one or more years and still keep any preference that you have accumulated. You may also switch zones or permit area without losing any preference.

Q. What are Intensive Harvest Permits for deer, and who can use them?

A. Intensive Harvest Permits allow hunters to harvest up to three antlerless deer in addition to deer taken under regular licenses and management (second deer) permits. They may be purchased over the counter (for one-half the cost of a regular license) and can be used to take deer by archery, firearms or muzzleloader in areas where authorized, as long as the hunter also has the appropriate regular license. For example, to use an Intensive Harvest Permit in Permit Area 227 during the regular firearms season, a hunter must possess a Zone 2 firearms license. That same hunter could also use the Intensive Harvest Permit during the archery season in Permit Area 227 as long as the hunter also possesses a regular archery license.

Q. I applied for an antlerless permit. When do I find out if I got it or not?

A. Applications for the antlerless permits were due by Sept. 4. If you were chosen in the random drawing, you will be notified by Oct. 22. Do not call to check on the status of an application before Oct. 22.

Q. What are my chances of getting an antlerless permit?

A. It depends on the area for which you apply. Some areas are under subscribed, which means there are more permits than applicants. Your odds here are 1-1. On the other end of the spectrum are areas that have far more applicants than permits. Your odds in these areas can be as low as 6-1 against you. However, with the preference system, you eventually work your way up to the "front of the line," even in those areas.

Q. Where is the best pheasant hunting?

A. Three major factors influence the quality of a pheasant hunt: the number of birds, the number of hunters, and the number of places to hunt. Those areas that have the most pheasants also have extremely heavy hunting pressure -- especially on public wildlife management areas and waterfowl productions areas. Areas with fewer pheasants don't get hit as hard, but there can be "pockets" of pheasants in real hot spots. Most of Minnesota's pheasants are in the state's southern half. There is only one way to find good hunting areas and that is to scout around early before the season begins. Private lands can provide excellent hunting, but hunters should get the landowner's permission well before opening day.

Q. How do I find out if there is a local ordinance against discharging firearms?

A. Call the local police department, county sheriff's office or county clerk's office.

Tree program funds are made available through state DNR

Minnesota Department of Natural Resources Division of Forestry now has matching funds available for local communities and non-profit organizations through a program called Minnesota ReLeaf.

The state (including LCMR - the Legislative Commission on Minnesota Resources) has approved the funding for local projects to plant trees and address community forest health problems. All funded projects must be completed by June 10, 1999.

Two categories in the funding plans include a community tree planting program, designed to provide matching funds to achieve public benefits through the planting of predominantly native trees within Minnesota communities, and a community forest health program, designed to provide matching funds to increase or maintain the health of the forest ecosystem within Minnesota communities.

Applicants may receive up to $10,000 to plant trees on either public or private property. Funds must be matched one-to-one by local sponsors. Eligible applicants include municipalities, townships, counties, school districts, SWCDs, or other local units of government or non-profit organization. Trees planted must be maintained for at least 10 years.

For an application packet or further information, contact Jeff Edmonds, DNR Forestry, 615 Anne St. NW, Bemidji, MN 56601; telephone 218-755-2891. Completed applications for community tree planting must be received no later than 4:30 p.m. on Thursday, Nov. 20, 1997. Applications for community forest health projects may be submitted at any time.

DNR requesting address change for vehicle I.D.

Every year about 25,000 Minnesota watercraft, off-highway motorcycle and all-terrain vehicle registration renewal notices get placed into recycling bins instead of the mailboxes where they belong, according to Suellen Rau, Department of Natural Resources License Bureau recreational vehicle program manager. The reason those 25,000 recreationists don't get their renewal notices is because they've moved, but haven't notified the DNR of their whereabouts.

"We'd prefer to be able to notify everyone, but we've found that attempting to track down 25,000 people each year just isn't cost effective, and it hampers our efforts to provide prompt service to the vast majority of our customers," said Rau.

Approximately 251,000 Minnesota watercraft registrations, 29,000 ATV registrations and 600 DHM registrations are due to expire in December. Renewal notices for those registrations will be mailed out by the DNR around Dec. 15. Any address changes that will guide those renewal forms to their new homes must be received by the DNR by Nov. 15.

Boat, ATV and DHM operators who have moved during the past year should mail their change of address information to the DNR License Bureau, Registration Section, 500 Lafayette Road, St. Paul, MN. 55155-4026. Included in the information should be the registrant's name, old address and new address, and their watercraft and/or ATV and/or DHM registration number(s).

Photos for '99 DNR state park calendar contest are sought

Photo entries from amateur and professional photographers are being sought for the annual Minnesota State Park Calendar photo contest, according to the Department of Natural Resources.

According to Kate Brady, marketing supervisor for the DNR Division of Parks and Recreation, earlier this year the division had decided it would not produce a calendar for 1999, but since then has reversed that decision.

"For the past several years we have seen a decline in state park calendar sales as more competitors entered the calendar market," Brady said. "Initially we thought our production efforts could be placed elsewhere if we dropped the calendar, until we began to hear from many of our calendar customers who urged us to continue to produce it."

According to Brady, customers said that it was not just the beautiful photos they would miss, but also the information about nature included in the calendar. "Customers wanted to know when the wild flowers were in bloom and which parks to visit to see them," Brady said. "The calendar carries information like this and other natural phenomena that can not be found elsewhere. We listened to their request and decided we would continue to produce our calendar."

DNR officials are requesting amateur and professional photographers to submit photos taken in Minnesota State Parks to the annual state park photo contest. Winning entries from the contest are featured in the annual calendar. Photographers may submit up to 20 original slides taken in Minnesota state parks of scenery, wildlife, flora, historic sites or people enjoying outdoor recreation. Photos chosen to be included in the 1999 calendar will be published with photo credit. Contest winners will receive $25 cash and five complimentary calendars.

Photographers are urged to explore the photo possibilities of parks that have not been featured previously in the calendar. "Surprisingly enough, several of the state parks near the Twin Cities have never been pictured in the calendar," said Brady. Some of the other under-represented parks include Fort Ridgely, Myre-Big Island and John Latch in southern Minnesota, Lake Bronson, Big Stone Lake, Buffalo River, Hayes Lake and Upper Sioux Agency in the western part of the state; Lake Carlos, Charles Lindbergh, Mille Lacs Kathio and Father Hennepin in central Minnesota, and Moose Lake, Bear Head Lake and Lake Bemidji in north-central and northeastern Minnesota.

Crow Wing will be the featured state park on the 1999 state park permit.

Slides or transparencies should be horizontal in format to best fit the calendar's format. Black and white or color prints are not acceptable.

Each slide should be labeled with the photographer's name, the name of the park in which the photo was taken, and the subject matter. Slides should be submitted in a clear plastic 35mm slide sheet. A self-addressed, stamped envelope should be included for the return of the slides.

Deadline for entries is Friday, Jan. 16, 1998. Entry forms and a complete list of parks not previously pictured in the calendar can be obtained from the DNR Information Center by calling toll free 1-888-MINNDNR in greater Minnesota.

ta. I then attended the Lutheran Brethren Seminary in Fergus Falls, MN, and after graduating Janice and I moved to West Union, IA, and then to Jewel, IA, to serve as a minister. When my parents retired in 1974, we moved back to the farm and raised livestock and grain until coming to Thief River Falls. Janice and I have also been licensed foster parents for about 12 years.

About six years ago my father became a resident in the Good Samaritan Nursing Home in East Grand Forks. While visiting him there, I noticed in their paper that they were looking for a part-time chaplain. For the past six years I have been chaplain and director of spiritual ministries for them. However, last spring they were closed because of the flood and the reopening will not be for some time because they plan to build all new facilities. Because I will not be *working there in the near future*, I feel that I will have the time necessary to serve on your school board.

As a parent and a pastor, I am very interested in the schools and have served on the Strategic Planning Committee, the PER (Planning, Evaluating, and Reporting curriculum committee), and the Community Education Advisory Committee.

The years that a person spends in school are a big part of a lifetime. These years not only should prepare us for a future job but also for eternity. Life is short but eternity is forever. Every person is of infinite worth and Jesus said one soul is worth more than the whole world. The school system must be sensitive to the needs of the student in terms of family, friends and faith. The school should find ways to protect the students ties to family, friends and faith. Schools should avoid activities, teachings and learning materials that tend to destroy the Christian values and faith taught by the churches and families. Students' life should be safe, productive and satisfying. They should have freedom yet they are responsible to obey their parents and the laws and rules of the school and community.

The taxpayers of this school district and the State of Minnesota spend a lot on education and as a board member I would do my best to see that it is used wisely.

I will appreciate your vote.
Yours truly,
Rev. George Davis

berg's Inc. in Thief River Falls. He has been with the company for almost eight years. Nick is also a volunteer fireman for the Thief River Falls Fire Department.

I am a member of the Phi Theta Kappa Honor Society, the Academic Boosters, the Spike Down Club, the Thief River Falls Amateur Hockey Association, and the Eagles Auxiliary. I am an active volunteer for the Thief River Falls School District, the Spike Down Club and TRFAHA.

I decided to run for school board because I feel very strongly that the children of Thief River Falls deserve a quality education. Our children will be leaving our schools to attend colleges where they will compete with others from much larger and wealthier school districts. We need to make sure that they can do well, and to hopefully excel.

The "Big Issue" in this year's election is once again the levy referendum. I am in support of the levy because I know that there is a need for the money. Our children need items such as new textbooks. There are some classes that do not have enough books to go around. The students have to share the books and check them out if they need to study or do homework. We also need more teachers. Currently there are some classes at Franklin that have 40 students per class. These children are getting very little individual attention, at no fault of the teacher. If the child has a problem or needs some assistance they have to wait for their turn, which may not be until the next day. The shortage of teachers isn't only at Franklin. At Challenger, there are many classes with over 25 students per classroom. The children at these ages need more one on one attention and less distraction, which often is the result of over-crowded classrooms. There is also a need for more educational assistants. The teachers need assistance both in the classrooms and on the playground. With all the budget cuts in the past, we have lost too many good people. We need quality people working with our children. To get quality people, we need to offer job security and stability. We cannot continue to ignore the needs of our school system. The tax impact on the average home in Thief River Falls is under $50 per year (less than $4.25 per month). This money would be put to very good use. The current school board has an open book policy on where the money will go. They have said that they will be accountable to the citizens of our community.

Please help our children to compete with the rest of the state. Please vote YES on the levy referendum. Our children need our help and support. Give our children the chance to succeed.

I would like to take this time to publicly thank my family and my friends for the support and encouragement during this election. Thank You All!

would work 31 years with Convair jets.

In 1957 at 20 years of age an A-2 in the air force I was in charge of all transit aircraft out of the Athen's airport during the 42-day war. This is where all the casualties came through. In 1958 I went to aircraft school in Paris, France. I stayed at the Ritz which is the same hotel that Princess Diana stayed at.

In 1961, I began work at the Thief River Falls Airport. We boarded 100 passengers a month. We boarded 1,400 passengers in a month when Arctic Enterprises was in its hey day. Many of the ideas you see today at the airport originated with me. Some are the terminal, the airplane mechanics school, business advertising signs, expansion of the runway, and the airplane on the pedestal. Back in the 60s three employees did everything, from tickets to de-icing the planes. On occasion, we even shoveled the runways.

In 1987, I worked in Wisconsin where there was competition between Republic and Northwest Airlines. This job was hectic and I cannot believe I survived it.

The retirement of the Convair jets made national news and I made the flight on that jet.

Why would I like to be on the school board? I have worked for large companies and some have nearly gone broke, but by cutting expenses and taking pay cuts they did not go bankrupt. I live across from Challenger school and am very familiar with the water problems. We do not need a ditch dug at the cost of $200,000. The ditch will not help with the education of our children and the money saved can be spent on hiring more teachers. This will reduce class size.

I think expense can be reduced and if my ideas are accepted, the district can save many thousands of dollars.

Remember to vote November 4th.

elementary and middle schools.

My volunteer work has given me a chance to participate in many classrooms. I have seen the many challenges and successes that our students and teachers face everyday. Experiences in the classroom have made me aware of the tremendous impact that inadequate staffing levels have on the students. Buildings don't make a school, it's what goes on inside that counts. Funding of classroom education should be our main priority.

A good school board should reflect the diversity of the community. Our family farms for a living. Agriculture is a vital part of the community, yet it has been many years since agriculture has had representation on the school board. Agriculture should have a voice on the school board.

Our community has been very supportive of our education system in the past and I believe that support will continue in the future. The school board must realize that property taxes are a finite resource. The city, the county, the school district and townships all compete for that finite resource. I believe that the past referendum votes reflect, not a lack of support for education, but rather a statement about our past priorities. Public support is critical to the success of our education system, yet recently the school board has taken on new ventures without the consent of the public. I propose that before the school board undertakes large capital projects or new ventures, a representative, unbiased survey of the public be conducted. It has been argued that the public is too uninformed to make these decisions. If this is a true argument, then it is the duty of the board and of the administration to provide the information necessary to make these choices.

I will vote for the levy referendum, not because I agree with past decisions, but because I have been in our classrooms and have seen the needs of our students. The levy referendum, to me, is an investment in the future of our students and our community.

I would like to thank The Times for the opportunity to present my views and urge the public to vote on November 4th.

CA, in 1980. That same year my wife finished her master's degree in speech pathology and audiology. We then moved to Montreal, Quebec, Canada, where I attended McGill University and received my medical degree in 1984. We hit the trail again and moved to Eau Claire, WI, where I finished my residency in family medicine from the University of Wisconsin in 1987. Since that time I have practiced family medicine in Crookston and for the last three years here in Thief River Falls. My wife and I are also in the process of raising four children. Two are currently in college, one at the University of Minnesota and one at NDSU. Our daughter is in 8th grade at Franklin Middle School. Our third son is at Lincoln High in the 11th grade. I consider myself an outdoors person. I particularly enjoy bow hunting. As many of my friends will tell you, I am an avid fisherman and also enjoy camping, hunting, and travel. I am also getting rather tired of long winters!!

My experience as a board member of other institutions is varied. I was on the hospital board in Crookston and have attended many of the hospital board meetings here in Thief River Falls. I am currently the medical director of the Dakota Clinic here in town and the Chief of Staff at Northwest Medical Center. I am a past member of the Minnesota Medical Association Board of Trustees.

I am currently an associate professor of the Physician Assistant Program at the University of North Dakota and Augsburg College. I have been an active teacher of physician assistants over the years as well as medical students and nursing students.

My reasons for running for the school board are many. It is something I've always wanted to do and at this point in my life, with two children still in school, I believe it's the appropriate time. As you can tell from my background, I feel strongly about education. I feel it is the way for the vast majority of our students to succeed in life and that without a strong educational system a community cannot survive. I know that we are all sick and tired of paying taxes. I also know that we are frustrated with the lack of control as to how our money is spent. With that in mind, I still support the levy. I believe it is necessary to ensure that our class sizes are appropriate, and that our teachers are not overwhelmed and are able to provide the quality education to your child when your child needs that helping hand. I believe if we do not pass this levy, and our class sizes continue to grow, the quality of our education will continue to slip. Our students will then have more difficulty competing for jobs and college entrance spots with other students throughout this area, the State of Minnesota, and nationally. I pledge to you that if I am elected I will do my best to see that our money is spent wisely, appropriately, efficiently, and effectively. I will push hard for accountability and accessibility to parents who have concerns and grievances regarding how this school district is run.

I would like to thank The Times for this opportunity to express myself to our community members. I would like to thank you for taking the time to read this. I hope you can support me with your vote on November 4th.

Sincerely,
Chuck Winjum

Carbon monoxide workshop November 1 in Mahnomen

"Carbon Monoxide—The Silent Killer" is the title of a workshop to be presented Saturday, November 1, from 9 a.m. to 4 p.m. at the Shooting Star Casino in Mahnomen through the combined effort of Northland Community and Technical College in Thief River Falls and the Fire/EMS Service.

Instructors Steve Klosner and Paul Stegmeir are experts in the field of carbon monoxide and provide training sessions nationwide, according to the custom training and continuing education division at NCTC.

The workshop is intended for anyone interested in learning more about carbon monoxide, its sources and detection techniques. It is especially intended for emergency response personnel, fire departments, law enforcement personnel, safety directors, gas company personnel, utilities personnel, fuel providers and heating and home building contractors.

Topics include carbon monoxide basics, carbon monoxide detectors, carbon monoxide—a problem of the 90s, furnace, water heaters and other combustion appliances, emergency response protocols, establishing a fuel provider/service technician liaison, and on-site carbon monoxide investigation equipment—choosing what will work.

Cost of the class is $95 per person and includes handouts, lunch and breaks. Non-profit groups qualify for a reduced rate of $75. Fire department personnel may attend at a cost of $69 due to a subsidy reimbursement.

For more information and/or to register, contact custom training and continuing education at Northland Community and Technical College in Thief River Falls by calling 218-681-0868 or 1-800-959-6282, extension 0868.

Plan to limit training of physicians contrary to needs in rural Minnesota

by Sen. LeRoy Stumpf

A recent federal policy shift regarding physician training appears to be contrary to the goals we have set here in Minnesota. The federal government is now offering to pay the nation's 1,025 teaching hospitals to train fewer resident physicians.

Essentially, the policy change allows these hospitals to continue collecting the same, full amount of federal subsidy, averaging approximately $100,000 for each resident physician slot, even as these training programs are scaling back on the number of doctors trained.

At a time when the federal government is ending crop set-aside payments to farmers and withdrawing from regulatory involvement in many other areas, the decision to use tax dollars as an incentive to train fewer physicians is being criticized.

For some time now it has been apparent that many of the large metropolitan areas around the country have more health care providers than necessary. This glut has been most apparent among physician specialists. At the same time, many rural communities in Minnesota and other parts of the country have struggled to provide adequate care.

It hasn't helped that, over the years, federal Medicare reimbursement rates have been higher in urban areas, effectively penalizing doctors who choose to practice in rural communities.

At the state level, we have a variety of initiatives within the Minnesota Department of Health to preserve and enhance rural care. Among these programs is the Sole Community Hospital Financial Assistance Grant Program, which received a significant increase in funding from the Legislature this year. The grants are provided to small, struggling hospitals serving communities of fewer than 5,000 people located at least 25 miles away from any hospitals that provide acute, short term care.

Another promising state program to assist rural hospitals provides grants and loans for capital improvements. The Health Care Access Fund makes available $3 million for capital needs this year and will have another $1.5 million available in mid-1998.

Minnesota also intends to build on its status as a leader in providing telemedicine, linking remotely located specialist with rural health care providers. The Office of Rural Health Care Policy is in the process of reviewing applications for approximately $1 million in telemedicine grant funds. It is expected that 10-14 communities will be awarded grants averaging $100,000. Although telemedicine has fairly high initial costs, its long-term benefits to small communities will prove to be worth the investment.

It seems unlikely that rural communities struggling to keep their physicians and hospitals will be well-served by the federal government's decision to encourage training hospitals to reduce the number of new medical doctors.

The impact in our state is not yet known. The University of Minnesota already has been gradually reducing the number of medical students accepted each year, even though the pool of applicants has been increasing. So it is too early to tell whether or not the new federal policy will result in a sharper decrease in the number of physicians trained in Minnesota.

At a minimum, greater coordination between federal, state and local health care policy decision makers is needed. Federal policies that discourage doctors from locating in remote rural areas result in states and local communities spending more resources on health care facilities and physician recruitment. That costly contradiction in policies should be changed.

Unemployment rate in Minnesota remains unchanged in Sept.

Minnesota's seasonally adjusted unemployment rate was 3.2 percent in September, unchanged from last month but down from last September's rate of 4.1 percent.

The state's unadjusted unemployment rate was 3.3 percent, up from 2.9 percent in August but below last year's unemployment rate of 4.1 percent.

Both rates are new monthly lows for September.

"This is the fourth consecutive month Minnesota has smashed unemployment rate records," Governor Arne Carlson said. "As I said last month when I announced the first Workforce Report Card, Minnesota's economy is leading the nation and in many ways much of this success is the result of the strong economic climate we have worked so hard to create."

The unadjusted rate for September was 3.3 percent in Minnesota and 4.7 percent nationally. The seasonally adjusted rates were 3.2 percent in Minnesota and 4.9 percent nationally. During the month of August, the unadjusted rate was 2.9 percent in Minnesota and 4.8 percent nationally. The seasonally adjusted rate in August was 3.2 percent in Minnesota and 4.9 percent nationally. One year ago, the unadjusted rate in Minnesota was 4.1 percent, and 5 percent nationally. The seasonally adjusted rate one year ago was 4.1 percent in Minnesota and 5.2 percent nationally.

Linda Wennberg, Northwest Medical Center RN helping with instruction of a Community Heartsaver CPR class, checks on the progress of Mandy Bitzegaio. Class sessions were held October 21 and 23 and were sponsored by Northwest Medical Center, Veterans of Foreign War, and Dakota Clinic. Sharon Russell, RN, nursing insorvice director, said it has always been her dream to hold community CPR classes. It became possible recently because of a donation from the VFW, Post 2793. She explained that as part of a community service project, the VFW purchased 20 "Annies", mannequins used for the instruction of Cardio-Pulmonary Resuscitation (CPR). Russell said about 60 people participated in the last two classes. She plans to hold another Community Heartsaver CPR class in the spring. In addition to CPR, class instruction includes discussion of heart risk factors, the Heimlich maneuver, nutrition and heart healthy living.

Area BSU students are teaching at Red Lake Falls, Thief River Falls schools

Two Thief River Falls students at Bemidji State University are participants in the student teaching program this fall, both in Red Lake Falls, and a Red Lake Falls student is teaching in Thief River Falls.

Anthony Greene, a senior elementary education major, teaches in the fifth grade at Red Lake Falls elementary school and Corey Poole, a senior physical education major, instructs physical education classes in the Red Lake Falls school district.

Kurt Reynolds of Red Lake Falls, a senior English education major, teaches English in the Thief River Falls district.

Student teaching is a requirement for students enrolled in the professional education program. It enables prospective teachers to gain valuable experience to further their own education as well as apply their previous course work in actual classroom settings.

"Managed healthcare is now even more important to me."

"The advantages of managed healthcare are even more important now that we have Emily. Her regular pediatrician works with me to make sure she's getting the important preventative care she needs and is a trusted resource for my questions. By working with her pediatrician and the family doctor I've seen for years our healthcare couldn't be any more convenient or affordable!"

Peggy Hesse and Loretta Hesse of Plummer Aid Association for Lutherans Branch 2444 attended the Minnesota AAL Federation Meeting held at Cragun's in Brainerd on September 27th. There were approximately 500 people in attendance.

Birthday

A fifteenth birthday party of Diane Gunde was held at her home in Elk River, hosted by her daughters Amanda and Erika and family friends. Attending from Plummer were Floyd and Fern Hesse, Ivan, Syl, Melvin and Peggy and Loretta Hesse, Doris Malwitz, Pat, Bonnie and Cody Wichterman. Also present were Wade and Sarah Gunde of Spring Grove, Bruce and Shirley Hesse from North Branch, Deenie Hesse from Elk River and Jeff Lorenson of Minnetonka.

Jim and Deb DuChamp, Chris and Bunny DuChamp, Byron Rosten, Orvis Mossestad, Randy Pahlen and Brent Hemley all spent last weekend at the home of Kevin and Cathy Samuelson of Sarles, ND. The boys got in some good duck hunting.

Birthday

Joe and Helen Fisher drove to Dickensen, ND on October 5th to help her mother Elizabeth Dukart celebrate her 94th birthday. All of her children were with her at the nursing home where she now resides.

Jennie Ulestad of Mankato and Judith Richardson of Mason City, Iowa spent a few days with their sister Alice and husband Clarence Johnson. They also visited another sister, Martha Hamre at the Fertile Nursing Home.

The Martha Circle met at the home of Bunny DuChamp on Thursday afternoon with ten members and a guest present. Bunny conducted the business meeting and Lucille Kvasager led the Bible study.

Auxiliary Meets

The American Legion Auxiliary met on Thursday evening at the club rooms. President Ruth Wilkens presided with Judy Engesether as Secretary and Cathy Fossell, Treasurer, giving the reports and correspondence. Nineteen members were in attendance and there were two guests. Guest speaker was Laurel Hegge, the Girls' State for 1996-97, who gave a presentation of her trip and experiences at the Girls State in St. Paul. She will also present this at school, explaining the purpose of Girls State and how it can help one understand how our state government operates. Coming events for the Auxiliary are the Membership Dinner for all paid-up members which will be on October 25th and the Teachers Tea sponsored each year by the Auxiliary scheduled for November 19th. The meeting adjourned and lunch was served by Donna Kvasager and Darlene Finyholtz.

Arnie Arlt came home from the Dakota Hospital on Thursday where he'd had heart surgery in Fargo. His wife Wilma was with him most of the time and they are both glad to be home again.

Frances and Vic Schiefert motored to Bloomington last Thursday. Frances was a house guest at the Sidney Schiefert home in Bloomington. On Saturday she attended the wedding of her grandson Paul Jon Schiefert to Karen Ann Dunkley. The wedding was held at the Carlsen Center in Minnetonka with a reception and dance following. Others attending were Marie and Bob Swanson of Thief River Falls, Sandy and Glen Osbjornson of Oklee, Vic Schiefert and Linda Farrell of Eagan, Hailey, Alice, Josh and Danielle Schiefert of Fargo, Jim and Sherry Schiefert, Heather and Heidi of Plummer, Jeff and Tracy Kiel of Thief River Falls, Kim, Rob and Bruce Swanson of Thief River Falls, Dan, Lynnette and Zachary Osbjornson of Glyndon, Nancy Darrell and Mercedes Sweep of Minneapolis. Frances and Vic returned home on Sunday.

Grandparents Day

About fifty grandparents roamed the halls and visited the grade classrooms of Plummer School on Friday for Grandparents Day which is an annual event at our school. Reports tell us that there were 248 meals served that day and the children were thrilled to have their grandparents eating dinner with them. Among the dozens of grandparents were Wavell Sorenson, Willa and Gene Prestegaard who were there for Mallory and Brett Gerardy as well as Jerry Gerardy, grandpa, also Jeffery and John Sorenson, grandchildren of Wavell.

Sincere condolences go to Bud and Arlene Zimpel and other relatives in the death of his aunt Ivy Dale. Her funeral was held on Saturday at the Patterson Funeral Home in Red Lake Falls.

Clara Holley returned home from Hillcrest on Saturday where she had been a resident for some time. Stay well now Clara!

Gary Arlt, Leslie and Aaron Arlt spent Saturday at Arnie Arlt's home, getting up wood and preparing for winter for their parents, Arnie and Wilma.

Wedding Reception

A wedding reception for Gene and Abigail Fisher, who were married recently, was held at the American Legion Hall preceded by a family dinner at Third Base on Saturday evening. Many family members and close friends shared the evening with them. Gene is the son of Joe and Helen Fisher of Plummer.

Lloyd and Wavell Sorenson attended the wedding of Cheryl Hanson and Todd Degrugillier on Saturday at the Zion Lutheran Church of Oklee. Later, they attended the reception for Gene and Abbie Fisher in Plummer.

Dixie and Brad Dasch of Fargo spent the weekend at her parents Allan and Gerda Koskela.

Howard and Margaret Greenwald enjoyed Sunday dinner at the Red Lake Falls meal site and later visited at the home of Harvey and Mary Ann Gagner of Mentor.

Sunday dinner guests of Jerry and Carol Gerardy were Tammie and Josh Gerardy of Thief River Falls, Charles Gerardy, Jamie Jenkins and family of St. Hilaire.

Anniversary

Sharon Iverson and Hazel Olie attended the 34th wedding anniversary party for Janet and Merle Solie at the Lake View Diner near Mentor on Sunday. All of their children were present, namely Allen, MaryAnn and Josh of rural Crookston, Roger, Julie and children of rural Mentor, Sherrie from Denver, Kelly and Kristi at home. Janet's parents, Bob and Rose Peterson, were there, also sister Marie and Jim Clark of Chicago, brother Neil and Peggy from Mentor, and nephew Chad and Jolene Peterson and family of Audubon. The afternoon was spent at the Solie home with much visiting and reminiscing.

Herb and Esther Weller were Monday supper guests of Emie and Dorothy Pederson, with son Dick serving as chef.

ATV production of Arctic Cat is nearly sold out

Dealers who have seen the 1998 model Arctic Cat all-terrain vehicles at dealer shows in Orlando, FL, Phoenix, AZ and Minneapolis must have liked what they saw.

According to information from the Thief River Falls company, the 1998 production of new 454 4x4 and 2x4 models and the 300 4x4 and 2x4 models are sold out with a near sell-out on the new 400s as well. The 400 2x4 model is currently on the assembly line, according to Heather Hauschild of the Arctic Cat public relations department.

Strandquist News

F. Myrtle Vagle
436-2133

In October the weather in northwest Minnesota is not easily reported as by the time it goes to print another season of the year shows up and refutes the statement. If I were to agree with the poet Helen Hunt Jackson who wrote that nothing could be nicer than "October's Bright Blue Weather," that would say she was not in northwest Minnesota, but perhaps Virginia or Vermont. Since I am here I can say the bare ground looks pretty good and we are thankful that each day shortens the winter that is soon bound to make itself felt. Most of us haven't forgotten all that snow and the flood that followed and we wonder how it is going for the folks who were forced to abandon their homes and are still in little trailer houses. That almost puts me on a guilt trip when I do any chirping about things that need to be done.

On Saturday the sun was shining and Roy was in a good frame of mind, so it didn't take much chirping to get him out into the garden to dig all the dahlias and gladiolus. He brought a chair for me so I could sit and supervise the project and sort the roots. We got them all cleaned and stored, making an end of the big hassle I had had on my mind the past couple of weeks when I couldn't do anything about it.

The Strandquist seniors met last Thursday even though their president, Elphie Adlis, had taken off to Minot, ND again. Could it be that "Host Fest" that she goes to see or those beautiful grandchildren that Kim has out there? There were six members present and four visitors, Clara Nelson, Marion Pederson, Norma Duslin and Anna Sollen all from Karlstad. They finished tying rugs and I would suggest that as soon as you can, take a look at them. They make such lovely gifts.

Eric Jorgensen (center with cap) watches Chuck Richards begin the steps preceding Cardio-Pulmonary Resuscitation (CPR). Jorgenson, Richards and about 60 other individuals participated in two Community Heartsaver CPR classes held recently at Northwest Medical Center, and sponsored by Northwest Medical Center, the Veterans of Foreign Wars, Post 2793, and Dakota Clinic. Recently, the VFW donated 20 "Annies" (mannequins used for CPR instruction), which made it possible to hold the classes. Sharon Russell, nursing inservice director, said she hopes to hold another community class next spring. She mentioned that not only are citizens showing interest in the class, but numerous businesses. Jorgenson, pictured above, was there representing the Racquetball Club in Thief River Falls.

In addition to CPR, participates in a Community Heartsaver CPR class also received instruction on heart risk factors, the Heimlich maneuver, nutrition, and heart health living. School And City Elections November 4 Offer Some Interest

Generally an off-year election has only modest voter interest, but for Thief River Falls and area we expect a combination of factors to result in a good turnout of voters on Tuesday, November 4.

No fewer than 10 candidates are seeking the two positions to be vacant on the School District 564 board of education, there is a special levy question on the school district ballot and a three-way race for mayor in the Thief River Falls city election. Local issues and contests usually bring out the voters and we would expect that to be true again this year.

Hank Hallstrom, whose term on the board expires this year, has served on the school board continuously since 1982 and held all of the board offices. He has chosen not to seek reelection. Filing as candidates for that vacant five-year term are Barb Jauquet-Kalinoski, Jon Lindgren, Mike Spears and Randy Twistol.

Larry Belmont, also a veteran school board member, has moved from the community after serving two years of a five-year term. Filing for the three remaining years of the unexpired term are George Davis, Ann Juhl, Vern Kappes, Lyle Olson, Wendell Teigland and Dr. Charles Winjum.

A third veteran school board member, Dennis Kiesow, also resigned from the board during the past year. His term was to expire in 1998 and the interim has been filled by board appointment of Cheryl Lee. This position is not involved in the November 4 election.

The school district has also proposed to increase its general education revenue by $234.95 per actual pupil unit through a special additional tax levy of approximately one-half of one percent of market value of taxable property. The levy would be for a maximum 10-year period beginning with taxes payable in 1998.

Last year the special levy failed on a very close vote of 2,725 in favor and 2,793 opposed. This year the school district administration has been as specific as possible in stating how the additional funds would be used, and that should be a plus in helping people make up their minds.

Unfortunately, information doesn't change the district's economic condition, primarily from the agricultural standpoint. The special levy is the only situation where taxpayers are in a direct position to say "no" to a tax increase of any kind, and that is a temptation that many will find hard to resist.

We feel there is a need for additional funding to keep the district's educational program strong. Support for the levy has been growing. It was defeated 2,700 to 1,796 in 1994, 1,371 to 1,263 in 1995, and 2,793 to 2,725 last year. We would like to think that enough voters who voted against the special levy in the past have been persuaded that there is a legitimate need and will change their minds and support the issue this year. But we are *not convinced this will happen. Most people* we talk to consider the result to be a toss-up. Our prediction is that the levy will be defeated again, probably by as few as 50 votes.

In the four-way race for a five-year board term, we predict the winner to be Barb Jauquet-Kalinoski with Randy Twistol second, followed by Mike Spears and Jon Lindgren. Director of the Northwest Regional Library, Jauquet-Kalinoski has been active in the community for a number of years and has the best name-recognition of the four.

In the six-way race for the three-year term, Lyle Olson is the leading contender. Olson finished a strong third in a four-way race last year with 2,337 votes, just 76 votes behind incumbent Jean Larson, and has been actively campaigning. He should also benefit from the large number of candidates which will fragment the total vote. For the sake of conversation, we will rank George Davis, Wendell Teigland, Dr. Charles Winjum, Ann Juhl and Vern Kappes behind Olson.

In the city election, where the only contest is a three-way race for mayor, we expect incumbent Bob Reeve to withstand a challenge from Mark Borsheim and Jerry Unruh. Borsheim and Unruh will split any opposition vote, which will help Reeve, although we would expect his vote total to exceed the combined total of the two challengers.

Once again we emphasize that our predictions are not made as endorsements but are offered simply to increase election interest and create conversation. We welcome anyone to make their own predictions in advance of the election and compare the results.

We encourage all of our readers to review the personal commentaries by school board candidates in today's issue of *The Times*. We are pleased to offer this opportunity to candidates as a public service and believe it to be of interest importance to voters who wish to be informed on the candidates.

Our thanks to all of the candidates for making themselves available for public service and we urge all eligible voters to go to the polls on Tuesday, November 4.

POLICIES

Letters To The Editor: The staff of The Times encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in The Times exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. **Signatures must appear on letters published.** The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

LETTERS

To The Editor:

There has been a great deal of publicity lately about the 15% increase in state aid for the K-12 public school system. Some people have asked if the school district really needs to pass a levy in view of this increase. I would like to inform the voters of the district of the facts concerning this aid increase and let them know exactly how it affected our district funding.

A large portion of the 15% aid increase was allocated to schools with fast-growing enrollments in order to pay for new students. Another large portion was allocated for desegregation and integration purposes. Most of the money allocated for these purposes went to schools in the Minneapolis/St. Paul and suburban areas.

Another large portion of the aid increase went to fund competitive grants to be awarded in the future. These grants are for specific purposes such as curriculum development and must be applied for in competition with other schools. Our levy request is for operating expenses and grant money is not awarded for this purpose.

Growing enrollment, desegregation and integration, and grants had priority in use of the 15% aid increase. The balance went to districts like ours. The net increase in aid that School District #564 received was just 2.3%. This is the total amount of state aid increase that we have received in the last four years.

Respectfully,
Harry Nelson
Business Manager –
School District 564

LETTERS

To The Editor:

I am the Third Ward Alderman and have been on the Thief River Falls City Council longer than any other member. I can't remember one year that we haven't had a budget deficit. Each year the departments are asked to submit their budgets for the coming year. This year the so called "wish list" was higher than any other previous year. There were many reasons for this that I will not go into at this time.

I am glad that there are citizens who are concerned with how the council spends the taxpayers' money. However, I would like to clarify some false statements that have been made during this year's campaign.

First: The Mayor does not have veto power. He has one vote just like any other council person. When the budget came in at $1.7 million over budget the Mayor and the council instructed each department to go back to committee and make cuts they could live with. After "further review" the City Administrator met with each department head and cut as much out of the deficit as possible without hurting services to the city. This is how the budget has been balanced every year that I have been involved—not by an ad or editorial in the newspaper.

Second: There are certain issues that state law requires to be put to the vote of the people. However, the law requires that most issues must be decided by the City Council, as your elected representatives. You should contact your ward alderman, alderman-at-large or the mayor to express your opinion on issues that concern you.

Remember, you—the people—have voted us into office. If you do not feel that you are getting the response that you want, come to a committee or council meeting. Let your feelings be known before the final meeting at which the council is going to make a decision.

This letter in NO way is telling you who to vote for, but there are some important facts that have been misconstrued.

Remember to vote on November 4th. Also remember the mayor you vote for will be representing Thief River Falls not only on the local level but on the regional and state levels for the next three years.

Thank you,
Dale Wennberg
Third Ward Alderman

To The Editor:

I am writing for two reasons. The first is to ask the readers as friends, neighbors and concerned parents of students in our school district that they please make an effort between now and November 4th to get the facts regarding the proposed school levy referendum. Visit our schools, ask questions and make every effort to attend one of the coming forums being presented so that when you go to the polls you are completely aware of the many needs of our school system.

Second, I wish to comment on Mr. Bouchard's letter to the editor printed in the October 25th edition of the *Northern Watch*. I would like to compliment you on your wonderful leadership skills of thought and vision, but you made one serious error! Your fight is not with the school system or our superintendent or most of all with the children who we educate for our future. It is really with our state and federal governments. They are the writers of the laws and they are the people who require our school district to ask you and me for assistance from time to time.

If you think about it or even ask officials in our district what they are feeling, I'm sure you would find that they do not enjoy asking you or me for money—period!

Think about this. If the district were to spend too much money on increasing the safety of our children, purchasing of updated technological tools and updated textbooks, the offering of agricultural and vocational classes or even the general education needs of children and our future, **would that really be so bad?** I think not.

Let me remind you. These children we educate today and in the future will be our bankers, doctors, police officers and technicians of tomorrow and—oh, yes—even the care givers you may depend on.

In closing, may I please ask you to consider this: Candy bars no longer cost a nickel, pop isn't at a quarter and you certainly can not buy gasoline for 50 cents a gallon any more.

People, not contributions mean a lot. Consider this an investment for our future. Remove all the skeletons of the past and let's not punish our children any longer. **They need us more than ever.** Vote "yes" on November 4th and then get involved as we together hold our system accountable. We can, you know.

And Mr. Bouchard, I'll save a seat for you at our next school forum.

Caring Citizen,
Terence D. Blacklance
Thief River Falls

To The Editor:

Just as sure as winter follows fall, it is that time of year again for the school district's well organized and choreographed campaign to increase its budget (note the appearance of perfectly timed front page school district "articles," mass mailings and letters to the editor). I suspect many voters are growing as weary as I am of having to face this every year; it seems to be very much the same strategy that bratty Bart Simpson uses on his father to get his way (and in the cartoon, it usually works).

Simple repetition of the same old request for more money is not reason enough for this voter to change his mind, as there are some fundamental questions and concerns I have which need to be addressed.

(1) Are T.R.F. students so academically stunted now that they can't compete? If they are competitive, what is this huge broken thing that "needs" to be fixed?

(2) Are T.R.F. school program choices really so limited now? We're supposed to believe the options of taking college courses or going to the special arts program, in addition to the regular curriculum, aren't sufficient?

(3) Just what is the connection between owning property and financing a school? This is a much more mysterious and abstract notion than charging the parents of pupils directly.

(4) Where did all that state budget surplus aid for education (which we helped pay for) go?

(5) Does everyone out there recall that when the last referendum was passed, it was supposed to be the last levy increase for at least 10 years? There seems to be a lot of confusion about exactly how levies and other aspects of school finance are used and paid for, but the pamphlets and the meetings have done little to clear it up for me.

(6) Is the school budget money being used wisely, or is it thrown around with reckless abandon like most government agencies are prone to do? Please tell us, how much did we spend for the "services" of our last superintendent? How much have we spent on the Challenger facility to fix problems caused by lack of foresight or skill?

(7) Last but not least, has anyone considered that no matter what the cause, there is a limit to the tax burden a person should have to bear? This last point alone should merit a whole series of letters and debate.

Sincerely,
John F. Zins
Thief River Falls

To The Editor:

Last year, when I first arrived at Marquette University in Milwaukee, Wisconsin, one of the last things on my mind was that I had to vote. Yet when the time rolled around, I called into the Pennington County Courthouse, got my absentee ballot, and I voted. When it came to the presidential race, I chose the lesser of two evils. I figured my vote really didn't matter all that much in the big picture.

At the end of the ballot, there was one final issue which I was to vote on. It was a property tax increase, set to increase overall educational funding throughout School District 564: an educational levy. I voted in favor of it, again unaware of how important my individual vote was. When I found out the final tally, I was surprised to realize that my individual vote did make a difference. As a matter of fact, everyone's individual vote made quite an impact, and only a handful of votes were the final measure between passing the levy and defeating it. As you know, it was defeated.

This year, the educational levy has once again been placed in the hands of the voting public. I want to say this about it: I have heard the arguments for and against the levy. I have heard the lingering controversy about similar past issues. I have seen the numbers and costs involved passing the levy and those costs that we will pay if we do not pass it.

I have again decided to vote in favor of the levy. The deciding factor in my case was not the ever-increasing class sizes, nor the shrinking funding that runs district wide. I decided to vote for this levy based on personal experience. I am a graduate member of the class of 1996, a class that was offered every opportunity School District 564 had and more. We all grew tremendously from every experience we shared while in school. The education was important, but the other extracurricular activities for which Thief River Falls is known were important as well.

I find it upsetting that already students are denied the same opportunities that I had when I was in school just two years ago. Activities that I participated in now carry a heavy cost, barring some students from being involved in multiple extracurriculars or from being involved at all. Equally disturbing are the lack of educational opportunities in earlier grades, like foreign language classes.

I could go on and on about the effects of the lack of money in our school district. Instead, I would like to simply state that as a registered voter, I feel a responsibility to use my vote to help the students in and around Thief River Falls to get the same opportunities as I did. Once they get beyond high school, those students represent Thief River Falls and our entire community. I would rather that they represent us as a community that cares, a community of quality, and a community that provides for its youth.

After all, the youth are the future and that is an investment well worth the money.

Sincerely,
Christopher Tsukichi

10 Enter Turkey Race Friday

"Perhaps the most hilarious feature of the fall festival this weekend will be the turkey race, with ten contestants, to be staged on Third street Friday evening at 7:30 under the sponsorship of the Junior Chamber of Commerce, with Alvin Chrestofferson in charge.

"Five men from Thief River Falls will compete with five turkey raisers of this community to determine who can drive a turkey from the Union State bank to the Evelyn hotel in the shortest space of time.

"The turkey raisers, each of whom will supply two birds for the contest, include Lloyd Howick, Henry Williams, Andrew Prestebak, Frank Johnson and Edgar Longren. Upholding the honor of the city will be Paul A. Lundgren, Orvis Oien, Dr. Theodore Bratrud, Clair 'Shorty' O'Hara and Mr. Dark Horse. A valuable prize will be awarded to the winner with a booby for the last man in."

Council Receives Bids On Tuesday

"The city council at an adjourned meeting Tuesday evening voted to accept the bid of Bridgeman Creameries in the amount of $556 for the installation of a commercial size ice cube-making machine for the municipal liquor store.

"Laid over for further consideration were bids on cash registers for the liquor store, painting the interior and installing linoleum floor covering. Action also was taken to call for bids on additional ventilating equipment for the sports arena."

Local Job Survey To Get Under Way Monday

"The employment survey which is being sponsored by the Civic and Commerce association, in cooperation with the local office of the Minnesota state employment service, is scheduled to begin next Monday morning.

"As stated in an earlier issue of the Times, the purpose behind this survey is to obtain valuable labor market information, determine the total number of locally employed persons and to uncover immediate and future job openings. Skilled interviewers will contact all Thief River Falls employers during the week of November 3-7.

"After the survey has been completed, the results will be tabulated and analyzed and a report will be made available, which will show a detailed picture of employment in this city."

City Chest Fund 21 Pct. Of Quota

"With only a few teams reporting, the Pennington county Community Chest campaign fund up to Wednesday afternoon had netted $1,119, all of this amount being contributed in the city and representing 21 percent of the city's quota of $5,150, Walter Ekeren, city chairman, reported today.

"He added that solicitors are going out again today and Friday, and requested that citizens have their pledge cards ready to be picked up at that time. Those not solicited may make their contributions to K. E. Lindbergh, treasurer, at the Northern State bank. The campaign in the rural areas, under the direction of George W. Werstein, is getting under way this week and is being conducted through the mails. The rural quota is $1,250."

National Guard Goes Over Quota

"The Thief River Falls National Guard unit, Company F, this week maintained its record as the champion recruiting unit in the state when it achieved its current quota of 118 men, it was announced today by Captain A. C. Tiedeman, commanding officer. He added that the members recently enlisted will be sworn in by Adjutant General Ellard Walsh of St. Paul at exercises to be conducted here on Armistice Day, November 11."

THE NEWS, JOHN W. EASTMAN, EDITOR — NOVEMBER 4, 1897
THIEF RIVER FALLS, RED LAKE COUNTY, MINNESOTA

It's Rank
The Train Service This Branch Is Receiving And It Pays Well.
Yet the Great Northern will not Run a Daily Train.

"'It is not because I hate you that I beat you,' said the Irishman to his horse, 'it's authority, d--n you, I own you.'

"And that is the position taken by the Great Northern in regard to the service it is giving the people on the Thief River Falls branch. This branch, which is without doubt paying better than any other branch of the Great Northern system, is entitled to a daily train. Each train day the business done by the road is enormous and on account of the heavy loads the train reaches Crookston late most every night. It has from 50 to 75 passengers every trip and from ten to twenty carloads of lumber to say nothing of the large quantity of wheat, stock, etc. Not long ago the conductor on this train, being asked as to the amount of business this branch was doing, said he was ashamed to tell, the amount being so large.

"A daily train would greatly increase the amount of business being done at present, too, as over two thirds of the travelling men go across country by team."

Odd Fellows

Crookston, Red Lake Falls, Thief River Falls and Others Assisted In Instituting St. Hilaire Lodge No. 147 Last Wednesday Night. Grand Ball and Banquet Given at Hotel Markham Thursday Night.

For some time past the local members of the order of Odd Fellows residing in St. Hilaire have been planning on starting a subordinate lodge here. There were several obstacles to overcome but by a united effort and hard work by all admirers of the order a charter was obtained from the Grand Lodge after the necessary number of members was obtained. The vacant room of the new addition of the school house was rented and fitted up for a lodge room, it being the only available hall obtainable in the village.

"At three o'clock in the afternoon of October 27, 1897, the members with withdrawal cards consisting of J. M. Markham, L. N. Nolan, O. F. Post, W. A. Sorsoleil, Daniel Patterson, Robert Rosenberg, C. G. Rapp, Husey Tway, E. M. Hoff, P. G. Paradis, H. E. Ives, John Morgan, and Charles Alexander assembled in the lodge room and St. Hilaire Lodge No. 147, Independent Order of Odd Fellows was instituted by Deputy Grand Master J. V. E. Wyatt, installing officer, assisted by other members of the Grand Lodge from Crookston, after which the following officers were elected: H. E. Ives, Noble Grand; C. G. Rapp, Vice Grand; O. F. Post, Secretary; Daniel Patterson, Treasurer; Husey Tway, Warden; L. N. Nolan, Conductor; W. A. Sorsoleil, Outside Guardian; R. Rosenberg, Inside Guardian; E. M. Hoff, Right Supporter Noble Grand; John Morgan, Right Supporter Vice Grand, and P. G. Paradis, Scene Supporter Vice Grand.

"The other offices were left vacant until the next meeting. A recess was then taken until 7:45 when steps were taken to initiate the applicants who desired to join the order. The following applications were received and accepted: George A. Burke, John H. Fenno, Wm. Ecklhoff, J. B. O'Brien, James Strader, Otto E. Olson, Benjamin Rosenberg, John H. Johnson, Henry Norland, John J. Soll, William Werner, John Senate, Tobias A. Oidne, Fred Carlstrom, Walter A. Arthur, James Battle, George Aftrett, Andrew Stene, Louis Provost and Louis H. Rouse.

"The initiating was done by the Crookston team, assisted by the Thief River Falls team.

"At 11 o'clock a recess was taken for luncheon, when all repaired to Hotel Markham where sixty-four members of the order sat down to a bountiful repast to which was done ample justice by all participants. After recess the work was resumed and finished about three o'clock a.m.

"Lodge No. 147 starts out with promising prospects, being composed of energetic men and with its membership of thirty-three for a start bids fair to stay in the lead with its neighbor lodges of the Valley.

"Thursday evening a supper and dance was given by the Order at Hotel Markham which was largely attended by members and society going people of St. Hilaire and the neighboring cities. The guests were cordially received and entertained by the committees on reception and entertainment when promptly at 10 o'clock the dining room doors were opened and supper was announced. The dining hall was beautifully decorated with the emblems of the order and the tables with flowers, every guest was presented with a flower as a token of esteem. Not being able to do justice by giving a written description of the supper to which 120 guests sat down, we will print the bill of fare which speaks for itself: Bill of Fare, Oyster Soup, Blue Points, Shell Lobsters, Celery, Chow Chow, Mixed Pickles, Canvasback Duck, Turkey, Cold Ham, Veal, Chicken, Canadian Goose, Boston Cream Puffs, Cranberry Tarts, White Fruit Cake, Fig Cake, Chocolate Cake, Ribbon Cake, Neapolitan Ice Cream, Assorted Fruit, Lemon Sherbet, Assorted Wafers, Strawberry Short Cake, Lady Fingers, Angel Food, French Rolls, Graham Bread, White Bread, Chocolate, Tea, Coffee, Cocoa and Milk.

"After supper the tables were removed and those wishing to dance enjoyed themselves at that pleasant pastime while the more sedate found other sources of enjoyment, until the 'earliness' of the hour pointed the time for departing. When all went their way home retaining in their memories many pleasant happenings of the First Annual Ball of St. Hilaire Lodge No. 147, Independent Order of Odd Fellows."

Wylie Gleanings

"James G. Brady represented Wylie at the Odd Fellows banquet at St. Hilaire last week.

The Swedish Lutheran church will hold a Martin Luther Festival at their church November 10. All are cordially invited.

"Turkey raffles are all the go now-a-days. Last Friday A. O. Letvig disposed of a number of this feathered tribe and Monday night Dan Gerlach followed suit."

Pennington Main in Thief River Falls recently won the Mystery Shopper Challenge, a national competition among all Orion Food Systems Inc. locations. Thirteen locations of over 1,000 locations nationwide were chosen as district winners. Pennington Main was judged the best location in the states of Minnesota, Wisconsin and North Dakota. Each district winner was awarded a $1,000 cash prize. Each of the stores in the competition was judged on food quality, store appearance, merchandising execution, cleanliness and staff appearance. Pictured from left are Mike Barry, owner, Marilyn Johnson, food service manager, and Mark Foos, district manager for Orion Foods.

Pennington Main Is leading store in national competition

Orion Food Systems, Inc., the nation's leading provider of branded fast foods for convenience stores and non-traditional customer service settings, has announced that Pennington Main is the district winner of the Mystery Shopper Challenge. In the Mystery Shopper Challenge, a national competition among all Orion locations, each location was judged on food quality, store appearance, merchandising execution, cleanliness and staff appearance. Thirteen locations, one for each Orion district, were chosen as district winners. Pennington Main was judged the best location in the states of Minnesota, Wisconsin and North Dakota. Each district winner was awarded a $1,000 cash prize.

"We are extremely proud of Pennington Main," said Jeff Okerlund, Orion president. "Their management and staff clearly understand the importance of high standards of quality, service and cleanliness in providing fast, delicious food to their customers. Congratulations to each member of the team on a job well done!"

Over 1,000 locations nationwide were in competition for the Mystery Shopper Challenge. The Mystery Shoppers visited each store between June 1 and August 31, 1997, and a standardized Mystery Shopper Report Card was completed during each visit. These scores formed the basis for the awarding of district prizes. Pennington Main's score placed them in the top five in the national award.

Margaret and Floyd Lindberg of Buffalo visited on Saturday evening at the Wendl and Cathy Senger home.

We heard from Eunice McConnaughy from Rolling Hills Estate, CA that she had returned home after visiting her mother, Esther Thorsson of Fosston and Patti Thorsson and family of Gully. Also, Elenore Rollins had returned to Portland, OR after visiting friends and relatives in this area. Eunice and Elenor are cousins.

Vic Thompson of Palos Verdes, CA and Jim Johnson of Clearbrook were here visiting Emma Nyland and Ellie Handy and also visiting Kenneth and Alice Forsberg. Vic had been a good friend of Jerry Forsberg, especially at the time Jerry would be at the Rueben Rydeen farm near Clearbrook. Vic came especially to visit his mother while she was in the hospital. It seemed like good medication for Alice Thompson, as she's home now and getting along pretty good.

Sanna Brovold rode along with Carol Torgerson to St. Paul this weekend to visit at the Bob Evans home while Bob, who is a financial analyst, was in Las Vegas, NE on business. Bob and Mauri have two children Amanda, about three and Joey younger. They kept us entertained. Carol took me over to visit with Elizabeth Dahl Salre. Elizabeth sent greetings to the people up here. She and her folks, Joe and Helga Dahl lived in Hickory at one time and had the farm where Rick Bjerklie now lives. Her folks also lived at Trail at one time. Sharon (Ken) Wagner from Thief River Falls also rode with us to visit her daughter. Esther Rindahl rode down with us too and will visit her daughter, Gail and sister, Verne Gore.

Weekend visitors at the Orville and Elaine Haugen home were Gloria Peterson, Chad and Ashley of Prior Lake, also Delaine and Dianne Mill, Dionne and Burt Dawson of Prior Lake. Elaine had recently been discharged from the hospital after knee replacement. The visitors were not there just to visit. They helped Elaine with some of the fall work while she gained strength and easier movement.

Mrs. Tony Ness and grandson Jake and Mrs. Paul Grover visited Ellie Handy on Saturday. Other visitors at Ellie's have been Kenneth Emerson from Moorhead, Mrs. Myles Olsen from Thief River Falls and Maja Turenne on Sunday evening. Lyn Turenne stopped by on Saturday too.

Edna Engdahl was out early Monday morning on her way to bake doughnuts and pies at the Gully cafe before people started to come for breakfast. It was her first trip fighting the large snowflakes this fall. We talked about how brave she is in all kinds of weather, so we decided it was time for her to celebrate a bit since we found out it was her birthday. One of the bunch was delegated to go home and make a birthday cake for her. Then in the early afternoon, we were back for a cup of coffee and cake. Since we had a large cake most everyone that came in for coffee also got a taste of birthday cake. They included Luverne Fore, Alice Forsberg, Delores Ringstad, Vivian Rikje, Cathy Senger, Irene Carlson, Ellie Handy, Emma Nyland, Kay Erickson, Sanna Noreen and Robert Carlson. I did not hear the men offer to make cake, but some got cake and coffee anyway. Artie Fore, Arnold Brovold, Julian Gunderson and others attended also.

Vernon and Ruby Wold, Kenneth and Arlene Wold, Marilyn Malmanger, Harry and Agnes Walnome visited at the Lloyd Wold home on October 13th to remind Lloyd it was his birthday and it wasn't Friday the 13th this year.

Visitors at the Gladys Odegaard home were Karen Johnson, Alma Ingebretson, Harry and Agnes Walnome. Visiting was fun but they also enjoyed some games of competitive "Skip bo."

We were happy to see Lawrence and Beverly Forsberg back in the area. They grew up in the Fosston area, moved to Minneapolis and lived there for 50 years. Now, the home area beckoned, and they moved back to live between Fosston and Gully. Welcome Lawrence and Beverly.

Harry and Nora Hanson visited and were luncheon guests at the Arnold Brovold home Sunday afternoon.

Duane and Mary and Matt Senger of Gilvia visited from Thursday to Saturday at the Wendl and Cathy Senger home. Friday evening visitors at Senger's were Jeanie and Larry Sorenson, Larry Senger, Joan and Bob Senger of Gonvick and Gay, Doreen and Sarah Brovold.

Breanna Rasmussen of Spicer had a good time this weekend when she came home to visit her grandparents, Dallas and Marlene Rasmussen. She especially enjoyed the trips to the Gully Park and the swings and slides. Her brother Michael and mother Ellen were also here.

Irene Carlson and Sanna Brovold were among those who went to Bemidji on the Tri Valley Bus on Friday. When we got there, Peggy Matthews was there to meet us and invited us to her home for dinner. We enjoyed the dinner as well as the beautiful view from her windows, since her home is near the shores of Lake Bemidji.

Members of the American Legion Auxiliary No. 114 of Fosston invited the members of the Gully Auxiliary to be their guests on Monday evening. They treated us to a very tasty meal and an interesting meeting. They were sharing information and emphasizing important issues for the year, especially the importance of sponsoring a representative to Girl State and giving us each a "Victory Peace Dove" pin. We were nine members from the Gully Auxiliary attending with Nancy Lee and Patty Carlson as chauffeurs. Thank you number 114.

Afternoon guests were Kathryn Stuore of St. Paul and Marlys [illegible] of Dent, and Carol Anderson of Goodridge.

Linda, Mickey and Heidi Zimmerman left Monday noon to catch their flight back to Reno, NV.

Lowell Swanson took Mickey Zimmerman sightseeing by plane to see all the water damage from the first early five-inch snowfall.

Ernie received birthday greetings from Art Jones of Rochester, NY by phone on the 18th.

Ernie Swanson has been very busy the past week reading the many birthday cards and messages received in the mail from friends and relatives throughout the United States.

Saturday, the 18th, Sharon Knutson was an overnight guest at the home of her brother Alan Swanson.

Birthday Party

Ernie Swanson celebrated his 80th birthday on October 18, 1997.

The party was hosted by his children Sharon Knutson of Ada, Anita Piehla of Lake Park, Linda Zimmerman of Reno, NV and Lowell and Alan Swanson of Goodridge and the children's spouses.

The event took place at the Goodridge Community Center.

Alan Swanson was the emcee at the program. He introduced the families, their children and grandchildren and the great-grandchildren present.

Musical numbers were by grandchildren Aaron and Kari Swanson on the keyboard. Readings were by Heidi Zimmerman and Sheri Hofstad. John Robert Piehla presented his grandpa with a book entitled "Eighty Birthday Wishes," compiled by Anita and John Piehla. It contained [illegible] letters from Ernie's siblings and spouses, his five children and spouses, his fifteen grandchildren and spouses, and five great-grandchildren and their [illegible] pictures.

Mrs. Laura Miller was the vocal soloist.

Remarks by [illegible] Tim Stigen who also led the "Table Grace" before lunch were followed by remarks of thanks by Ernie Swanson.

The closing number was [illegible] by all of the grandchildren and great-grandchildren.

Ernie's decorated birthday cake was made by Anita Swanson Piehla. The tables were decorated with cribbage boards and playing cards from Ernie's collection of over 100 cribbage boards (his hobby).

Royal Knutson taped the program.

Nancy Swanson presented Ernie and Lois Swanson with a [illegible] corsage.

Lunch was served by the grandchildren and their parents.

Following the birthday party, family members gathered at the Faith Lutheran Church dining room for a [illegible] down evening meal and an evening of conversation and picture taking.

Guests were from Reno, NV; Ft. Sill, Oklahoma; Whitehall, Montana; Fargo, ND; Lake Park, Ada, Grygla, Bemidji, St. Paul, Pelican, Dent, McGregor, Thief River Falls, St. James, Goodridge, Detroit Lakes, Warren, Greenwald, Oklee, Grand Forks, ND and Temple City, CA.

VOTE JERRY UNRUH FOR MAYOR

Thief River Falls has three choices for Mayor. Bob Reeve, his record speaks for itself. Mark Borsheim, a 28-year-old city employee. Jerry Unruh, a strong middle-aged man that stands for Godly principles. This is the only time the city council allows you to vote and be counted. The choice is yours. Vote November 4th, and make your vote count, otherwise the system will not change. If you've never voted before, vote now. Your vote does count!!

Indoor lighting options worth increased cost

New lighting products now on the market furnish the quality and quantity of light we need at a much lower energy cost than the old standard incandescent bulbs, according to Kris Sanda, Commissioner of the Minnesota Department of Public Service.

"The savings are significant, as much as two-thirds or more in energy costs," Sanda said. "Although the purchase price of fluorescent lamps is higher, they last 10 times longer and are definitely a good bargain."

The most recent advances have been in compact fluorescents, which come in a variety of shapes and sizes and can replace incandescents in many table and floor lamps as well as in ceiling and wall fixtures.

When shopping for lighting, check the packaging label. The Federal Trade Commission requires that the label for compact and other general service fluorescent lamps, as well as for incandescent lamps, list the light output (lumens) for each lamp, the electrical power (watts) consumed by each lamp and the number of hours the lamp will last.

To determine savings, compare the fluorescent lamp with an incandescent bulb that provides approximately the same amount of light (lumens). For example, an incandescent bulb providing 1,200 lumens uses 75 watts of electricity and lasts 750 hours. A compact fluorescent providing the same amount of light uses 20 watts of electricity and lasts 10,000 hours. Over the life of the compact fluorescent, total cost (purchase price and electric costs) will be only half that of the incandescent lighting.

Fluorescent lights cannot be used with dimmer switches. Where dimmers are used, DPS suggests using tungsten-halogen bulbs since these are more efficient than regular incandescents and last up to three times longer.

Other suggestions for reducing lighting energy output include:

- Use task lighting, rather than general space lighting, when appropriate. For example, use a cabinet light to illuminate kitchen work surfaces, a reading lamp next to a chair and a light over a sewing machine.
- Clean your light fixtures. Accumulated dust significantly reduces light output.
- Use airtight, recessed light fixtures that are rated for insulation contact. Airtight fixtures help keep warm moist air from leaking into the unheated attic.
- A fixture with a single bulb gives more useful light than one with several bulbs having the same total wattage. Four 25-watt bulbs, for example, give only half the light of one 100 watt bulb.

More information on home lighting is available from the DPS Energy Information Center. For a free copy of a guide on home lighting, call 1-800-657-3710 toll-free from outside the Twin Cities metro area.

Mr. and Mrs. Melvin Grandstrand attended the Stacy Anderson and Jason Henson wedding at Trinity Lutheran Church on Saturday in Thief River Falls.

Last Saturday, Barb Waleski, Mary Waleski and girls went to a shower for Jenny Vasbugh, bride-to-be of Derin Waleski in Moorhead.

Virgil and Marvella Hjelle attended the Anderson-Hanson wedding at Trinity Lutheran Church in Thief River Falls.

Thursday night, Mary Waleski and girls and Dan and Kathy Olson were over to help Gordon Skjervon celebrate his birthday. On Sunday the Carey Skjervon family came to gladden the day for Gordon.

Mr. and Mrs. Virgil Hjelle attended the benefit supper for infant, Judah Hendrikson, at New Hope Lutheran Church in Newfolden on Sunday evening.

Last Thursday afternoon, Carrie Nicholson and Liz Swenson were coffee guests at the Walter and Ella Steinhauer home.

Karen Odberg of Paynesville drove up Friday night to spend the weekend at the home of her parents, Bert and Joyce Kron in honor of their wedding anniversary.

Friday afternoon, Evelyn Lambert, Lyla Guam and Liz Swenson were coffee and luncheon guests at the home of Ardella Gaigarden.

Bert and Joyce Kron and Karen Odberg attended the supper at Zion Lutheran church in Viking on Saturday night.

On Friday, October 3, LeRoy and Ruth Sustad boarded the plane out of Bemidji for their flight, via Minneapolis to Denver, CO where their grandson, Corey Hogberg met them and they were overnight guests of the Hogbergs at their home in Thornton, CO. The weather was perfect. Saturday morning the Hogbergs and Sustads met LeRoy's brother, Orville and wife Marion of Arvada, CO for breakfast at the "Cracker Barrel" restaurant after which the Sustads went sightseeing in the Rocky Mountains. The fall colors were beautiful as the yellow Aspen trees stood out among the evergreens. A tour of the "Retreat Prayer Center", and then out to Idaho Springs where they toured an antique shop. Along the way were villages, abandoned gold mines and railroad cars traveling down the track. By early afternoon, the Sustads returned to the Denver area and also to the site where the new Arvada Covenant Church will have its ground-breaking ceremony on October 19. Saturday evening, they attended the eighth annual benefit dinner at Covenant Retirement Village in Westminster, CO to celebrate the Ministry of Service to senior citizens. Brett Johnson, violinist and Cheryl Aggus, pianist, shared their talents. Following the dinner, Johan Stengard, Swedish saxophonist, now in his 40s is on his fourth U.S. tour. He lives near Stockholm, Sweden and began his musical career at age 16 on clarinet. He is accompanied on keyboard by Jorgen Ingestrom.

Sunday, was brother Orville's birthday and a full schedule at the Arvada Covenant church as World Mission Sunday was observed as Western Day. Following the three regular morning worship services and Sunday school, a barbeque (pork, beef or turkey) dinner was served. In the evening, all of the Sustads, including Kevin and Lynn and children, met at the home of Mark and April Sustad and children who hosted the occasion to celebrate three family birthdays: Monday, October 6, Orville and Marion. LeRoy and Ruth enjoyed their trip to Colorado Springs, CO and to "Focus on the Family" headquarters founded by Dr. James Dobson, where they had a noon buffet luncheon after which a guided tour of the facilities, included the movie "Coming Home" which gives the beginning of Dobson's ministry in California prior to his moving to Colorado. Of course, Monday afternoon and evening was the big football game at Mile High Stadium, so it was bumper to bumper traffic back to Arvada.

For the evenings, a Bible Study time was held at a church member's home after which the host and hostess served birthday cake in observance of Orville's birthday. He is well remembered. Thursday morning, October 7 dawned another beautiful day for flying and a promise of 80° plus. Peggy Ann Hogberg got her parents who had been guests of Uncle Orville and Aunt Marion and headed for the Denver International airport, a good hour drive where LeRoy and Ruth boarded the plane to Minneapolis, then Brainerd and on to Bemidji. Perfect weather and a beautiful view of fall foliage and Minnesota lakes. Good to be back home again. Four miles from home, two deer crossed over the road and still closer to home two moose crossed over. Typical of Minnesota!

Last Friday, Pearl Johnson and Lorraine Dahlmann brought birthday greetings to Marlene Owens. The Johnsons went to Dwight's to help granddaughter Katie celebrate her 14th birthday Sunday night.

Mr. and Mrs. Sid Ranum attended the church supper at Viking Lutheran church on Saturday night.

Mr. and Mrs. Earl Erickson went to Fargo, ND last weekend to help Paul and Donna Erickson celebrate their 50th wedding anniversary. Willie and Vicky Hildebrand of Grand Forks also attended the reception for the Ericksons.

Mr. and Mrs. Melvin Grandstrand attended the Silver Creek church supper held at the Eagles club in Thief River Falls.

Saturday night guests at the Grandstrand home were Gordon and Lyle Grandstrand of Stephen, Earl Grandstrand of Minneapolis, Dean and Patty Grandstrand and children, John and Stacy Borbarick, Stephanie, Brittany and Ben of Brooks.

Saturday evening Mr. and Mrs. LeRoy Sustad attended the banquet at the Newfolden Senior Center, where the Marshall County Temperance Society observed its 50th anniversary. Special music was by Donna Barrett and Judy Hogberg. The banquet speaker was Rev. Bob Waterbury of Thief River Falls, and Rev. Raymond Huglen of Newfolden gave a historical review of the organization's founding.

The Rosewood Homemakers met last Thursday at the home of Thelma Dahl. There was an election of officers and the contribution to the food shelf was made for the fall.

Recent house guests at the home of Gordon and Adella Skjervan home have been Alfa Kjallingland, Astrid Hamrum and Tordis Bostwik of Norway and their brother, Edwin Folland of Chicago, Illinois, and Lillian Sundby of Grand Forks. They also spent some time at the Judy Swanson home of rural Argyle visiting with Lillian and her family. On Sunday, October 12th, about 75 relatives gathered at the Lutheran Church in Argyle where a very enjoyable time was had, taking pictures and enjoying a lot of delicious food and fellowship. The summer of 1988 Adella, Lillian and her husband Bill and another sister, Alma Goetz, spent 3 weeks in Norway having a wonderful time visiting relatives, so it was nice they could come back and see us. The time went too fast. They left for Norway October 19th.

Mr. and Mrs. LeRoy Sustad attended the open house celebrating Agassiz National Wildlife Refuge east of Holt on Sunday afternoon. After which, they went to the Northwest Area Medical Center to visit Clifford Sustad, Pauline Ptacek and Alma Drotts. Her sister Ruth, brother Albert of Minneapolis, brother Hans of Batavia, Ill. and brother Raymond, were also there, so a good visit was had by all.

Gordon and Adella Skjervan were supper guests at the Randy Skjervan home in Grand Forks October 17th, in honor of Randy's birthday.

Liz Swenson went with Marian Halvorson to the Cities last Thursday. Tamis Whalen and daughter Ashton accompanied them. They spent the weekend at the Rodney Grandstrand home. Pam Thiede, a long-time friend of Billie Copeland, who with her husband were transferred back to the Minneapolis area, drove out to visit. It was great to see her again. Also, Brian, Brad and Carly Grandstrand along with their wives and children, visited on Friday night and we all enjoyed a delicious barbequed rib dinner together. It was a very special occasion. We returned home Sunday evening and stopped in Fargo and visited at the Byron Trochmann home. It was a great weekend.

Saturday evening Gordon and Adella Skjervan were supper guests at the Carey Skjervan home in rural Thief River Falls.

Bethany Waleski spent the M.E.A. weekend with her cousin Karen Skjervan of Mendota Heights.

Steve Larson of Carrington, ND visited Allen Swenson last weekend.

Gordon and Adella Skjervan were Sunday dinner guests at the Dan and Kathy Olson home.

October 15th was a big day for Sid Ranum with Lloyd Ranum, Elsie Hedik, Betty Ranum and Janice Garcia and daughter coming to bring greetings. He also got phone greetings from his children. Janice Garcia and daughter came from Cincinnati to spend a few days with her father, Lloyd Ranum.

Last Thursday night Alvin and Bernyce Grandstrand and Earl and Joyce Erickson attended the pancake and waffle supper and meeting at Bethany Lutheran Church in Red Lake Falls for the Swedish Agassiz Society.

Sunday Varnette Stokke was a dinner guest at the Alvin Grandstrand home.

Marian Halvorson was a supper guest at Liz Swenson's home on Wednesday night.

Sunday evening Alvin and Bernyce Grandstrand attended the Luther Fest at Zion Lutheran Church in Thief River Falls.

Pennington Main in Thief River Falls recently won the Mystery Shopper Challenge, a national competition among all Orion Food Systems Inc. locations. Thirteen locations of over 1,000 locations nationwide were chosen as district winners. Pennington Main was judged the best location in the states of Minnesota Wisconsin and North Dakota. Each district winner was awarded a $1,000 cash prize. Each of the stores in the competition was judged on food quality, store appearance, merchandising execution, cleanliness and staff appearance. Pictured from left are Mike Barry, owner, Marilyn Johnson, food service manager, and Mark Foos, district manager for Orion Foods.

Pennington Main is leading store in national competition

Orion Food Systems, Inc., the nation's leading provider of branded fast foods for convenience stores and non-traditional customer service settings, has announced that Pennington Main is the district winner of the Mystery Shopper Challenge. In the Mystery Shopper Challenge, a national competition among all Orion locations, each location was judged on food quality, store appearance, merchandising execution, cleanliness and staff appearance. Thirteen locations, one for each Orion district, were chosen as district winners. Pennington Main was judged the best location in the states of Minnesota, Wisconsin and North Dakota. Each district winner was awarded a $1,000 cash prize.

"We are extremely proud of Pennington Main," said Jeff Okerlund, Orion president. "Their management and staff clearly understand the importance of high standards of quality, service and *cleanliness in providing fast*, delicious food to their customers. Congratulations to each member of the team on a job well done!"

Over 1,000 locations nationwide were in competition for the Mystery Shopper Challenge. The Mystery Shoppers visited each store between June 1 and August 31, 1997, and a standardized Mystery Shopper Report Card was completed during each visit. These scores formed the basis for the awarding of district prizes. Pennington Mains score placed them in the top five in the national award.

Margaret and Floyd Lindberg of Buffalo visited on Saturday evening at the Wendt and Cathy Senger home.

We heard from Eunice McConoughy from Rolling Hills Estate, CA that she had returned home after visiting her mother, Esther Thorssen of Fosston and Patti Thorssen and family of Gully. Also, Elenore Rollins had returned to Portland, OR after visiting friends and relatives in this area. Eunice and Elenor are cousins.

Vic Thompson of Palos Verdes, CA and Jim Johnson of Clearbrook were here visiting Emma Nyland and Effie Handy and also visiting Kenneth and Alice Forsberg. Vic had been a good friend of Jerry Forsberg, especially at the time Jerry would be at the Rueben Rydeen farm near Clearbrook. Vic came especially to visit his mother while she was in the hospital. It seemed like good medication for Alice Thompson, as she's home now and getting along pretty good.

Sanna Brovold rode along with Carol Torgerson to St. Paul this weekend to visit at the Bob Evans home while Bob, who is a financial analyst, was in Las Vegas, NE on business. Bob and Mauri have two children Amanda, about three and Joey younger. They kept us entertained. Carol took me over to visit with Elizabeth Dahl Setre. Elizabeth sent greetings to the people up here. She and her folks, Joe and Helga Dahl lived in Hickory at one time and had the farm where Rick Bjerklie now lives. Her folks also lived at Trail at one time. Sharon (Kan) Wagner from Thief River Falls also rode with us to visit her daughter. Esther Rindahl rode down with us too and will visit her daughter, Gail and sister, Verna Gore.

Weekend visitors at the Orville and Elaine Haugen home were Gloria Paterson, Chad and Ashley of Prior Lake, also Delaine and Dianne Mill, Dianne and Burt Dawson of Prior Lake. Elaine had recently been discharged from the hospital after knee replacement. The visitors were not there just to visit. They helped Elaine with some of the fall work while she gained strength and easier movement.

Mrs. Tony Ness and grandson Jake and Mrs. Paul Grover visited Effie Handy on Saturday. Other visitors at Effie's have been Kenneth Emerson from Moorhead, Mrs. Myles Olson from Thief River Falls and Moja Turenne on Sunday evening. Lyn Turenne stopped by on Saturday too.

Edna Eagdahl was out early Monday morning on her way to bake doughnuts and pies at the Gully cafe before people started to come for breakfast. It was her first trip fighting the large snowflakes this fall. We talked about how brave she is in all kinds of weather, so we decided it was time for her to celebrate a bit since we found out it was her birthday. One of the bunch was delegated to go home and make a birthday cake for her. Then in the early afternoon, we were back for a cup of coffee and cake. Since we had a large cake most everyone that came in for coffee also got a taste of birthday cake. They included: Luverne Foss, Alice Forsberg, Deloris Ringstad, Vivian Rikje, Cathy Senger, Irene Carlson, Effie Handy, Emma Nyland, Kay Erlickson, Sonna Noraen and Robert Carlson. I did not hear the men offer to make cake, but some got cake and coffee anyway. Arne Foss, Arnold Brovold, Julian Gunderson and others attended also.

Vernon and Ruby Wold, Kenneth and Arlene Wold, Marilyn Malmanger, Harry and Agnes Weinomo visited at the Lloyd Wold home on October 13th to remind Lloyd it was his birthday and it wasn't Friday the 13th this year.

Visitors at the Gladys Odegaard home were Karen Johnson, Alma Ingebretson, Harry and Agnes Weineme. Visiting was fun but they also enjoyed some games of competitive "Skip-bo."

We were happy to see Lawrence and Beverly Forsberg back in the area. They grew up in the Fosston area, moved to Minneapolis and lived there for 50 years. Now, the home area beckoned, and they moved back to live between Fosston and Gully. Welcome Lawrence and Beverly.

Harry and Nora Hanson visited and were luncheon guests at the Arnold Brovold home Sunday afternoon.

Duane and Mary and Matt Senger of Olivia visited from Thursday to Saturday at the Wendt and Cathy Senger home. Friday evening visitors at Senger's were Jeanie and Larry Sorenson, Larry Senger, Joan and Bob Senger of Gonvick and Gay, Doreen and Sarah Brovold.

Dreanne Rasmusson of Spicer had a good time this weekend when she came home to visit her grandparents, Dallas and Marlene Rasmusson. She especially enjoyed the trips to the Gully Park and the swings and slides. Her brother Michael and mother Ellen were also here.

Irene Carlson and Sanna Brovold were among those who went to Bemidji on the Tri Valley Bus on Friday. When we got there, Peggy Mathews was there to meet us and invited us to her home for dinner. We enjoyed the dinner as well as the beautiful view from her windows, since her home is near the shores of Lake Bemidji.

Members of the American Legion Auxiliary No. 114 of Fosston invited the members of the Gully Auxiliary to be their guests on Monday evening. They treated us to a very tasty meal and an interesting meeting. They were sharing information and emphasizing important issues for the year, especially the importance of sponsoring a representative to Girl State and giving us each a "Victory Peace Dove" pin. We were nine members from the Gully Auxiliary attending with Nancy Lee and Patty Carlson as chauffeurs. Thank you number 114.

Sunday the following relatives were dinner guests of Ernie and Lois Swanson: Linda, Mickey and Heidi Zimmerman John, Anita, Kimberly and John Robert Pietila, Lowell and Nancy Swanson, Alan, Deb, Aaron, Michael and Kari Swanson, Karen Pietila and Tony Dill, Sharon, Royal, Chadwyn, Christopher Knutson and Laura Miller. Afternoon guests were Kathleen Sturre of St. Paul and Marlys Sprague of Dent and Carol Anderson of Goodridge.

Linda, Mickey and Heidi Zimmerman left Monday noon to catch their flight back to Reno, NV.

Lowell Swanson took Mickey Zimmerman sightseeing by plane to see all the water damage from the first early five-inch snow fall.

Ernie received birthday greetings from Art Jones of Rochester, NY by phone on the 18th.

Ernie Swanson has been very busy the past week reading the many birthday cards and messages received in the mail from friends and relatives throughout the United States.

Saturday the 18th Sharon Knutson was an overnight guest at the home of her brother Alan Swanson.

Birthday Party

Ernie Swanson celebrated his 80th birthday on October 18, 1997.

The party was hosted by his children Sharon Knutson of Ada, Anita Pietila of Lake Park, Linda Zimmerman of Reno, NV and Lowell and Alan Swanson of Goodridge and the children's spouses.

The event took place at the Goodridge Community Center.

Alan Swanson was the emcee at the program. He introduced the families, their children and grandchildren and the great-grandchildren present.

Musical numbers were by grandchildren Aaron and Kari Swanson on the keyboard. Readings were by Heidi Zimmerman and Sheri Holstad. John Robert Pietila presented his grandpa with a book entitled "Eighty Birthday Wishes," compiled by Anita and John Pietila. It contained individual letters from Ernie's siblings and spouses, his five children and spouses, his fifteen grandchildren and spouses, and five great-grandchildren and their individual pictures.

Miss Laura Miller was the vocal soloist.

Remarks by intern Tari Stage, who also led the "Table Grace" before lunch, were followed by remarks of thanks by Ernie Swanson.

The closing number was a song by all of the grandchildren and great-grandchildren.

Ernie's decorated birthday cake was made by Anita Swanson Pietila. The tables were decorated with cribbage boards and playing cards from Ernie's collection of over 100 cribbage boards (his hobby).

Royal Knutson taped the program.

Nancy Swanson presented Ernie and Lois Swanson with rose corsages.

Lunch was served by the grandchildren and their parents.

Following the birthday party family members gathered at the Faith Lutheran Church dining room for a sit-down evening meal and an evening of conversation and picture taking.

Guests were from Reno, NV; Ft. Sill, Oklahoma; Whitehall, Montana; Fargo, ND; Lake Park, Ada, Grygla, Bemidji, St. Paul, Perham, Dent, McGregor, Thief River Falls, St. James, Goodridge, Detroit Lakes, Warroad, Greenwald, Oklee, Grand Forks, ND, and Temple City, CA.

Indoor lighting options worth increased cost

New lighting products now on the market furnish the quality and quantity of light we need at a much lower energy cost than the old standard incandescent bulbs, according the Kris Sanda, Commissioner of the Minnesota Department of Public Service.

"The savings are significant, as much as two-thirds or more in energy costs," Sanda said. "Although the purchase price of fluorescent lamps is higher, they last 10 times longer and are definitely a good bargain."

The most recent advances have been in compact fluorescents, which come in a variety of shapes and sizes and can replace incandescents in many table and floor lamps as well as in ceiling and wall fixtures.

When shopping for lighting, check the packaging label. The Federal Trade Commission requires that the label for compact and other general service fluorescent lamps, as well as for incandescent lamps, list the light output (lumens) for each lamp, the electrical power (watts) consumed by each lamp and the number of hours the lamp will last.

To determine savings, compare the fluorescent lamp with an incandescent bulb that provides approximately the same amount of light (lumens). For example, an incandescent bulb providing 1,200 lumens uses 75 watts of electricity and lasts 750 hours. A compact fluorescent providing the same amount of light uses 20 watts of electricity and lasts 10,000 hours. Over the life of the compact fluorescent, total cost (purchase price and electric costs) will be only half that of the incandescent lighting.

Fluorescent lights cannot be used with dimmer switches. Where dimmers are used, DPS suggests using tungsten-halogen bulbs since these are more efficient than regular incandescents and last up to three times longer.

Other suggestions for reducing lighting energy output include:

- Use task lighting, rather than general space lighting, when appropriate. For example, use a cabinet light to illuminate kitchen work surfaces, a reading lamp next to a chair and a light over a sewing machine.
- Clean your light fixtures. Accumulated dust significantly reduces light output.
- Use airtight, recessed light fixtures that are rated for insulation contact. Airtight fixtures help keep warm moist air from leaking into the unheated attic.
- A fixture with a single bulb gives more useful light than one with several bulbs having the same total wattage. Four 25-watt bulbs, for example, give only half the light of one 100-watt bulb.

More information on home lighting is available from the DPS Energy Information Center. For a free copy of a guide on home lighting, call 1-800-657-3710 toll-free from outside the Twin Cities metro area.

Mr. and Mrs. Melvin Grandstrand attended the Stacy Anderson and Jason Hanson wedding at Trinity Lutheran Church on Saturday in Thief River Falls.

Last Saturday, Barb Weleski, Mary Weleski and girls went to a shower for Jenny Vasburgh, bride-to-be of Darin Weleski in Moorhead.

Virgil and Marvelle Hjelle attended the Anderson-Hanson wedding at Trinity Lutheran Church in Thief River Falls.

Thursday night, Mary Weleski and girls and Dan and Kathy Olson were over to help Gordon Skjerven celebrate his birthday. On Sunday the Corey Skjerven family came to gladden the day for Gordon.

Mr. and Mrs. Virgil Hjelle attended the benefit supper for infant, Judah Hendrikson, at New Hope Lutheran Church in Newfolden on Sunday evening.

Last Thursday afternoon, Carrie Nicholson and Liz Swenson were coffee guests at the Walter and Elle Steinhauer home.

Karen Odberg of Paynesville drove up Friday night to spend the weekend at the home of her parents, Bert and Joyce Kron in honor of their wedding anniversary.

Friday afternoon, Evelyn Lambert, Lyle Ouam and Liz Swenson were coffee and luncheon guests at the home of Ardelle Ostgarden.

Bert and Joyce Kron and Karen Odberg attended the supper at Zion Lutheran church in Viking on Saturday night.

On Friday, October 3, LeRoy and Ruth Sustad boarded the plan out of Bemidji for their flight, via Minneapolis to Denver, CO where their grandson, Corey Hogberg met them and they were overnight guests of the Hogbergs at their home in Thornton, CO. The weather was perfect. Saturday morning the Hogbergs and Sustads met LeRoy's brother, Orville and wife Marion of Arvada, CO for breakfast at the "Cracker Barrel" restaurant after which the Sustads went sightseeing in the Rocky Mountains. The fall colors were beautiful as the yellow Aspen trees stood out among the evergreens. A tour of the "Retreat Prayer Center", and then out to Idaho Springs where they toured an antique shop. Along the way were villages, abandoned gold mines and railroad cars traveling down the track. By early afternoon, the Sustads returned to the Denver area and also to the site where the new Arvada Covenant Church will have its ground-breaking ceremony on October 19. Saturday evening, they attended the eighth annual benefit dinner at Covenant Retirement Village in Westminster, CO to celebrate the Ministry of Service to senior citizens. Brett Johnson, violinist and Cheryl Aggue, pianist, shared their talents. Following the dinner, Johan Stengard, Swedish saxophonist, now in his 40s is on his fourth U.S. tour. He lives near Stockholm, Sweden and began his musical career at age 18 on clarinet. He is accompanied on keyboard by Jorgen Ingestrom.

Sunday, was brother Orville's birthday and a full schedule at the Arvada Covenant church as World Mission Sunday was observed as Western Day. Following the three regular morning worship services and Sunday school, a barbeque (pork, beef or turkey) dinner was served in the evening, all of the Sustads, including Kevin and Lynn and children, met at the home of Mark and April Sustad and children who hosted the occasion to celebrate three family birthdays. Monday, October 6, Orville and Marion. LeRoy and Ruth enjoyed their trip to Colorado Springs, CO and to "Focus on the Family" headquarters founded by Dr. James Dobson, where they had a noon buffet luncheon after which a guided tour of the facilities, included the movie "Coming Home" which gives the beginning of Dobson's ministry in California prior to his moving to Colorado. Of course, Monday afternoon and evening was the big football game at Mile High Stadium, so it was bumper to bumper traffic back to Arvada.

For the evenings, a Bible Study time was held at a church member's home after which the host and hostess served birthday cake in observance of Orville's birthday. He is well remembered. Thursday morning, October 7 dawned another beautiful day for flying and a promise of 80° plus. Peggy Ann Hogberg got her parents who had been guests of Uncle Orville and Aunt Marion and headed for the Denver International airport, a good hour drive where LeRoy and Ruth boarded the plane to Minneapolis, then Brainerd and on to Bemidji. Perfect weather and a beautiful view of fall foliage and Minnesota lakes. Good to be back home again. Four miles from home, two deer crossed over the road and still closer to home two moose crossed over. Typical of Minnesota!

Last Friday, Pearl Johnson and Lorraine Dahlmann brought birthday greetings to Marlene Owens. The Johnsons went to Dwight's to help granddaughter Kade celebrate her 14th birthday Sunday night.

Mr. and Mrs. Sid Ranum attended the church supper at Viking Lutheran church on Saturday night.

Mr. and Mrs. Earl Erickson went to Fargo, ND last weekend to help Paul and Donna Erickson celebrate their 50th wedding anniversary. Willie and Vicky Hildebrand of Grand Forks also attended the reception for the Ericksons.

Mr. and Mrs. Melvin Grandstrand attended the Silver Creek church supper held at the Eagles club in Thief River Falls.

Saturday night guests at the Grandstrand home were Gordon and Lyla Grandstrand of Stephen, Earl Grandstrand of Minneapolis, Dean and Patty Grandstrand and children, John and Stacy Barbsrick, Stephanie, Brittany and Ben of Brooks.

Saturday evening Mr. and Mrs. LeRoy Sustad attended the banquet at the Newfolden Senior Center, where the Marshall County Temperance Society observed its 50th anniversary. Special music was by Donna Barrett and Judy Hogberg. The banquet speaker as Rev. Bob Waterbury of Thief River Falls; and Rev. Raymond Huglen of Newfolden gave a historical review of the organization's founding.

The Rosewood Homemakers met last Thursday at the home of Thelma Dahl. There was an election of officers and the contribution to the food shelf was made for the fall.

Recent house guests at the home of Gordon and Adella Skjerven home have been Alta Kjellingland, Astrid Hamrum and Tordis Bostwik of Norway and their brother, Edwin Folland of Chicago, Illinois, and Lillian Sundby of Grand Forks. They also spent some time at the Judy Swenson home of rural Argyle visiting with Lillian and her family. On Sunday, October 12th, about 75 relatives gathered at the Lutheran Church in Argyle where a very enjoyable time was had, taking pictures and enjoying a lot of delicious food and fellowship. The summer of 1988, Adelle, Lillian and her husband Bill and another sister, Alma Goetz, spent 3 weeks in Norway having a wonderful time visiting relatives, so it was nice they could come back and see us. The time went too fast. They left for Norway October 19th.

Mr. and Mrs. LeRoy Sustad attended the open house celebrating Agassiz National Wildlife Refuge east of Holt on Sunday afternoon. After which, they went to the Northwest Area Medical Center to visit Clifford Sustad, Pauline Ptacek and Alma Droha. Her sister Ruth, brother Albert of Minneapolis, brother Hans of Batavia, Ill. and brother Raymond, were also there, so a good visit was had by all.

Gordon and Adelle Skjerven were supper guests at the Randy Skjerven home in Grand Forks October 17th, in honor of Randy's birthday.

Liz Swenson went with Marlen Helvorson to the Cities last Thursday. Tamis Whelan and daughter Ashton accompanied them. They spent the weekend at the Rodney Grandstrand home. Pam Thiede, a long-time friend of Billie Copeland, who with her husband were transferred back to the Minneapolis area, drove out to visit. It was great to see her again. Also, Brian, Brad and Carly Grandstrand along with their wives and children, visited on Friday night and we all enjoyed a delicious barbequed rib dinner together. It was a very special occasion. We returned home Sunday evening and stopped in Fargo and visited at the Byron Trochmann home. It was a great weekend.

Saturday evening Gordon and Adella Skjerven were supper guests at the Corey Skjerven home in rural Thief River Falls.

Bethany Weleski spent the M.E.A. weekend with her cousin Karen Skjerven of Mendota Heights.

Steve Larson of Carrington, ND visited Alan Swenson last weekend.

Gordon and Adella Skjerven were Sunday dinner guests at the Dan and Kathy Olson home.

October 15th was a big day for Sid Ranum with Lloyd Ranum, Elsie Hodik, Betty Ranum and Janice Garda and daughter coming to bring greetings. He also got phone greetings from his children. Janice Garcia and daughter came from Cincinatti to spend a few days with her father, Lloyd Ranum.

Last Thursday night Alvin and Bernyce Grandstrand and Earl and Joyce Erickson attended the pancake and waffle supper and meeting at Bethany Lutheran Church in Red Lake Falls for the Swedish Agassiz Society.

Sunday Vernette Stokke was a dinner guest at the Alvin Grandstrand home.

Marlen Halverson was a supper guest at Liz Swenson's home on Wednesday night.

Sunday evening Alvin an Bernyce Grandstrand attended the Luther Fest at Zion Lutheran Church in Thief River Falls.

Carrie Nicholson was a Thursday morning caller at the home of Liz Swenson.

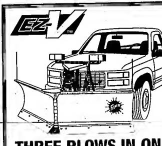
On Sunday Mrs. Julia Derosiero hosted a baby shower in her home in honor of Haley, daughter of Mr. and Mrs. Roed of Grand Forks.

Logan Wallace completes army unit training

Minnesota Army National Guard PV2 Logan Wallace, son of Elise Wallace of Brooks, has graduated from One Station Unit Training at Fort Benning, GA.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid and army history and traditions. PV2 Wallace also received instruction on operations and tactics of the Bradley Fighting Vehicle.

With the completion of his training, PV2 Wallace is now eligible for the Montgomery GI Bill and the Minnesota Tuition Reimbursement Program to further his educational goals. PV2 Wallace is assigned as anti-armor specialist in First Platoon, Company B, Second Battalion, 136th Infantry stationed in Thief River Falls.



THREE PLOWS IN ONE!

Break through deep drifts in the "V" position or carry and stack in the "scoop" mode or use this 8½' plow in the straight or angled position for conventional plowing.

All blade functions are right in the palm of your hand with the hand-held FISH-STIK™ control. The Minute Mount System® for easy on/off, trip-edge blade and double acting cylinders, all make the EZ-V plow the ultimate plow for the professional plower.

OFFICIAL PROCEEDINGS
PENNINGTON COUNTY BOARD OF COMMISSIONERS
SEPTEMBER 23, 1997 - 5:00 P.M.

Pursuant to adjournment the Pennington County Board of Commissioners met in the Commissioner's Board Room at the Pennington County Courthouse in Thief River Falls on Tuesday, September 23, 1997 at 5:00 p.m. Members present: Donald Jensen, Charles Naplin, Arden Comstock, Oliver Swanson and Bob Carlson. Members absent: none.

Sheriff Gerald Moe met with the County Board to discuss personnel changes. Commissioner Comstock moved, seconded by Commissioner Swanson to accept the resignation of Shane Nelson as a full time Jailer/Dispatcher. Motion unanimously carried.

Commissioner Naplin moved, seconded by Commissioner Comstock to approve the hiring of Shane Nelson as a part-time Deputy Sheriff effective October 9, 1997, for 80% of the starting wage for deputies based on the 1996 L.E.L.S. contract. Motion unanimously carried.

Commissioner Comstock moved, seconded by Commissioner Naplin to post a full-time Dispatcher/Jailer position in house at the Law Enforcement Center. Motion unanimously carried.

Leon Heath met with the County Board to discuss Pennington County's 1997 Water Plan 5-year update to year 2002. Commissioner Naplin moved, seconded by Commissioner Carlson to approve the draft of Pennington County's 1997 Water Plan update and submit it to the Board of Water and Soil Resources for their 45 day review. Motion unanimously carried.

Mr. Heath also discussed Pennington County's 1997 overall Economic Development Program Report. The following resolution was moved by Commissioner Swanson, seconded by Commissioner Comstock and upon vote was unanimously carried:

RESOLUTION

WHEREAS, The seven counties of Northwest Regional Development Commission have been designated as an Economic Development District by the Federal Economic Development Administration, and

WHEREAS, Pennington County has actively participated in that Economic Development District, and

WHEREAS, it is a requirement of the Economic Development Administration that the counties in the District approve the Overall Economic Development Program (OEDP) each year in order for the Region to retain this status and the benefits which are available to a district as a result of this status, and

WHEREAS, Pennington County Commissioners have reviewed the 1997 Update of the Overall Economic Development Program (OEDP) and agree with the development strategies set forth in that Program.

NOW, THEREFORE BE IT RESOLVED, that Pennington County adopt the 1997 Overall Economic Development Program (OEDP) as an expression of the preferred approach to economic development in the district, and

BE IT FURTHER RESOLVED, That Pennington County will continue to participate in the on-going planning and development process represented by the Overall Economic Development Program.

Others attending at this time were Suzanne Browning, Ken and Connie Mehrkohe.

At this time the Commissioners recessed the County Board meeting and opened the public hearing on the Septic System Ordinance for Pennington County.

Howard Person informed the County Board that the Minnesota Pollution Control Agency has recommended that the ordinance not be adopted. The MNPCA states they had not received all the proper paperwork so that they could have 30 days to review the application and ordinance. After Howard learned of the other materials needed he sent a completed application on Sept. 18th, 1997. Howard recommends that the hearing be continued to October 14th, 1997.

Commissioner Swanson moved, seconded by Commissioner Naplin to continue the hearing on the Pennington County's Septic System Ordinance to 11:00 A.M. October 14th, 1997. Motion unanimously carried.

Mr. Person will be sending a letter to the surrounding counties to get a united voice on the septic system issue.

The public hearing was adjourned and the County Board meeting reconvened.

Howard Person then discussed the fire in the east building at the Solid Waste Facility on September 14, 1997. Commissioner Naplin moved, seconded by Commissioner Swanson to get a quote to the insurance company for demolition of the section of the building damaged by fire. Motion unanimously carried.

The State Fire Marshall reported that the fire started by spontaneous combustion in the by-pass material against the wall.

A letter was received by Howard Person from Allen Lamm, City of Thief River Falls Water Department stating a back flow valve is needed between the fire hydrant and the east building located at the Solid Waste Facility. Howard Person is having trouble finding an installer for the project. The County Board advised Howard to keep looking for someone to install a back flow valve.

Howard Person asked Delton Schulz, County Engineer, if there were any construction projects that could use the crushed glass in the road beds. Mr. Schulz would check into it and get back to Howard.

Bob Kruse, SWIS PENNCO, discussed with the County Board the possible sale of finished compost and the agreement they have secured for pellet sales. SWIS PENNCO is looking to get a bigger screener to take care of the compost quicker. Mr. Kruse also discussed the County rebuilding a pellet storage building. The County Board will check with the County Attorney regarding the pellet storage building.

SWIS PENNCO will meet with PCA on September 26, 1997 to discuss renewing the Solid Waste Facility permit. Howard will not be able to attend, but he will be updated by Roger Rolph (PCA).

The County Board discussed the problems the audience had with SWIS PENNCO. The major problem was with the odor. Rick Nordhagen, SWIS, responded by explaining how the odor is being controlled at the present time. He said they could not guarantee that there would never be an odor, but they would try to minimize it.

Owen Sedgwick, Itasca Power Company met with the County board to propose a co-generation plant for Pennington County. In order for such a project to happen the County, SWIS, MPCA, IPC, and PA must all approve. Mr. Sedgwick said the financing could go through the County and SWIS CORP could lease it from the county. Mr. Sedgwick is going to talk to Howard Person to set up a meeting with JOOS INC.

Vickie Bjorgaard, County Treasurer, met with the County board to request permission to hire a person to replace Faye Ocken who terminated her employment on August 15, 1997. The County Board held this decision until the next meeting. The County Board said she could ask other departments if they were able to share staff with her department.

Kermit Finstad, Gary Anderson, and County Engineer asked the County board for approval to spot clean the north ditch along C.S.A.H. #7 one mile east of C.S.A.H. #17. The County Board approved a permit to be issued.

Commissioner Naplin moved, seconded by Commissioner Comstock to award the bid for S.A.P. 57-601-09 and S.A.P. 63-030-02 to Thygeson Construction in the amount of $73,651.74 as the best and lowest bid. Motion unanimously carried.

Commissioner Naplin moved, seconded by Commissioner Comstock to close the County Board meeting for a personnel matter. Motion unanimously carried.

Commissioner Comstock moved, seconded by Commissioner Naplin to re-open the County Board meeting at 7:44 p.m. Motion unanimously carried.

Commissioner Comstock moved, seconded by Commissioner Naplin to request County Attorney Dave Olin to write a letter dismissing Dwight Carlson from employment and advise him of his Veterans Preference rights. Motion unanimously carried.

The County Engineer recommended that all applications taken for maintenance worker #4 should be rejected at this time. Commissioner Swanson moved, seconded by Commissioner Comstock to authorize the County Engineer to advertise for a maintenance worker #3. Motion unanimously carried.

Commissioner Swanson moved, seconded by Commissioner Carlson to approve the cost to push a 42" RCP pipe through C.S.A.H. #17 - Challenger Ditch and upon vote Comstock - nay. Motion carried.

The County Engineer updated the County Board on the environmental Assessment on C.S.A.H. #10. The County Board held this decision until the County Engineer has an opportunity to evaluate the proposals submitted.

The County Board reviewed the status of the construction on County Ditch #1 Sanders/Black River with the County Engineer, Delton Schulz.

The County engineer also reviewed the status of various projects under construction.

Commissioner Naplin moved, seconded by Commissioner Carlson to consolidate County Ditch #1 Sanders/Black River, County Ditch #68, County Ditch #70 into one ditch system to be known as County Ditch #90 and to renumber the tributaries or branches. Motion unanimously carried.

Don Stewart and Ron Lindberg discussed the Multi-Events Center with the County Board. The State of Minnesota wants to award the construction bids on Wednesday or Thursday. Don Stewart informed the County Board that Pennington County's in kind services include constructing the parking lot plus other site work. Chairman Jensen appointed Commissioners Swanson and Commissioner Naplin to talk to contractors to barter on our participation with the Multi-Events Center.

The following resolution was moved by Commissioner Naplin, seconded by Commissioner Swanson and upon vote was unanimously carried:

RESOLUTION

BE IT RESOLVED that the Quin County Community Health Services Plan Update for 1999 including the budget for 1998 and the Plan Update for Pennington County be approved as presented.

The following resolution was moved by Commissioner Swanson, seconded by Commissioner Comstock and upon vote was unanimously carried:

RESOLUTION

WHEREAS, the Minnesota Department of Revenue (DOR) has requested a voluntary audit of Pennington County's mixed municipal solid waste management revenues and expenditures for January 1, 1997, through June 30, 1997; and

WHEREAS, the DOR has requested a voluntary audit and report of Pennington County's mixed municipal solid waste revenues from 1992 through 1996; and

WHEREAS, the voluntary audit includes a response deadline of September 30, 1997, or penalties and interest on potential tax liabilities may be imposed; and

WHEREAS, the audit in mid year will require counties to audit now and again at year end; and

WHEREAS, there is ongoing confusion and controversy over the DOR's interpretation of which county revenues are taxable and which are not; and

WHEREAS, this self-audit states that county service fee revenue included on property tax statements is taxable; and

WHEREAS, the interpretation negates the Legislature's intended effect of the SCORE Use Tax moratorium.

THEREFORE BE IT FURTHER RESOLVED, that Pennington County formally requests the Minnesota Department of Revenue to not include M.S. 400.08 service charges as taxable charges for purposes of the sales tax assessment, regardless of whether the portions used for managing wastes other than mixed municipal solid waste were separately itemized.

BE IT FURTHER RESOLVED, that Pennington County formally requests the Minnesota Department of Revenue to suspend the current deadline for responding to the self review to such a time in 1998 that will require all counties to complete this review once to comply with the moratorium enacted as part of Chapter 231 (1997 Omnibus Tax Bill.)

Commissioner Naplin moved, seconded by Commissioner Comstock to approve a duplicate warrant #117410 dated February 20, 1997 in the amount of $30.00 issued to Red River Valley Safety and Health Council without issuing an indemnifying bond. Motion unanimously carried.

The County Board reviewed the request from the Arco Ag Information Center to appropriate $10,000.00 from the 1998 budget. No action was taken.

The County Auditor discussed the carpet bids for the Social Services building with the County Board. This decision was held for more information. Commissioner Carlson moved, seconded by Commissioner Naplin to authorize the Building Committee to review the carpet bids and recommend a bid to the full County Board. Motion unanimously carried.

The County Board reviewed a request from the Head Custodian, Terry Fayette, to authorize the hiring of a part-time custodian. The County Board asked for Mr. Fayette to attend the next Board meeting.

Commissioner Naplin moved, seconded by Commissioner Comstock to approve the September 9, 1997, minutes. Motion unanimously carried.

Commissioner Comstock moved, seconded by Commissioner Naplin to appoint Gary Clow as member at large of Pembina R.C. & D. to replace Albert Koop. A letter will be sent to Gary Clow and Al Gustafson regarding this matter. Motion unanimously carried.

Commissioner Comstock moved, seconded by Commissioner Naplin to send a memo to all County Department Heads stating that all County Computers be used for County purposes only and that all personal software or software used for entertainment be removed from any County owned computers. Motion unanimously carried.

Commissioner Carlson moved, seconded by Commissioner Naplin to adjourn to October 14, 1997. Motion unanimously carried.

LEGAL NOTICE
UNION LAKE WATER ACCESS SITE

The Trails & Waterways Unit of the Department of Natural Resources has obtained an option to purchase approximately 0.5 acres of land east of the existing public water access site on the south side of Union Lake described as the west 210 feet of Government Lot 6 north of the CSAH 42 right of way of Section 35, Township 148 North, Range 43 West in Polk County, Minnesota, for the purpose of rehabilitation and expanding the existing access. If acquired, a new access road, parking area and launching ramp will be constructed to make better use of the available land. The project would be scheduled for the 1998 construction season.

The Department of Natural Resources, Trails & Waterways Unit, will be accepting comments from the public concerning this proposal until Friday, November 14, 1997. Comments should be sent to Dick Kimball, Area Trails & Waterways Supervisor, 2115 Birchmont Beach Road NE, Bemidji, MN 56601.

VOTE NOV. 4TH
MARK BORSHEIM

Honest Leadership
Dedicated To Giving Your Voice Back!

Mayor Bob Reeve, You Have Given Me No Choice But To Force The Issues.

Listen to mayor, Bob Reeve, has he addressed the issues yet?
Has he listened to you the voter?
Does he understand that;

—The voter wanted a vote on moving city offices into the depot.
—The voter does not want a 10% tax levy.
—The voter does not want to be over $12 million in bonded debt.
—The voter does not want to have special assessment—after special assessment placed upon them.
—The voter wants a balanced budget, with out spending our reserves, or deferring current projects
—The voter understands that spending reserve makes future budgets more difficult to balance.
—The Voter wants a outdoor swimming pool, not an aquatic center

It's plain to see that the voters want a mayor with their concerns at heart!
It's time to give the voters what they want!
It's time the voters had a mayor who will keep them informed!
It's time the voters had a mayor who will listen!
It's time the voters had a mayor who is concerned about the future!
It's time for a less expensive change!
We cannot continue to spend our tax dollars like we have no limit!
Our taxpayers pocket books are not bottomless!

As candidate for mayor, I need voter support to be elected. As a candidate, I will give the voter my support once elected. It's time to quit living in the past and start looking to the future. As your mayor, I will not let qualifications of the past cloud your vision for the future, I will address your questions and concerns and above all else, I will give you your voice back in resolving future issues.

The voters of Thief River Falls have a tough decision to make on November 4th. Do we want to continue living in the past, or do we look to the future. With your vote, together we will shape the future!

For Leadership That Will Listen And Keep Your Issues At The Heart Of The City Council...

Gagner to speak at Veterans Day program at LHS

Clarence Gagner

Annual Veterans Day observance at Lincoln senior high school in Thief River Falls will take place Tuesday, November 11, from 10:10 to 11:45 a.m.

Guest speaker will be Command Sergeant Major (retired) Clarence Gagner of the Minnesota Army National Guard. His topic will be "The Meaning of Veterans Day to the Youth of Today."

Bob Reece, Americanism chairman for Post 117 and past Department Commander of the American Legion, will be master of ceremonies and Rev. Dennis Richmond of Zion Lutheran Church will serve as chaplain.

Platform guests will be Boys State and Girls State representatives sponsored by the American Legion Post and Auxiliary, Charles R. Richards, Commander of Post 117 of the American Legion, Mrs. Colleen Holen, president of American Legion Unit 117, David Forsberg, Commander of Veterans of Foreign Wars Post 2793, and Peggy Reierson, president of VFW Auxiliary Unit 2793.

Also participating in the program will be color guards from the VFW and American Legion and the music department at Lincoln high school.

About The Speaker

Clarence R. Gagner is currently employed as postmaster in Red Lake Falls and has previously served in that capacity for the communities of Oklee and Brooks. He is currently serving as a National Vice President of the National Association of Postmasters of the United States and is a candidate for National President of that organization.

Gagner joined the Minnesota National Guard at Thief River Falls in 1961 and recently retired with the rank of Command Sergeant Major after 34 years of service in the National Guard. He served in many parts of the United States as well as tours of duty in Germany and Norway.

Designated as Minnesota Army National Guard "Soldier of the Year" in 1987, Gagner has also received the Meritorious Service Medal, Minnesota Army Achievement Medal, Army Commendation Medal and Army Service Medal.

Gagner has been on the Red Lake Falls city council since 1969 and has served as mayor of Red Lake Falls since 1990. He also serves on the Red Lake County Fair board of directors and is finance chair for St. Joseph's Catholic Church in Red Lake Falls.

Clarence and his wife Donna, who is a teacher and homemaker, have three children. Their son Tim and his wife Brenda live in Fergus Falls and have three children, Tyler, Trent and Bethany; daughter Stephanie and husband Craig Kowalewski live in Maple Plain, and son Darin is a student at the University of North Dakota in Grand Forks.

City moves closer to balancing '98 budget

Thief River Falls City Council met in an adjourned city council meeting Tuesday afternoon to review recommendations to balance its budget for 1998. The council has gone a long way toward balancing a budget which started with a projected budget deficit of $1.7 million. After numerous meetings and lengthy discussions of the recommendations on approach, the council might end up with a budget surplus.

The city's Truth in Taxation Hearing is scheduled for 8 p.m. on Monday, December 8 at the Heritage Community Center. Formal adoption of the city's overall 1998 budget is scheduled for the second regular council meeting in December. Between now and then further recommendations could change the outlook on the budget. Council Representative Dale Weinberg is suggesting that the council consider reducing the proposed levy increase of 10 percent to 7 percent. Truth in Taxation notices being sent to residents, however, will reflect a 10 percent increase as adopted by the council earlier.

The proposed levy is expected to raise $1,184,800. It represents a 10 percent increase over last year's general fund levy, which raised $1,077,098. A one percent increase in the levy raises about $11,800. Most of the funds that support city government come from a variety of state aids. The local levy only accounts for about 20 percent of the governmental fund revenues.

Whether the city ends up with a balanced budget or a deficit, depends on whether the city has to pay for an HRA projected housing project budget deficit in the amount of $251,700. The council had considered using liability insurance reserves to fund the projected deficits, but Tuesday night they announced that it was not a viable option. "It's not a viable option because of the city's need to increase the current General Fund Reserve levels to address cash flow deficits in that fund during the year."

Comments and concerns about the 1998 proposed budget reflects concern that budgets have been trimmed to the base and are [illegible] affect future budgets.

"Based on the city's current level of services which requires a certain number of employees, equipment, and general operating costs to maintain, we will continue to experience difficulty balancing our operational budget in future years," said Roger DeLap, city administrator. "Our revenue sources are leveling off and our ability to raise sufficient dollars through the tax levy system is limited because of a relatively small [illegible] tax base.

"In 1998, we will need to keep closer tabs on budgeted revenues and expenditures because we have trimmed the department budgets to the base minimum in many cases. Therefore, reduced revenue sources or unbudgeted expenditures will need to be addressed immediately and not held off until year end," said DeLap.

A number of factors play a significant role in determining budgets. DeLap noted that salaries and benefits represent about 58 percent of the total general fund budget. He has suggested a reduction in employees through attrition is an ideal solution to reducing overall operating expenses and the services they represent. A solution was offered to [illegible] employees [illegible] city department [illegible] work together and [illegible] with labor and [illegible] more [illegible] city [illegible].

DeLap also noted that the community [illegible] has, however, addressed none of the community's infrastructure and facility needs.

One of the budget reduction proposals still under consideration is a proposal to reduce the time city lights are on at mid-block and at the end of alleys. Arlo Rude, superintendent of utilities, explained that city lights are on two circuits, one that operates all night and one that operates on a midnight circuit. A reduction in the time lights are on mid-block and alleys could save the city between $17,000 to $20,000.

As with most budget reductions there are disadvantages. Police Chief Ken Froschheiser explained that lights are necessary to address law enforcement and safety needs.

The council has approved a recommendation to move a school crosswalk from between Zeh and First Streets on Highway 32 to the intersection at Zeh Street. The crosswalk was being used by students going from Lincoln High School to the School District Service Center but they no longer provide a crossing guard. Because they don't have a crossing guard at the intersection, it has been recommended that the crosswalk be moved to the intersection at Zeh. State officials recommend crosswalks be placed at intersections and at mid-block only if a crossing guard is present.

City of TRF is commended

Thief River Falls has received commendation from the Governor of Minnesota for its volunteerism during the flood of 1997.

Al Lamm, director of the water treatment plant, presented the certificate to Mayor Robert Reece during the city council meeting Tuesday night. The plaque reads: In appreciation for the exceptional volunteerism exhibited in helping Minnesota cities restore their community water supply during the flood of 1997. The commendation is presented to the City of Thief River Falls with the appreciation and respect of the people of Minnesota.

■ **The council received more good news Tuesday night when Don Stewart, community development director, reported that additional repairs to the Depot had been approved for federal funding.** He explained that during the improvement project, a change order was approved, which included repairs for structural improvements. In discussing the change order, Ron Lindberg, public works director, mentioned that some of the changes might be eligible for additional federal aid. Stewart said some of the improvements in the change order were approved for federal funding. The total additional funds coming to the city for the improvements added up to over $14,000.

■ **The city has reached an agreement on a new labor contract for Management, Administrative, Professional and Supervisory (MAPS) bargaining unit for the 1997-98 year.** Jean Hem

Lions Halloween parties attract more than 625

More than 625 young people from preschool through eighth grade attended the two Halloween parties hosted Friday, October 31 by the Thief River Falls Noon Lions club. Dr. Charles Samuelson was chairman for both of the annual events which were held at the National Guard armory in Thief River Falls.

First of the Halloween parties was a costume party from 4 to 5:30 p.m. for all children for toddlers through fifth grade. More than 400 children and an estimated 200 parents attended.

Prizes consisting of $2 bills were awarded for outstanding costumes with judging done by Teresa Geske, Sue Frodine, Idella Samuelson and Dennis Raymond.

Each child attending the party was given a Halloween bag to be used for prizes won by playing games at the party and for trick or treat activities later in the evening.

Club members volunteering as workers and helping to make the party a success were Fred Dallmann, Ron Lundberg, Ron Swenson, Wesley Johnson, Don Narverud, Jim Haney, Ronald Burtness, Wendell Olson, John Wollenzien, Ellsworth Jorgenson, Orin Green, Vern Quam, Winton Fordierp, Ray Sabanski, Ron Winters and Loren Klopp.

From 7 to 10 p.m. that evening the Lions hosted a free dance and pizza party for students in grades six, seven and eight. Costumes were not required for the ... come as you [illegible]
